

# Simplified Prospectus of the Subfund UBS (Lux) Equity Fund – Greater China

Investment fund under Luxembourg law ("fonds commun de placement")  
Established in accordance with Part I of the Law of 20 December 2002 relating to undertakings for collective investment

This simplified prospectus contains key information on UBS (Lux) Equity Fund – Greater China (the "Subfund"), a subfund of UBS (Lux) Equity Fund (the "Fund"), which offers the investor various subfunds ("umbrella construction"). If you require further information before investing, please consult the full sales prospectus of UBS (Lux) Equity Fund. Here, you will also find information on the rights and obligations of investors. The full sales prospectus and the annual and semi-annual reports may be obtained at no charge from the Management Company, the Administrative Agent (please also see "Contacts") and all sales agencies. Detailed information on Fund investments can be found in the latest annual and semi-annual reports.

<b>Investment objective</b>	The Fund's investment objective is to achieve high growth with a reasonable level of income, while giving due consideration to capital security and the liquidity of the Fund's assets.
<b>Investment policy</b>	<p>Following the principle of risk diversification, the Subfund invests its assets mainly in equities and other equity shares of companies based in the People's Republic of China or Taiwan as well as in other companies domiciled in East Asia which have close economic links with the People's Republic of China or Taiwan.</p> <p><b><i>Due to the political situation and the initial stage of economic change in the region, investments in these markets, particularly in the People's Republic of China, may be affected by legal uncertainties or other concomitant factors. Furthermore, some East Asian markets have low capitalisations and tend to be volatile and illiquid.</i></b></p> <p><b><i>Moreover, the official regulatory systems may be less efficient in the countries in which the Fund invests, and the accounting, auditing and reporting methods employed cannot be compared with the standards used in more developed countries. For these reasons, the Subfund is especially suitable for risk-conscious investors.</i></b></p> <p>The Subfund may invest up to 30% of its assets in bonds and other debt instruments and claims denominated in various currencies and issued by domestic or foreign borrowers, as well as in equities, other equity shares such as cooperative shares and participation certificates (equities and equity rights), short-term securities, dividend-right certificates and warrants which do not comply with the above restrictions regarding geographic region and economic sector.</p> <p>In line with the investment principles outlined in the full sales prospectus, the Subfund may buy or sell futures and options on financial instruments and conduct transactions involving options on securities other than for hedging purposes.</p> <p>The securities warrants, options, futures and swaps markets are volatile; both the opportunity to achieve gains as well as the risk of suffering losses are higher than with investments in securities. These techniques and instruments will be employed only if they are compatible with the investment policies of the individual Subfunds and do not diminish their quality.</p> <p>The Subfund may accessarily hold liquid assets in all currencies in which investments are made.</p> <p><b>Use of techniques and instruments</b></p> <p>As part of efficient asset management and taking the particular market situation into account, the Subfund invests, in accordance with the provisions stipulated in the</p>

	<p>section of the full sales prospectus (“Special techniques and instruments underlying securities and money market instruments”), in all legally permissible derivative instruments, in line with the guidelines set forth in this section.</p> <p>The permitted underlying instruments comprise in particular those listed in point 1.1. These techniques and instruments do not play a central role in achieving the investment policy's aims.</p> <p>The currency of account of the Subfund is the US dollar.</p>
<p><b>Risk profile</b></p>	<p>Subfund investments may be subject to substantial fluctuations and no guarantee can be given that the value of a unit will not fall below its value at the time of acquisition.</p> <p>Factors that can trigger such fluctuations or influence their scale include but are not limited to:</p> <ul style="list-style-type: none"> <li>• company-specific changes</li> <li>• changes in interest rates</li> <li>• changes in exchange rates</li> <li>• changes affecting economic factors such as employment, public expenditure and indebtedness, inflation</li> <li>• changes in the legal environment</li> <li>• changes in investor confidence in certain investment classes (e.g. equities), markets, countries, industries and sectors</li> <li>• changes in the prices of raw materials.</li> </ul> <p>By diversifying investments, the Portfolio Manager seeks to partially reduce the negative impact of these risks on the value of the Subfund.</p> <p>The use of special techniques and instruments that have securities and money market instruments as the underlying and optimise portfolio management may expose the investor to a greater degree of risk. Therefore, the use of derivatives by the Management Company is not always an effective means of attaining the Subfund's investment objective and can at times even have the opposite effect.</p> <p>It should be remembered that the net asset value of the Subfund can rise or fall. An investor may fail to recoup an investment, especially if units are sold shortly after they have been bought. Potential investors should carefully consider whether an investment in Fund units is suitable given their means and assets.</p> <p>Fund units can be subscribed to and redeemed daily and thus represent a liquid investment.</p>
<p><b>Portfolio turnover</b></p>	<p>The portfolio turnover of the Subfund amounted to –23.73% as at 30 November 2009.</p>

