Barings Global Opportunities Umbrella Fund

Introduction

Barings Global Opportunities Umbrella Fund (the “Unit Trust”) is a unit trust established pursuant to a Trust Deed dated 26 April 1996 (as amended and restated on 21 July 2015) made between the Baring International Fund Managers (Ireland) Limited (“the Alternative Investment Fund Manager” (“AIFM”)) and Northern Trust Fiduciary Services (Ireland) Limited as Depositary (the “Depositary”) and managed by the AIFM and was designed to give both individual and institutional investors the benefit of experienced and professional portfolio management. It is established in Ireland pursuant to the Unit Trusts Act, 1990, as an Authorised Unit Trust Scheme. Accordingly, the Unit Trust is supervised by the Central Bank of Ireland (the “CBI”). This, however, does not constitute a warranty by the CBI as to the creditworthiness or performance of the Unit Trust, and the CBI shall not be liable for the performance or default of the Unit Trust. The Unit Trust has been authorised by the CBI pursuant to the Unit Trusts Act, 1990. The Unit Trust is classified as a Retail Investor Alternative Investment Fund (“RIAIF”) in accordance with the Alternative Investment Fund (“AIF”) Rulebook issued by the CBI.

The Unit Trust is an umbrella trust in that different funds may be issued from time to time by the AIFM in accordance with the requirements of the CBI. The Unit Trust has two active funds as at 31 October 2019, Barings Asia Balanced Fund and Barings World Dynamic Asset Allocation Fund (the “Funds”). Each of the Funds had three classes of units on offer at period-end. A separate trust fund is maintained for each portfolio of assets and is invested in accordance with the investment objectives applicable to each such Fund. Each Fund may create more than one class of units and these separate classes of units may have different characteristics, which may include, but are not limited to, fee structure, currency of denomination, distribution policy or hedging strategy. Each unit in the Unit Trust constitutes a beneficial interest in the Unit Trust and represents one undivided unit in the property of the relevant Fund. Further details of the fund are contained in the Prospectus.

The Unit Trust has two active Funds as at 31 October 2019, which have been approved by the CBI:

Fund	Fund launch date
Barings Asia Balanced Fund	25/03/2006
Barings World Dynamic Asset Allocation Fund	28/04/2012

Barings Asia Balanced Fund had three classes of units on offer at period-end. Barings World Dynamic Asset Allocation Fund had three classes of units on offer at period-end. Further details of the Funds are contained in the individual supplements to the full Prospectus.

The financial statements include all the trades received up until 12:00p.m. (Irish time) on 31 October 2019, the valuation point for the Unit Trust.

Barings Global Opportunities Umbrella Fund

Investment Objective and Policy

Barings Asia Balanced Fund

The investment objective of the Barings Asia Balanced Fund (the “Fund”) is aimed specifically, but not exclusively, at meeting the investment requirements of Hong Kong-based retirement schemes, and its investment objective and policies have been tailored accordingly; namely, to achieve a long-term annualised real rate of return in excess of 2% per annum above Hong Kong wage inflation, when measured in Hong Kong dollar terms. Accordingly, it is the intention of the AIFM that the Fund will normally include a diversified range of international equities and debt securities, generally with a significant exposure to Asian equities. Investment may also be made in cash and money market instruments where considered appropriate in light of market conditions.

Barings World Dynamic Asset Allocation Fund

The investment objective of the Barings World Dynamic Asset Allocation Fund (the “Fund”) is to achieve an absolute return of 4% per annum in excess of cash, based on three-month US dollar LIBOR over a rolling three-year period. There is no guarantee that the investment objective of the Fund will be achieved.

The Fund will seek to achieve its investment objective by actively allocating across equities, fixed income, money market instruments and/or cash. These asset classes will be selected by assessing the risk and return profile based on characteristics such as estimated growth, inflation and an assessment of valuation. This analysis will be adjusted dynamically in anticipation of and in response to changes in economic and market conditions, with the aim of maximising returns. Investments within each asset class are then selected by analysing the profitability, cash flow, earnings and valuations to determine their attractiveness as investments. In this regard, the Investment Manager will seek to actively allocate the Fund’s portfolio of investments across the asset classes which it believes will offer the best opportunities at any given time. The Fund is not subject to any formal limitations on exposure to any specific asset class, country or region.

Please refer to the Prospectus for the full investment objective and policy of all the Funds.

How the Funds are managed

The AIFM of the Unit Trust has appointed Baring Asset Management Limited as the Investment Manager of the Funds. In turn, Baring Asset Management Limited has appointed Baring Asset Management (Asia) Limited as Sub-Investment Manager of the Funds.

