Our Policy on Market Timing

The Fund is designed and managed to support medium to long-term investments. In this regard, we take a serious view of, and strongly discourage the practice of market timing (that is, investors conducting short-term buying or selling of Units in the Fund to gain from inefficiencies in pricing). This is because such practices may cause an overall detriment to the long-term interest of other investors. In addition, short-term trading in Units increases the total transaction costs of the Fund, such as trading commission and other costs which are absorbed by all other investors. Moreover, the widespread practice of market timing may cause large movements of cash in the Fund which may disrupt the investment strategies to the detriment of long-term investors. For the reasons set out above, we strongly discourage the practice of market timing and may implement internal measures to monitor and control such practice to the extent of our powers available under the Deed. We intend to review our policy on market timing from time to time in a continuous effort to protect your long-term interests.

4. The Register of Holders and the Administrator

Register of Holders

HSBC Institutional Trust Services (Singapore) Limited is the registrar for the Fund. The register of Holders of the Fund (the “**Register**”) can be inspected at 20 Pasir Panjang Road (East Lobby), #12-21 Mapletree Business City, Singapore 117439 during usual business hours subject to reasonable conditions and restrictions as we or the Trustee may impose. The Register is conclusive evidence of the number of units (“**Units**”) in the Fund held by each Holder and the entries in the Register shall prevail if there is any discrepancy between the entries in the Register and the details appearing on any statement of holding, unless the Holder proves to our satisfaction and the satisfaction of the Trustee that the Register of Holders is incorrect.

The Administrator

The administrator of the Fund is HSBC Institutional Trust Services (Singapore) Limited, whose registered office is at 10 Marina Boulevard, Marina Bay Financial Centre Tower 2, #48-01, Singapore 018983.

5. The Auditors

The auditors of the accounts relating to the interests under the Deed are PricewaterhouseCoopers LLP whose registered office is at 7 Straits View, Marina One East Tower, Level 12, Singapore 018936.

6. Fund Structure

The Fund is a Singapore constituted open-ended standalone unit trust and has no fixed duration.

There are currently two Classes of Units in the Fund (each a “**Class**”), namely SGD Class Units and USD Class Units. There are no material differences between the SGD Class Units and the USD Class Units save for the currency of denomination.

7. Investment Objective, Focus and Approach

7.1 Investment Objective

The Fund aims to achieve long-term capital appreciation by investing primarily in the equities markets of the Asia Pacific (ex Japan) region. The Fund will be investing in emerging and developed markets. There is no target industry/sector.

7.2 Investment Approach

Investment Philosophy

We believe that Asian equity markets are structurally inefficient and this inefficiency provides the opportunity for us to add value through a disciplined investment process. We believe that consistent long term returns can be achieved through in-depth fundamental research, a disciplined focus on valuations, understanding what is “priced in” by the market and what the key stock catalysts are.

Investment Process

The investment process comprises research and portfolio construction.

Research is a critical component to our investment approach. Direct company management contact coupled with industry data and feedback form the backbone of our research effort.

Risk reward analysis for each stock combines fundamental bottom up analysis with a rigorous examination of stock drivers. Below are the key areas of our focus:

Business

- Industry outlook
- Company’s trend in market share and profitability
- Barriers to entry and pricing power dynamics
- Business risks

Management

- Business strategy
- Execution track record
- Corporate dynamics
- Capital management potential, like share buybacks or dividend payout increase

Valuation

- Varied valuation approach depending on the industry and what point of the cycle the industry is in
- Valuation relative to historic range as well as at similar points of the industry cycle
- Valuation relative to market valuation

Catalysts

- Positive/negative earnings surprises
- M&A opportunities
- Improving/deteriorating industry cycle
- Restructuring/turnaround
- Capital management/capital raising risks

We construct the portfolio in a manner consistent with the Fund’s objective as well as taking into account the prevailing macro directions and sector/thematic considerations. Positions in the Fund are sized according to several factors:

- Expected returns based on fundamentals and valuations
- Specific risk factors

- Conviction on management’s ability to deliver
- Liquidity and market capitalization

The Fund’s Net Asset Value may have higher volatility as a result of its narrower investment focus on a limited geographical market, when compared to funds investing in global or wider regional markets.

7.3 Benchmark

The benchmark of the Fund is the Morgan Stanley Capital International (MSCI) All Countries Asia Pacific Ex Japan Index. The Fund uses its benchmark for performance comparison. The Fund is actively managed and the investments of the Fund may deviate significantly from components of and their respective weightings in the benchmark.

7.4 Product Suitability

The Fund is only suitable for investors who:

- seek capital growth over the long term; and
- are comfortable with the greater volatility and risks of an equity fund.

7.5 Authorised Investments

The Fund is authorised to invest in any Investment¹ or other property, assets or rights for the time being included by the relevant competent authority in Singapore for investment subject to compliance with the provisions of the Authorised Funds Investment Guidelines (“**Authorised Investments**”).

Please note that Units of the Fund are Excluded Investment Products² and prescribed capital markets products. Accordingly, notwithstanding anything contained in this Prospectus, the Fund will not invest in any product or engage in any transaction which may cause the Units of the Fund not to be regarded as Excluded Investment Products and prescribed capital markets products.

8. Fees and Charges

Additional fees may be imposed and payable to appointed distributors that are in addition to the maximum Preliminary Charge disclosed above, depending on the specific nature of services provided by the appointed distributor.

** In the case of a switch of Units to units of another fund managed by us (referred to as “**New Fund**”), the switching fee referred to relates to the preliminary charge imposed by us for investment into the New Fund. Such switching fee which may be up to 1% would, in the case of a New Fund which normally imposes a preliminary charge of more than 1%, effectively translate to a discount of the preliminary charge of the New Fund. Currently, no switching fee is charged for a switch of Units to units in a money market fund managed by us.# Your financial adviser/distributor is required to disclose to you the amount of trailer fee it receives from us.

In addition, we may from time to time, in our absolute discretion and subject to the provisions of the Code on Collective Investment Schemes issued by the MAS (as amended from time to time) (the “**Code**”), invest up to 10% of the Net Asset Value of the Fund in any single collective investment scheme or real estate investment trust (“**REIT**”) which may or may not be authorised or recognised by the MAS. It is estimated that the following fees and charges in respect of each of such collective investment schemes or REITs will be payable/charged:

(i)	Subscription fee or preliminary charges	Generally ranging from zero to 5%
(ii)	Realisation fee	Generally ranging from zero to 5%
(iii)	Management fee	Generally ranging from zero to 1.75% p.a.

* Subject to the Code, the Fund may invest in REITs which may be listed on a securities exchange. Fees payable by investors in such REITs may also include, without limitation, other fees such as property management and lease management fees, acquisition fees, divestment fees and commissions (which may consist of underwriting and selling commissions payable to the underwriters of the REIT).

The actual fees incurred by the Fund as a result of its investment in each of such collective investment schemes or REITs may be higher or lower than the estimates provided above.

If the Fund invests in any underlying collective investment scheme managed by us, all or part of the subscription fee, realisation fee, management fee and performance fee may be either waived or rebated back to the Fund, at our discretion.

As required by the Code, all marketing, promotional and advertising expenses in relation to the Fund will be borne by us and not charged to the Deposited Property³ of the Fund. Such expenses shall exclude those for the preparation, printing, lodgement and distribution of prospectuses or product highlights sheets.

9. Risks

9.1 General risks

You should consider and satisfy yourself as to the risks of investing in the Fund. Generally, some of the risk factors that should be considered are market, credit, derivatives, political, foreign exchange, interest rate, repatriation, emerging market, liquidity and regulatory risks.

An investment in the Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.

9.2 Specific risks

(i) Market risks

The risks of investing and participating in listed and unlisted securities apply. Prices of securities may go up or down in response to changes in economic conditions, interest rates, and the market's perception of securities. These may cause the price of Units to go up or down as the price of Units is based on the current market value of the investments of the Fund.

(ii) Credit risks

Bonds and other fixed income securities are subject to credit risks, such as risk of default by issuers.

(iii) Derivatives risks

The Fund may, subject to applicable investment guidelines in the Code and the Deed, from time to time invest in derivatives such as futures, options, warrants, forwards and swaps, which are financial contracts whose value depends on, or is derived from, the value of an underlying asset, reference rate or index for hedging purposes or for the purpose of efficient portfolio management. Such assets, rates and indices may include bonds, shares, interest rates, currency exchange rates, bond indices and stock indices.

