Further, according to the notification of the SECP issued vide SRO 411(I)/2008 dated April 28, 2008, International Financial Reporting Standard (IFRS) 7, Financial Instruments: Disclosures has not been made applicable for banks. Accordingly, the requirements of these standards have not been considered in the preparation of these consolidated condensed interim financial statements. However, investments have been classified and valued in accordance with the requirements of various circulars issued by the SBP.

- 3.3 SECP vide its notification SRO 633 (I)/2014 dated 10 July 2014, adopted IFRS 10 effective from the periods starting from 30 June 2014. However, vide its notification SRO 56 (I)/2016 dated 28 January 2016, it has been notified that the requirements of IFRS 10 and section 237 of the repealed Companies Ordinance 1984 will not be applicable with respect to the investment in mutual funds established under Trust structure.
- 3.4 The disclosures made in these consolidated condensed interim financial statements have been limited based on a format prescribed by the SBP vide BPRD Circular Letter No. 5 dated March 22, 2019 and IAS 34, Interim Financial Reporting. They do not include all the disclosures required for annual financial statements, and these consolidated condensed interim financial statements should be read in conjunction with the consolidated financial statements of the Group for the year ended December 31, 2019.

#### 3.5 Standards, interpretations and amendments to approved accounting standards that are effective in the current period

The following new standards and interpretations of and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard, interpretation or amendment:

	Standard, Interpretation or Amendment	Effective date (annual periods beginning on or after)
-	IFRS 3 - Definition of a Business (Amendments)	January 01, 2020
-	IAS 1 - Presentation of Financial Statements (Amendments)	January 01, 2020
-	IAS 8 - Accounting Policies, Changes in Accounting Estimates and	
	Errors (Amendments)	January 01, 2020

In addition, there are certain new and amended standards and interpretations that are mandatory for the Bank's accounting periods beginning on or after January 1, 2020 but are considered not to be relevant or do not have any significant effect on the Bank's operations and are therefore not detailed in these consolidated condensed interim financial statements.

#### 3.6 Standards, interpretations and amendments to approved accounting standards that are not yet effective

The following new standards and interpretations of and amendments to existing accounting standards will be effective from the dates mentioned below against the respective standard, interpretation or amendment:

	Effective date (annual periods
Standard, Interpretation or Amendment	beginning on or after)
<ul> <li>IFRS 9 - Financial Instruments: Classification and Measurement</li> </ul>	January 01, 2021

IFRS 9 has been applicable in several overseas jurisdictions from January 1, 2019 and is progressively being adopted in others. The requirements of this standard are incorporated in the Bank's financial statements for the jurisdictions where IFRS 9 has been adopted. As per the SBP's BPRD Circular Letter no. 4 dated October 23, 2019, the applicability of IFRS 9 to banks in Pakistan has been deferred to accounting periods beginning on or after January 1, 2021.

Except for the implementation of IFRS 9 in Pakistan, the Bank expects that adoption of the amendments to existing accounting and reporting standards will not affect its financial statements in the period of initial application.

#### 4. SIGNIFICANT ACCOUNTING POLICIES AND FINANCIAL RISK MANAGEMENT

**4.1** The accounting policies adopted in the preparation of these consolidated condensed interim financial statements are consistent with those applied in the preparation of the consolidated financial statements of the Group for the year ended December 31, 2019.

#### 4.2 Regulatory reliefs due to COVID 19

The Bank's risk management policies are the same as disclosed in the financial statements for the year ended December 31, 2019 except for the following additional considerations due to the COVID 19.

The State Bank of Pakistan (SBP) has responded to the crisis by cutting the policy rate by 225 basis points to 11 percent and by introducing regulatory measures to maintain banking system soundness and to sustain economic activity. These include (i) reducing the capital conservation buffer by 100 basis points to 1.5 percent; (ii) increasing the regulatory limit on extension of credit to SMEs by 44 percent to Rs 180 million; (iii) relaxing the debt burden ratio for consumer loans from 50 percent to 60 percent; (iv) allowing banks to defer clients' payment of principal on loan obligations by one year; and (v) relaxing regulatory criteria for restructured/rescheduled loans for borrowers who require relief beyond the extension of principal repayment for one year.

The Bank is fully aware of the risks associated with COVID 19 and regularly conducting assessments of its portfolio and its operations to ensure the risks are minimized.

