Barings Emerging Markets Umbrella Fund

Introduction

Barings Global Emerging Markets Umbrella Fund (the "Unit Trust") is a unit trust managed by Baring International Fund Managers (Ireland) Limited (the "Manager"). The Unit Trust was established pursuant to the Unit Trusts Act, 1990, and a Trust Deed dated 11 February 1992 (as supplemented or amended from time to time) (the "Trust Deed") made between the Manager and Northern Trust Fiduciary Services (Ireland) Limited (the "Depositary") and authorised by the Central Bank of Ireland (the "CBI"), pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011 (as amended) (the "UCITS Regulations"). The Unit Trust is also listed on Euronext Dublin Global Exchange Market. As the Barings Global Emerging Markets Fund and Barings Latin America Fund (the "Funds") are registered for sale in Hong Kong, the Funds have also been authorised by the Hong Kong Securities and Futures Commission ("SFC") pursuant to the provisions of the Hong Kong Code on Unit Trusts and Mutual Funds, supplemented or consolidated from time to time. Further details of the Funds are contained in the supplements to the Prospectus.

The Unit Trust is organised in the form of an umbrella fund. The Trust Deed provides that the Unit Trust may offer separate series of units, each representing an interest in a Unit Trust Fund (a "Fund") comprised of a distinct portfolio of investments. A separate Fund is maintained for each series of units and is invested in accordance with the investment objective applicable to such Fund to date. Each Fund may create more than one class of units in relation to a Fund (a "class") and these separate classes of units may be denominated in different currencies. A unit represents a beneficial interest in a Fund (a "unit").

The Unit Trust has two active funds as at 31 October 2020, which have been approved by the CBI:

Fund	Fund launch date
Barings Global Emerging Markets Fund	24/02/1992
Barings Latin America Fund	05/04/1993

Each of the Funds had several classes of shares on offer at the financial period-end, which are outlined in note 10 to these financial statements. Further details of the Funds are contained in the individual supplements to the full Prospectus.

The financial statements include all the trades received for Barings Global Emerging Markets Fund up until 12:00p.m. (Irish time) on 30 October 2020, the valuation point for the Unit Trust and all the trades received for Barings Latin America Fund up until 3:30p.m. (Irish time) on 30 October 2020, the valuation point of the Unit Trust.

Barings Emerging Market Umbrella Fund

Investment Objective and Policy

Barings Global Emerging Markets Fund

The investment objective of the Barings Global Emerging Markets Fund (the “Fund”) is to seek long-term capital growth primarily through investment in a diversified portfolio of developing country equity securities.

The Fund will seek to achieve its investment objective by investing at least 70% of its total assets in equities and equity-related securities issued by companies incorporated in one or more emerging market countries, or which have a significant proportion of their assets or other interests in one or more emerging market countries, or which carry on their principal business in or from one or more emerging markets.

Barings Latin America Fund

The investment objective of the Barings Latin America Fund (the “Fund”) is to seek long-term capital growth primarily through investment in Latin American equities. The investment policy will be to invest no less than 70% of the total assets of the Fund at any one time in securities issued by companies incorporated in Latin America, or which have a significant proportion of their assets or other interests in Latin America, or which carry out their principal business in or from Latin America. It is the policy of the Baring Asset Management Limited (the “Investment Manager”) to maintain diversification in terms of the countries to which investment exposure is maintained, but there is no limit to the proportion of assets which may be invested in any one country.

Please refer to the Prospectus for the full investment objective and policy of the Funds.

How the Funds are managed

The Manager of the Trust has appointed Baring Asset Management Limited as the Investment Manager of the Funds.

The Investment Manager manages the portfolio using a Growth at a Reasonable Price (“GARP”) approach. Through our teams of dedicated analysts, we conduct considerable primary research in order to identify the best opportunities.

Please refer to the Prospectus for the full risk profile for each of the Funds. Investors should read the Prospectus and carefully consider the potential risk factors as well as reward factors before investing.

Investment Managers' Report

For the financial period ended 31 October 2020

Barings Global Emerging Markets Fund

Performance

Emerging markets registered a robust return over the period, driven by the unparalleled measures taken by policy makers to mitigate the economic effects of the coronavirus pandemic. Further support was provided by some moderate improvements in global economic growth forecasts, helped by the easing of lockdown conditions over the summer months. Performance tailed off a little towards the end of the period in response to rising Covid-19 cases and the reintroduction of social distancing measures across large parts of Western Europe.