The Barings Asia Balanced Fund is invested in the international equity and fixed-interest markets, with a significant bias towards the Asia Pacific equity markets. Investments are made using both a “top-down” and a “bottom-up” investment approach. Asset allocation and thematic investing are based on a disciplined top-down research process. Stock selection is based on the individual merits of a specific company, rather than taking a stance on the outcome of a sector of the market or macroeconomic trends such as interest rate rises.

For Barings World Dynamic Asset Allocation, ideas generated by the Strategic Policy Group are used by the Investment Manager’s global macro research and asset allocation team to choose what are believed to be the best investments to achieve the investment objectives of the Fund. This means that a portfolio is constructed to invest in countries and sectors, stocks and fixed-income securities that suit the current asset allocation policy at that point in time. A “top-down” approach is combined with rigorous security-level analysis. Stock selection is based on the individual merits of a specific company, rather than taking a stance on the outcome of a sector of the market or macroeconomic trends such as interest rate rises.

Barings’ stock analysts adopt a common “Growth at a Reasonable Price” (“GARP”) approach. This means that when researching candidates for the portfolio, just as much emphasis is placed on the likely growth in corporate earnings and dividends at a company as is placed on the share price valuation before deciding whether to invest or not.

The selection of fixed-income securities is based on their creditworthiness, and the level and safety of their running yields.

Barings Global Opportunities Umbrella Fund

Investment Objective and Policy (continued)

Risk profile of Barings Asia Balanced Fund

The Fund is primarily invested in global equities and bonds, with a focus on Asian equities. As such, the Fund is exposed to higher than normal volatility, compared to a standard global balanced fund. This is based on the fact that Asian share prices tend to be more volatile than their developed market counterparts. In order to reduce the volatility in the portfolio, the Fund has also invested in fixed-interest investments. Bonds are generally considered to be safer than equities. However, their value can be significantly reduced by interest rate movement. When interest rates go up, bond values generally go down, and vice versa. Returns from overseas bond and equity markets can also be subject to fluctuations in exchange rates, which can have the effect of eroding or enhancing the value of investment returns for investors. Moreover, the Investment Manager regularly runs several risk reports, with the objective of assessing the implied risks taken in the portfolio, the result of which will lead the Investment Manager either to increase or reduce risk in the portfolio.

Though we seek to achieve a long-term annualised real rate of return in excess of 2% per annum above Hong Kong wage inflation (when measured in Hong Kong dollar terms), this is not guaranteed. Please refer to the Prospectus for the full risk profile. Investors should read the Prospectus and carefully consider the potential risk factors as well as reward factors before investing.

Risk profile of Barings World Dynamic Asset Allocation Fund

The Fund has a high degree of flexibility in where it invests, which includes direct equities and bonds, cash, and cash-like instruments.

As such, investment in the Fund can involve exposure not just to the general volatility which can characterise equity and bond markets from time to time, but to the additional risk factors associated with investment in emerging markets and smaller companies. These include liquidity and counterparty risks in the case of certain alternative investments and the possibility of a lower standard of corporate governance, increased political risk and the likelihood of a high degree of volatility in the case of emerging markets and smaller companies. Returns from overseas equity markets can also be subject to fluctuations in exchange rates, which can have the effect of eroding or enhancing the value of the returns for investors.

Although the Fund will aim to generate a positive investment return ahead of inflation, it is possible that the asset allocation strategy and/or security selection will be unsuccessful and that a capital loss will be incurred as a result. Please refer to the Prospectus for the full risk profile. Investors should read the Prospectus and carefully consider the potential risk factors as well as reward factors before investing.

Barings Global Opportunities Umbrella Fund

Investment Managers' Report

For the financial period ended 31 October 2019

Barings Asia Balanced Fund

Performance

The Barings Asia Balanced Fund (the "Fund") registered a gross return of 2.12% for the Class A USD Inc shares and underperformed the performance comparator return of 3.80%* over the period. Allocation to US equities contributed most to the positive return, followed by selected DM ex-Europe equities, government bonds and Emerging Market ("EM") USD bonds during the period. Conversely, allocation to EM Asia detracted, mostly due to underperformance of HK/China equities amid local social unrest. All other major markets contributed moderately over the period.