#### 4.3 Operations

The Bank is closely monitoring the situation and has invoked required actions to ensure safety and security of Bank staff and an uninterrupted service to our customers. The senior management of the Bank is continuously monitoring the situation and is taking timely decisions to resolve any concerns. Business Continuity Plans (BCP) for respective areas are in place and tested. The Bank has significantly enhanced monitoring for all cyber security risk during these times from its information security protocols. The remote work capabilities were enabled for critical staff and related risk and control measures were assessed to make sure they are fully protected using virtual private network ("VPN") connections. Further, the Bank has also ensured that its remote access systems are sufficiently resilient to any unwanted cyber attacks.

#### 5. BASIS OF MEASUREMENT

5.1 These consolidated condensed interim financial statements have been prepared under the historical cost convention except that certain operating fixed assets / non-banking assets acquired in satisfaction of claims have been stated at revalued amounts, certain investments and derivative financial instruments have been stated at fair value and net obligations in respect of defined benefit schemes and lease liability under IFRS 16 are carried at their present values.

#### 5.2 Judgements and estimates

The preparation of these consolidated condensed interim financial statements in conformity with approved accounting standards requires management to make judgments, estimates and assumptions that affect the reported amounts of assets and liabilities and income and expenses. It also requires management to exercise judgment in the application of its accounting policies. The estimates and assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. These estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognized in the period in which the estimate is revised if the revision affects only that period, or in the period of revision and future periods if the revision affects both current and future periods.

The significant judgments made by management in applying its accounting policies and the key sources of estimation uncertainty were the same as those applied to the consolidated financial statements of the Group for the year ended December 31, 2019.

#### 36. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of quoted securities other than those classified as held to maturity, is based on quoted market price. Quoted securities classified as held to maturity are carried at cost. The fair value of unquoted equity securities, other than investments in associates, is determined on the basis of the break-up value of these investments as per their latest available audited financial statements.

The fair value of unquoted debt securities, fixed term loans, other assets, other liabilities, fixed term deposits and borrowings cannot be calculated with sufficient reliability due to the absence of a current and active market for these assets and liabilities and reliable data regarding market rates for similar instruments.

In the opinion of the management, the fair value of the remaining financial assets and liabilities are not significantly different from their carrying values since these are either short-term in nature or, in the case of customer loans and deposits, are frequently repriced.

#### NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE THREE MONTHS ENDED MARCH 31, 2020

36.1

The Group measures fair values using the following fair value hierarchy that reflects the significance of the inputs used in making the measurements:

Level 1: Fair value measurements using quoted prices (unadjusted) in active markets for identical assets or liabilities.

Level 2: Fair value measurements using inputs other than quoted prices included within Level 1 that are observable for the assets or liability, either directly (i.e. as prices) or indirectly (i.e. derived from prices).

Level 3: Fair value measurements using input for the asset or liability that are not based on observable market data (i.e. unobservable inputs).

The table below analyses financial instruments measured at the end of the reporting period by the level in the fair value hierarchy into which the fair value measurement is categorised:

#### NOTES TO THE CONSOLIDATED CONDENSED INTERIM FINANCIAL STATEMENTS (UN-AUDITED) FOR THE THREE MONTHS ENDED MARCH 31, 2020

- **36.2** Certain categories of fixed assets (land and buildings) and non-banking assets acquired in satisfaction of claims are carried at revalued amounts (level 3 measurement) determined by professional valuers based on their assessment of the market values as disclosed in note 11 and note 15.
- 36.3 Valuation techniques used in determination of fair values within level 2 and level 3 are as follows.

#### **Debt Securities**

The fair value of Federal Government securities is determined using the prices / rates available on Mutual Funds Association of Pakistan (MUFAP) and the fair value of other corporate and foreign government securities is determined using the rates from Reuters / Bloomberg.

#### Derivatives

The fair valuation techniques include forward pricing and swap models using present value calculations.

#### Fixed assets and non-banking assets acquired in satisfaction of claims

Land, buildings and non-banking assets acquired in satisfaction of claims are revalued on a periodic basis using professional valuers. The valuation is based on their assessment of the market value of the assets. The effect of changes in the unobservable inputs used in the valuations cannot be determined with certainty. Accordingly, a qualitative disclosure of sensitivity has not been presented in these consolidated condensed interim financial statements.
