

Investment objective

ITI Funds RTS Equity UCITS ETF is an open-ended Exchange Traded Fund, which aims to replicate the return of the RTS Index, Russia's oldest and most traded index. The ETF invests in 40 physical shares traded on Moscow Exchange, providing diversified exposure to 12 industries.

Key Benefits

- Diversified exposure to Russian equity markets
- Physical replication to 40 largest and most liquid Russian equities
- Low cost access to local Russian securities
- USD denominated
- Euroclear settlement
- Listing on the London and Moscow Exchanges

Important information

Your capital is at risk. You may not get back the amount you invested. By accepting this document, you consent to communicating with us in English, unless you inform us otherwise.

This document is for use in the UK, Ireland and Luxembourg only, and for professional investors pursuant to Directive 2004/39/EC (MIFID) Annex II section I. This document is not intended as investment advice or as a recommendation to invest in any asset class, security or strategy. The information provided is for illustrative purposes only, and it should not be relied upon as investment advice or as a recommendation to buy or sell securities. Investors should seek independent professional advice prior to investing. The distribution and the offering of ETF's in certain jurisdictions may be restricted by law.

This document does not constitute an offer or solicitation by anyone in any jurisdiction in which such an offer is not authorised or to any person to whom it is unlawful to make such an offer or solicitation. This document is not for distribution to, or for the attention of, US or Canadian persons. Any investment in an ETF should be made on the basis of the relevant Prospectus and Key Investor Information Documents, including consideration of the investment objective, risks, charges, and expenses. Further information on the ETFs (including information on their portfolio composition), their Prospectus, Key Investor Information Documents are available at www.itifunds-etf.com, or from your financial advisor or broker.

The products described on www.itifunds-etf.com are not suitable for everyone. Investors' capital is at risk and they may get back less than they invested. Past performance is not a guide to future performance, and investors should not deal in these products unless they understand their nature and the extent of their exposure to risk. The value of these products can go down as well as up and can be subject to volatility due to factors such as price changes in the underlying instrument and interest rates. Tax treatment depends on the individual circumstances of each investor and potential investor, and may be subject to change. Where individuals or the business have expressed opinions, they are based on current market conditions, they may differ from those of other investment professionals and are subject to change without notice.

UCITS ETFs units/shares purchased on the secondary market cannot usually be sold directly back to UCITS ETF. Investors must buy and sell units/shares on a secondary market with the assistance of an intermediary (e.g. a stockbroker) and may incur fees for doing so. In addition, investors may pay more than the current net asset value when buying units / shares and may receive less than the current net asset value when selling them.

ITI Funds UCITS ETF SICAV S.A. is an open-ended investment company organised under the laws of Luxembourg as a société d'investissement à capital variable (SICAV), under the form of a public limited liability company (société anonyme) and authorised under part I of the 2010 Act. The Company has an umbrella structure consisting of several Sub-Funds. A separate portfolio of assets is maintained for each Sub-Fund and is invested in accordance with the investment objective and policy applicable to that Sub-Fund. ITI Funds UCITS ETF SICAV are authorised in Luxembourg and regulated by the Commission de Surveillance du Secteur Financier.
