### **ESG Integration**

The Sub-Fund will be categorised as an Article 6 fund pursuant to the Sustainable Finance Disclosure Regulation (Regulation (EU) 2019/2088).

The Investment Manager aims to achieve investors' financial objectives while incorporating sustainability into the investment process. The Investment Manager defines sustainability as the ability to leverage the environmental, social and governance (**ESG**) factors of business practices seeking to generate opportunities and mitigate risks that contribute to the long-term performance of issuers (**sustainability**). The Investment Manager believes that consideration of these factors will deliver better informed investment decisions. Unlike funds which promote ESG characteristics or with a specific sustainability or impact objective that may have a constrained investment universe, ESG Integrated Funds are investment funds that primarily aim at maximizing financial performance, whereby ESG factors are input factors within the investment process. Further binding factors, if applicable, are outlined in the investment policies of the Fund.

ESG integration is driven by taking into account material sustainability risks as part of the research process. For corporate issuers, this process utilizes the ESG Material Issues framework which identifies the financially relevant factors per sector that can impact investment decisions. This orientation toward financial materiality ensures that analysts focus on sustainability factors that can impact the financial performance of the company and therefore investment returns. ESG integration can also identify opportunities for engagement to improve the company's sustainability risk profile and thereby mitigate the potential negative impact of ESG issues on the company's financial performance. The Investment Manager employs a proprietary ESG Risk Dashboard that combines multiple ESG data sources in order to identify companies with material sustainability risks. An actionable risk signal highlights sustainability risks to the Investment Manager for incorporation in their investment decision making process. For non-corporate issuers, the Investment Manager may apply a qualitative or quantitative sustainability risk assessment that integrates data on the most material ESG factors. The analysis of material sustainability/ESG considerations can include many different ESG factors,

such as the following among others: the carbon footprint, health and well-being, human rights, supply chain management, fair customer treatment and governance.

### **Sustainability Annual Reporting**

The 'UBS Sustainability Report' is the medium for UBS' sustainability disclosures. Published annually, the report aims to openly and transparently disclose UBS' sustainability approach and activities, consistently applying UBS' information policy and disclosure principles. The UBS Sustainability Report is available at [www.ubs.com/global/en/asset-management/investment-capabilities/sustainability.html](http://www.ubs.com/global/en/asset-management/investment-capabilities/sustainability.html).

### **ESG Focus/Impact Funds**

UBS Asset Management categorizes certain sub-funds as ESG focus/impact funds. ESG focus/impact funds promote ESG characteristics or have a specific sustainability or impact objective which is defined in the investment policy.

## **3 Profile of a Typical Investor**

The Fund may be suitable for investors seeking to earn maximum income in the short-term.

## **4 The Investment Manager**

The principal activity of the Investment Manager is the provision of investment management services.

The Investment Management Agreement may be terminated by either party on 30 days' written notice or forthwith by notice in writing in certain circumstances such as the insolvency of either party or unremedied breach after notice. The Investment Manager has the power to delegate its duties with the prior approval of the Central Bank. The Investment Management Agreement provides that the Company shall indemnify the Investment Manager and its delegates, agents and employees against and hold them harmless from any actions, proceedings, damages, claims, costs, demands and expenses including legal and professional expenses brought against or suffered or incurred by the Investment Manager in the performance of its duties other than due to the negligence, fraud, bad faith or wilful default of the Investment Manager in the performance of its obligations.

## **5 Risk Factors and Investment Considerations**

Investors' attention is drawn to the section of this Prospectus entitled "Risk Factors and Investment Considerations" and in particular LVNAV MMF Risk.

### **Intraday Liquidity**

The Fund will seek to provide Shareholders with intraday liquidity, i.e. providing settlement of redemption monies on the same Dealing Day provided redemption requests are received before the Dealing Cut-Off Time.

In order to facilitate this, the Fund will use the Net Asset Value of the previous Dealing Day. Shareholders should note that while the Fund will employ effective oversight and monitoring to ensure that there had been no deviation from the previous Dealing Day's Net Asset Value, the

redemption price will be based on the Net Asset Value of the previous Dealing Day and not the Dealing Day on which the redemption request is submitted.

