

Key Information Document

Purpose

This document provides you with key information about this investment product, which can be linked to an insurance contract. It is not marketing material. The information is required by law to help you understand the nature, risks, costs, potential gains and losses of this product and to help you compare it with other products.

Product

Mandatum AM Senior Loan Strategy investment basket

PRIIP manufacturer Mandatum Life Insurance Company Limited (Mandatum Life), ISIN:QZ4000007790
<https://www.mandatumlife.fi/>

For further information, call +358 200 31100 (Inc/mnc). Regulated by the Finnish Financial Supervisory Authority (FIN-FSA). Release Date: 26/04/2022

You are about to purchase a product that is not simple and may be difficult to understand.

What is this product?

Type: The investment basket, which is an investment product specified by the insurance company, to whose value development the value of the insurance can be tied. The investment basket cannot be acquired separately; it is part of unit-linked insurance.

Objectives: The Investment Basket makes investments mainly in the unlisted private debt loan arrangements of European and North American companies. Loans are mainly issued in private loan arrangements of European and North American companies.

Intended Retail Investor: The Investment Basket is designed for an investor who is seeking returns that are better than those of normal fixed income investments and is prepared to take the risk of losing capital and returns, either in part or in full. The investor must have the opportunity to hold on to his or her investments at least for 3 years. Due to the limited liquidity typical for the Investment Basket's investments, the investor must not be dependent on the liquidity of the investment he or she has made.

Product term: The recommended investment period is at least 3 years. This product does not have a maturity date, it is a continuous investment basket. The insurance company has a unilateral right to cancel the investment basket without a specific reason by informing the customer of the cancellation within a reasonable amount of time.

What are the risks & what could I get in return?

The risk indicator gives a picture of how this product's risk level relates to the risk level of other products.

The risk indicator assumes you keep the product for 3 years. The actual risk can vary significantly if you cash in at an early stage and you may get back less.

According to PRIIPS regulation, this product's risk level is 4 out of 7, which is a medium risk class. The Investment Basket does not have capital protection. The value of investment objects may increase or decrease. The Investment Basket has limited liquidity associated with high-risk unlisted fixed

income investments and a high return risk and capital risk. Return risk and capital risk mean that investors may lose the capital that they have invested as well as the returns in part or in full.

The risk-reward profile and risk category of the Investment Basket are subject to change. It is not possible to predict the future development of the fund's risk and reward profile and risk category based on the historical data of the Investment Basket's risk category. Not even the lowest risk category (1) means that the investment is completely risk-free.

This product does not include any protection from future market performance so you could lose some or all of your investment.

What are the risks & what could I get in return? (continued)

Performance Scenarios

Scenarios	1 Y	2 Years	3 Years*
Stressed Scenario			
What you might get back after costs	4,742.68€	6,484.48€	5,896.33€
Average return each year %	-52.57	-19.47	-16.15
Unfavourable Scenario			
What you might get back after costs	9,322.97€	9,165.61€	9,099.00€
Average return each year %	-6.77	-4.26	-3.10
Moderate Scenario			
What you might get back after costs	10,379.91€	10,610.26€	10,845.71€
Average return each year %	3.80	3.01	2.74
Favourable Scenario			
What you might get back after costs	10,988.95€	11,679.21€	12,292.65€
Average return each year %	9.89	8.07	7.12

*recommended holding period

This table, according to the PRIIPS regulation, shows the money you could get back over the next 3 years, under different scenarios, assuming that you invest 10,000.00 €.

These scenarios shown illustrate how your investment could perform. You can compare them with the scenarios of other products. The scenarios presented are an estimate of future performance based on evidence from the past, and are not an exact indicator. What you get will vary depending on how the market performs and how long you keep the investment/product. The stress scenario shows what you might get back in extreme market circumstances, and it does not take into account the situation where we are not able to pay you.

The figures shown include all the costs of the product itself, and includes the costs of your advisor or distributor. The figures do not take into account your personal tax situation, which may also affect how much you get back.

What happens if Mandatum Life is unable to pay out?

The product is not covered by the Investors' Compensation Fund or the Deposit Guarantee Fund. The investor may lose all or part of return and the capital he or she has invested in the investment basket. If the insurance company is placed in liquidation or bankruptcy, the interests of the policyholders are secured such that all insurance receivables, regardless of the insurance class and line, hold first preference to all of the company's assets during the company's liquidation and bankruptcy above all other receivables targeted at the company.

What are the costs?

The Reduction in Yield (RIY) shows what impact the total costs you pay will have on the investment return you might get. The total costs take into account one-off, ongoing and incidental costs. The table shows what the costs, including potential exit penalties, could mean for different holding periods. The figures assume you invest 10 000€. The figures shown are partially based on data from the past and therefore may change in the future.

Costs Over Time

Investment Scenarios 10,000.00€	If you cash in after 1 Y	If you cash in after 2 Years	If you cash in after 3 Years*
Total cost €	119.97	247.96	385.63
Impact on return (RIY) per year %	1.20	1.20	1.20

*recommended holding period

What are the costs? (continued)

Composition of Costs

One-off costs

Entry Costs %	0.00	The impact of the costs you pay when entering your investment.
Exit Costs %	0.00	The impact of the costs of exiting your investment when it matures.

Ongoing costs

Portfolio Transaction costs %	0.00	The impact of the costs of us buying and selling underlying investments for the product.
Other ongoing costs %	1.20	The impact of the costs that we take each year for managing your investments.

Incidental costs

Performance fees %	0.00	The impact of the performance fee. We take these from your investment if the product outperforms its benchmark by %.
Carried Interests %	0.00	The impact of carried interests.

Specification of other ongoing costs: Investment basket's management fee 1 %, underlying investments' fees 0.2 %.

Specification of performance fee: Investment basket's performance fee 0 %, underlying investments' performance fees 0 %.

How long should I hold it and can I take money out early?

Recommended minimum holding period: 3 years

Due to limited liquidity typical for the Investment Basket's investments and to achieve targeted return, the investor must have the opportunity to hold on to investments at least for the recommended minimum investment period. It is possible to redeem the Investment Basket's units four times a year on a Value Date suitable for redemption. A Value Date suitable for redemptions is the last day of each calendar quarter. A redemption assignment must be presented to the Insurance Company one month prior to the Value Date. If the redemption assignment arrives at the Insurance Company later, it shall be carried out using value of the next Value Date suitable for redemption. A maximum of 3% of the redemption value can be charged as a redemption fee.

How can I complain?

The customer can complain about the product, the activities of the product's developer or the party selling the product/providing advice by contacting Mandatum Life either on our Web Service through an online message at the address www.mandatumlife.fi or calling our customer services at tel. +358 200 31100 (Inc/mnc). The complaint can also be made by letter. The feedback will be handled according to current legislation. The processing of the matter will take place without delay, however, within a maximum of 30 days.