In the six months to 31 October 2020, the Barings Global Emerging Markets Fund (the "Fund") generated a gross return of 21.1% on the I Share Class and marginally outperformed the performance comparator, which returned 21.0%* over the period. The Fund generated a net return of 20.5% on the I Share Class.

Taiwan Semiconductor Manufacturing Company ("TSMC") ended the period as the top contributor to relative returns, driven by improving product demand and news that Intel may potentially outsource to TSMC next year as it struggles with migration to the next technology node. LG Chem also outperformed, supported by better than expected quarterly earnings and rising EV battery demand. Elsewhere, technology group Tencent was another notable contributor, due in part to an acceleration in online advertising revenue and the continued strong growth of its gaming division.

In contrast, China Construction Bank underperformed over the period as investors rotated into "new economy" companies. Real estate developer China Overseas Land & Investment also detracted on lingering macroeconomic concerns. Despite this, we retain conviction in the company and note the improving trends in the Chinese residential property market. Elsewhere, not owning Meituan-Dianping detracted after the stock performed well in response to the company's online grocery shopping platform gaining traction in China. However, we continue to find better opportunities elsewhere in the investment universe.

Market outlook

In the near term, markets globally are likely to continue to remain volatile as investors closely monitor the second wave of infections in Europe and await the outcome of the US elections.

However, the recent trend of improving economic and earnings momentum is encouraging while several potential vaccines are in development and moving closer to approval.

This combination of steadily improving earnings, receding risk and attractive valuations should create a positive backdrop for equity markets as we look into 2021.

We will continue our process of building new or adding to existing positions in companies with strong and sustainable business franchises where our proprietary bottom-up research has identified a significant degree of undervaluation relative to their future growth potential.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

Barings Latin America Fund

Performance

Latin American equities advanced over the period but underperformed relative to broader emerging markets. The region's markets were supported over the period by fiscal and monetary action taken by policymakers to help tackle the economic impact of Covid-19. In addition, the easing of lockdown conditions across a number of geographies contributed to some moderate improvements in global economic growth forecasts.

In the six months to 31 October 2020, the Barings Latin America Fund (the "Fund") generated a gross return of 7.2% on the I Share Class but underperformed the performance comparator, which returned 9.4%* over the period. The Fund generated a net return of 6.6% on the I Share Class.

Two of our holdings in the Brazilian consumer space ended the period amongst the top contributors to relative returns. B2W and Via Varejo both performed strongly, reflecting encouraging sales trends as consumers continued to shift business online and adjust their spending habits. Steel company Gerdau also contributed, helped by improving product demand as activity picks up in the real estate market.

In contrast, a lack of exposure at the start of the period to Brazilian retail group Magazine Luiza detracted from relative returns. The Fund initiated a position in the company over the period, as we believe they operate a sustainable business franchise that is well positioned to benefit from favourable growth trends in the sector. Elsewhere, not owning Brazilian electrical engineering group WEG and Mexican building materials company CEMEX detracted after both stocks outperformed over the period. However, we continue to find better opportunities over the medium term elsewhere in the investment universe.

Market outlook

In the near term, markets globally are likely to continue to remain volatile as investors closely monitor the second wave of infections in Europe and await the outcome of the US presidential election.

However, the recent trend of improving economic and earnings momentum is encouraging while several potential vaccines are in development and moving closer to approval.

This combination of steadily improving earnings, receding risk and attractive valuations should create a positive backdrop for equity markets as we look into 2021.

We will continue our process of building new or adding to existing positions in companies with strong and sustainable business franchises where our proprietary bottom-up research has identified a significant degree of undervaluation relative to their future growth potential.

Barings Emerging Markets Umbrella Fund

Notes to the financial statements

For the financial period ended 31 October 2020

1. Basis of measurement

The financial statements presented are unaudited condensed interim financial statements for the financial period ended 31 October 2020 that have been prepared in accordance with Financial Reporting Standard 104 ("FRS 104") "Interim Financial Reporting".