While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. Some of the risks associated with derivatives are market risk, management risk, credit risk, liquidity risk and leverage risk.

As the viability of exercising derivative instruments depends on the market price of the investments to which they relate, it may be the case that we may from time to time consider it not viable to exercise certain derivatives held by the Fund within the prescribed period, in which case any costs incurred in obtaining the derivatives will not be recoverable. There is also the risk that the market price of the relevant investment will not exceed the exercise price attached to the derivative instrument at any time during the exercise period or at the time at which the derivative instrument is exercised and this may result in an immediate loss to the Fund.

³ "Deposited Property" means all the assets, including Cash, for the time being held or deemed to be held upon the trusts of the Deed excluding any amount for the time being standing to the credit of the distribution account or the management fund.

"Cash" means any amount standing to the credit of any bank account but does not include amounts represented by money market instruments.

Derivative instruments are highly volatile instruments and their market values may be subject to wide fluctuations and expose the Fund to potential gains and losses. Where such instruments are used, we will ensure that the risk management and compliance procedures and controls adopted are adequate and that we have the necessary experience to manage the risks relating to the use of these financial derivative instruments. We will attempt to minimise the risks through careful selection of reputable counterparties and constant monitoring of the Fund's derivatives positions. Depending on the severity, non-compliance or deviation from established controls or limits will be escalated to senior management and monitored for rectification. We may modify the risk management and compliance procedures from time to time, where appropriate and in the interests of the Fund. We have a dedicated team which oversees portfolio risk management.

Additionally, all open positions/exposure in derivatives will be marked to market at a frequency of at least equal to the frequency of the Net Asset Value calculation of the Fund.

We have a structured Compliance Monitoring Program ("**CMP**"). There is a dedicated compliance team to implement the CMP. Our investment compliance team separately monitors the portfolios for compliance with the investment guidelines. Investment guidelines will be reviewed by the investment compliance team and checks will be programmed into our automated pre-trade compliance system as far as possible. In addition, guidelines which cannot be electronically monitored will be manually checked for compliance. We may modify the risk management and compliance procedures and controls at any time as we deem fit and in the interests of the Fund. The global exposure of the Fund to financial derivatives or embedded financial derivatives will not exceed 100% of the Net Asset Value of the Fund.

We currently use the commitment approach as described in Appendix 1 of the Code to determine the Fund's exposure to financial derivatives. In determining the Fund's exposure to financial derivatives, we will adopt the calculation methods set out under paragraph 4.10 of Appendix 1 of the Code.

In addition to the provisions on derivatives as set out in Appendix 1 of the Code, the Fund shall comply with the Notice on the Sale of Investment Products, the Notice on Recommendations on Investment Products and the Securities and Futures (Capital Markets Products) Regulations 2018 for the purpose of classifying Units of the Fund as Excluded Investment Products and prescribed capital markets products.

(iv) Political risks

The political situation in the countries in which the Fund has investments may have an effect on the value of the securities of companies involved, which may in turn impact on the value of the Units.

(v) Currency risks

As the investments of the Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the base currency of the Fund (i.e. the Singapore Dollar) may affect the value of the Units in the Fund. We may from time to time employ currency hedging techniques to manage the impact of the exchange rate fluctuations on the Fund and/or for the purpose of efficient portfolio management. A passive approach will be adopted in respect of such currency hedging techniques.

(vi) Interest rate risks

Investments in debt securities are also subject to the risk of interest-rate fluctuations, and the prices of debt securities may go up or down in response to such fluctuations in interest rates.

(vii) Repatriation risks

Investments in emerging markets could be adversely affected by delays in, or refusal to grant, relevant approvals for the repatriation of funds or by any official intervention affecting the process of settlement of transactions. Consents granted prior to an investment being made in any particular country may be varied or revoked, and new restrictions may be imposed.

(viii) Emerging market risks

The risk of investing in companies in the emerging markets will be higher than that encountered when investing in companies in developed markets.

The Fund may invest in certain eligible China A-shares through the Stock Connect. Please refer to Paragraph 20.9 of this Prospectus on the risks associated with investments via the Stock Connect (as defined in Paragraph 20.9 of this Prospectus).

(ix) Other risks

The Fund's investments are also subject to liquidity and regulatory risks. The Fund's investments in emerging markets such as the People's Republic of China Region are also subject to regulatory risks, for example, the introduction of new laws, the imposition of exchange controls, the adoption of restrictive provisions by individual companies or where a limit on the holding of the Fund in a particular company, sector or country by non-residents (individually or collectively) has been reached.

Liquidity Risk Management

We have established liquidity risk management policies which enable us to identify, monitor, and manage the liquidity risks of the Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders, and safeguard the interests of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

Our liquidity risk management policies take into account the Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

The liquidity risk management tools available to manage liquidity risk include the following:

- (a) The Fund may, subject to the provisions of the Deed, borrow up to 10% of its latest available Net Asset Value (or such other percentage as may be prescribed by the Code) at the time the borrowing is incurred and the borrowing period should not exceed one month, provided always and subject to the borrowing restrictions in the Code;
- (b) We may, pursuant to the Deed, suspend the realisation of Units of the Fund, with the approval of the Trustee;
- (c) We may, with the approval of the Trustee, and pursuant to the Deed, limit the total number of Units in relation to the Fund which Holders may realise to 10% of the total number of Units of the Fund then in issue, such limitation to be applied proportionately to all Holders in relation to the Fund who have validly requested realisations on the relevant Dealing Day; and
- (d) We may, with a view to protecting the interests of all Holders, and pursuant to the Deed, elect that the Realisation Price (as defined in paragraph 12.3 of this Prospectus) in relation to all of the Units falling to be realised by reference to a relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property, and we may suspend the realisation of such Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days after the relevant day. Please refer to paragraph 12.3 of this Prospectus for further details.

We may perform regular stress testing on the Fund.

Factors considered in stress tests (either independently or concurrently) include:-

- (i) a sudden increase in redemptions;
- (ii) worsening of market liquidity for the underlying assets of the Fund; and

(iii) redemption by the largest Holder / distributor of the Fund.

Our stress testing scenarios consider historical situations and forward-looking hypothetical scenarios, where appropriate.

The reasonableness and relevance of our stress test assumptions are regularly reviewed to ensure that stress tests are based on reliable and up-to-date information.

The above should not be considered to be an exhaustive list of the risk which you should consider before investing in the Fund. You should be aware that an investment in the Fund may be exposed to other risk of an exceptional nature from time to time.

10. Subscription of Units

10.1 Subscription procedure

Applications for Units may be made to us on the application form prescribed by us or through any of our appointed agents or distributors or through any other sales channels, if applicable.

You may pay for SGD Class Units either with cash or Supplementary Retirement Scheme (“SRS”) monies. If you have purchased SGD Class Units using your SRS monies, you may not be registered as Joint Holders.

If you are paying with SRS monies, you shall instruct the relevant SRS operator bank to withdraw from your SRS account in respect of the SGD Class Units applied for. If you wish to use your SRS monies to purchase Units, you shall indicate so on the application form.

No transfer is permitted in respect of Units purchased by a Holder with SRS monies unless required or permitted by applicable laws or the relevant authorities.

You may pay for USD Class Units only with cash.

Notwithstanding receipt of the application forms, we shall retain the absolute discretion to accept or reject any application for Units in accordance with the provisions of the Deed. If an application for Units is rejected by us, the application monies shall be refunded (without interest) to you within a reasonable time in such manner as we or the relevant authorised distributor shall determine. Any applicable bank and related charges incurred shall be borne by you.

Units will only be issued when the funds are cleared, although we may at our discretion issue Units before receiving full payment in cleared funds.

We will not issue certificates.

10.2 Minimum Initial Subscription, Minimum Subsequent Subscription, Minimum Holding and Regular Savings Plan

Class	Minimum Initial Subscription	Minimum Subsequent Subscription	Minimum Holding ⁴	Regular Savings Plan*
SGD Class	S\$1,000	S\$100	1,000 Units	S\$100
USD Class	US\$1,000	US\$100	1,000 Units	US\$100

*See paragraph 11 for further details on the Regular Savings Plan.

