KEY PRODUCT FEATURES

WHAT ARE YOU INVESTING IN? You are investing in a unit trust constituted in Singapore that aims to provide you with medium to long term capital appreciation by investing in Malaysian equities and equity-related instruments. Distribution of income and/or net capital gains (to the extent permitted under the Deed) will be at our sole discretion. Any distributions made will reduce the net asset value of the Sub-Fund. You may refer to paragraph 21.2 of the Prospectus for more information. You should note that the Units are Excluded Investment Products and prescribed capital markets products, and that the Sub-Fund is subject to the investment restrictions prescribed under the Notice on the Sale of Investment Products and Notice on Recommendations on Investment Products issued by the MAS and the Securities and Futures (Capital Markets Products) Regulations 2018.	Refer to “Fund Structure” (Section 6) and “Investment Objective, Focus and Approach” (Section 7.7) of the Prospectus for further information on features of the product.
---	--

Investment Strategy

The Sub-Fund shall invest in equities and equity-related instruments (including, without limitation, interests in property funds) in the market of, or equities and equity-related instruments in other markets in securities of companies or institutions incorporated in, operating principally from, or deriving significant revenue from Malaysia. The Sub-Fund will not target any specific industry or sector. The Sub-Fund’s net asset value may have higher volatility as a result of its narrower investment focus on a limited geographical market, when compared to funds investing in global or wider regional markets.	Refer to “Investment Objective, Focus and Approach” (Section 7.7) of the Prospectus for further information on features of the product.

Market and Credit Risks

<ul style="list-style-type: none"> • <u>You are exposed to Market Risks in Malaysia</u> <ul style="list-style-type: none"> o Prices of securities may go up or down in response to changes in economic conditions, interest rates and the market’s perception of securities. These may cause the price of Units in the Sub-Fund to go up or down as the price of Units in the Sub-Fund is based on the current market value of the investments of the Sub-Fund. • <u>You are exposed to Currency Risks</u> <ul style="list-style-type: none"> o As the investments of the Sub-Fund may be denominated in foreign currencies, fluctuations of the exchange rates of foreign currencies against the base currency of the Sub-Fund may affect the value of the Units in the Sub-Fund. • <u>You are exposed to Repatriation Risks</u> <ul style="list-style-type: none"> o Investments in emerging markets could be adversely affected by delays in, or refusal to grant, relevant approvals for the repatriation of funds or by any official intervention affecting the process of settlement of transactions. Consents granted prior to investment being made in any particular country may be varied or revoked, and new restrictions may be imposed. 	
--	--

Liquidity Risks

<ul style="list-style-type: none"> • <u>You are exposed to Liquidity Risks</u> <ul style="list-style-type: none"> o The Sub-Fund may make investments in emerging markets. Trading volume on stock exchanges in emerging markets can be substantially less than on the stock exchanges of the major markets, so that acquisition and disposal of holdings may be time consuming and/or may need to be conducted at unfavourable prices, which may affect the value of Units in the Sub-Fund. o The Sub-Fund is not listed and you can redeem only on Dealing Days. 	
---	--

Product Specific Risks

<ul style="list-style-type: none"> • <u>You are exposed to Derivatives Risks</u> <ul style="list-style-type: none"> o The Sub-Fund may invest in financial derivative instruments such as futures, options, warrants, forwards and swaps for hedging purposes or for the purpose of efficient portfolio management. While the judicious use of derivatives by professional investment managers can be beneficial, derivatives involve risks different from, and, in some cases, greater than, the risks presented by more traditional securities investments. • <u>You are exposed to Concentration Risks</u> <ul style="list-style-type: none"> o The Sub-Fund investing in the specific countries may be subject to concentration risks. This could result in a higher risk to the investments of the Sub-Fund due to the lack of diversification.
