FACT SHEET | August 31, 2021

JPMorgan ASEAN Fund

- The Fund invests primarily (at least 70%) in equity securities with significant assets in, or significant earnings derived from one or more of the countries comprising the ASEAN. The Fund will have limited RMB denominated underlying investments.
- The Fund is therefore exposed to risks related to equity, emerging markets, concentration, smaller companies, currency, liquidity, high volatility of certain equity markets in countries comprising the ASEAN, derivatives, class currency and currency hedged classes. For RMB hedged class, risks associated with the RMB currency and currency hedged classes risks. RMB is currently not freely convertible and RMB convertibility from offshore RMB (CNH) to onshore RMB (CNY) is a managed currency process subject to foreign exchange control policies of and restrictions imposed by the Chinese government. There can be no assurance that RMB will not be subject to devaluation at some point. The Manager may, under extreme market conditions when there is not sufficient RMB for currency conversion and with the approval of the Trustee, pay redemption monies and/or distributions in USD.
- Investors may be subject to substantial losses.
- Investors should not solely rely on this document to make any investment decision.

INVESTMENT OBJECTIVE

To enable investors to participate in a managed portfolio consisting primarily (i.e. at least 70% of its total net asset value) of equity securities with significant assets in, or significant earnings derived from one or more of the countries comprising the Association of South East Asian Nations.