July 2009

K-1	Units in classes with "K-1" in their name are available to all investors. Unit class "K-1" differs from unit classes "P" and "H" with regard to the level of the flat fee. Only bearer units are issued.
K-2	Units in classes with "K-2" in their name are exclusively reserved for investors who have concluded a written asset management mandate or a written consulting mandate with UBS AG or one of its authorised counterparties, and who envisage a minimum investment of CHF 10,000,000 or a countervalue corresponding to this amount in the reference currency of the portfolio assigned to the asset management mandate or consulting mandate. Only registered units are issued.
F	Units in classes with "F" in their name may be issued only to investors who have concluded a written asset management mandate with UBS AG or one of its selected banking subsidiaries. Upon termination of the mandate, investors lose the right to hold units in the Fund. UBS AG or its selected banking subsidiaries may return these units to the Fund at the prevailing net asset value and at no charge. Only registered units are issued.
Q	The offer of unit classes with "Q" in their name is restricted to certain distribution partners and countries. It is exclusively directed towards professionals of the financial sector in Italy, Spain and Portugal (including their domestic and foreign subsidiaries and group companies as well as any group companies or subsidiaries of UBS AG), who have been authorised by UBS AG and meet one of the following criteria: subscribing on their own behalf or authorised by the regulator to invest (i) either on behalf of their clients within a discretionary mandate; (ii) or for their own products such as fund of funds. Admission of investors in further distribution countries shall be decided by the Board of Directors. Only bearer units are issued.
I-105; I-98; I-88	Units in classes with "I-105", "I-98" and "I-88" in their name are exclusively reserved for institutional investors. Only bearer units are issued.
I-18	Units in classes with "I-18" in their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement on investing in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. A fee covering the costs for Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank) is charged directly to the Subfund. The costs for asset management and distribution are charged to investors under the aforementioned agreements. Only registered units are issued.
I-X	Units in classes with "I-X" in their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement on investing in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. The costs for asset management, Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank) and distribution are charged to investors under the aforementioned agreements. Only registered units are issued.
U-X	Units in classes with "U-X" in their name are exclusively reserved for institutional investors who have signed a portfolio management contract, an advisory agreement or an agreement on investing an amount defined in the prospectus in Subfunds of the umbrella fund with UBS AG or one of its authorised counterparties. 	<p><sup>1)</sup> In the table above, “not yet known” is used for unit classes not launched at the time of publication of this simplified prospectus and whose launch periods/dates have not been determined. Investors are requested to contact their investment adviser for further information.</p> <p><sup>2)</sup> The Subfund will be charged a maximum flat fee for unit classes “P”, “N”, “H”, “K-1”, “K-2”, “F”, “Q”, “I-105”, “I-98” and “I-88”, calculated on the average net asset value of the Subfund. This will be used for Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank), asset management and distribution of the Subfund, as well as for covering the costs incurred. The relevant maximum flat fee will not be charged until the corresponding unit classes have been launched.</p> <p>Out of the flat fee, the Fund will bear all costs incurred in connection with the administration, portfolio management and safekeeping of the Fund’s assets as well as distribution of the Subfund, such as:</p> <ul style="list-style-type: none"> <li>- annual fees and expenses for approving and supervising the Fund in Luxembourg and abroad;</li> <li>- other fees charged by the supervisory authorities;</li> <li>- printing of the prospectuses and the annual and semi-annual reports;</li> <li>- price publications and publication of notices to investors;</li> <li>- fees incurred in connection with the listing of the Fund and sales within Luxembourg and abroad;</li> <li>- commission and expenses of the Custodian Bank for the safekeeping of the Fund’s assets, dealing with payments and other duties, as required under the Law of 2002;</li> <li>- fees and other expenses for the payment of dividends to investors;</li> <li>- auditor’s fees.</li> </ul> <p>The Custodian Bank, Administrative Agent and Management Company are nevertheless entitled to be reimbursed the costs of non-routine arrangements made by them in the interests of the investors; otherwise such expenses will be charged directly to the Company.</p> <p>The Fund will also bear all transaction expenses arising in connection with the administration of the Fund assets (brokerage commission in line with the market, fees, fiscal charges, etc.).</p> <p>All taxes levied on the income and assets of the Fund, particularly the <i>taxe d’abonnement</i>, will also be borne by the Fund.</p> <p><sup>3)</sup> For unit classes “K-2” and “F”, an additional fee will also be charged to the Subfund; this will be determined via a separate contract with UBS AG or one of its authorised distribution partners.</p> <p><sup>4)</sup> For unit class “I-18”, a fee will be charged to cover the costs of Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank). The costs for asset management and distribution are charged directly outside of the Fund under a separate contract between the investor and UBS Global Asset Management or one of its authorised representatives.</p> <p><sup>5)</sup> Costs in connection with the services to be performed for unit classes “I-X” and “U-X” pertaining to asset management, Fund administration (comprising the costs of the Management Company, Administrative Agent and Custodian Bank) and distribution will be settled via the compensation to which UBS AG is entitled under a separate contract with the investor.</p> <p>As the Subfund may invest in existing funds, commission charges may be incurred at the level of the relevant investment fund as well as at the level of the Subfund.</p> <p>When investing in units of funds managed by UBS AG or a company it controls, no issuing or redemption commission is chargeable on subscription to or redemption of these units. The aforementioned dual charging of commission and expenses may apply only to administrative expenses in the case of investments in such UCI and UCITS, and may not amount to more than 0.25% p.a. of the average net asset value of the Subfund concerned. If the Subfund invests in funds which fully or partially refund the commission fees charged to their assets by means of payment, such payments will be added in full to the assets of the Subfund.</p> <p>The Subfund shall invest a maximum of 10% of its net assets in existing UCI and UCITS.</p>
<p><b>Taxation</b></p>	<p>The Fund is subject to Luxembourg legislation. In accordance with current legislation in the Grand Duchy of Luxembourg, the Fund is not subject to any Luxembourg withholding, income, capital-gains or wealth taxes. From the net assets of each Subfund, however, a tax of 0.05% p.a. (“<i>taxe d’abonnement</i>”) payable to the Grand Duchy of Luxembourg is due at the end of every quarter (reduced <i>taxe d’abonnement</i> amounting to 0.01% p.a. for certain unit classes). This tax is calculated on the net assets of each Subfund at the end of every quarter.</p> <p>Unitholders should be aware that the Luxembourg Law of 21 June 2005 has transposed into Luxembourg law Council Directive 2003/48/EC of 3 June 2003 on the taxation of interest. Since 1 July 2005, this Law has provided for the imposition</p>

