These are the maximum charges that we might take out of your money before it is invested and before we pay out the sale proceeds of your investment. In some cases, you might pay less and you should speak to your financial adviser about this.

Charges taken from the Fund over a year

Charges taken from the Fund under specific conditions

Performance fee	NONE
-----------------	------

The Ongoing Charge Figure (OCF) is based on expenses for the half-year ending 30 September 2023 and has been annualised. This figure may vary from year to year.

The Fund operates with an OCF cap, which means that the ACD will aim to keep the cost of investing in it, excluding the cost of buying and selling securities, below 0.99%.

Transaction costs, which are not included in the calculation of the OCF but are incurred by the Fund when buying or selling investments, may have an impact on performance and are paid from the assets of the Fund.

The Fund will pay its share of the fees of other Collective Investment Schemes (CIS) that it invests in, which form part of the OCF.

Our current policy is to charge all fees and expenses to the income of the Fund, and not the capital, other than the costs of buying and selling securities which are charged to the capital of the Fund.

More information about charges can be found in the Fund Prospectus section "Fees and Expenses" and Appendix 1.

Past performance

You should be aware that past performance is not a guide to future performance.

Share/unit class launch date: 24/07/2013.

Performance is calculated in GBP.

The past performance calculation does not include any entry or exit charges if applicable, but does take into account the OCF and the costs of buying and selling securities.
