

Performance, Top Holdings, Portfolio Breakdowns and Characteristics, and Net Assets as at 30-Sep-2020. All other data as at 08-Oct-2020.

IMPORTANT:

- The Fund invests in asset/ mortgage backed securities that may be subject to greater credit, liquidity, and interest rate risks and are often exposed to extension and prepayment risks. The Fund may invest in debt securities that are subject to actual or perceived ratings downgrade. An increase in interest rates may adversely affect the value of the bonds held by the Fund. The Fund invests in bonds issued or guaranteed by governments or authorities, which may involve political, economic, default or other risks. The Fund's income-generating investment strategy may reduce the potential for capital growth and future income of the Fund.
- The Fund is subject to currency risk, delayed delivery transactions risk, geographical concentration risk in the US and securities lending counterparty risk.
- The Fund may use derivatives for hedging and extensively for investment purposes. Risks associated with derivatives include counterparty/credit, liquidity, valuation, volatility and market risks. The Fund's volatility may increase or decrease from its derivative usage, and may suffer losses.
- The value of the Fund can be volatile and can go down substantially within a short period of time. It is possible that a certain amount of your investment could be lost.
- Investors should not make investment decisions based on this document alone. Investors should refer to the Prospectus and Key Facts Statement for details including risk factors.

INVESTMENT OBJECTIVE

The US Government Mortgage Fund seeks a high level of income. The Fund invests at least 80% of its total assets in fixed income transferable securities issued or guaranteed by the United States Government, its agencies or instrumentalities, including Government National Mortgage Association ("GNMA") mortgage-backed certificates and other US Government securities representing ownership interests in mortgage pools, such as mortgage-backed securities issued by Fannie Mae and Freddie Mac. All securities in which the Fund invests are US dollar-denominated securities.

CREDIT RATINGS (%)

The fund itself has not been rated by an independent rating agency. Credit quality ratings on underlying securities of the fund are received from S&P, Moody's and Fitch. This breakdown is provided by BlackRock and takes the middle rating of the agencies when all three agencies rate a security the lower of the two ratings if only two agencies rate a security and one rating if that is all that is provided. Unrated securities do not necessarily indicate low quality. Ratings and portfolio credit quality may change over time.