10.3 Dealing deadline and pricing basis

10.3.1 Dealing deadline

As Units are issued on a forward pricing basis, the issue price (“Issue Price”) of Units will not be ascertainable at the time of application. In purchasing Units, you pay a fixed amount of money e.g., S\$1,000 for SGD Class Units. Based on this fixed amount of S\$1,000, you will get the number of Units (including fractions of Units to be rounded to the nearest two (2) decimal places or such

⁴ Please refer to paragraph 12.2 for further details on Minimum Holdings.

other number of decimal places or such other method of rounding as we may determine with the approval of the Trustee) obtained from dividing S\$1,000 (after deducting the relevant preliminary charge) by the Issue Price when it has been ascertained later.

The dealing deadline is 3 p.m. Singapore time on each Dealing Day⁵ (“**Dealing Deadline**”). Units in respect of applications received and accepted by us before the Dealing Deadline will be issued at that Dealing Day’s Issue Price calculated in accordance with Clause 11(B) of the Deed.

Applications received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

10.3.2 Pricing Basis

The Issue Price per Unit applicable to any Dealing Day shall be ascertained by us by:

- (i) determining an amount equal to the Net Asset Value per Unit (as defined in paragraph 20.7.2 of this Prospectus) as at the Valuation Point⁶ on the relevant Dealing Day; and
- (ii) adjusting such figure downwards to three (3) places of decimal (or such other number of decimal places as we may from time to time determine after consultation with the Trustee).

The preliminary charge shall be retained by us and the amount of the adjustment aforesaid shall be retained by the Fund.

The Issue Price will vary from day to day in line with the Net Asset Value (as defined in paragraph 20.7.2 of this Prospectus) of the Fund (calculated in accordance with the provisions of the Deed).

We may, subject to the prior approval of the Trustee, change the method of determining the Issue Price, and the Trustee shall determine if the Holders should be informed of such change.

10.4 Numerical example of how Units are allotted:

The number of Units you will receive with an investment of \$1,000* at a notional Issue Price of \$1.000 in the Fund (assuming a preliminary charge of 4%) will be calculated as follows:

\$1,000*	-	\$40*	=	\$960*	/	\$1.000*	=	960.00 Units
Your Investment		Preliminary charge of 4%		Investment amount after preliminary charge		Notional Issue Price (= Net Asset Value per Unit)		No. of Units subscribed

* In Singapore Dollars or US Dollars, as the case may be. You should note that the notional Issue Price is for illustrative purposes only and is not indicative of any future or likely performance of the Fund.

10.5 Confirmation of purchase

A confirmation note detailing your investment amount and the number of Units allocated to you in the Fund will be sent to you within ten (10) business days from the date of issue of Units.

10.6 Cancellation of Units

If you are subscribing for Units in the Fund for the first time, subject to Clause 13A of the Deed and to the cancellation terms and conditions contained in the Notice to Cancel Form, you have the right to cancel your subscription of Units within 7 calendar days from the date of subscription of Units (or such longer period as may be agreed between us and the Trustee or such other period as

may be prescribed by the MAS) by providing notice in writing to us or our authorised distributors. Subject to the provisions of the Deed, you will be refunded the lower of the market value of the Units held on the day of receipt and acceptance of such form or the original amount paid by you. Where the market value of the Units held is greater than the original amount paid by you, we are not obliged to pay the excess amount to you and the excess amount shall be retained in the Fund. Any applicable bank and related charges incurred in the cancellation of Units and in returning the application monies would be borne by you.

Full details relating to the cancellation of Units may be found in the cancellation terms and conditions contained in the Notice to Cancel Form.

11. Regular Savings Plan

Holders of at least 1,000 Units (or the number of Units which were or would have been purchased for S\$1,000, in the case of SGD Class Units or US\$1,000 in the case of USD Class Units, at the prevailing Issue Price at the time of their initial subscription or purchase of Units) in the Fund may participate in our regular savings plan by investing a minimum sum of S\$100 in respect of SGD Class Units or US\$100 in respect of USD Class Units on a fixed day per month through direct debit. Holders have a choice of paying for SGD Class Units with cash or SRS monies.

USD Class Units may not be paid using SRS monies. USD Class Units shall be paid for in cash. Any applicable bank and related charges incurred shall be borne by you.

Units are allotted and payment will be debited from the Holder's bank account or SRS Account on the 25th day of each month (or such other day as the distributors may stipulate) commencing on the month following activation of the Holder's direct debit instructions. Where the 25th day of a month (or such other day as the distributors may stipulate) is not a Business Day, the Holder's bank account or SRS Account will be debited on the next Business day.

A Holder may terminate his participation in the regular savings plan without penalty upon giving 30 days' prior written notice (or such other period of notice as may be determined by us provided that such period of notice shall not be longer than the period between the regular subscriptions) to us or our appointed agents or distributors.

If a Holder is in breach of his obligations under the regular savings plan or fails to maintain sufficient funds in his bank account or SRS account, we may terminate the participation of that Holder in the regular savings plan upon serving a written termination notice to such Holder.

We shall not assume any liability for any losses arising from the Holder's payment for the regular savings plan via direct debit transactions. Any applicable bank and related charges incurred shall be borne by the Holder.

12. Realisation of Units

12.1 Realisation procedure

Holders may realise their Units on any Dealing Day by submitting realisation forms to us or through our appointed agents or distributors. Holders may realise their Units in full or partially, subject to paragraph 12.2. A copy of the realisation form may be obtained from us upon request or through any of our appointed agents or distributors.

You should note that any realisation of Units may be limited by the total number of Units to be realised on any Dealing Day and may not exceed 10% of the total number of Units then in issue, such limitation to be applied proportionately to all Holders. Any Units not realised shall be realised on the next Dealing Day, subject to the same limitation. You should note that Units cancelled according to paragraph 10.6 will be included in determining whether this 10% limit is exceeded.

12.2 Minimum holding and minimum realisation amount

(i) Minimum holding

The minimum holding for each Class is set out as follows or shall be such other number or amount as may from time to time be determined by us upon giving prior notice to the Trustee.

Class	Minimum Holding
SGD Class Units	1,000 Units
USD Class Units	1,000 Units

(ii) Minimum realisation amount

The minimum realisation amount for each Class is set out as follows or shall be such lower amount as we may in any particular case or generally determine.

Class	Minimum realisation amount
SGD Class Units	100 Units
USD Class Units	100 Units

12.3 Dealing Deadline and pricing basis

As Units are realised on a forward pricing basis, the realisation price of Units is not ascertainable at the time of realisation.

Units in respect of realisation forms received and accepted by us by the Dealing Deadline of 3 p.m. Singapore time on a Dealing Day shall be realised at that Dealing Day's realisation price calculated in accordance with Clause 14(F) of the Deed ("**Realisation Price**"). Realisation forms received after the Dealing Deadline or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The Realisation Price applicable to any Dealing Day shall be ascertained by:

- (i) calculating the Net Asset Value per Unit as at the Valuation Point either (a) in respect of the Dealing Day on which the realisation form is received or (b) in the event that the realisation of Units is suspended according to Clause 14(F)(ii) of the Deed, the Dealing Day immediately following the cessation of such suspension; and
- (ii) adjusting the resultant figure downwards to the nearest three (3) decimal places (or as we may from time to time determine after consultation with the Trustee).

The net realisation proceeds shall be such amount after deducting the realisation charge (if any). We may, subject to the prior written approval of the Trustee, change the method of determining the realisation price and the Trustee shall determine if the Holders should be informed of such changes.

The realisation charge (if any) shall be retained by us and the amount of the adjustment aforesaid shall be retained by the Fund.

You should note that if the number of Units in issue or deemed to be in issue immediately after any relevant day, after taking into account the realisations and issues to be made by reference to that relevant day, would be less than such proportion of the number of Units in issue or deemed to be in issue on that relevant day (the "**Threshold**"), we may, with a view to protecting the interests of all Holders, elect that the Realisation Price in relation to all (but not some only) of the Units falling to be realised by reference to that relevant day shall be the price per Unit which, in our opinion, reflects a fairer value for the Deposited Property having taken into account the necessity of selling a material proportion of the Investments at that time constituting part of the Deposited Property ("**Fair Value Adjustment**"). The Threshold for the application of the Fair Value Adjustment may be determined by us from time to time but shall not exceed 90% and Holders will not be able

to benefit from the application of the Fair Value Adjustment if the Threshold is not met. We may suspend the realisation of those Units for such reasonable period as may be necessary to effect an orderly realisation of Investments by giving notice to the affected Holders within two Business Days after the relevant day. For the purposes of this paragraph, the “**fairer value**” for the Deposited Property shall be determined by us in consultation with a Stockbroker⁷ or an approved valuer and upon notification to the Trustee. The “**material proportion**” of the Investments means such proportion of the Investments which when sold will cause the reduction of the net asset value of the Deposited Property.