The report period captures some volatile times in global markets. Risk assets took a sharp turn in May on the back of surprise heightened trade tension between US and China. Trade talk between the two countries, which was perceived to be progressing well by the market, took a turn when US raised tariffs on USD 200 billion worth of goods from 10% to 25%. The situation escalated subsequently as China imposed tariffs on US in retaliation. Global equities fell by close to 6%; Asia, in particular China equities underperformed, reversing the strong outperformance in the first 4 months of the year. Market rebounded in June as trade tension fear subsided and central banks encouraged markets with dovish statements. Trade talk between US and China continued to grind along with its ups and downs, with the G20 meeting resulting in a truce coupled with lingering uncertainties. Over the summer, risk assets remained range bound amid the confluence of trade negotiation, Brexit development and the dovish pivot of central banks. Equity markets traded a leg up in the last two months of the report period amid positive development in trade negotiation and Brexit, along with the US Federal Reserves (the "Fed") cutting rates. On the fixed income front, long end rates came down aggressively from May to August, then traded higher in the last two months of the report period as risk sentiment improved. Looking at FX, most major currencies weakened against the USD except for JPY over the period.

The fund posted a positive return over the period. Allocation to US equities contributed most, followed by selected DM ex-Europe equities, government bonds and EM USD bonds the period. Conversely, allocation to EM Asia detracted, mostly due to underperformance of HK/China equities amid local social unrest. All other major markets contributed moderately over the period.

Market outlook

Looking at rest of the year and beyond, slowing macro data will likely translate to negative earnings growth for year 2019. But on the flipside, new monetary and fiscal stimulus should provide some tailwind for the global economy. Stabilization in macro conditions at current levels, along with a potential trade deal between US and China could support risk sentiment in the near term. This has prompted us to stay engaged with risk assets despite deteriorating fundamentals. Looking at monetary conditions, central banks are back in accommodative mode amid a slowing economy, with the Fed further cutting rate in October. Remaining neutral on equities, our portfolio continues to be carry-oriented, with emphasis on global credit and EM bonds as we expect equities to remain range-bound against a fluid macro backdrop. Within equities, we stick to our country preferences for the US and Eurozone, as earnings in these two regions have appeared to remain relatively stable, with US retaining a healthy dose of organic growth. As geopolitical risks such as trade tension and Brexit subside, USD could weaken and support technicals for EM risk assets and FX. In addition, earnings revisions of EM Asia companies are turning positive for the first time in a while and valuations are relatively attractive after previous sell-off. In this context, we have become tactically constructive on EM Asia equities and EM local bonds.

* The Fund return uses the midday prices, whereas the return of the comparator is calculated using global close prices.

Barings World Dynamic Asset Allocation Fund

Performance

The Barings World Dynamic Asset Allocation Fund (the "Fund") registered a gross return of 2.56% for the Class I USD Acc shares and underperformed the performance comparator return of 3.16%* over the period. Allocation to government bonds contributed most to the positive return, followed by our allocation to Emerging Market ("EM") USD bonds as rates came down aggressively over the period. Conversely, allocation to Europe and UK equities detracted. Equities in other markets all contributed, with US equities being the leader. Regarding FX, our hedging against GBP and EUR added value as these currencies weakened over the period.

The report period captures some volatile times in global markets. Risk assets took a sharp turn in May on the back of surprise heightened trade tension between US and China. Trade talk between the two countries, which was perceived to be progressing well by the market, took a turn when US raised tariffs on USD 200 billion worth of goods from 10% to 25%. BARINGS

Barings Global Opportunities Umbrella Fund

Notes to the financial statements

For the financial period ended 31 October 2019

1. Basis of measurement

The financial statements presented are unaudited condensed interim financial statements for the financial period ended 31 October 2019 that have been prepared in accordance with Financial Reporting Standard 104 ("FRS 104") "Interim Financial Reporting".

Barings Global Opportunities Umbrella Fund (the "Unit Trust") has been authorised by the Central Bank of Ireland (the "CBI") pursuant to the Unit Trusts Act, 1990, and the Trust Deed. As the Barings Asia Balanced Fund (the "Fund") is registered for sale in Hong Kong, the Fund has also been authorised by the Hong Kong Securities and Futures Commission ("SFC") pursuant to the provisions of the Hong Kong Code on Unit Trusts and Mutual Funds, supplemented or consolidated from time to time. The condensed interim financial statements have been prepared in accordance with accounting standards generally accepted in Ireland and Irish Statute, comprising the Unit Trusts Act, 1990, and the provisions of the Hong Kong Code on Unit Trusts and Mutual Funds. Accounting standards generally accepted in Ireland in preparing financial statements giving a true and fair view are those issued by the Financial Reporting Council ("FRC").

