The performance data of the HSBC World Selection Portfolio service model portfolios ("Portfolios") is provided for illustration purposes only. Performance information is based on the performance of our standard Portfolios and not on a composite of actual client accounts. Past performance of the Portfolios is not indicative of future returns for the Portfolios or for actual client accounts. The indicated returns are the historical annual compounded total returns of the HSBC Mutual Funds and/or HSBC Pooled Funds including changes in unit value and reinvestment of all distributions and does not take into account sales, redemptions, distributions or optional charges, or income taxes payable by any unit holder in respect of a HSBC Mutual Fund and/or HSBC Pooled Fund that would have reduced returns. Mutual funds and/or Pooled funds are not guaranteed, their values change frequently and past performance may not be repeated. Any compounded rates of returns are used only to illustrate the effects of the compound growth rate and are not intended to reflect the future values of the HSBC Mutual Funds and/or HSBC Pooled Funds or of the Portfolios or returns on investment.
