

# Invesco US Structured Equity Fund

31 March 2021

Morningstar Rating™

## Important Information

- The Fund invests in a diversified portfolio of large cap equities listed on recognised US stock exchanges.
- Investors should note the concentration risk of investing in large cap equities listed on recognised US stock exchanges, currency exchange risk, equities risk, volatility risk, and general investment risk.
- Financial derivative instruments (FDI) may be used for efficient portfolio management purposes or to hedge or reduce the overall risk of investments. Risks associated with FDI include counterparty/credit risk, liquidity risk, valuation risk, volatility risk and over-the-counter transaction risk. The leverage element/component of a FDI can result in a loss significantly greater than the amount invested in the FDI by the Fund. Exposure to FDI may lead to a high risk of significant loss by the Fund.
- The value of the Fund can be volatile and could go down substantially.
- Investors should not base their investment decision on this material alone.

## Objectives and investment strategy

The objective of the Fund is to achieve long-term capital appreciation by investing in a diversified portfolio of large cap equities listed on recognised US stock exchanges.