12.4 Numerical example of how the amount paid to you is calculated upon realisation:

The amount paid to you based on the realisation of 100 Units of the Fund and a notional realisation price of \$1.000* will be calculated as follows:

100	x	\$1.000*	=	\$100*
Units realised		Notional Realisation Price (= Net Asset Value per Unit)		Gross Realisation Proceeds
\$100*	-	Nil [^]	=	\$100*
Gross Realisation Proceeds		Realisation Charge		Net Realisation Proceeds

* In Singapore Dollars or US Dollars as the case may be. You should note that the notional Realisation Price is for illustrative purposes only and is not indicative of any future or likely performance of the Fund.

[^] No realisation charge is imposed.

12.5 Payment of realisation proceeds

Realisation proceeds shall be paid within 7 Business Days (or such other period as permitted by the MAS) following the receipt and acceptance of the realisation form by us unless the realisation of Units has been suspended in accordance with paragraph 15 of this Prospectus.

If you are a resident outside Singapore, we shall be entitled to deduct from the total amount (which would otherwise be payable on the purchase from you) an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if you had been resident in Singapore.

Any applicable bank and related charges incurred in the payment of realisation proceeds shall be borne by you.

12.6 Realisation of Units by us

We may compulsorily realise your holding of Units in certain circumstances. Please see paragraph 20.6 for further details.

13. Switching

We may at our discretion and on such terms and conditions as we may impose, subject to the terms of the relevant trust deeds, permit each Holder of Units from time to time to switch all or any of the Units held by him into units of a New Fund. Any switching shall be effected by way of realisation of Units in the Fund and followed by issuance of units in the New Fund subject to the terms of the relevant trust deed upon the receipt of cleared funds.

⁷ “**Stockbroker**” means a member of a Recognised Stock Exchange. “**Recognised Stock Exchange**” means any stock exchange, futures exchange or commodities exchange of repute in any part of the world and in relation to any particular Authorised Investment shall be deemed to include any reputable firm, corporation or association in any part of the world dealing in the Authorised Investment which we may from time to time elect with the approval of the Trustee.

No switching of Units may be made which would result in the relevant Holder holding in respect of either the Fund or the New Fund (as the case may be), fewer units than the relevant minimum holding of such funds. If the number of units of the New Fund so produced shall include any fraction of more than two decimal places, such fraction shall be ignored and any moneys arising from such fraction shall be forfeited and retained as part of the New Fund.

Units of the Fund purchased with cash or SRS monies may only be switched to units of the New Fund purchased with cash or SRS monies respectively.

Switching shall only be permitted between the same currency of units between the Fund and the New Fund, unless otherwise permitted by us at our absolute discretion.

An application to switch may be made by a Holder by giving to us such application form as we may from time to time require. Such switching request shall not be revocable without our consent.

No Units shall be switched during any period when the right of Holders to require the realisation of Units is suspended according to Paragraph 15 of this Prospectus or on any Dealing Day on which the number of Units that can be realised is limited according to Paragraph 12.1 of this Prospectus.

14. Obtaining Prices of Units

The Units will be valued on each Dealing Day. The indicative prices for each of the SGD Class Units and USD Class Units are quoted on a forward basis in Singapore Dollars and US Dollars respectively and will likely be available 2 Business Days in Singapore after each relevant Dealing Day (subject to the publication policies of the relevant publisher). The prices will be published on our website at www.lionglobalinvestors.com. The prices may also be published in The Straits Times, The Business Times and selected major wire services or such other sources as we may decide upon.

In the case of the USD Class, the Issue Price and Realisation Price will be converted into its equivalent amount in US Dollars based on the prevailing foreign exchange rate to be determined by us.

You should note that, other than in respect of our publications, we do not accept any responsibility for any errors on the part of the relevant publisher in the prices published in the newspapers and wire services mentioned above or for any non-publication or late publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by you in reliance upon such publications.

15. Suspension of Dealing

15.1 Subject to the provisions of the Code relating to the suspension of dealings, we or the Trustee may, with the prior written approval of the other, suspend the issue, realisation and valuation of Units during:

- (i) any period when the Recognised Stock Exchange on which any Authorised Investments forming part of the Deposited Property for the time being are listed or dealt in is closed or during which dealings are restricted or suspended;
- (ii) the existence of any state of affairs which, in our opinion might seriously prejudice the interests of the Holders as a whole or of the Deposited Property;
- (iii) any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on that Recognised Stock Exchange or when for any reason the prices of any of such Authorised Investments cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);
- (iv) any period when remittance of money which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in our opinion, be carried out at normal rates of exchange;
- (v) any 48 hour period (or such longer period as we and the Trustee may agree) prior to the date of any meeting of Holders (or any adjourned meeting thereof);

- (vi) any period where dealing of Units is suspended according to any order or direction of the MAS;
- (vii) any period when our business operations or the business operations of the Trustee in relation to the operation of the Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, riots, strikes or acts of God; or
- (viii) any other period as may be required under the Code.

15.2 Subject to the provisions of the Code relating to suspension of dealings, such suspension shall take effect forthwith upon the declaration in writing thereof by us (or, as the case may be, the Trustee) and shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under this paragraph 15 shall exist upon the declaration in writing thereof by us (or, as the case may be, the Trustee). The Trustee may instruct us to temporarily suspend the realisation of Units during any period of consultation or adjustment of the realisation price in accordance with Clause 14(F)(ii) of the Deed. Subject to the provisions of the Code, we may also suspend the realisation of certain Units for such reasonable period as may be necessary to effect an orderly realisation of Investments in accordance with Clause 14(G)(ii) of the Deed.

17. Soft Dollar Commissions/Arrangements

We shall be entitled to and currently do receive or enter into soft-dollar commissions/arrangements in respect of the Fund. We will comply with applicable regulatory and industry standards on soft-dollars. The soft-dollar commissions/arrangements which we may receive and enter into include specific advice as to the advisability of dealing in or as to the value of any investments, research and advisory services, economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis, and custodial service in relation to the investments managed for our clients.

Soft-dollar commissions received shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

We will not accept or enter into soft dollar commissions/arrangements unless such soft dollar commissions/arrangements would reasonably assist us in our management of the Fund, provided that we shall ensure at all times that best execution is carried out for the transactions, and that no unnecessary trades are entered into in order to qualify for such soft-dollar commissions/arrangements.

¹⁰ The expense ratio is calculated in accordance with the requirements in the Investment Management Association of Singapore's guidelines on the disclosure of expense ratios (the "IMAS Guidelines") and based on figures in the Fund's latest audited accounts. The following expenses (where applicable) as set out in the IMAS Guidelines (as may be updated from time to time) are excluded from the calculation of the expense ratio:

- (a) brokerage and other transaction costs associated with the purchase and sales of investments (such as registrar charges and remittance fees);
- (b) interest expense;
- (c) foreign exchange gains and losses of the Fund, whether realised or unrealised;
- (d) front-end loads, back-end loads and other costs arising on the purchase or sale of a foreign exchange unit trust or mutual fund;
- (e) tax deducted at source or arising from income received, including withholding tax; and
- (f) dividends and other distributions paid to Holders.

¹¹ The turnover ratio of the Fund is calculated based on the lesser of purchases or sales of underlying investments of the Fund expressed as a percentage over the average daily Net Asset Value of the Fund.

18. Conflicts of Interest

We and the Trustee are not in any positions of conflict in relation to the Fund. We and the Trustee shall conduct all transactions with or for the Fund at arm's length. We are of the view that we are not in a position of conflict in managing the Fund and our other funds as the Fund and each of the other funds has its own investment universe, investment objectives and investment restrictions, separate and distinct from each of the other funds. We are obligated by the provisions of each respective trust deed to observe strictly such separate and distinct investment mandate for each of the funds. If the various funds place orders for the same securities as the Fund, we shall try as far as possible to allocate such securities among the funds in a fair manner based on a proportionate basis.

Our affiliates and the Trustee's affiliates are or may be involved in other financial, investment and professional activities which may sometimes give rise to possible conflicts of interest with the management of the Fund. We and the Trustee will each ensure that the performance of our respective duties will not be impaired by any such involvement. If a conflict of interest does arise, we and/or the Trustee will try to ensure that it is resolved fairly and in the interest of the Holders.

