Lyxor Smart Cash - UCITS ETF C-GBP (the "Fund")

ISIN: LU1230136894 - A sub-fund of the investment company named Lyxor Index Fund (the "Company") domiciled in Luxembourg. Managed by Lyxor International Asset Management S.A.S. ("LIAM")

Objectives and investment policy

The investment objective of the Fund is to generate a return linked to money market rates. The Fund is benchmarked with the SONIA compounded rate.

The Fund is actively managed by investing in a diversified portfolio of financial instruments within a strict risk and liquidity control environment.

The SONIA (Sterling Over Night Index Average) rate is an effective overnight interest rate computed as a weighted average of all overnight unsecured lending transactions in the interbank market in Pounds. Sonia reference rates are calculated by the Bank of England, based on all overnight interbank assets created before the close of RTGS systems at 6pm CET, and published through Thomson Reuters every day before 7pm CET.

The daily compounded SONIA integrates the impact of the reinvestment of the interests perceived under the OIS (Overnight Indexed Swap) methodology.

The Sub-Fund does not benefit from any implicit or explicit guarantee, neither from a swap counterparty (Société Générale) nor from any entity acting as distributor of the Sub-Fund.

The SONIA reference rate may be negative, which could result in a negative performance of the Sub Fund.

Updated composition of the Fund holdings is available on www.lyxoretf.com.

In addition, the indicative net asset value is published on the Reuters and Bloomberg pages of the Fund, and might also be mentioned on the websites of the stock exchanges where the Fund is listed.

The share currency is the Sterling Pound (GBP).
