PROSPECTUS

3 August 2021

IMPORTANT INFORMATION

The Directors of the Company, whose names appear on page (iii), accept responsibility for the information contained in this Prospectus. To the best of the knowledge and belief of the Directors (who have taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information.

Application will be made to Euronext Dublin in the applicable Supplement if the Shares issued and to be issued by a Fund are to be admitted to listing on Euronext Dublin. This Prospectus and the applicable Supplement will together comprise listing particulars for the purpose of such application.

Neither the admission of the Shares to the Official List and trading on the Main Securities Market of Euronext Dublin nor the approval of this Prospectus pursuant to the listing requirements of Euronext Dublin shall constitute a warranty or representation by Euronext Dublin as to the competence of the service providers to or any other party connected with the Company, the adequacy of information contained in this Prospectus or the suitability of the Company for investment purposes.

The Company has been authorised by the Central Bank as an undertaking for collective investment in transferable securities pursuant to the European Communities (Undertakings for Collective Investment in Transferable Securities) Regulations 2011, as amended. The authorisation of the Company by the Central Bank is not an endorsement or guarantee of the Company by the Central Bank nor is the Central Bank responsible for the contents of this Prospectus. In addition, the authorisation of the Company by the Central Bank shall not constitute a warranty as to the performance of the Company and the Central Bank shall not be liable for the performance or default of the Company.

Investors should note that since transferable securities may depreciate as well as appreciate in value, no assurance can be given by the Company or the Directors or any of the persons referred to in this Prospectus that the Company will attain its objectives. The price of Shares, in addition to the income therefrom, may decrease as well as increase. Accordingly, an investment should only be made where the investor is or would be in a position to sustain any loss on his or her investment. The difference at any one time between the sale and repurchase price of the Shares of any Fund means that the investment should be regarded as medium to long term.

Investors' attention is drawn to the section of this Prospectus entitled "General Risk Factors". Prospective investors should not treat the contents of this Prospectus as advice relating to legal, taxation, investment or any other matters. Prospective investors should inform themselves as to: (a) the legal requirements within their own jurisdictions for the purchase, holding or disposal of Shares; (b) any applicable foreign exchange restrictions; and (c) any income and other taxes which may apply to their purchase, holding or disposal of Shares or payments in respect of Shares.

If investors are in any doubt regarding the action that should be taken, they should consult their stockbroker, bank manager, solicitor, accountant or other professional adviser. The distribution of this Prospectus and the offering of the Shares in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus comes are required by the Company to inform themselves about and to observe any such restrictions. This Prospectus does not constitute, and may not be used for or in connection with, an offer or solicitation by anyone in any jurisdiction in which such offer or solicitation is not authorised or to any person to whom it is unlawful to make such offer or solicitation.

This document may not be authorised or distributed in any jurisdiction unless it is accompanied by the Company's most recent annual or interim report (when available). Such reports and this document (and any Supplement attached hereto) together constitute the Prospectus for the issue of Shares in the Company.

In order for the Directors to generate distributable profits, Shareholders should note that all or part of fees and expenses may be charged to the capital of a Fund. This may have the effect of lowering the capital value of an investment in the Company. Investors should note that by charging the expenses of the Fund to capital, the effect of this is that capital will be eroded and

income may be achieved by foregoing the potential for future capital growth.

THE COMPANY

Introduction

The Company was incorporated on 15 November 2004 with registered number 393658 as an open-ended umbrella-type investment company with variable capital with segregated liability between sub-funds. It is authorised in Ireland by the Central Bank as a UCITS pursuant to the UCITS Regulations. The liability of the members is limited.

The Company is organised in the form of an umbrella fund with segregated liability between sub-funds. The Articles of Association provides that the Company may offer separate classes of Shares each representing interests in a Fund. Each Fund will have a distinct portfolio of investments, and more than one class of Shares may be issued in respect of any Fund upon prior notification to the Central Bank. The Company may from time to time create additional classes of Shares within a Fund in accordance with the requirements of the Central Bank. Separate books and records will be maintained for each Fund.