The accounting policies applied in these condensed interim financial statements are consistent with those used in Unit Trust's most recent annual financial statements for the financial year ended 30 April 2019.

The condensed interim financial statements have been prepared under the historical cost convention as modified by the revaluation of financial assets and financial liabilities held at fair value through profit or loss. These financial statements were prepared on the going concern basis.

The preparation of financial statements requires management to make judgements, estimates and assumptions that affect the application of policies and the reported amounts of assets, liabilities, income and expenses. The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances, the results of which form the basis of the judgements made about carrying values of assets and liabilities that are not readily apparent from other sources. Actual results may differ from these estimates.

The Unit Trust meets all the conditions set out in FRS 102, section 7 and consequently has availed of the exemption available to certain funds not to prepare a statement of cash flows.

The comparative figures included for the Statement of Financial Position relate to the previous financial year ended 30 April 2019, while the comparative figures included for the Statement of Comprehensive Income and Statement of Changes in Net Assets Attributable to Holders of Redeemable Participating Units relate to the six month period ended 31 October 2018.

2. Significant accounting policies

Fair value measurement

By fully adopting FRS 102, in accounting for its financial instruments, a reporting entity is required to apply either a) the full requirements of FRS 102 relating to Basic Financial Instruments and other Financial instruments, b) the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of FRS 102 relating to Basic Financial instruments and Other Financial instruments, or c) the recognition and measurement provisions of IFRS 9 Financial instruments and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other financial instruments. The Unit Trust has chosen to implement (b) the recognition and measurement provisions of IAS 39 Financial Instruments: Recognition and Measurement and only the disclosure requirements of FRS 102 relating to Basic Financial Instruments and Other Financial Instruments.

The use of IAS 39 recognition and measurement provisions is in line with the pricing policy, which outlines that the fair value of financial assets and financial liabilities be valued at the last traded prices.

3. Cash and cash equivalents, margin cash and bank overdrafts

The below cash analysis relates to Barings Asia Balanced Fund.

Barings Global Opportunities Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2019

3. Cash and cash equivalents, margin cash and bank overdrafts (continued)

Cash and cash equivalents, margin cash and bank overdrafts are valued at fair value with interest accrued, where applicable. Cash deposits are maintained with The Northern Trust Company ("TNTC"), London branch, with uninvested cash balances being swept daily into the Northern Trust Global Funds. Any margin cash is held by the broker as this is restricted cash. As at 31 October and 30 April 2019, the following margin cash was held:

	31 October 2019	30 April 2019
	US\$	US\$
Union Bank Switzerland ("UBS")	518,500	368,911
Total	518,500	368,911

8. Distributions (continued)

Financial period ended 31 October 2018

	Distribution frequency	Distributed amount paid* US\$	Income equalisation** US\$
Class A USD Inc	Quarterly	(6,688)	(571)
		<u>(6,688)</u>	<u>(571)</u>

* Includes distributions with an ex-date of 1 May 2018 which were paid during the financial period ending 31 October 2018. These distributions with an ex-date of 1 May 2018 reflect the undistributed income on the Fund as at 30 April 2018.

** Income equalisation relates to the dealing activity of distributing classes for the financial period from 1 May 2018 to 31 October 2018. The income equalisation of the distributing classes is disclosed separately in the statement of changes in net assets attributable to holders of redeemable participating units for the financial period ended 31 October 2018.

9. Significant agreements and fees

Management fee

Barings Asia Balanced Fund

The Alternative Investment Fund Manager (the "AIFM") is entitled under the Trust Deed to charge a management fee at a rate not exceeding 2% per annum of the value of the net assets of the Fund, with the exception of where it may be substituted by a supplemental Trust Deed, which would be approved by an extraordinary resolution of unitholders of the relevant class (the "Management Charge"). The Management Charge, which comprises the management fee and fees charged by the AIFM in respect of the Depositary and administration services, is payable monthly in arrears and will be calculated and accrued by reference to the value of the net assets of the Fund as at each day at which the value of the net assets of the Fund is calculated. The AIFM currently charges a management fee payable out of the Management Charge for the Barings Asia Balanced Fund at a rate of 1% per annum of the value of the net assets of the Fund attributable to each class. The management fee may be increased to an amount not exceeding 2% per annum of the value of the net assets of the Fund attributable to each class on giving not less than three months' notice to unitholders, provided that the overall Management Charge does not exceed 2% per annum.