Associates of the Trustee may be engaged to provide financial, banking or brokerage services to the Fund or buy, hold and deal in any investments, enter into contracts or other arrangements with the Trustee and make profits from these activities. Our associates may also be engaged to provide financial, banking or brokerage services to the Fund and make profits from these activities. Such services, where provided, and such activities, where entered into, by our associates or associates of the Trustee, will be on an arm's length basis.

19. Reports

Financial year-end and distribution of reports and accounts

The financial year-end for the Fund is 31 December. We will prepare and send the annual report, annual accounts, and the Auditors' report on the annual accounts of the Fund to Holders (whether by post or such electronic means as may be permitted under the Code) within 3 months of the financial year-end (or such other period as may be permitted by the MAS). We will prepare and send the semi-annual report and semi-annual accounts of the Fund to Holders (whether by post or such electronic means as may be permitted under the Code) within 2 months of the financial half-year end, i.e. 30 June (or such other period as may be permitted by the MAS). In cases where the accounts and reports are available in electronic form, Holders will receive a hardcopy letter or an email (where email addresses have been provided for correspondence purposes) informing them that the accounts and reports are available and how they may be accessed. Holders may also request for hardcopies of the accounts and reports within 1 month (or such other period as may be permitted by the MAS) from the notification of the availability of the accounts and reports. The Trustee will also make available, or cause to be made available, hardcopies of the accounts and reports to any Holder who requests for them within 2 weeks of any request from such Holder (or such other period as may be permitted by the MAS). Holders may also at any time opt for hardcopies for all future reports and accounts at no cost to them.

20. Other Material Information

20.1 Information on investments

At the end of each quarter, Holders will receive a statement showing the value of their investment, including any transactions during the quarter. However, if there is any transaction within a particular month, Holders will receive an additional statement for that month.

20.2 Distributions

20.2.1 Distribution of income and/or net capital gains (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made will reduce the Net Asset Value of the Fund.

- 20.2.2** Unless specifically instructed by the Holders, in the event the net amount of distributions is less than S\$50, Holders shall be deemed to have given a distribution reinvestment mandate for the automatic reinvestment of such distributions to be received by them in the purchase of further Units (including fractions of Units, if any) of the relevant Class, subject to our discretion to pay out such distributions in cash or in any particular case.
- 20.2.3** Where a distribution payment has been made to a Holder via cheque and such cheque has expired (i.e. the cheque is not presented within six months of its date of issue), unless specifically instructed in writing by that Holder, the distribution payment made shall be automatically reinvested into new Units (including fractions of Units, if any) of the relevant Class. The new Units will be purchased based on the Net Asset Value of the relevant Class on the third Business Day after the expiry date of the cheque. In addition, any subsequent distributions payable to such Holder shall be automatically reinvested into new Units (including fractions of Units, if any) of the relevant Class on the relevant payment date of the distribution.
- 20.2.4** Paragraphs 20.2.2 and 20.2.3 will not apply to distributions payable in respect of Units subscribed using cash through any of our agents or distributors or using SRS monies.
- 20.2.5** Please refer to the Deed for further details.

20.3 Exemptions from liability

- 20.3.1** We and the Trustee shall incur no liability in respect of any action taken or thing suffered by us or them in reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganisation or other paper or document believed to be genuine and to have been passed, sealed or signed by the proper parties.
- 20.3.2** We and the Trustee shall incur no liability to the Holders for doing or (as the case may be) failing to do any act or thing which by reason of any provision of any present or future law or regulation made according thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (whether legally or otherwise) either us or the Trustee shall be directed or requested to do or perform or to forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Deed neither the Trustee nor we shall be under any liability therefor or thereby.
- 20.3.3** Neither the Trustee nor we shall be responsible for any authenticity of any signature or of any seal affixed to any transfer or form of application, endorsement or other document (whether sent by mail, facsimile, electronic means or otherwise) affecting the title to or transmission of Units or be in any way liable for any forged or unauthorised signature on or any seal affixed to such endorsement, transfer or other document or for acting upon or giving effect to any such forged or unauthorised signature or seal. We and the Trustees respectively shall nevertheless be entitled but not bound to require that the signature of any Holder to any document required to be signed by him under or in connection with the Deed shall be verified to our or its reasonable satisfaction.
- 20.3.4** Any indemnity expressly given to the Trustee or us in the Deed is in addition to and without prejudice to any indemnity allowed by law; Provided Nevertheless That any provision of the Deed shall be void insofar as it would have the effect of exempting the Trustee or us from or indemnifying them or us against any liability for breach of trust or any liability which by virtue of any rule of law would otherwise attach to them or us in respect of any negligence, default, breach of duty or trust of which they or we may be guilty in relation to their or our duties where they or we fail to show the degrees of diligence and care required of them or us having regard to the provisions of the Deed.
- 20.3.5** Nothing contained in the Deed shall be construed so as to prevent us and the Trustee in conjunction or us or the Trustee separately from acting as managers or trustee of trusts separate and distinct from the Fund.

20.3.6 Neither the Trustee nor we shall be responsible for acting upon any resolution purporting to have been passed at any meeting of the Holders in respect whereof minutes shall have been made and signed even though it may be subsequently found that there was some defect in the constitution of the meeting or the passing of the resolution or that for any reason the resolution was not binding upon all the Holders.

20.3.7 The Trustee shall be responsible for the safe custody of the Deposited Property. Any Authorised Investments forming part of the Deposited Property shall, whether in bearer or registered form, be paid or transferred to or to the order of the Trustee forthwith on receipt by us and be dealt with as the Trustee may think proper for the purpose of providing for the safe custody thereof. The Trustee may from time to time upon notification in writing to us appoint such person or persons as it thinks fit (including itself or its Associates) as agents, nominees, custodians or sub-custodians in respect of any of the Authorised Investments, and the fees and expenses of such agents, nominees, custodians and sub-custodians shall be paid out of the Deposited Property. Subject to Clause 27(D) of the Deed, the Trustee shall remain liable for any act or omission of any agent, nominee, custodian or sub-custodian with whom bearer Authorised Investments or documents of title to registered Authorised Investments are deposited as if the same were the act or omission of the Trustee. Any Authorised Investment in registered form shall as soon as reasonably practicable after receipt of the necessary documents by the Trustee, be registered in the name of the Trustee and/or its nominee and shall remain so registered until disposed of according to the provisions of the Deed. Subject as aforesaid the Trustee shall retain the documents of title to all Authorised Investments held upon the trusts of the Deed in its possession in safe custody.

The Trustee may at any time procure that: (i) the Trustee; (ii) any nominee appointed by the Trustee; (iii) any such nominee and the Trustee; (iv) any custodian, joint-custodian or sub-custodian appointed; (v) any company operating a recognized clearing system in respect of the Authorised Investments involved; or (vi) any broker, financial institution or other person with whom the same is deposited in order to satisfy any requirement to deposit margin or security, to take delivery of and retain and/or to be registered as proprietor of any Authorised Investments or other property held upon the trusts of the Deed.

20.3.8 Notwithstanding anything contained in the Deed, the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any depository or clearing system with which Authorised Investments may be deposited or any broker, financial institution or other person with whom Authorised Investments are deposited in order to satisfy any margin requirement. The Trustee shall not be under any liability on account of anything done or suffered to be done by the Trustee in good faith in accordance with or in pursuance of our request or advice.

20.3.9 The Trustee may act upon any advice of or information obtained from us or any bankers, accountants, brokers, lawyers, agents or other persons acting as agents or advisers of the Trustee or us and the Trustee shall not be liable for anything done or omitted or suffered in reliance upon such advice or information. The Trustee shall not be responsible for any misconduct, mistake, oversight, error of judgment, forgetfulness or want of prudence on the part of any such banker, accountant, broker, lawyer, agent or other person as aforesaid or of us. Any such advice or information may be obtained or sent by letter, electronic mail or facsimile and the Trustee shall not be liable for acting on any advice or information purported to be conveyed by any such letter, electronic mail or facsimile although the same contains some error or is not authentic.

20.3.10 The Trustee shall not incur any liability for any loss which a Holder may suffer by the reason of any depletion in the value of the Deposited Property which may result from any securities lending transaction effected according to Clause 16(O) of the Deed and shall be indemnified out of and have recourse to the Deposited Property in respect of any liabilities, claims or demands which we or the Trustee may incur or suffer arising from any such security lending transaction.