The Directors may, in their absolute discretion, differentiate between the rights attaching to the different classes of Shares within a particular Fund including, without limitation, the dividend policy, the level of management fees, the subscription charge and/or the redemption charge payable in respect of each class.

Details of any Fund or Funds created in the future shall be as set out in the applicable Supplement in accordance with the requirements of the Central Bank. The applicable Supplement shall form part of, and should be read in conjunction with, this Prospectus.

At the date hereof, the current Funds of the Company are Impax Environmental Markets (Ireland) Fund, Impax Asian Environmental Markets (Ireland) Fund, Impax Global Equity Opportunities Fund and Impax Environmental Leaders (Ireland) Fund.

The Company is denominated in Sterling.

Investment Objectives, Policies and Restrictions

The assets of each Fund will be invested in accordance with the investment objectives and policies of that Fund as set out in the applicable Supplement. The Company and its Directors, in consultation with the Investment Manager, are responsible for the formulation of the investment policy of each Fund and any subsequent change to that policy. Each Fund is subject to the investment and borrowing restrictions contained in the UCITS Regulations and the Central Bank UCITS Regulations as set out in Appendix I. Additional restrictions (if any) relevant to each Fund will be as set out in the applicable Supplement.

The Company is authorised in Ireland by the Central Bank as a UCITS. Pursuant to the UCITS Regulations, a UCITS is permitted to invest in Transferable Securities, Collective Investment Schemes, Cash Deposits, Money Market Instruments and exchange traded and/or OTC derivatives. UCITS may also be established as index tracking funds in the case of funds wishing to replicate an index. Details of the types of investments in respect of each Fund will be set out in the applicable Supplement.

Any changes in the investment objective or policies of a Fund will only be made in exceptional circumstances and then only with the prior approval of the majority of the Shareholders of the Fund. In the event of a change of investment objective or policy of a Fund, a reasonable notification period shall be given to Shareholders to enable them, if they choose to do so, to redeem their Shares in the relevant Fund prior to the implementation of these changes.

Dividend Policy

Any dividend payment in respect of a Fund shall be made in accordance with the dividend policy of that Fund as set out in the applicable Supplement.

The Directors may elect to charge expenses out of the capital of the Fund, should they wish to generate distributable profits. Investors should note that by charging the expenses of the Fund to capital, the

effect of this is that capital may be eroded and income will be achieved by foregoing the potential for future capital growth.

Remuneration Policy

An effective remuneration policy of the Manager (the “**Remuneration Policy**”) has been put in place which complies with UCITS Regulations and the ESMA Guidelines on sound remuneration policies under the UCITS Directive (the “**Guidelines**”).

The Remuneration Policy is in line with the strategy, objectives, values and interests of the Manager, Investment Manager, the Company, the Funds and the Shareholders and includes measures to avoid conflicts of interest.

Details of the Manager’s up-to-date remuneration policy including, but not limited to, a description of how remuneration and benefits are calculated, the identity of persons responsible for awarding the remuneration and benefits including the composition of the remuneration committee, where such a committee exists, are available on the following website <https://impaxam.com/>. A paper copy is available free of charge upon request.

Furthermore, the Investment Manager (being the entity to which portfolio management activities are delegated) is subject to regulatory requirements on remuneration that are equally as effective as those applicable under the Guidelines or are subject to appropriate contractual arrangements in order to ensure that there is no circumvention of the remuneration rules set out in the present guidelines. The Investment Manager has a remuneration policy which ensures that relevant members of staff are not incentivised, by way of their remuneration package, to take excessive risks when managing funds.

General Risk Factors

Investors’ attention is drawn to the following general risk factors which may relate to an investment in any Fund. In addition to the risks set out below, any risks specific to a particular Fund will be as set out in the applicable Supplement.

Investment Objective

There is no guarantee that the investment objective as set out in the Supplement of a particular Fund will be achieved.

Market fluctuations

Potential investors should note that the investments of each Fund are subject to market fluctuations and that there can be no assurance that any appreciation in value will occur. The value of investments and the income from them, and therefore the value of, and income from the Shares, can go down as well as up and an investor may not get back the amount invested.

