Lyxor FTSE UK Quality Low Vol Dividend (DR) UCITS ETF - Dist (the "Fund")

ISIN: LU1603457992 - A sub-fund of the investment company named Lyxor Index Fund (the "Company") domiciled in Luxembourg. Managed by Lyxor International Asset Management S.A.S. ("LIAM")

Objectives and investment policy

The investment objective of Fund is to reflect the performance of the "FTSE 350 ex Inv Trust Qual/Vol/Yield Factor 5% Capped Index" (Bloomberg Code:FNMIQV5T) (the "Benchmark Index") denominated in British Pound (GBP) in order to offer an exposure to the performance of high quality UK large and mid capitalization equities exhibiting relatively high dividend yield, high quality and low volatility. Index securities weight is capped to 5% in the "5% Capped" Index.

The Fund seeks to achieve its objective via a direct replication, by investing primarily in the securities comprising the Benchmark Index.

To optimize the Benchmark Index replication, the Fund may use a sampling replication strategy, and may also engaged in secured securities lending. The potential use of these techniques is published on Lyxor's website: www.lyxoretf.com. Updated composition of the Fund holdings is available on www.lyxoretf.com.

In addition, the indicative net asset value is published on the Reuters and Bloomberg pages of the Fund, and might also be mentioned on the websites of the stock exchanges where the Fund is listed.

The share currency is the Sterling Pound (GBP).

- **Invested financial instruments:** Derivatives (only Futures on index or Equities), International equities, UCITS
- **Dividend policy:** the Fund's amounts available for distribution (if any) will be distributed.

Risk and reward profile

The risk-return category shown above is based on the historical performance of the assets included in the Fund or the performance of its benchmark index or the computed performance of a portfolio model. This risk estimate may therefore not represent a reliable indicator of future risk, and may be subject to change over time. The lowest category does not mean risk free investment.

Resulting from its exposure to the Benchmark Index, the Fund has been classified within category 5. Category 5 indicates that under normal market conditions a significant loss of capital is possible ; the value of your investment may change significantly and have above average daily upside or downside variation.

Main risks not covered by the above indicator which could lead to a decrease in the net asset value of the Fund and which the Fund is authorized to disclose in this document (for more details about risks, please refer to the Risk Profile section of the prospectus): not applicable.
