

Aberdeen Standard SICAV I - Emerging Markets Equity Fund

A Acc USD

Performance Data and Analytics to 31 March 2020

Important Information

- The Fund invests in equities and equity-related securities of companies registered in or conducting the bulk of their business activities in emerging market countries.
- The Fund invests in emerging markets which tend to be more volatile and is subject to higher political, regulatory, credit and liquidity risks.
- Investment in this fund may involve a high degree of risk and may not be suitable for all investors. It is possible that the entire value of the investment could be lost.
- Investors are responsible for their investment decisions and should ensure that the intermediary has advised on fund's suitability and consistency with their investment objective. If in doubt, please seek independent financial and professional advice.
- Investors should not invest in this Fund based solely on this document and should read the relevant offering documents (particularly the investment policies and risk factors) for more details before investing.

Investment objective

To achieve long-term total return by investing at least two-thirds of the Fund's assets in equities and equity-related securities of companies with their registered office in an Emerging Market country; and/or companies which have the preponderance of their business activities in an Emerging Market country; and/or holding companies that have the preponderance of their assets in companies with their registered office in an Emerging Market country.

Emerging Market refers to any country that is included in the MSCI Emerging Markets Index or composite thereof (or any successor index, if revised), or any country classified by the World Bank as a low to upper middle income country.
