Fidelity Funds is an open-ended Luxembourg-based investment company. We recommend that you obtain detailed information before taking any investment decision. Fidelity only offers information on its own products and services and does not provide investment advice based on individual circumstances. Investments should be made on the basis of the current prospectus and simplified prospectus, which is available along with the current annual and semi-annual reports free of charge from our distributors, from our European Service Centre in Luxembourg, your financial advisor or from the branch of bank and from our legal representative in Switzerland.

Performance calculation: Performance calculated NAV to NAV, gross income reinvested, excluding initial charge. Past performance is not a reliable indicator of future results. The value of investments and any income from them may go down as well as up and an investor may not get back the amount invested. Source: Standard & Poor's and Fidelity.