Barings World Dynamic Asset Allocation Fund

Details of the maximum permitted management charge and the current management fee for the Barings World Dynamic Asset Allocation Fund are set out in the table below:

Class	Management fee
Class A USD Acc	1.00%
Class A AUD Hedged Acc	1.00%
Class I USD Acc	0.55%

* In respect of Class X units, no management charges are taken from the Fund. Management charges are subject to a separate agreement between the investor and the Investment Manager or its associates. Class X units may only be issued to investors who have an agreement in place with the Investment Manager in relation to the collection of an investment management charge or similar fee arrangement.

Barings Global Opportunities Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2019

9. Significant agreements and fees (continued)

Barings Asia Balanced Fund (continued)

Where the Net Asset Value of the Unit Trust includes values in respect of interest in an Investment Fund managed by a subsidiary of the Investment Manager, the fee payable to the AIFM shall not accrue in respect of any holding of that Fund in any such Barings Fund at the relevant rate set out above but shall accrue at a lower rate equal to the percentage rate (if any) by which the rate for such Fund set out above exceeds the annual rate charged to the Barings fund for comparable management services. Barings Asia Balanced Fund received a management rebate for the financial period of US\$5,556 (31 October 2018: US\$17,808) in relation to an investment in Barings Greater China Equity Fund, Barings Eastern Europe Fund and Barings Global Multi Asset Income Fund. Barings World Dynamic Asset Allocation Fund received a management fee rebate for the financial period of US\$nil (31 October 2018: US\$nil).

The Unit Trust is managed by the AIFM, who has delegated investment responsibility to the Investment Manager, an investment management company incorporated in London on 6 April 1994. The Investment Manager is part of the Barings LLC group and is a wholly owned subsidiary of Massachusetts Mutual Life Insurance Company ("MassMutual"). The outstanding amounts payable as at the end of the year for management fees are disclosed on each Fund's Statement of Financial Position.

The foregoing charges may be increased up to the relevant amount specified in the Prospectus on giving not less than three months' notice to unitholders. The rates have not changed from the previous financial year.

Administration fee

Barings Asia Balanced Fund

For the Barings Asia Balanced Fund, an administration fee is paid out of the management charge at the rate of 0.375% per annum of the value of the net assets of the Fund attributable to each class. The fees of the Administrator will be met by the AIFM out of the management charge. The Administrator is also entitled to be reimbursed all out-of-pocket expenses incurred by it in the course of its respective duties, which shall be borne by the Fund.

Barings World Dynamic Asset Allocation Fund

For the Barings World Dynamic Asset Allocation Fund, the AIFM was entitled to receive under the Trust Deed a maximum administration fee for the account of the AIFM (in addition to the management fee) at the rate of 0.10% of the Net Asset Value of the Barings World Dynamic Asset Allocation Fund calculated by reference to the daily calculation of the Net Asset Value of the Barings World Dynamic Asset Allocation Fund. Such fees were to be paid monthly in arrears and were payable out of the assets of the Barings World Dynamic Asset Allocation Fund. The Administrator was also entitled to receive, out of the assets of the Barings World Dynamic Asset Allocation Fund, all out-of-pocket expenses incurred by it in the course of providing its duties.

Depositary fees

Barings Asia Balanced Fund

A Depositary fee was paid out of the Management Charge, and such a fee was not to exceed 0.025% per annum of the Net Asset Value of the Fund attributable to each class. The fees of the "Depositary were met by the AIFM out of the Management Charge. The Depositary was also entitled to be reimbursed all out-of-pocket expenses incurred by it in the course of its respective duties, including all fees and charges of sub-custodians appointed by the Depositary (including the fees and expenses of any sub-sub-custodians), which were borne by the Fund.

Barings World Dynamic Asset Allocation Fund

The Depositary was entitled under the Trust Deed to receive a depositary fee of up to 0.025% per annum of the Net Asset Value of the Fund attributable to each class. Such fees were payable out of the assets of the Fund and were paid monthly in arrears and accrued based on the Net Asset Value of the Fund on each dealing day.

In addition, the Depositary was also charged transaction fees, safekeeping fees and account maintenance charges out of the assets of each Fund, which were at normal commercial rates. The Depositary was entitled to be reimbursed all fees and charges of sub-custodians appointed by it and all other out-of-pocket expenses incurred by it. Any sub-custodian fees were charged at normal commercial fees.