20.3.11 We shall be entitled to exercise all rights of voting conferred by any of the Deposited Property in what we may consider to be the best interests of the Holders, but neither we nor the Trustee shall be under any liability or responsibility in respect of the management of the Authorised Investment in question nor in respect of any vote, action or consent given or taken or not given or not taken by us whether in person or by proxy, and neither the Trustee nor we nor the holder of any such proxy or power of attorney shall incur any liability or responsibility by reason of any error of law or mistake of fact or any matter or thing done or omitted or approval voted or given or withheld by the Trustee or us or by the holder of such proxy or power of attorney under the Deed; and the Trustee shall be under no obligation to anyone with respect to any action taken or caused to be taken or omitted by us or by any such proxy or attorney.

20.4 Investment restrictions

The investment guidelines and restrictions issued by the MAS under Appendix 1 of the Code, as may be amended, restated, supplemented or replaced from time to time (the “**Authorised Funds Investment Guidelines**”), shall apply to the Fund. We may engage in securities lending transactions and invest in derivatives and accordingly, are subject to the provisions on securities lending and derivatives as set out in the Authorised Funds Investment Guidelines. We currently do not intend to carry out securities lending or repurchase transactions in relation to the Fund but may do so in future.

In addition to complying with Appendix 1 of the Code, we will not invest in any product or engage in any transaction which may cause the Units of the Fund not to be regarded as Excluded Investment Products under the Notice on the Sale of Investment Products and the Notice on Recommendations on Investment Products or prescribed capital markets products under the Securities and Futures (Capital Markets Products) Regulations 2018.

20.5 Holders’ right to vote

20.5.1 A meeting of Holders of the Fund duly convened and held in accordance with the provisions of the Schedule to the Deed shall be competent by Extraordinary Resolution¹²:

- (i) to sanction any modification, alteration or addition to the provisions of the Deed which shall be agreed by the Trustee and us as provided in Clause 38 of the Deed;

but shall not have any further or other powers.

20.5.2 A meeting of Holders of a Class of Units duly convened and held in accordance with the provisions of the Schedule to the Deed shall be competent by Extraordinary Resolution:

- (i) to sanction any modification, alteration or addition to the provisions of the Deed which shall be agreed by the Trustee and us as provided in Clause 38 of the Deed to the extent that such modification, alteration or addition affects the Holders of the relevant Class of Units;

¹² “**Extraordinary Resolution**” is defined in the Deed to mean a resolution proposed and passed as such by a majority consisting of seventy-five per cent or more of the total number of votes cast for and against such resolution.

- (ii) to sanction a supplemental deed increasing the maximum permitted percentage of the management participation and/or the remuneration of the Trustee in relation to the relevant Class of Units; and
- (iii) to terminate the relevant Class of Units as provided in Clause 35(H) of the Deed, but shall not have any further or other powers.

20.6 Realisation of Units by Us

20.6.1 We (in consultation with the Trustee) shall have the right, by giving prior written notice to any Holder, to realise compulsorily Units held by:

- (i) any Holder who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or who is unable or unwilling to provide information and/or documentary evidence requested by us and/or the Trustee for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks;
- (ii) any Holder who fails to provide any of the requested Personal Information and Account Information for compliance with FATCA (as defined in Schedule 2 of the Deed), the Common Reporting Standard issued by the Organisation for Economic Co-operation and Development or any similar legislation, regulation or guidance enacted in any other jurisdiction applicable to the Fund which seeks to implement equivalent tax reporting and/or withholding tax regimes and/or automatic exchange of information;
- (iii) any Holder whose holdings of Units, in our opinion:
 - (1) may cause the Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or
 - (2) may cause the offer of the Units of the Fund, the prospectus of the Fund, the Deed, we and/or the Trustee to become subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
 - (3) may cause a detrimental effect on the tax status of the Fund in any jurisdiction or on the tax status of the Holders of the Fund; or
 - (4) may result in the Fund or other Holders of the Fund suffering any other legal or pecuniary or administrative disadvantage which the Fund or other Holders might not otherwise have incurred or suffered; or
- (iv) any Holder:
 - (1) who, in our opinion, is or may be in breach of any applicable law or regulation in any jurisdiction; or
 - (2) where such realisation is, in our opinion, necessary or desirable for our compliance or the Fund's compliance with any applicable law or regulation in any jurisdiction (including any regulatory exemption conditions) and inter-governmental agreements between Singapore and any foreign government.

20.6.2 Any compulsory realisation under this paragraph shall be carried out by us on any Dealing Day, with prior written notice to the Holder, and shall be carried out in accordance with, and at the realisation price under, the applicable provisions on realisation in the Deed. For avoidance of doubt, a realisation under this paragraph (be it a compulsory realisation by us or a realisation by the Holder in response to our written notice relating to a compulsory realisation) may also be subject to applicable fees and/or charges (including any early realisation charge) as set out in this Prospectus and/or the Deed, and all such fees and/or charges (including early realisation charge) related to a realisation under this paragraph shall be borne by the Holder.

20.6.3 We, the Trustee and their respective delegates, associates, employees or agents, shall not be liable for any loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by the Holder or any party arising out of or in connection with (whether in whole or in part) any actions which are taken by us, the Trustee and/or any of our/their respective delegates, associates, employees or agents under this paragraph.

20.7 Valuation

20.7.1 “**Value**” except where otherwise expressly stated in the Deed and subject always to the requirements of the Code, means with reference to any Authorised Investment the value calculated, as the case may be, by reference to the official closing price, the last known transacted price, the last transacted price or the last available price on a Recognised Stock Exchange at the time of calculation or, if there be no such official closing price, last known transacted price, last transacted price or the last available price, the net asset value, at the time of calculation for the Authorised Investment in question (or such other time as we may from time to time after consultation with the Trustee determine), and where there is no Recognised Stock Exchange, the prices of the relevant Authorised Investment as quoted by a broker, firm or institution making a market in that Investment if any (and if there shall be more than one such market maker then such market maker as we may designate) but if, in our opinion, such price is not representative of the value of such Authorised Investment or not available to the market, then the value of such Authorised Investment shall be such value as we may with due care and in good faith consider in the circumstances to be fair value and is approved by the Trustee in accordance with the Code and we shall notify the Holders of such change if required by the Trustee. For the purposes of this proviso, the “**fair value**” shall be the price that the Fund would reasonably expect to receive upon the current sale of the asset determined by us in consultation with a Stockbroker or an approved valuer and with the approval of the Trustee in accordance with the Code.

In exercising in good faith the discretion given by the proviso above, we shall not, subject to the provisions of the Code, assume any liability towards the Fund, and the Trustee shall not be under any liability in accepting our opinion, notwithstanding that the facts may subsequently be shown to have been different from those assumed by us.

20.7.2 “**Net Asset Value**” means the Value of all assets of the Fund less liabilities and “**Net Asset Value per Unit**” means the Net Asset Value divided by the number of Units of the Fund in issue or deemed to be in issue immediately prior to the relevant Dealing Day (rounded down to the nearest \$0.001 or such other number of decimal places or any other method of rounding determined by us with approval of the Trustee).

In calculating the Net Asset Value or any proportion thereof:

- (i) every Unit agreed to be issued by us shall be deemed to be in issue and the Deposited Property shall be deemed to include not only cash or other assets in the hands of the Trustee but also the value of any cash, accrued interest on bonds or other assets to be received in respect of Units agreed to be issued after deducting therefrom or providing thereout the preliminary charge and the rounding adjustment (if any) and any moneys payable out of the Deposited Property according to Clause 10 of the Deed;
- (ii) where Authorised Investments have been agreed to be purchased or otherwise acquired or sold but such purchase, acquisition or sale has not been completed, such Authorised Investments shall be included or excluded and the gross purchase, acquisition or net sale consideration excluded or included as the case may require as if such purchase, acquisition or sale had been duly completed;
- (iii) where in consequence of any notice or request in writing given according to Clause 13, 13A or 14 of the Deed a reduction of the Fund by the cancellation of Units is to be effected but such reduction has not been completed the Units in question shall not be deemed to be in issue and any amount payable in cash and the value

of any Authorised Investments to be transferred out of the Deposited Property after deducting therefrom or providing thereout the realisation charge (if any) in pursuance of such reduction shall be deducted from the Net Asset Value;

