### Benchmark and corporate action information

---

On 02.11.2017 Schroder ISF Global Demographic Opportunities changed its name to Schroder ISF Global Sustainable Growth. With effect from 01.02.2011, the Fund, previously named Schroder ISF Global Demographics & Wealth Dynamics, changed its name to Schroder ISF Global Demographic Opportunities. The fund does not have a target benchmark. The fund's performance should be compared against the MSCI AC World (Net TR) index. The comparator benchmark is only included for performance comparison purposes and does not have any bearing on how the investment manager invests the fund's assets. The fund's investment universe is expected to overlap materially with the components of the comparator benchmark. The investment manager invests on a discretionary basis and there are no restrictions on the extent to which the fund's portfolio and performance may deviate from the comparator benchmark. The investment manager will invest in companies or sectors not included in the comparator benchmark. The comparator benchmark has been selected because the investment manager believes that the benchmark is a suitable comparison for performance purposes given the fund's investment objective and policy. The benchmark(s) does/do not take into account the environmental and social characteristics or sustainable objective (as relevant) of the fund.
