## The fund's investment strategy

The fund invests mainly in equities of companies operating in or associated with the communications services and information technology sectors. Geographically, the fund has full flexibility.

The majority of the fund's investments will be components of or be securities with similar characteristics as the securities in the fund benchmark. The Investment Manager may use its discretion to invest in securities not included in the benchmark in order to take advantage of specific investment opportunities.

## The fund's investment objective

This actively managed fund aims to achieve a maximum return on investment over the long term without undue risk.

The fund is suitable for investors wishing to attain defined investment objectives. The investor must have experience with volatile products.

The investor must be able to accept significant temporary losses, thus the fund is suitable to investors who can afford to set aside the capital for at least 5 years.

## Responsible investments

The investment universe is carefully screened, taking into account DNB Groups Standard for Responsible Investments seeking to ensure that DNB does not contribute to human or labour rights violations, corruption, serious environmental harm and other actions which may be perceived to be unethical and/or unsustainable.

The fund's investments are considered in relation to social, environmental and ethical criteria based on internationally recognised guidelines and principles including the UN Global Compact, the OECD Guidelines for Multinational Enterprises, the Ottawa Convention (international agreement on the prohibition of anti-personnel mines) as well as the Convention on Cluster Munitions.

The fund is not categorised as an ESG fund as such, but the management of the fund adheres to DNB Asset Management's company-wide ESG guidelines. The guidelines aim to ensure that DNB Asset Management does not invest in companies which contribute to serious violation of human and labour rights, grave harm to the environment and serious corruption. Investments are not made in companies involved in pornography, production of tobacco or weapons which through normal use violate basic humanitarian principles.
