This document provides you with key investor information about this fund. It is not marketing material. The information is required by law to help you understand the nature and the risks of investing in this fund. You are advised to read it so you can make an informed decision about whether to invest.

Lyxor EuroMTS 10Y Italy BTP Government Bond (DR) UCITS ETF - Acc (the "Fund")

ISIN: LU1598691217 - A sub-fund of the investment company named Lyxor Index Fund (the "Company") domiciled in Luxembourg.

Managed by Lyxor International Asset Management S.A.S. ("LIAM")

Objectives and investment policy

The investment objective of the Fund is to reflect the performance, whether positive or negative, of the FTSE MTS Target Maturity Government Bond Italy (Mid Price) Index (Bloomberg Code: FMMPITX5) (the "Benchmark Index") denominated in EUR, which is representative of Italian sovereign bonds having a target residual maturity of 10 years,

The Fund seeks to achieve its objective via a direct replication, by investing primarily in the securities comprising the Benchmark Index.

To optimize the Benchmark Index replication, the Fund may use a sampling replication strategy, and may also engaged in secured securities lending. The potential use of these techniques is published on Lyxor's website: www.lyxoretf.com. Updated composition of the Fund holdings is available on www.lyxoretf.com.

In addition, the indicative net asset value is published on the Reuters and Bloomberg pages of the Fund, and might also be mentioned on the websites of the stock exchanges where the Fund is listed.

The share currency is the Euro (EUR).

- **Invested financial instruments:** Derivatives, International Bonds, UCITS
- **Dividend policy:** the Fund's amounts available for distribution (if any) shall not be distributed to Shareholders, but reinvested.
- **Net Asset Value:** is daily calculated providing that the relevant stock exchanges are open for trading and orders can be covered.
- **Redemptions:** investors are able to redeem their shares on the primary market every valuation day before 17:00 Europe/Luxembourg and sell their shares on the secondary market at any time during trading hours on the Fund listing places.

Risk and reward profile

The risk-return category shown above is based on the historical performance of the assets included in the Fund, or of its benchmark index. This risk estimate may therefore not represent a reliable indicator of future risk, and may be subject to change over time. The lowest category does not mean risk free investment.

Resulting from its exposure to the Benchmark Index, the Fund has been classified within category 4. Category 4 indicates that under normal market conditions a moderate loss of capital is possible ; the value of your investment may have moderate and low daily upside or downside variation.

Main risks not covered by the above indicator which could lead to a decrease in the net asset value of the Fund and which the Fund is authorized to disclose in this document (for more details about risks, please refer to the Risk Profile section of the prospectus):

- **Issuer credit risk:** the Fund could be affected by the change in an issuer credit quality which would modify the risk of issuer default and affect the bond's value.

Charges for this Fund

The charges you pay are used to pay the costs of running the Fund including the costs of marketing and distributing it. These charges reduce the potential growth of your investment.