The condensed interim financial statements should be read in conjunction with the annual financial statements for the year ended 30 April 2020, which have been prepared in accordance with accounting standards generally accepted in Ireland, including FRS 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland" and Irish statute, comprising the Unit Trusts Act, 1990, and the provisions of the Hong Kong Code on Unit Trusts and Mutual Funds.

The accounting policies applied in these condensed interim financial statements are consistent with those used in the Barings Emerging Markets Umbrella Fund's (the "Unit Trusts") most recent annual financial statements for the financial year ended 30 April 2020.

The condensed interim financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss. These financial statements were prepared on the going concern basis.

The Unit Trust meets all the conditions set out in FRS 102, section 7 and consequently has availed of the exemption available to certain funds not to prepare a statement of cash flows.

The comparative figures included for the Statement of Financial Position relate to the previous financial year ended 30 April 2020, while the comparative figures included for the Statement of Comprehensive Income and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Units relate to the six month period ended 31 October 2019.

2. Significant accounting policies

Fair value measurement

By fully adopting FRS 102, in accounting for its financial instruments, a reporting entity is required to apply either a) the full requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments, b) the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments, or c) the recognition and measurement provisions of IFRS 9 Financial Instruments and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments. The Unit Trust has chosen to implement b) the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments.

The use of IAS 39 recognition and measurement provisions is in line with the pricing policy set out in the Trust Deed, which outlines that the fair value of financial assets and financial liabilities be valued at the last traded prices. The financial statements include all the trades received for Barings Global Emerging Markets Fund up until 12:00p.m. (Irish time) on 30 October 2020, the valuation point for the Unit Trust and all the trades received for Barings Latin America Fund up until 3:30p.m. (Irish time) on 30 October 2020, the valuation point of the Unit Trust.

3. Cash and cash equivalents and bank overdrafts

Cash and cash equivalents and bank overdrafts are valued at fair value with interest accrued, where applicable. Cash deposits of US\$6,625,697 for Barings Global Emerging Markets Fund and US\$342,983 for Barings Latin America Fund (30 April 2020: US\$3,115,360 for Barings Global Emerging Markets Fund and US\$1,354 for Barings Latin America Fund) are maintained with The Northern Trust Company ("TNTC"), London branch, with uninvested cash balances being swept daily into the Northern Trust Global Funds.

6. Significant agreements and fees

Management fees

Barings International Fund Managers (Ireland) Limited (the “Manager”) is entitled under the Trust Deed to charge a management fee in respect of the Funds at the following percentage rate per annum of the Net Asset Value of the Funds:

Fund/Class	Management fee
Baring Global Emerging Markets Fund - Class A USD Inc	1.50%
Baring Global Emerging Markets Fund - Class A EUR Inc	1.50%
Baring Global Emerging Markets Fund - Class A GBP Inc	1.50%
Baring Global Emerging Markets Fund - Class A USD Acc	1.50%
Baring Global Emerging Markets Fund - Class I EUR Acc	0.75%
Baring Global Emerging Markets Fund - Class I GBP Acc	0.75%

Baring Latin America Fund - Class A GBP Inc	1.25%
Baring Latin America Fund - Class I USD Acc	0.75%
Baring Latin America Fund - Class I GBP Acc	0.75%

* Class X units: No management fees are taken in the Fund in respect of Class X units. Fees are charged outside of the Fund under a separate agreement between the investor and Baring Asset Management Limited (the “Investment Manager”).

The Unit Trust is managed by the Manager, who has delegated investment responsibility to Baring Asset Management Limited (the “Investment Manager”). The Investment Manager is an investment management company incorporated in London on 6 April 1994. The Investment Manager is part of the Barings LLC Group and is a wholly owned subsidiary of Massachusetts Mutual Life Insurance Company (“MassMutual”). The outstanding amounts payable as at the end of the financial period-end for management fees are disclosed on each Fund’s Statement of Financial Position. Management fees of US\$2,976,902 have been charged for the financial period 31 October 2020 (31 October 2019: US\$3,438,523).

The Manager will discharge the fees and expenses of the Investment Manager out of its own fee. The management fee is payable monthly in arrears and is calculated by reference to the Net Asset Value of each Fund as at each business day (“valuation day”).