Currency risk

Changes in exchange rates between currencies may also cause the value of the investments to diminish or increase. As subscription monies and redemption monies may be paid in a currency other than the base currency of a Fund, investors should be aware that there is an exchange rate risk if such other currencies depreciate against the base currency and consequently they may not realise the full amount of their investment in a Fund.

Cross liability between funds

The Company is established as a segregated portfolio company. As a matter of Irish law, the assets of one Fund will not be available to satisfy the liabilities of another. However, the Company is a single legal entity which may operate or have assets held on its behalf or be subject to claims in other jurisdictions which may not necessarily recognise such segregation. There is no guarantee that the courts of any jurisdiction outside Ireland will respect the limitations on liability associated with segregated portfolio companies nor is there any guarantee that the creditors of one Fund will not seek to enforce such Fund’s obligations against another Fund.

Expenses Charged to Capital

Shareholders should note that all or part of expenses may be charged to the capital of a Fund in order to enhance distribution levels. This will have the effect of lowering the capital value of an investment in a Fund.

Substantial repurchases

Substantial repurchases by Shareholders may necessitate liquidation of investments. It is possible that losses may be incurred due to such liquidations that might otherwise not have arisen.

Taxation

Any change in the Company's tax status or in legislation could affect the value of investments held by the Company and affect the Company's ability to provide a return to investors. Potential investors and Shareholders should note that the statements on taxation, which are set out herein and in each Supplement, are based on advice which has been received by the Directors regarding the law and practice in force in the relevant jurisdiction as at the date of this Prospectus and each Supplement. As is the case with any investment, there can be no guarantee that a tax position or proposed tax position prevailing at the time an investment is made in the Company will endure indefinitely. The attention of potential investors is drawn to the tax risks associated with investing in the Company, particularly the section headed "Taxation".

Temporary suspension

Investors are reminded that in certain circumstances their right to redeem or convert Shares may be temporarily suspended.

Dependence on the principals of the Investment Manager

The principals of the Investment Manager have authority to control the investment management of the Company. If, for any reason, the Investment Manager were to lose the services of these individuals, the Company might be adversely affected.

Performance fee

Any Performance Fee paid to the Investment Manager may create an incentive for the Investment Manager to cause a Fund to make investments that are riskier or more speculative than would be the case if there was no Performance Fee in place.

Any Performance Fee payable by the Company will be based on net realised and net unrealised gains and losses as at the end of each performance period. As a result the Performance Fee will be paid in respect of unrealised gains which may subsequently never be realised.

Political and/or regulatory risks

The value of a Fund's assets may be affected by uncertainties such as international political developments, changes in government policies, changes in taxation, restrictions in foreign investment and currency repatriation, currency fluctuations and other developments in the laws and regulations of countries in which investments may be made.

Controlling Shareholder

There is no restriction on the percentage of the Company's Shares that may be owned by one person or a number of connected persons. It is possible, therefore, that one person, including a person or entity related to the Manager or the Investment Manager, may obtain control of the Company or of a Fund.

Counterparty and Broker Credit Risk

The Company will be exposed to the credit risk of the counterparties or the brokers and dealers and exchanges through which, it deals, whether it engages in exchange-traded or off-exchange transactions. A Fund may be subject to risk of loss of its assets held by a broker in the event of the broker's bankruptcy, the bankruptcy of any clearing broker through which the broker executes and clears transactions on behalf of the Company, or the bankruptcy of an exchange clearing house.

Depository Risk

In the event of the Depository (or any sub-custodian) being insolvent, wound up, put into receivership,

administration, examination or any other analogous event occurring, there may be delays in having any assets held in custody by such entity returned to a Fund, or there may be a risk that such event would give rise to a non-return of assets to a Fund (in each case, which could consequently result in losses or damage to shareholders of a Fund).

Liquidity Risk

Investors should be aware that there are no guarantees concerning liquidity of investors in a Fund. They should be aware that there may be delays to the sale of investments, particularly at times of market stress.

Cybersecurity Risk

Cybersecurity breaches may occur allowing an unauthorised party to gain access to assets of the Funds, Shareholder data, or proprietary information, or may cause the Company, the Manager, the Investment Manager, the Administrator or the Depositary to suffer data corruption or lose operational functionality.

