

Important information

- The Fund's equities and equity-related investments could be volatile and subject to high risk of loss. The Fund invests in debt securities that may be subject to credit/counterparty risk, interest rate risk, downgrading risk, sovereign default risk, valuation risk, credit rating risk, liquidity risk, risk associated with investment in Europe, exchange rate risk and higher default risk in high yield / non-Investment Grade / unrated debt securities as well as other risks. The Fund may invest in emerging markets which can be more volatile and less liquid than developed markets and subject to additional risk arising from unstable social, political & economic environment.
- The performance of the Fund depends on the success of the asset allocation strategy. There is no assurance that the strategy employed will be successful.
- The Fund may use derivatives for hedging, efficient portfolio management and/or investment purposes, and may be subject to risks associated with derivatives such as leverage, liquidity, valuation, volatility, over-the-counter transaction and counterparty risks. This may result in significant risk of loss when the use becomes ineffective.
- The Inc-2 Share Class may at the Board of Directors' discretion pay dividends gross of expense and therefore may effectively pay dividend out of capital. Inc-3 Share Class may at the Board of Directors' discretion pay dividend gross of expense or out from its capital. Paying dividend gross of expense or out of capital may amount to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. This may result in an immediate reduction of the net asset value per Share.
- IRD Share Class and Reference Currency Hedged Share Class may be subject to risks arising from uncertainty in interest rate and foreign exchange.
- In adverse situations, the Fund may suffer significant losses. It is possible that the original amount you invested could be lost.
- Investors should not solely rely on this document to make investment decisions.

Global Multi-Asset Income Fund

The comparative index may vary. As such the performances of the "composite" comparative index may consist of a combination of the old comparative index prior to the change and the current comparative index post the change. ¹Source: © 2021 Morningstar. All Rights Reserved. Data as of 31.01.21, performances based on NAV to NAV, gross income reinvested in base currency. Morningstar Ratings based on A Inc-2 USD share class. This rating does not guarantee that the fund constituent, or fund prices will not fluctuate. ²The share class aims to make distribution as per the distribution frequency stated. Annualised Yield = Distribution per share/Record date NAVxDistribution frequencyx100%.

Warning: Please note that a positive annualised yield does not imply a positive return. Dividend is not guaranteed. The Board of Directors may amend the dividend policy (including any change to dividend payment out of capital) subject to the SFC's prior approval and by giving not less than one month's prior notice to affected. The compositions of the dividends (i.e. the relative amounts paid out of net distributable income and capital) are available by the Hong Kong Representative on request and also on the website of the Hong Kong Representative www.ninetyone.com/hk (the content of which have not been reviewed by the SFC).
