

SPP Global Solutions is a fossil free global equity fund that aims to achieve long-term excess return by investing in global stock markets, including emerging markets. The fund invests in sustainable companies that we believe are well positioned to solve the challenges related to the UN's sustainability goals. The fund follows our criteria for sustainable investments. This means that we do not invest in companies that contribute to the violation of human rights, corruption, harming the climate and environment, the production of landmines, cluster munitions, or nuclear weapons. In addition, the Fund also refrain from investing in companies whose turnover is more than 5 percent from production/distribution from: fossil fuels, weapons/arms, tobacco, alcohol, gambling, pornography, cannabis or companies with large fossil reserves.