Where the Net Asset Value of any Fund includes interests in any Investment Fund managed by a subsidiary of the parent company (a “Barings Fund”), the fee payable to the Manager relating to the holding will be reduced by the percentage rate (if any) charged to the Barings Fund for comparable management services.

Administration, Depositary and Operating fees

The Manager is entitled to receive an administration, depositary and operating expenses fee. The fee payable is a percentage of the Net Asset Value of each class and is accrued daily and paid monthly in arrears. The Manager pays the aggregate fees to the Administrator and the Depositary, in addition to certain other fees and ongoing expenses.

For Barings Global Emerging Markets Fund, the Manager is entitled to receive a fee of 0.45% per annum for all A unit classes (A Hedged classes 0.4625%) and 0.25% per annum for all I and X unit classes (I hedged classes 0.2625%).

For Barings Latin America Fund, the Manager is entitled to receive a fee of 0.45% per annum for all A unit classes (A Hedged classes 0.4625%) and 0.25% per annum for all I unit classes (I hedged classes 0.2625%).

Investment Funds

The Funds currently invest in Northern Trust Global Funds managed by Northern Trust Global Funds a related party to the Administrator and Depositary. These holdings are detailed in the Schedule of Investments.

6. Significant agreements and fees (continued)

Trailer fees and reimbursements

Trailer fees (commissions for the marketing of the Funds) are paid to distribution, commission and sales agents out of the management fees. Reimbursements to institutional investors, who, from a commercial perspective, are holding the Funds' units for third parties, are also paid out of the management fees.

Transaction costs

The Funds' transaction costs at 31 October 2020 and 31 October 2019 are included in the Net fair value gain/(loss) on the financial assets at fair value through profit or loss under the Statement of Comprehensive Income.

The transaction costs incurred by the Funds for the financial periods ended 31 October 2020 and 31 October 2019 were as follows:

	31 October 2020	31 October 2019
	US\$	US\$
Barings Global Emerging Markets Fund	197,065	107,741
Barings Latin America Fund	138,069	200,085

7. Related party transactions

Julian Swayne is employed by Barings Investment Services Limited. Alan Behen and Paul Smyth are employees of the Manager. Jim Cleary, David Conway and Barbara Healy are all non-executive Directors, independent of the Investment Manager. Peter Clark was an employee of Barings Investment Services Limited and Timothy Schulze was an employee of Barings LLC prior to their resignations on 21 October 2020 and 10 August 2020, respectively. The Manager will discharge the fees and expenses of the Investment Manager out of its own fee. The Investment Manager is part of the Barings LLC group and is a wholly owned subsidiary of Massachusetts Mutual Life Company ("MassMutual"). Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

Significant unitholdings

The following table details significant concentrations in unitholdings of each Fund, or instances where the units are beneficially held by other Investment Funds managed by the Investment Manager or one of its affiliates. As at 31 October 2020 and 30 April 2020, the following had significant holdings in the Funds:

Fund Name	Number of unitholders with beneficial interest greater than 20% of the units in issue	Total % of units held by unitholders with beneficial interest greater than 20% of units in issue	Total % of units held by investment funds managed by Baring International Fund Managers (Ireland) Limited or affiliates
Baring Global Emerging Markets Fund	1 (30 April 2020: 1)	43.81% (30 April 2020: 51.77%)	0.01% (30 April 2020: 0.03%)

8. Fair value hierarchy

FRS 102 requires the Funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices);
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

Barings Emerging Markets Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2020

8. Fair value hierarchy (continued)

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the Manager. The Manager considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following table analyses within the fair value hierarchy the Fund's financial assets measured at fair value.

As at 30 April 2020, the equities held at level 1 for the Barings Global Emerging Markets Fund include some equities with fair value adjustments. The fair value adjustment is determined based off of the movement of index futures from market close to the valuation point of the Fund.

There have been no transfers during the financial period ending 31 October 2020 or the financial year ending 30 April 2020 from level 1 to level 2. During the financial period ending 31 October 2020, Barings Global Emerging Markets Fund holding in CP ALL was transferred from level 2 to level 1. As at 31 October 2020 and 30 April 2020, there were no financial assets or liabilities classified at level 3.

Transfers between levels, when applicable, occur at the end of the financial period.

8. Fair value hierarchy (continued)

Cash includes deposits held with banks and other short-term investments in an active market and they are categorised as Level 1. All receivables and payables are categorised as Level 2.

