

# AMUNDI FUNDS EQUITY ASEAN - A2 USD

MONTHLY  
REPORT

30/11/2020

EQUITY ■

1. This is an equity fund.
2. Investing in this fund may involve concentration risk, equity risk, market risk, risk attached to the use of Financial Derivative Instruments (FDI), risk specific for participatory notes, developing countries risk, and small and medium companies risk. Equity price volatility and currency fluctuations are generally higher in developing countries. Investing in FDI for hedging and efficient portfolio management purpose may subject to additional risks, including credit risk of the issuer, liquidity risk, counterparty risk and valuation risk.
3. This fund focuses in investing in Association of Southeast Asian Nations, which may give rise to higher concentration risk than funds that invests in more diversified countries.
4. The value of the fund can be extremely volatile and could go down substantially within a short period of time. It is possible that your investment value could suffer substantial loss.
5. Investors must read the offering document carefully for further fund details, especially the investment risks described in the offering document.
6. The investment decision is yours, but you should not invest in the product unless the intermediary who sells it to you has advised you that the product is suitable for you and explained why including how buying it would be consistent with your investment objective.