## 7 Subscription for Shares

During the Initial Offer Period, Shares shall be offered at the Initial Offer Price specified above. Subsequent subscriptions (i.e., subsequent to an initial subscription for Shares within the Fund) may be made by a Shareholder by submitting a subscription form to the Administrator by the Dealing Cut-Off Time in writing, by fax, by telephone or by electronic means in accordance with the requirements of the Central Bank. Subsequent subscriptions received after the Dealing Cut-

Off Time but before the Valuation Point may, in exceptional circumstances and at the sole discretion of the Company, be accepted.

Shares may be purchased by contacting a Sales Intermediary or the Administrator, completing the appropriate Application Form and returning promptly the original signed Application Form to the Sales Intermediary, for onward transmission to the Administrator, or the Administrator. The Directors and the Manager reserve the right to reject in whole or in part any application for Shares. In the event that the Directors and/or the Manager reject an application, the application monies (or relevant part thereof) will be returned as soon as practicable after such rejection, without interest and at the applicant's risk and expense. Cleared funds representing payment for Shares, in the Base Currency, must be received by the Administrator by bank transfer on the relevant Dealing Day.

Subject to acceptance by the Directors and/or the Manager, Application Forms for the purchase of Shares received by the Administrator by the Dealing Cut-Off Time will be effected at the relevant Net Asset Value per Share for that Dealing Day. A confirmation of the purchase will normally be sent within 24 hours of the relevant Net Asset Value per Share being published. Any Application Form received by the Administrator after the Dealing Cut-Off Time will be held over (without interest) until the next following Dealing Day and Shares will then be issued at the relevant Net Asset Value per Share for that following Dealing Day. The Directors and/or the Manager may, in their discretion, determine to accept any Application Form received after the Dealing Cut-Off Time for processing on that Dealing Day provided that such Application Form has been received prior to the Valuation Point.

While it is intended that the Distributing Shares will be available for subscription after the close of the Initial Offer Period for the relevant Class at a stable Net Asset Value, in the event that the Net Asset Value per Share calculated in accordance with the Market Valuation deviates from the amortised valuation by more than 0.20% on the relevant Dealing Day, the issue of Shares is required to be undertaken at the Market Valuation. Investors should refer to the section of the Prospectus entitled "Risk Factors and Investment Considerations" and in particular "LVNAV MMF" Risk in this regard.

Payment for Shares must be made in the Base Currency unless the Directors and/or the Manager agree to accept subscriptions in another convertible currency, in which case the subscription payment will be converted into the relevant Base Currency at the rate of exchange available to the Company. Non-Base Currency transactions will be effected on behalf of, and at the expense and risk of, the investor. An investor that chooses to make payment in a currency other than the Base Currency assumes the risk of delays in the Company's ability to effect non-Base Currency exchange transactions, and of intervening adverse movements in exchange rates. The costs of exchange will be borne by the investor and deducted from the subscription payment.

The Directors and the Manager reserve the right, but are under no obligation to accept applications or to act on such applications, including the investment of anticipated subscription monies, prior to the receipt of any subscription money. Accordingly, failure by the transfer agent to receive subscription money by the deadline indicated in the relevant Supplement may result in certain losses, costs or expenses for the account of the Fund. Under the terms of the Application Form, each investor agrees to indemnify and hold harmless, the Company, the Directors, the Funds, the Manager, the Investment Manager, the Sub-Investment Managers, the Administrator and the Depositary for any losses, costs, and expenses incurred by them as a result of the failure or default of the investor to transfer subscription monies to the relevant account for the relevant Fund by the relevant deadline.

<b>2021</b>
1 January 2021
2 April 2021
5 April 2021
24 December 2021*
25 December 2021
31 December 2021*

\*This is a Business Day but the Dealing Cut-Off Time is shorter on this date. Please refer to the definition of "Dealing Cut-Off Time" above for further information.

## 9 Redemption of Shares

Shareholders may request the Company to redeem any number of Shares held by them by submitting a request in writing, by fax, by telephone or by electronic means in accordance with the requirements of the Central Bank to the Administrator. In the case of telephonic redemptions, such investors must have completed an original Application Form and have elected this facility.

