FRAMLINGTON EQUITIES

AXA Framlington Health Fund

Unit class : AXA Framlington Health Fund Z Income GBP (ISIN: GB00BRJZVQ71)

This Fund is managed by AXA Investment Managers UK Limited, part of the AXA IM Group

Objective and Investment Policy

Investment Objective

The aim of this Fund is to provide long-term capital growth.

Investment Policy

The Fund invests in shares of listed healthcare companies including producers of pharmaceuticals, biotechnology firms, medical device and instrument manufacturers, distributors of healthcare products, care providers and managers and other healthcare services companies, which the fund manager believes will provide above-average returns. The Fund invests in companies of any size which can be based anywhere in the world albeit the Fund tends to be biased towards the US, as this is where the majority of healthcare related companies are based. The fund manager selects shares based upon analysis of a company's financial status, quality of its management, expected profitability and prospects for growth.

The fund manager has full discretion to select investments for the Fund in line with the above investment policy and in doing so may take into consideration the MSCI World Healthcare index. The MSCI World Healthcare index is designed to measure the performance of large and mid-cap segments across 23 developed markets. This index best represents the types of companies in which the Fund predominantly invests.

This Fund is actively managed in reference to the MSCI World Healthcare index, which may be used by investors to compare the Fund's performance.

Income

Income from investments in the Fund may be paid out to you directly if you hold income units.

Fund Currency

The reference currency of the Fund is Sterling.

Investment Horizon

This Fund may not be suitable for investors who plan to withdraw their contribution within five years.

Risk and Reward Profile

The risk category is calculated using historical performance data and may not be a reliable indicator of the Fund's future risk profile.

The risk category shown is not guaranteed and may shift over time.

The lowest category does not mean risk free.

Why is this Fund in this category?

The capital of the Fund is not guaranteed. The Fund is invested in financial markets and uses techniques and instruments which may be subject to sudden and significant variation, which may result in substantial gains or losses.

Additional Risks

Single Sector Risk: as this Fund is invested in a single sector, the Fund's value will be more closely aligned with the performance of that sector and it may be subject to greater fluctuations in value than more diversified funds.

Currency Risk: the Fund holds investments denominated in currencies other than the base currency of the Fund. As a result, exchange rate movements may cause the value of investments (and any income received from them) to fall or rise affecting the Fund's value.

Further explanation of the risks associated with an investment in this Fund can be found in the prospectus.

Charges

The charges you pay are used to pay the cost of running the fund, including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.

One-off charges taken before or after you invest

Entry charge	none
Exit charge	none
This is the maximum that might be taken out of your money before it is invested.	

Charges taken from the fund over a year

Ongoing charges	0.82%
-----------------	-------

Charges taken from the fund under certain specific conditions

Performance fee	none
-----------------	------

The entry and exit charges shown are maximum figures. In some cases, you might pay less - you can find this out from your Financial Adviser.

The ongoing charges figure is based on expenses for the twelve month period ending December 2018. This figure may vary from year to year. It excludes:

- Performance fees
- Portfolio transaction costs, except in the case of an entry/exit charge paid by the Fund when buying or selling units in another collective investment undertaking.

For more information about charges, please refer to AXA IM website: <https://retail.axa-im.co.uk/fund-charges-and-costs> as well as the Fees and Expenses section of the prospectus which is available at www.axa-im.com.

Past performance

Past performance is not a reliable indicator of future results.

Past performance is shown after the deduction of ongoing charges. Any entry/exit fees are excluded from the calculation.

The Fund was launched on 27/02/1987 and the unit in 2015.

Past performance has been calculated in Sterling and is expressed as a percentage change of the Fund's Net Asset Value at each year end.

Prior to 07/08/2019, the comparator benchmark was the 100% MSCI World Healthcare Total Return Net (NDWUHC).

As of 07/08/2019, the comparator benchmark of the Fund is the MSCI World Healthcare index.
