Initial Charge: Up to 5%

- The Fund invests at least 75% in equity or equity-related instruments of companies in countries having adopted the Euro as its national currency in the member state of the European Monetary Union.
- Investments involve varying degree of investment risks (e.g. liquidity, market, economic, political, regulatory, taxation, financial, interest rate, hedging and currency risks). In extreme market conditions, you may lose your entire investment.
- Investments in financial derivatives instruments ("FDIs") (such as futures, options, forwards and warrants) involve specific risks (e.g. counterparty, liquidity, leverage, volatility, valuation and over-the-counter transaction risk). The Fund may use FDIs for to reduce risk and to manage the Fund more efficiently.
- The Fund's investments are concentrated in Euroland countries and may subject to higher concentration risk.
- The Fund may invest in Eurozone (in particular Portugal, Italy, Ireland, Greece and Spain) securities and may suffer from European sovereign debt crisis risk.
- The investment decision is yours. If you are in any doubt about the contents of this document, you should seek independent professional financial advice.
- Investors should not only base on this document alone to make investment decisions and should read the offering documents including the risk factors for further details.

Investment Objective and Strategy

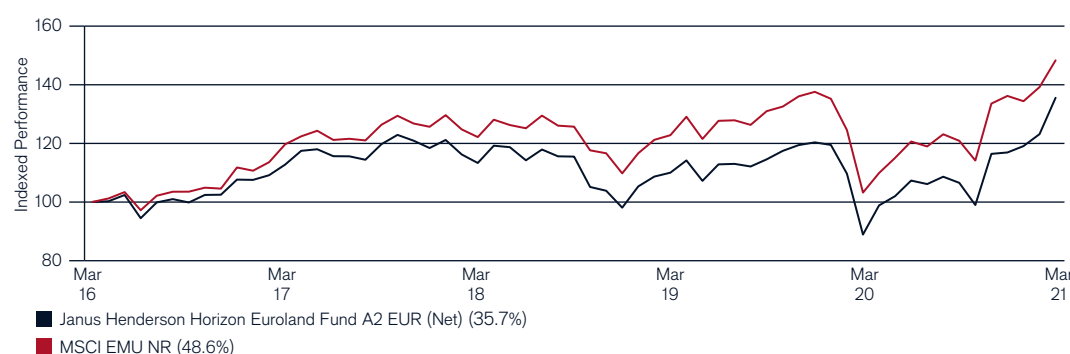

The Fund aims to provide capital growth over the long term. The Fund invests at least 75% of its assets in shares (equities) and equity-related securities of companies, of any size, in any industry, in the Eurozone. Companies will be incorporated in or having their principal business activities in the Eurozone.

Additional Information

On 8 November 2011, the benchmark of the Fund was changed from the FTSE World Europe ex UK Index to MSCI EMU Net Return EUR Index. The Fund's investment objective was changed effective 8 November 2011.

Important Information

The investments underlying this financial product (referred to as the Fund) do not take into account the EU criteria for environmentally sustainable economic activities. While the analysis of ESG factors is an integral component across the Investment Manager's investment capabilities, the Investment Manager does not maximise portfolio alignment with sustainability risks as a separate goal in its own right nor does it precisely attribute the impact of ESG factors on returns for the Fund.

Investing involves risk, including the possible loss of principal and fluctuation of value.**

Janus Henderson Horizon Fund is an open ended investment company incorporated in Luxembourg as a société d'investissement à capital variable ("SICAV") on 30 May 1985. Investors are warned that they should only make their investments based on the most recent offering documents which contains information about fees, expenses and risks, which is available from appointed intermediaries, and which should be read carefully. An investment in the Fund may not be suitable for all investors and is not available to all investors in all jurisdictions; it is not available to US persons. The rate of return may vary and the principal value of an investment will fluctuate due to market and foreign exchange movements. Shares, if redeemed, may be worth more or less than their original cost. Investors are advised to consult your intermediary who will give you advice on the product suitability and help you determine how your investment would be consistent with your own investment objectives. The investment decisions are yours and an investment in the Fund may not be suitable for everyone. If in doubt, please contact your intermediary for clarification.
