The fund may invest in property funds that may be illiquid and subject to wide price spreads, both of which can impact the value of the fund. The value of the property is based on the opinion of a valuer and is therefore subjective. The comparator benchmark assists investors with evaluating the fund's performance against the performance of other funds invested in similar assets. This benchmark has been chosen as it is believed to be appropriate given the fund's investment objective and policy.

For full details of the fund's risks, please see the latest prospectus and the Key Investor Information Document (KIID). Other share classes are available.
