- The Fund invests at least two-thirds in equities or equity-related instruments of small capitalisation Japanese companies falling within the bottom 25% of their relevant market by way of market capitalisation.
- Investments involve varying degree of investment risks (e.g. liquidity, market, economic, political, regulatory, taxation, financial, interest rate, hedging and currency risks). In extreme market conditions, you may lose your entire investment.
- Investments in financial derivatives instruments ("FDIs") (such as futures, options, forwards and warrants) involve specific risks (e.g. counterparty, liquidity, leverage, volatility, valuation and over-the-counter transaction risk). The Fund may use FDIs to reduce risk and to manage the Fund more efficiently.
- The Fund's investments are concentrated in Japan and may subject to higher concentration risk.
- The investment decision is yours. If you are in any doubt about the contents of this document, you should seek independent professional financial advice.
- Investors should not only base on this document alone to make investment decisions and should read the offering documents including the risk factors for further details.

Investment Objective and Strategy

The Fund aims to provide capital growth over the long term. The Fund invests at least two-thirds of its assets in a concentrated portfolio of shares (equities) and equity-related securities of small capitalisation companies, in any industry, in Japan or derive a significant portion of their revenues from Japan.

Additional Information

Effective 1 November 2015, the benchmark of the Fund was changed from Tokyo SE Second Section Index to Russell/Nomura Small Cap Index.