Barings Global Opportunities Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2019

9. Significant agreements and fees (continued)

Transaction costs

The transaction costs incurred by the Funds for the financial periods ended 31 October 2019 and 31 October 2018 were as follows:

	31 October 2019	31 October 2018
	US\$	US\$
Barings Asia Balanced Fund	27,820	58,636
Barings World Dynamic Asset Allocation Fund	27,306	24,174

Legal adviser

The fees paid to Deacons during the financial period amounted to US\$46,020 (31 October 2018: US\$69,642). The fees paid to Matheson during the financial period amounted to US\$68,486 (31 October 2018: US\$27,609).

Investment Funds

Some of the Funds invest in other Investment Funds managed by the Investment Manager. These holdings are detailed in the schedule of investments.

10. Related party transactions

Peter Clark is connected to the AIFM through employment with Barings (U.K.) Limited. Timothy Schulze is connected to the AIFM through employment with Barings LLC. Julian Swayne is connected to the AIFM through employment with Baring Asset Management Limited. Alan Behen and Paul Smyth are employees of the AIFM. The AIFM will discharge the fees and expenses of the Investment Manager out of its own fee. The Investment Manager is part of the Barings LLC group and is a wholly owned subsidiary of Massachusetts Mutual Life Insurance Company ("MassMutual"). Parties are considered to be related if one party has the ability to control the other party or exercise significant influence over the other party in making financial or operational decisions.

Significant unitholdings

The following table details significant concentrations in unitholdings of the Funds or instances where the units are beneficially held by other Investment Funds managed by the Investment Manager or one of its affiliates. As at 31 October 2019, the following had significant unitholdings in the Funds:

Fund name	Number of unitholders with beneficial interest greater than 20% of the units in issue	Total % of unitholders with beneficial interest greater than 20% of the units in issue	Total % of units held by Investment Funds managed by Baring International Fund Managers (Ireland) Limited or affiliates
Barings Asia Balanced Fund	Nil (30 April 2019: Nil)	Nil (30 April 2019: Nil)	Nil (30 April 2019: Nil)
Barings World Dynamic Asset Allocation Fund	3 (30 April 2019: 3)	96.89% (30 April 2019: 96.86%)	22.99% (30 April 2019: 22.98%)

Barings Global Opportunities Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2019

11. Fair value hierarchy

FRS 102 requires the Funds to classify fair value measurements using a fair value hierarchy that reflects the significance of the inputs used in making the measurements. The fair value hierarchy has the following levels:

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities.
- Level 2: Inputs other than quoted prices included within level 1 that are observable for the asset or liability, either directly (that is, as prices) or indirectly (that is, derived from prices).
- Level 3: Inputs for the asset or liability that are not based on observable market data (that is, unobservable inputs).

The level in the fair value hierarchy within which the fair value measurement is categorised in its entirety is determined on the basis of the lowest input that is significant to the fair value measurement in its entirety. For this purpose, the significance of an input is assessed against the fair value measurement in its entirety. If a fair value measurement uses observable inputs that require significant adjustment based on unobservable inputs, that measurement is a level 3 measurement. Assessing the significance of a particular input to the fair value measurement in its entirety requires judgement, considering factors specific to the asset or liability.

The determination of what constitutes 'observable' requires significant judgement by the AIFM. The AIFM considers observable data to be market data that is readily available, regularly distributed or updated, reliable and verifiable, not proprietary, and provided by independent sources that are actively involved in the relevant market.

The following tables analyse within the fair value hierarchy the Fund's financial assets and financial liabilities measured at fair value.

As at 31 October 2019

Total	<u>22,768,745</u>	<u>19,628,490</u>	<u>–</u>	<u>42,397,235</u>

There have been no transfers during the financial period ending 31 October 2019 or financial year ending 30 April 2019 from level 1 to level 2 or from level 2 to level 1. At 31 October 2019 and 30 April 2019, there were no financial assets or financial liabilities classified as level 3.

Transfer between levels, where applicable, occur at the end of the financial period.

Cash including deposits held with banks and other short-term investments in an active market are categorised as Level 1. All receivables and payables are categorised as Level 2.

Barings Global Opportunities Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2019

12. Efficient portfolio management

Barings Asia Balanced Fund and Barings World Dynamic Asset Allocation Fund (the “Funds”) may use Financial Derivative Instruments (“FDIs”) for efficient portfolio management. The efficient portfolio management purposes for which the Unit Trust intends to employ FDIs are reduction of risk, reduction of cost and the generation of additional capital or income for the relevant Fund with an appropriate level of risk, taking into account the risk profile of the Funds and the general provisions of the AIF Rulebook. The Funds may use various types of derivatives for these purposes, including, without limitation, forwards, futures, options, swaps (including but not limited to total return swaps, credit default swaps, and IRSs) and contracts for differences for these purposes.