9. Efficient portfolio management

The Funds may use Financial Derivative Instruments ("FDIs") for efficient portfolio management. The efficient portfolio management purposes for which the Funds intends to employ FDIs are reduction of risk, reduction of cost and the generation of additional capital or income for the relevant Funds with an appropriate level of risk, taking into account the risk profile of the Fund and the general provisions of the UCITS Regulations. The Funds may use various types of derivatives for these purposes, including, without limitation currency forward contracts. Other than the use of foreign exchange contracts, it is not proposed to use FDI for the Funds.

Risk Monitoring of Global Exposure

The Fund has been classified as a non-sophisticated user of FDI (Financial Derivative Instruments) and, as permitted by the Central Bank UCITS Regulations, the Unit Trust has adopted a commitment approach (the "Commitment Approach") in the calculation of global exposure for the Fund during the financial period.

The Funds Commitment Approach has been calculated, In the case of forward currency contracts ("FCCTs"), by converting the FCCT position into an equivalent position based on the market value of the underlying asset. As the FDI are used for hedging purposes, the exposure of the FDI has been calculated and then netted against the instrument being hedged. The Global Exposure calculation is performed on a daily basis.

In no circumstances will the global exposure of the Fund exceed 100% of its Net Asset Value.

12. Soft commission arrangements

The Investment Manager will pay for research from their own books, as such commission paid on trades will be “execution only”, which is the agreed cost for that broker to settle the trade (31 October 2019: same).

13. Contingent liabilities

There were no contingent liabilities at financial period-end 31 October 2020 and financial year-end 30 April 2020.

14. Transactions with connected persons

The UCITS Regulations require that any transaction carried out with the Unit Trust by a Manager, Depositary, Investment Manager and/or associate of these (“connected persons”) must be carried out as if negotiated at arm’s length. Transactions must be in the best interests of the unitholders.

The Directors of the Manager are satisfied that there are arrangements (evidenced by written procedures) in place to ensure that the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations are applied to all transactions with connected persons, and are satisfied that transactions with connected persons entered into during the period complied with the obligations set out in Regulation 43(1) of the Central Bank UCITS Regulations.

15. Taxation

Under current Irish law and practice, the Fund qualifies as an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended (the "TCA"). On that basis, it is not chargeable to Irish tax on its income or gains.

However, Irish tax may arise if a "chargeable event" occurs. A chargeable event includes any distribution payments to unitholders or any encashment, redemption, cancellation, transfer or deemed disposal of units for Irish tax purposes arising as a result of holding units in the Company for a period of eight years or more, or the appropriation or cancellation of shares of a unitholder by the Unit Trust for the purposes of meeting the amount of tax payable on a gain arising on a transfer.

No Irish tax will arise on the Unit Trust in respect of chargeable events due to:

(a) a unitholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes at the time of the chargeable event, provided that a relevant declaration is in place (in accordance with Schedule 2b of the TCA) and the Unit Trust is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct; or

(b) a unitholder who is an exempt Irish investor (as defined in Section 739D TCA).

Dividends, interest and capital gains (if any) received on investments made by the Unit Trust may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Unit Trust or its unitholders.

The Finance Act 2010 provides that the Revenue Commissioners may grant approval for Unit Trust Investment Undertakings marketed outside of Ireland to make payments to non-resident investors without deduction of Irish tax where no relevant declaration is in place, subject to meeting "equivalent measures". An Unit Trust Investment Undertakings wishing to receive approval must apply in writing to the Revenue Commissioners, confirming compliance with the relevant conditions.

On 1 October 2016 Brazilian Tax authorities announced that, with effect from 3 October 2016, Ireland was added to a list of countries designated as a tax haven. As a consequence of this, funds that are domiciled in Ireland, who are investing in Brazilian equity investments, would incur a tax liability on its Capital Gains on those equity investments in Brazil. The applicable rate of tax is 15% or 20%, dependant upon whether the trades are regarded as "regular" trades or "day" trades respectively.

As a result of the funds exposure to Brazil it was deemed necessary to accrue for the tax liability that would be incurred on equities being sold in Brazil. The Brazilian tax system is very complex with frequent changes however we cannot reasonably foresee that this will be a temporary policy unless there was significant political shift. This provision is monitored regularly to ensure it's accuracy and compliance with the Brazilian government policy.

