

Institutional Investors

Fund Objective

The objective of the Fund is to track the performance of the FTSE® All-World Developed North America Index (the "Index"), net of unavoidable withholding taxes, as closely as possible on a gross of fees basis.

Investment Strategy

The Fund invests in the shares of companies in the FTSE All-World Developed North America Index that are considered to accurately reflect the performance of the index. The Fund may also invest in transferable securities, money market instruments, warrants, units in collective investment schemes, deposits and derivatives, and in collective investment schemes managed by companies in the same group as the Manager.

Past performance is not a guarantee of future results.

The performance figures contained herein are provided on a gross and net of fees basis.

The performance includes the reinvestment of dividends and other corporate earnings and is calculated in GBP.

Performance returns for periods of less than one year are not annualised.

The index returns are unmanaged and do not reflect the deduction of any fees or expenses.

The index returns reflect all items of income, gain and loss and the reinvestment of dividends and other income.

Past performance indicated herein has been calculated using a technical net asset value as at 29 March 2013 as well as the official NAV of the Fund as at each other Business Day for the relevant period. When the Fund is closed according to its official NAV calendar but, nonetheless, a significant portion of the underlying security prices can be determined, a technical net asset value is calculated.

Allocations are as of the date indicated, are subject to change, and should not be relied upon as current thereafter.

Certain figures might be rounded to the nearest hundredth decimal and may result in the total not appearing to add correctly.

All data is as at 31/01/2015