Risk Monitoring of Global Exposure

The Funds have been classified as a non-sophisticated user of FDI and, as permitted by the AIF Rulebook the Unit Trust has adopted a commitment approach (the “Commitment Approach”) in the calculation of global exposure for the Funds during the financial period.

In accordance with the CBI’s Alternative Investment Fund (“AIF”) Rulebook, the Commitment Approach has been calculated, in the case of forward currency contracts (“FCCTs”), by converting the FCCT position into an equivalent position based on the market value of the underlying asset. As the FDI are used for hedging purposes, the exposure of the FDI has been calculated and then netted against the instrument being hedged. The Global Exposure calculation is performed on a daily basis.

In no circumstances will the global exposure of the Funds exceed 100% of its Net Asset Value.

15. Soft commission arrangements

The Investment Manager will pay for research from their own books, as commission paid on trades will be "execution only", which is the agreed cost for the broker to settle the trade (31 October 2018: same).

16. Contingent liabilities

There were no contingent liabilities at financial period-end 31 October 2019 and financial year-end 30 April 2019.

17. Transactions with connected persons

The CBI's AIF Rulebook requires that any transaction carried out with the Unit Trust by a Promoter, AIFM, Depositary and/or Investment Manager and/or associate, or group of, companies of these ("connected parties") are carried out as if negotiated at arm's length and are in the best interests of the unitholders.

The Directors of the AIFM are satisfied that there are arrangements (evidenced by written procedures) in place to ensure that this requirement is applied to all transactions with connected parties, and that all transactions with connected parties during the financial period complied with the requirement.

18. Taxation

Under current Irish law and practice, the Unit Trust is an investment undertaking as defined in Section 739B of the Taxes Consolidation Act, 1997, as amended (the "TCA"). On that basis, it is not chargeable to Irish tax on its income or capital gains.

However, Irish tax may arise if a "chargeable event" occurs. A chargeable event includes any distribution payments to unitholders or any encashment, redemption, cancellation, transfer or deemed disposal of units for Irish tax purposes arising as a result of holding units in the Unit Trust for a period of eight years or more, or the appropriation or cancellation of units of a unitholder by the Unit Trust for the purposes of meeting the amount of tax payable on a gain arising on a transfer.

No Irish tax will arise on the Unit Trust in respect of chargeable events due to:

Barings Global Opportunities Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2019

18. Taxation (continued)

(a) a unitholder who is neither Irish resident nor ordinarily resident in Ireland for tax purposes at the time of the chargeable event, provided that a relevant declaration is in place (in accordance with Schedule 2b of the TCA) and the Unit Trust is not in possession of any information which would reasonably suggest that the information contained therein is no longer materially correct; or

(b) a unitholder who is an exempt Irish investor (as defined in Section 739D TCA).

Dividends, interest and capital gains (if any) received on investments made by the Unit Trust may be subject to withholding taxes imposed by the country from which the investment income/gains are received and such taxes may not be recoverable by the Unit Trust or its unitholders.

The Finance Act 2010 provides that the Revenue Commissioners may grant approval for Unit Trust Investment Undertakings marketed outside of Ireland to make payments to non-resident investors without deduction of Irish tax where no relevant declaration is in place, subject to meeting “equivalent measures”. A Unit Trust Investment Undertakings wishing to receive approval must apply in writing to the Revenue Commissioners, confirming compliance with the relevant conditions.

19. Bank facilities

There is a bank overdraft facility in place with The Northern Trust Company (“TNTC”). An “uncommitted” multi-currency loan facility has been made available by TNTC to the Fund. During the financial period ended 31 October 2019, the Funds have drawn down on this facility (30 April 2019: same).

20. Material changes to the Prospectus

The Prospectus of the Unit Trust was updated on 5 June 2019. Details of the material changes to the Prospectus are listed below.

- Funds may invest up to 10% of its NAV in domestic Chinese bonds. Risks related to investments in China are updated accordingly.

The Prospectus of the Unit Trust was further updated on 25 November 2019. Details of the material changes to the Prospectus are listed below.

- Change in distribution frequency for the Barings Asia Balanced Fund from quarterly to monthly.
- The distribution policy has been updated to provide for dividends to be payable out of the capital of the unit trust.
- Amendments and clarifications where applicable to reflect an update to local regulation in Hong Kong (the Code on Unit Trusts and Mutual Funds), where the Barings Asia Balanced Fund is registered.