16. Bank facilities

There is a bank overdraft facility in place with The Northern Trust Company ("TNTC"). An "uncommitted" multi-currency loan facility has been made available by TNTC to the Funds. During the financial period ended 31 October 2020 and during the financial year ended 30 April 2020, the Funds had drawn down on this facility.

17. Material changes to the Prospectus

An updated Prospectus of the Unit Trust was issued on 31 August 2020. The following are the material changes made:

Benchmarks

New disclosures were introduced around benchmarks and their use within the context of each Fund.

Fund operating mechanisms

The Redemption Deferral Policy was updated to provide for being able to limit redemptions on any dealing day to 10% of the NAV rather than 10% of units in issue, as per the current approach. A fourth supplemental Trust Deeds has been put in place to facilitate this change in respect of the Unit Trust.

17. Material changes to the Prospectus (continued)

Fund operating mechanisms (continued)

The procedures regarding the Termination of a Fund were updated to provide for proceeds to be paid to charity at the expiration of 3 years from the date of a fund's termination.

There are other immaterial changes to the Prospectus that are not listed above.

18. Significant events

The Prospectus of the Unit Trust was updated on 31 August 2020. The material changes to the Prospectus are outlined in note 17.

Mr. Timothy Schulze resigned as Director of the Manager with effect from 10 August 2020.

Mr. Peter Clark resigned as Director of the Manager with effect from 21 October 2020.

COVID-19

The spread of Covid-19 around the world in 2020 has caused significant volatility in international markets. There is still uncertainty around the breadth and duration of business disruptions related to Covid-19, as well as its impact on international economies and, as such, the Unit Trust is actively monitoring the extent of the impact to its operations, financial accounting and reporting.

Brexit

The United Kingdom (the "UK") held a referendum on 23 June 2016 on whether to leave or remain in the European Union (the "EU"). The outcome of the referendum was in favour of leaving the EU. The UK officially withdrew from the EU on 31 January 2020 but will continue to follow all of the EU rules and its trading relationship will remain the same until the end of the transitional period ending on 31 December 2020.

There are a number of uncertainties in connection with the future of the UK and its relationship with the EU, including the terms of the agreement it reaches in relation to its withdrawal from the EU and any agreements it reaches in relation to its future relationship with the EU and Barings continues to plan for a number of possible scenarios. Barings is committed to ensuring continuity of service for its investors and protecting its business against potential regulatory or other market access barriers related to Brexit. In this regard, Baring International Fund Managers (Ireland) Limited ("BIFMI"), will continue as the Manager of the Unit Trust and the Sub-Funds will continue to be registered for distribution into relevant jurisdictions in the EU and elsewhere. Portfolio management in respect of European investments will continue to be delegated to Baring Asset Management Limited, a UK entity. The custodians and administrators of the Sub-Funds are also EU entities. In addition, BIFMI has enhanced its presence in Dublin and recruited locally at all levels to staff its new office, reflecting the increased significance of BIFMI's role within the Barings business.

Whilst the medium to long-term consequences of the decision to leave the EU remain uncertain in any scenario, there could be short-term volatility which could have a negative impact on general economic conditions, business and consumer confidence in both the UK and EU, which may in turn have negative political, economic and market impacts more widely. The longer-term consequences may be affected by the terms of any future arrangements the UK has with the EU. Among other things, the UK's decision to leave the EU could lead to changes in the law and tax treatment of funds, instability in the equity, debt and foreign exchange markets, including volatility in the value of sterling or the euro.

There have been no other events subsequent to the financial period-end which, in the opinion of the Directors of the Manager, may have had a material impact on the financial statements for the financial period ended 31 October 2020.

19. Subsequent events

There have been no events subsequent to the financial period-ended 31 October 2020 which, in the opinion of the Directors, may have had a material impact on the financial statements for the financial period ended 31 October 2020.

General information

For the financial period ended 31 October 2020

Market timing

Repeatedly purchasing and selling units in the Funds in response to short-term market fluctuations – known as ‘market timing’ – can disrupt Baring Asset Management Limited’s (the “Investment Manager’s”) investment strategy and increase the Funds’ expenses to the prejudice of all unitholders. The Funds are not intended for market timing or excessive trading. To deter these activities, the Directors of Baring International Fund Managers (Ireland) Limited (the “Manager”) may refuse to accept an application for units from persons that it reasonably believes are engaged in market timing or are otherwise excessive or potentially disruptive to the Funds.