- (iv) there shall be deducted any amounts not provided for above which are payable out of the Deposited Property including:
 - (a) any amount of management participation accrued but remaining unpaid;
 - (b) the amount of tax, if any, on capital gains (including any provision made for unrealised capital gains) and income accrued up to the end of the last accounting period and remaining unpaid;
 - (c) the amount of tax, if any, on net capital gains realised during a current accounting period prior to the valuation being made as in our estimate will become payable; and
 - (d) the aggregate amount for the time being outstanding of any borrowings effected under Clause 17(C) of the Deed together with the amount of any interest and expenses thereon accrued according to Clause 17(C)(v) of the Deed and remaining unpaid;
- (v) there shall be taken into account such sum as in our estimate will fall to be paid or reclaimed in respect of taxation related to income up to the time of calculation of the Net Asset Value;
- (vi) there shall be added the amount of tax, if any, on capital gains estimated to be recoverable and not received;
- (vii) any Value (whether of an Authorised Investment or cash) otherwise than in Singapore Dollars and any non-Singapore Dollar borrowing shall be converted into Singapore Dollars at the rate (whether official or otherwise) which we shall after consulting with or in accordance with a method approved by the Trustee deem appropriate to the circumstances having regard amongst others to any premium or discount which may be relevant and to the costs of exchange; and
- (viii) where the current price of an Authorised Investment is quoted “ex” dividend, interest or other payment but such dividend, interest or other payment shall be taken into account;

Provided Always (1) in the case of any Authorised Investment which is not listed or not normally quoted or dealt in on any Recognised Stock Exchange the Value thereof shall be such value as may be determined by a person approved by the Trustee as qualified to value such Authorised Investment; and (2) we may, to the extent permitted by the MAS, and subject to the prior approval of the Trustee, change the method of valuation provided in this paragraph 20.7 and the Trustee shall determine if the Holders should be informed of such change.

20.8 Termination of the Fund

20.8.1 The Fund constituted by the Deed is of indeterminate duration and may be terminated as provided in Clause 35 of the Deed.

20.8.2 Either the Trustee or we may in their/our absolute discretion terminate the Fund by not less than six months’ notice in writing to the other given so as to expire at the end of the accounting period current at the end of the fifth year after 6 April 1995 or any year thereafter. Either the Trustee or we shall be entitled by notice in writing as aforesaid to make the continuation of the Fund beyond any such date conditional on the revision to its or our satisfaction at least three months before the relevant date of its or our remuneration under the Deed. If the Fund shall fall to be terminated or discontinued we shall give notice thereof to all Holders not less than six months in advance. Subject as aforesaid the Fund shall continue until terminated in the manner hereinafter provided.

20.8.3 Subject to the SFA, the Fund may be terminated by the Trustee by notice in writing as hereinafter provided in any of the following events, namely:

- (i) if we shall go into liquidation (except a voluntary liquidation for the purpose of reconstruction or amalgamation upon terms previously approved in writing by the Trustee) or if a receiver is appointed over any of our assets or if a judicial manager is appointed in respect of us or if any encumbrancer shall take possession of any of our assets or if we shall cease business;
- (ii) if any law shall be passed, any authorisation revoked or withdrawn or any direction given by the MAS which renders it illegal or in the opinion of the Trustee impracticable or inadvisable to continue for the Fund; and
- (iii) if within the period of three months from the date of the Trustee expressing in writing to us the desire to retire we shall have failed to appoint a new trustee within the terms of Clause 32 of the Deed.

The decision of the Trustee in any of the events specified in this paragraph 20.8.3 shall be final and binding upon all the parties concerned but the Trustee shall be under no liability on account of any failure to terminate the Fund according to this paragraph or otherwise. We shall accept the decision of the Trustee and relieve the Trustee of any liability to us therefor and hold it harmless from any claims whatsoever on our part for damages or for any other relief.

20.8.4 The Fund or any Class of the Fund may be terminated by us in our absolute discretion by notice in writing as hereinafter provided (i) on the fifth anniversary of 6 April 1995 or on any date thereafter if on such date the aggregate Value of the Deposited Property attributable to such Class shall be less than S\$5,000,000 in the case of SGD Class Units or US\$5,000,000 in the case of USD Class Units or (ii) if any law shall be passed, any authorisation revoked or withdrawn or any direction given by the MAS which renders it illegal or in our opinion impracticable or inadvisable to continue the Fund or Class of the Fund.

20.8.5 The party terminating the Fund or the relevant Class shall give notice thereof to the Holders fixing the date at which such termination is to take effect which date shall not be less than six months after the service of such notice.

20.8.6 The Fund may at any time after five years from 6 April 1995 be terminated by Extraordinary Resolution of a meeting of the Holders duly convened and held in accordance with the provisions contained in the Schedule to the Deed on Meetings of Holders and such termination shall take effect from the date on which the said Extraordinary Resolution is passed or such later date (if any) as the said Extraordinary Resolution may provide.

20.8.7 A Class of the Fund may at any time after the date of its establishment be terminated by an Extraordinary Resolution of a meeting of the Holders of that Class duly convened and held in accordance with the provisions contained in the Schedule to the Deed on Meetings of Holders and such termination shall take effect from the date on which the said Extraordinary Resolution is passed or on such later date (if any) as the said Extraordinary Resolution may provide.

20.9 Risks associated with investments in certain eligible China-A shares through the Shanghai-Hong Kong Stock Connect and Shenzhen-Hong Kong Stock Connect (collectively, the “Stock Connect”)

In order to achieve its investment objective, the Fund may invest in and have direct access to certain eligible China A-shares through the Stock Connect. Investments through the Stock Connect are subject to additional risks, including but not limited to, daily quota limitations, suspension risk, operational risk, restrictions on selling imposed by front-end monitoring, recalling of eligible stocks, clearing and settlement risks, nominee arrangements in holding China A-shares and regulatory risk. The laws, regulations and rules applicable to Stock Connect are subject to change and the risk disclosures below should not be considered an exhaustive list of risks related to Stock Connect.

(i) Daily quota limitations

The Stock Connect is subject to daily quota limitations on investments, which are currently set at RMB 52 billion for each Northbound Trading Link and may be adjusted in light of actual operational performance. Daily quota may restrict the Fund's ability to invest in China A-shares through the Stock Connect on a timely basis, and the Fund may not be able to effectively pursue its investment policy.

(ii) Suspension risk

The Stock Exchange of Hong Kong ("**SEHK**") and Shanghai Stock Exchange ("**SSE**") / Shenzhen Stock Exchange ("**SZSE**") (as the case may be) reserve the right to suspend trading if necessary for ensuring an orderly and fair market and managing risks prudently which could adversely affect the Fund's ability to access the Mainland China market.

(iii) Differences in trading day

The Stock Connect only operates on days when both the Mainland China and Hong Kong markets are open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the Mainland China market but Hong Kong investors (such as the Fund) cannot carry out any China A-shares trading. The Fund may be subject to a risk of price fluctuations in China A-shares during the time when the Stock Connect is not trading as a result.

(iv) Restrictions on selling imposed by front-end monitoring

Mainland China regulations require that before an investor sells any share, there should be sufficient shares in the account; otherwise SSE / SZSE (as the case may be) will reject the sell order concerned. SEHK will carry out pre-trade checking on China A-shares sell orders of its participants (i.e. the stock brokers) to ensure there is no over-selling.

(v) Recalling of eligible stocks

When a stock is recalled from the scope of eligible stocks for trading via the Stock Connect, the stock can only be sold but is restricted from being bought. This may affect the investment portfolio or strategy of the Fund, for example, when the Fund wishes to purchase a stock which is recalled from the scope of eligible stocks.

(vi) Foreign shareholding restrictions and forced-sale arrangement

The China Securities Regulatory Commission ("**CSRC**") stipulates that, when holding China A-Shares, Hong Kong and overseas investors are subject to the following shareholding restrictions:

- a. shares held by a single foreign investor (such as the Fund) is not allowed to exceed 10% of the company's total issued shares; and
- b. total China A-Shares held by all foreign investors (i.e. all Hong Kong and overseas investors) in a listed company is not allowed to exceed 30% of its total issued shares.

When Hong Kong and overseas investors carry out strategic investments in listed companies in accordance with the rules, the shareholding of the strategic investments is not capped by the above-mentioned percentages.

Should the shareholding of the Fund in a China A-Share listed company exceed the above restriction, the Fund may be required to unwind its position on the excessive shareholding within 5 trading days for Northbound Trading, otherwise SEHK participants shall apply the forced-sale arrangement on the Fund.