There are other immaterial changes to the prospectuses that are not listed above.

21. Significant events

The Prospectus of the Unit Trust was updated on 5 June 2019. The material changes to the Prospectus are outlined in note 20.

The consequences of the 2016 Brexit referendum continue to be uncertain and Barings continues to plan for a number of possible scenarios, including “no deal”. Barings is committed to ensuring continuity of service for its investors and protecting its business against potential regulatory or other market access barriers related to Brexit. In this regard, Baring International Fund Managers (Ireland) Limited (“BIFMI”), will continue as the AIFM of the Company and the Sub-Funds will continue to be registered for distribution into relevant jurisdictions in EU27 and elsewhere. Portfolio management in respect of European investments will continue to be delegated to Baring Asset Management Limited, a UK entity and portfolio management of US investments will continue to be conducted by Barings LLC, a US entity. The custodians and administrators of the Funds are also EU27 entities. In addition, BIFMI has enhanced its presence in Dublin and recruited locally at all levels to staff its new office, reflecting the increased significance of BIFMI’s role within the Barings business.

Barings Global Opportunities Umbrella Fund

Notes to the financial statements (continued)

For the financial period ended 31 October 2019

21. Significant events (continued)

Whilst the medium to long-term consequences of the decision to leave the EU remain uncertain in any scenario, there could be short-term volatility which could have a negative impact on general economic conditions, business and consumer confidence in both the UK and EU, which may in turn have negative political, economic and market impacts more widely. The longer-term consequences may be affected by the terms of any future arrangements the UK has with the EU27. Among other things, the UK's decision to leave the EU could lead to changes in the law and tax treatment of funds, instability in the equity, debt and foreign exchange markets, including volatility in the value of sterling or the euro.

There have been no other significant events to the financial period-end which, in the opinion of the Directors, may have had an impact on the financial statements for the financial period ended 31 October 2019.

22. Subsequent events

A further updated Prospectus of the of the Unit Trust was issued on 25 November 2019. The material changes to the Prospectus are outlined in note 20.

There have been no other events subsequent to the financial period-end which, in the opinion of the Directors, may have had an impact on the financial statements for the financial period ended 31 October 2019.

23. Periodic reporting

Pursuant to Directive 2011/61/EU, the AIFM is required to periodically disclose the following information to investors in the Funds:

- There were no assets held that are subject to special arrangements arising from their illiquid nature.
- There are no new arrangements for managing the liquidity of the Funds.

24. Approval of financial statements

The financial statements were approved by the Board of Directors on 12 December 2019.

Barings Global Opportunities Umbrella Fund

General information

Barings Global Opportunities Umbrella Fund (the “Unit Trust”) is an umbrella trust in that different funds may be issued from time to time by Baring International Fund Managers (Ireland) Limited (“the Alternative Investment Fund Manager (AIFM)”) in accordance with the requirements of the Central Bank of Ireland (the “CBI”).

Each Fund will be treated as bearing its own liabilities and enter into its own obligations and the assets of a Fund are not available to cover the commitments of another Fund within the Unit Trust. Separate accounts and records will be maintained for each Fund.

Each Fund will be valued by reference to the Net Asset Value per unit determined as at 12 noon (Dublin time) on each dealing day and such units may normally be purchased, realised or converted on a dealing day by application to the AIFM on a dealing day.

All unitholders are entitled to the benefit of, are bound by and are deemed to have notice of, the provisions of the Trust Deed.

This general information is selective and should be read in conjunction with the full text of the Prospectus.

Market timing

Repeatedly purchasing and selling redeemable participating units in Barings Asia Balanced Fund and Barings World Dynamic Asset Allocation Fund (the “Funds”) in response to short-term market fluctuations – known as ‘market timing’ – can disrupt Baring Asset Management Limited’s (the “Investment Manager’s”) investment strategy and increase the Funds’ expenses to the prejudice of all unitholders. The Funds are not intended for market timing or excessive trading. To deter these activities, the Investment Manager may refuse to accept an application for units from persons that it reasonably believes are engaged in market timing or are otherwise excessive or potentially disruptive to the Funds.

The Investment Manager reserves the right to redeem redeemable participating units from a unitholder on the basis of the circumstances of the unitholder concerned, or if it has reasonable grounds to believe that the unitholder is engaging in any activity which might result in the Funds or their unitholders as a whole suffering any legal, regulatory, reputational or other material disadvantage which the Funds or their unitholders as a whole might not otherwise have suffered.