The Directors of the Manager reserve the right to redeem units from a unitholder, on the basis of the circumstances of the unitholder concerned, or if it has reasonable grounds to believe that the unitholder is engaging in any activity which might result in the Funds or their unitholders as a whole suffering any legal, regulatory, reputational or other material disadvantage which the Funds or their unitholders as a whole might not otherwise have suffered.

UK reporting fund status

UK taxable investors in UK reporting funds are subject to tax on their units of the UK reporting funds’ income attributable to their holdings in the Funds, whether or not distributed, while typically any gains on disposal of their holdings are subject to capital gains tax.

Details of the unit classes which currently have UK reporting fund status are available at the Her Majesty’s Revenue and Customs (“HMRC”) Collective Investment Schemes Centre website:

<http://www.hmrc.gov.uk/cisc/offshore-funds.htm>.

As stated above, UK tax payers should note that, for each unit class with reporting fund status, their share of any amounts of income, if any, that have not been distributed will be subject to tax.

Further details will be made available on the Investment Manager’s website: www.baring.com.

Appendix 1 – Information for investors in Switzerland

For the financial period ended 31 October 2020

Baring International Fund Managers (Ireland) Limited (the “Manager”) has appointed BNP Paribas Securities Services, Paris, Succursale de Zurich, Selnaustrasse 16, CH-8002, Zurich, Switzerland, as representative and paying agent for Switzerland. Units are distributed in Switzerland by BNP Paribas Securities Services, Paris at the above address. Investors can obtain, free of charge, the Prospectus, the Key Investor Information Document(s) (“KIID(s)”), the last annual and interim reports, the Unit Trusts Act, 1990, as well as a list of the purchases and sales made on behalf of the Funds, in French, from the representative at the above address. Official publications for the Funds are found on the internet at www.fundinfo.com. Unit prices (Net Asset Value with the words “plus commissions”) are published daily on the internet at www.fundinfo.com.

All the information appearing in these reports and accounts is solely with respect to those Funds of the Trust which are licensed for public offer and marketing in or from Switzerland, namely: Baring Global Emerging Markets Fund and Baring Latin America Fund.

Barings Global Emerging Markets Fund - (Class I USD Acc)	1.00	1.00
Barings Global Emerging Markets Fund - (Class X USD Acc)*	0.25	0.25
Barings Latin America Fund - (Class A USD Inc, Class A EUR Inc & Class A GBP Inc)	1.70	1.70
Barings Latin America Fund - (Class I USD Acc)	1.00	1.00
Barings Latin America Fund - (Class I GBP Acc)	1.00	1.00

* The Barings Global Emerging Markets Fund Class X units will be available on a limited basis subject to agreement with Baring Asset Management.

This information was established by the Manager, Baring International Fund Managers (Ireland) Limited, based on the data contained in the profit and loss account for the above reference year (Fund management fees, administration fees, depositary fees, taxes and duties, all other commissions and expenses appearing as per the breakdown of the profit and loss account and not already included in any of the foregoing categories). The TER is calculated using the average daily Net Asset Value for the period.

Trailer fees and reimbursements

Trailer fees (Bestandespflegekommissionen) may only be paid to the sales agents/partners indicated below:

- authorised sales agents (distributors) within the meaning of Article 19, Para 1, Collective Investment Schemes Act (“CISA”);

Special risks resulting from tax publication requirements in Germany

Foreign investment companies (such as Baring International Fund Managers (Ireland) Limited (the “Manager”)) must provide documentation to the German fiscal authorities upon request, e.g. in order to verify the accuracy of the published tax information. The basis upon which such figures are calculated is open to interpretation and it cannot be guaranteed that the German fiscal authorities will accept the Manager’s calculation methodology in every material respect. In addition, if it transpires that these publications are incorrect, any subsequent correction will, as a general rule, not have retrospective effect and will, as a general rule, only take effect during the current period. Consequently, the correction may positively or negatively affect the investors who receive a distribution or an attribution of deemed income distributions in the current period.
