First State Asia Opportunities Fund

-The Fund invests primarily in equity or equity-related securities in Asian Region (excluding Australia, New Zealand and Japan).
 -The Fund's investments may be concentrated in a single sector, country, specific region or small numbers of countries/companies which may have higher volatility or greater loss of capital than more diversified portfolios.
 -The Fund invests in emerging markets which may have increased risks than developed markets including liquidity risk, currency risk/control, political and economic uncertainties, high degree of volatility, settlement risk and custody risk.
 -The Fund may expose to China market risk including repatriation risk, uncertainties to PRC taxation policies and risk associated with StockConnects, RQFII quota, SME board and/or ChiNext market. The Fund may also expose to RMB currency and conversion risk.
 -Investing in securities of small/mid-capitalisation companies may have lower liquidity and more volatile prices to adverse economic developments.
 -The Fund may use FDIs for hedging and efficient portfolio management purposes, which may subject the Fund to additional liquidity, valuation, counterparty and over the counter transaction risks.
 -It is possible that a part or entire value of your investment could be lost. You should not base your investment decision solely on this document. Please read the offering document including risk factors for details.

Investment objective & strategy

The Fund aims to achieve long term capital appreciation and invests primarily in equity or equity-related securities of companies that are listed, or have their registered offices in, or conduct a majority of their economic activity in the Asian Region (excluding Australia, New Zealand and Japan).