Redemptions of Shares will be processed in accordance with the procedures specified below and effected at the relevant Net Asset Value per Share on the Business Day prior to the Dealing Day after a redemption order in proper form is received by the Administrator. The Net Asset Value of the Shares redeemed may be more or less than their original cost. Under certain circumstances, the Directors and/or the Manager may suspend Share transactions, as described more fully under "Calculation of Net Asset Value" below. The expenses relating to a redemption of Shares are set out in the section headed "Fees and Expenses" below.

While it is intended that the Distributing Shares will be available for redemption at a stable Net Asset Value, in the event that the Net Asset Value per Share calculated in accordance with the Market Valuation deviates from the amortised valuation by more than 0.20% on the relevant Dealing Day, the redemption of Shares is required to be undertaken at the Market Valuation. Investors should refer to the section of the Prospectus entitled "Risk Factors and Investment Considerations" and in particular "LVNAV MMF Risk" in this regard.

The Company, the Manager, the Investment Manager, the Administrator and the Depositary, and each of their respective officers, directors, employees, agents or affiliates, will not be responsible for the authenticity of redemption notices received by telephone, nor will any of them be liable for following telephone instructions reasonably believed to be genuine.

Redemption proceeds will only be paid by transfer to a bank account designated in the Shareholder's name, details of which shall be set out by the Shareholder in the Application Form, as properly amended from time to time. The Administrator is authorised to act on telephone instructions from any person representing himself or herself to be an authorised representative of the investor, and reasonably believed by the Administrator or other entity authorised to receive such instructions to be genuine. The Investment Manager will require the Administrator to employ reasonable procedures, such as requiring a form of personal identification, to confirm that instructions are genuine. The Company, the Manager, the

Investment Manager, the Administrator and the Depositary each reserve the right to refuse to implement a redemption order placed by telephone.

Redemption requests for Shares received in proper form by the Administrator before the relevant Dealing Cut-Off Time for the Fund on a Dealing Day will become effective at the relevant Net Asset Value per Share on the Business Day prior to that Dealing Day. The Company provides intraday liquidity to Shareholders and so expects that the proceeds of redemptions will be transmitted by bank transfer on the Dealing Day to the bank account indicated on the Shareholder's original first Application Form, as properly amended from time to time, provided the signed original Application Form has been received from the Shareholder and all of the necessary anti-money laundering checks have been completed. If, in exceptional circumstances and for whatever reason, redemption proceeds cannot be paid within the time specified, the payment will typically be made within three (3) Business Days of the relevant Dealing Day. A redemption request received in proper form by the Administrator after the relevant Dealing Cut-Off Time on a Dealing Day will be held over and will become effective at the relevant Net Asset Value for that Dealing Day. The Directors and/or the Manager may, in their discretion, determine to accept any redemption request received after the relevant Dealing Cut-Off Time for processing on that Dealing Day provided that such redemption request has been received prior to the Valuation Point. Initial applicants for Shares are required to specify on the Application Form a bank account which must be designated in the Shareholder's name to which the proceeds of any redemption will be paid. Any subsequent alteration of such instructions must be in proper written form and duly signed by the Shareholder. The Investment Manager and the Administrator each reserves the right to require proof of authority satisfactory to the Investment Manager and the Administrator, as the case may be, for such instructions. Failure to provide proof as requested or otherwise required under applicable law may result in delay or rejection of an Application Form or request for redemption of Shares.

Sales Intermediaries may charge their clients a separate fee for effecting redemptions of Shares. Investors should consult their Sales Intermediary in this regard. The Directors and the Manager reserve the right to limit the amount of the redemption. The above procedures may be modified or terminated at any time by the Company, the Manager, the Administrator or a Sales Intermediary.

Redemption proceeds will be paid by bank transfer to the bank account designated in the Shareholder's name, as set out by the Shareholder in the Application Form. If a Shareholder requests redemption of Shares which were purchased recently, a Fund may delay payment until it is assured that good payment has been received.
