

**Important information**

- The Fund's equities and equity-related investments could be volatile and subject to high risk of loss. The Fund invests in debt securities that may be subject to credit/counterparty risk, interest rate risk, downgrading risk, sovereign default risk, valuation risk, credit rating risk, liquidity risk, risk associated with investment in Europe, exchange rate risk and higher default risk in high yield / non-Investment Grade / unrated debt securities as well as other risks. The Fund may invest in emerging markets which can be more volatile and less liquid than developed markets and subject to additional risk arising from unstable social, political & economic environment.
- The performance of the Fund depends on the success of the asset allocation strategy. There is no assurance that the strategy employed will be successful.
- The Fund may use derivatives for hedging, efficient portfolio management and/or investment purposes, and may be subject to risks associated with derivatives such as leverage, liquidity, valuation, volatility, over-the-counter transaction and counterparty risks. This may result in significant risk of loss when the use becomes ineffective.
- The Inc-2 Share Class may at the Board of Directors' discretion pay dividends gross of expense and therefore may effectively pay dividend out of capital. Inc-3 Share Class may at the Board of Directors' discretion pay dividend gross of expense or out from its capital. Paying dividend gross of expense or out of capital may amount to a return or withdrawal of part of an investor's original investment or from any capital gains attributable to that original investment. This may result in an immediate reduction of the net asset value per Share.
- IRD Share Class and Reference Currency Hedged Share Class may be subject to risks arising from uncertainty in interest rate and foreign exchange.
- In adverse situations, the Fund may suffer significant losses. It is possible that the original amount you invested could be lost.
- Investors should not solely rely on this document to make investment decisions.

**Investment objective and strategy**

The Fund aims to provide income with the opportunity for capital growth (i.e. to grow the value of your investment) over the long-term. The Fund seeks to limit volatility (the pace or amount of change in its value) to be lower than 50% of the volatility of global equities. While the Fund aims to limit its volatility to be lower than 50% of global equities there is no guarantee that this will be achieved over the long-term, or over any period of time.