This applies, inter alia, to distributions and dividends payable by investment funds which invest more than 15%, and earnings from the assignment or repayment of units in investment funds which invest more than 40% (from 1 January 2011: 25%) in debt instruments and claims as defined by the EU taxation of interest.</p> <p>The taxable values shown are based on the most recently available data at the time they were calculated.</p> <p>Provided the Subfund in question is not subject to EU taxation of interest or the unitholders are not affected thereby, unitholders are not required, under current tax law, to pay any income, gift, inheritance or other tax in Luxembourg unless they are domiciled in Luxembourg, have a residence in Luxembourg or maintain a permanent establishment there, or were previously domiciled in Luxembourg and hold more than 10% of the units in the Fund.</p> <p>The aforementioned represents a summary of the fiscal effects and makes no claim to be exhaustive. It is the responsibility of purchasers of units to seek information on the laws and regulations governing the purchase, possession and sale of units in connection with their place of residence and their nationality.</p>
<b>Daily price publication</b>	<p>Prices are published in the most important international business media as well as on Reuters and at <a href="http://www.ubs.com">www.ubs.com</a> (⇒ Fund Gate).</p>
<b>Procedures for the acquisition and redemption of units</b>	<p>Subfund units are issued and redeemed on every business day. In this context, "business day" refers to normal bank business days in Luxembourg (i.e. each day on which the banks are open during normal business hours) except individual, non-statutory rest days and days on which stock exchanges in the main countries in which the Subfund invests are closed, or on which 50% or more Subfund investments cannot be adequately valued. "Non-statutory rest days" are days on which individual banks and financial institutions are closed. No issues or redemptions will be effected on days on which the Management Company has decided not to calculate net asset values, as described in the section of the full sales prospectus entitled "Suspension of the net asset value calculation and of the issue, redemption and conversion of units". In addition, the Management Company is empowered to reject subscription applications at its discretion.</p> <p>Subscription and redemption applications registered with the Administrative Agent or the central settling agent of UBS Investment Bank in Switzerland – a unit of UBS AG – no later than 16.00 CET (cut-off time) on a business day (order date) will be processed on the following business day (valuation date) on the basis of the net asset value calculated for that day. To ensure punctual forwarding to the Administrative Agent or the central settling agent of UBS Investment Bank in Switzerland, earlier cut-off times may apply to submission of applications placed with Distributors in Luxembourg or abroad. Information may be obtained from the Distributor concerned. This means that the net asset value for settlement purposes is not known when the order is placed (forward pricing). It will be calculated on the valuation date on the basis of the latest market prices (i.e. closing prices, or if they do not reflect a reasonable market value in the opinion of the Management Company, at the most recent prices available at the time of valuation). The individual valuation principles applied are described in the relevant section of the full sales prospectus.</p> <p>The same applies to the conversion of units of the Subfund into units of other Subfunds of the UBS (Lux) Equity Fund performed on the basis of the net asset values of the Subfunds concerned.</p> <p>Costs incurred by investors in connection with the purchase, sale and conversion of units of the Subfund:</p> <ul style="list-style-type: none"><li>• Issuing commission: max. 6%</li><li>• Redemption commission: max. 2%</li></ul>