As there are limits on the total shares held by all Hong Kong and overseas investors in a listed company in Mainland China, the capacity of the Fund to make investments in China A-Shares will be affected by the activities of all Hong Kong and overseas investors investing through the Stock Connect or any other permissible ways to obtain China A-Shares

investment exposures. If the aggregate foreign shareholding limit is exceeded, SSE / SZSE will notify SEHK of the number of shares that are subject to forced sale within 5 trading days for Northbound Trading. On a last-in-first-out basis, SEHK will identify the relevant trades involved and request the relevant SEHK participants to require the Hong Kong and overseas investors concerned to sell the shares within the timeframe as stipulated by SEHK. If the relevant investors fail to sell the shares before the stipulated deadline, SEHK participants will be required to force-sell the shares for the relevant investors (such as the Fund). SSE / SZSE (as the case may be) will publish a notice if the percentage of total foreign shareholding in a listed company reaches 26% and the buy orders are not allowed for the related China A-Shares if the aggregate foreign shareholding reaches 28%.

(vii) Clearing, settlement and custody risks

The Hong Kong Securities Clearing Company Limited (“**HKSCC**”), a wholly-owned subsidiary of Hong Kong Exchanges and Clearing Limited (“**HKEx**”) and China Securities Depository and Clearing Corporation Limited (“**ChinaClear**”) establish the clearing links and each is a participant of the other to facilitate clearing and settlement of cross-boundary trades. As the national central counterparty of the Mainland China’s securities market, ChinaClear operates a comprehensive network of clearing, settlement and stock holding infrastructure. ChinaClear has established a risk management framework and measures that are approved and supervised by the CSRC. The chances of ChinaClear default are considered to be remote. Should the remote event of ChinaClear default occur and ChinaClear be declared as a defaulter, HKSCC will in good faith, seek recovery of the outstanding stocks and monies from ChinaClear through available legal channels or through ChinaClear’s liquidation. In that event, the Fund may suffer delay in the recovery process or may not be able to fully recover its losses from ChinaClear.

(viii) Operational risk

The Stock Connect provides new channels for investors from Hong Kong and overseas, such as the Fund, to access the Mainland China stock market directly. The Stock Connect is premised on the functioning of the operational systems of the relevant market participants. Market participants are able to participate in this program subject to meeting certain information technology capability, risk management and other requirements as may be specified by the relevant exchange and/or clearing house. It should be appreciated that the securities regimes and legal systems of the two markets differ significantly and in order for the program to operate, market participants may need to address issues arising from the differences on an on-going basis. Further, the “connectivity” in the Stock Connect program requires routing of orders across the border. This requires the development of new information technology systems on the part of the SEHK and exchange participants (i.e. new order routing systems (“China Stock Connect System”) to be set up by SEHK to which exchange participants need to connect). There is no assurance that the systems of the SEHK and market participants will function properly or will continue to be adapted to changes and developments in both markets. In the event that the relevant systems fail to function properly, trading in both markets through the program could be disrupted. The Fund’s ability to access the China A-share market (and hence to pursue its investment strategy) will be adversely affected.

(ix) Nominee arrangements in holding China-A shares

HKSCC is the “nominee holder” of the SSE securities / SZSE securities (as the case may be) acquired by overseas investors (including the Fund) through the Stock Connect. The CSRC Stock Connect rules expressly provide that investors such as the Fund enjoy the rights and benefits of the SSE securities acquired through the Stock Connect in accordance with applicable laws. The CSRC has clarified and restated in Frequently Asked Questions published on 30 September 2016 that (i) the concept of nominee shareholding is recognised in Mainland China, (ii) overseas investors shall hold SSE securities / SZSE securities (as the case may be) through HKSCC and are entitled to proprietary interests in such securities as shareholders, (iii) Mainland China law does not expressly provide for a beneficial owner under the nominee holding structure to bring legal proceedings, nor does it prohibit a beneficial owner from doing so, (iv) as long as certification of holding issued by HKSCC and

its participants is treated as lawful proof of a beneficial owner's holding of SSE securities / SZSE securities (as the case may be) under the Hong Kong Special Administrative Region law, it would be fully respected by CSRC and (v) as long as an overseas investor can provide evidential proof of direct interest as a beneficial owner, the investor may take legal actions in its own name in Mainland China courts.

Under the rules of the Central Clearing and Settlement System ("CCASS") operated by HKSCC for the clearing of securities listed or traded on SEHK, HKSCC as nominee holder shall have no obligation to take any legal action or court proceeding to enforce any rights on behalf of the investors in respect of the SSE securities / SZSE securities (as the case may be) in Mainland China or elsewhere. Therefore, although the Fund's ownership may be ultimately recognised, the Fund may suffer difficulties or delays in enforcing its rights in China A-shares. Moreover, whether Mainland China courts will accept the legal action independently initiated by the overseas investor with the certification of holding in SSE securities / SZSE securities (as the case may be) issued by HKSCC and its participants has yet to be tested.

(x) Participation in corporate actions

HKSCC will keep CCASS participants informed of the corporate actions of SSE securities / SZSE securities (as the case may be), in particular those that require CCASS participants / investors to take actions. Hong Kong and overseas investors (such as the Fund) should note and comply with the arrangement and deadline specified by their respective brokers or custodians (i.e. CCASS participants) in order to participate in the corporate actions relating to their SSE securities / SZSE securities (as the case may be). The time for the Fund to take actions for some types of corporate actions of SSE securities / SZSE securities (as the case may be) may be very short. Therefore, the Fund may not be able to participate in some corporate actions in a timely manner.

(xi) Investor compensation

Investments of the Fund through Northbound Trading under the Stock Connect will not be covered by Hong Kong's Investor Compensation Fund. Hong Kong's Investor Compensation Fund is established to pay compensation to investors of any nationality who suffer pecuniary losses as a result of default of a licensed intermediary or authorised financial institution in relation to exchange-traded products in Hong Kong.

Since default matters in Northbound Trading via the Stock Connect do not involve products listed or traded in SEHK or Hong Kong Futures Exchange Limited, they will not be covered by the Investor Compensation Fund. Therefore, the Fund is exposed to the risk of default of the broker(s) it engages in its trading in China A-Shares through the Stock Connect. On the other hand, since the Fund is carrying out Northbound Trading through securities brokers in Hong Kong but not Mainland China brokers, therefore it is not protected by the China Securities Investor Protection Fund in Mainland China.

(xii) Trading costs

In addition to paying trading fees and stamp duties in connection with China A-shares trading, the Fund may be subject to new portfolio fees, dividend tax and tax concerned with income arising from stock transfers which are yet to be determined by the relevant authorities.

(xiii) Regulatory risk

The CSRC Stock Connect rules are departmental regulations having legal effect in Mainland China. However, the application of such rules is untested, and it is uncertain how the Mainland China courts will apply such rules, e.g. in liquidation proceedings of Mainland China companies.

The Stock Connect is novel in nature, and is subject to regulations promulgated by regulatory authorities and implementation rules made by the stock exchanges in Mainland China and Hong Kong. Further, new regulations may be promulgated from time to time by the regulators in connection with operations and cross-border legal enforcement in connection with cross-border trades under the Stock Connect.

The regulations are untested so far and there is no certainty as to how they will be applied. Moreover, the current regulations are subject to change. There can be no assurance that the Stock Connect will not be abolished. The Fund which may invest in the Mainland China markets through the Stock Connect may be adversely affected as a result of such changes.

KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN? You are investing in a unit trust constituted in Singapore that aims to provide you with long term capital appreciation by investing primarily in the equities markets of the Asia Pacific (ex-Japan) region. Distributions of income and/or net capital gains (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made will reduce the Net Asset Value of the Fund. Investment Strategy

The Fund will be investing in emerging and developed markets. There are no target industry and/or sector. We believe that Asian equity markets are structurally inefficient and this inefficiency provides the opportunity for us to add value through a disciplined investment process. We believe that consistent long term returns can be achieved through in-depth fundamental research, a disciplined focus on valuations, understanding what is “priced in” by the market and what the key stock catalysts are. Our investment process comprises research and portfolio construction. We construct the portfolio in a manner consistent with the Fund’s objective as well as taking into account the prevailing macro directions and sector/thematic considerations.	Refer to “Investment Objective, Focus and Approach” (Section 7) of the Prospectus for further information on features of the product.

KEY RISKS

WHAT ARE THE KEY RISKS OF THIS INVESTMENT?

You should consider and satisfy yourself as to the risks of investing in the Fund.

An investment in the Fund is meant to produce returns over the long-term. You should not expect to obtain short-term gains from such an investment.

You should note that the value of Units, and the income accruing to the Units, may fall or rise and that you may not get back your original investment.
