PRODUCT SUITABILITY					

WHO IS THE PRODUCT SUITABLE FOR?	Further Information
 The Sub-Fund is <u>only</u> suitable for investors who: seek capital growth over the medium to long term; are comfortable with the greater volatility and risks of an equity fund. Please note your investment in the Sub-Fund is at risk and you may not get back the principal sum invested. 	Refer to "Investment Objective, Focus and Approach" (Section 7.4) of the Prospectus for further information on product suitability.
KEY PRODUCT FEATURES	
 WHAT ARE YOU INVESTING IN? You are investing in a unit trust constituted in Singapore that aims to provide you with medium to long term capital appreciation by investing in Indian equities and equity-related instruments. Distribution of income and/or net capital gains (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made will reduce the net asset value of the Sub-Fund. You may refer to paragraph 21.2 of the Prospectus for more information. You should note that the Units are Excluded Investment Products and prescribed capital markets products, and that the Sub-Fund is subject to the investment restrictions prescribed under the Notice on the Sale of Investment Products and Notice on Recommendations on Investment Products issued by the MAS and the Securities and Futures (Capital Markets Products) Regulations 2018. 	Refer to "Fund Structure" (Section 6) and "Investment Objective, Focus and Approach" (Section 7.4) of the Prospectus for further information on features of the product.
Investment Strategy	
The Sub-Fund shall invest in equities and equity-related instruments (including, without limitation, interests in property funds) in the market of, or equities and equity-related instruments in other markets in securities of companies or institutions incorporated in, operating principally from, or deriving significant revenue from the Indian subcontinent, which includes, but is not limited to India, Bangladesh, Pakistan and Sri Lanka. The Sub-Fund will not target any specific industry or sector. The Sub-Fund's net asset value may have higher volatility as a result of its narrower investment focus on a limited geographical market, when compared to funds investing in global or wider regional markets.	Refer to "Investment Objective, Focus and Approach" (Section 7.4) of the Prospectus for further information on features of the product.

¹ The Prospectus is available for collection at Lion Global Investors Limited, 65 Chulia Street, #18-01 OCBC Centre, Singapore 049513 from Monday to Friday (9am to 6pm) or website: www.lionglobalinvestors.com

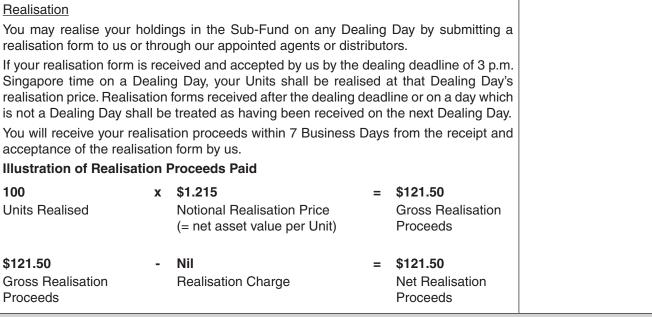

² Inception dates for the SGD Class and USD Class are 8 January 1999 and 16 August 2004 respectively.

-	-	Market and Credit Risks		
•		Prices of securities may go up or down in response to changes in economic conditions, interest rates and the market's perception of securities. These may cause the price of Units in the Sub-Fund to go up or down as the price of Units in the Sub-Fund is based on the current market value of the investments of the Sub-Fund		
•	Vo	Sub-Fund. Ju are exposed to Currency Risks		
•		As the investments of the Sub-Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the base currency of the Sub-Fund may affect the value of the Units in the Sub-Fund.		
•	0	Countries outside Singapore, especially those with emerging markets, may be subject to higher than usual risks of political changes, government regulations, social instability or diplomatic developments (including war) which could adversely affect the economies of the relevant countries and thus the value of investments in those countries. There is also the risk that nationalisation or other similar action could lead to confiscation of assets under which shareholders in those companies would get little or no compensation.		
		The emerging economies may be heavily dependent on international trade and accordingly, may be adversely affected by trade barriers, or other protectionist measures and international economic developments generally.		
•		Investments in emerging markets could be adversely affected by delays in, or refusal to grant, relevant approvals for the repatriation of funds or by any official intervention affecting the process of settlement of transactions. Consents granted prior to investment being made in any particular country may be varied or revoked, and new restrictions may be imposed.		
		Liquidity Risks		
•		The Sub-Fund may make investments in emerging markets. Trading volume on stock exchanges in emerging markets can be substantially less than on the stock exchanges of the major markets, so that acquisition and disposal of holdings may be time consuming and/or may need to be conducted at unfavourable prices, which may affect the value of Units in the Sub-Fund. The Sub-Fund is not listed and you can redeem only on Dealing Days.