The Funds may be affected by intentional cybersecurity breaches which include unauthorised access to systems, networks, or devices (such as through “hacking” activity); infection from computer viruses or other malicious software code; and attacks that shut down, disable, slow, or otherwise disrupt operations, business processes, or website access or functionality. In addition, unintentional incidents can occur, such as the inadvertent release of confidential information (possibly resulting in the violation of applicable privacy laws). A cybersecurity breach could result in the loss or theft of Shareholder data or funds, the inability to access electronic systems, loss or theft of proprietary information or corporate data, physical damage to a computer or network system, or costs associated with system repairs. Such incidents could cause the Company, the Manager, the Investment Manager, the Administrator, the Depositary, or other service providers to incur regulatory penalties, reputational damage, additional compliance costs, or financial loss. Consequently, Shareholders may lose some or all of their invested capital. In addition, such incidents could affect issuers in which a Fund invests, and thereby cause a Fund’s investments to lose value, as a result of which investors, including the relevant Fund and its Shareholders, could potentially lose all or a portion of their investment with that issuer.

Changes in the UK Political Environment

As a result of the outcome of the UK Referendum on continued membership of the EU held on 23 June 2016, the UK ceased to be a member state of the EU on 31 January 2020.

On 24 December 2020, a trade agreement was concluded between the EU and the UK (the “**EU-UK Trade and Cooperation Agreement**”) which provisionally applied with effect from 1 January 2021 and formally entered into force on 1 May 2021. The terms of the EU-UK Trade and Cooperation Agreement are not exhaustive and investors should be aware that the ongoing negotiations between the UK and the EU and any subsequent negotiations, notifications, withdrawal or changes to legislation or regulation may introduce potentially significant new uncertainties and instabilities in the financial markets. These uncertainties and instabilities could have an adverse impact on the business, financial condition, results of operations and prospects of the Company and certain of its service providers and counterparties, and could therefore also be detrimental to Shareholders.

The withdrawal of the UK’s membership from the EU and the on-going relationship between the UK and the EU has led to political, legal, tax and economic uncertainty in the UK and in various other countries. This uncertainty may impact on the Company and/or the financial markets within which it operates. It is not yet clear whether and to what extent EU regulations remain applicable or will be replaced by different UK regulations with respect to the activities of any UK service provider or counterparty utilised by the Company.

The withdrawal of the UK’s membership from the EU may also adversely affect the ability of UK service providers or UK counterparties to access markets, make investments or enter into agreements (on either their own behalf or on behalf of the Company or a Fund), or continue to work with non-UK counterparties and service providers, all of which may result in increased costs to the Company and/or a Fund. It is possible that UK investors in the Company may be subject to fewer protections than EU investors in the Company.

Economic, Social, Environmental and Other Risks

Social, environmental and other conditions and events (such as natural disasters, epidemics and pandemics, terrorism, conflicts and social unrest) will occur and will have significant impacts on issuers, industries, governments and other systems, including the financial markets. For example, beginning in January 2020, global financial markets have experienced and may continue to experience significant volatility resulting from the spread of a novel coronavirus known as COVID-19. The outbreak of COVID-19 has resulted in travel and border restrictions, quarantines, supply chain disruptions, lower consumer demand and general market uncertainty. The effects of COVID-19 have and may continue to adversely affect the global economy, the economies of certain nations and individual issuers, all of which may negatively impact the Company and its Funds. As global systems, economies and financial markets are increasingly interconnected, events that once had only local impact are now more likely to have regional or even global effects. Events that occur in one country, region or financial market will, more frequently, adversely impact issuers in other countries, regions or markets. These impacts can be exacerbated by failures of governments and societies to adequately respond to an emerging event or threat. Shareholders will be negatively impacted if the value of portfolio holdings decreases as a result of such events, if these events adversely impact the operations and effectiveness of the Company, the Manager, the Investment Manager or key service providers, or if these events disrupt systems and processes necessary or beneficial to the management of the Funds.

Data Protection Risk

In order to maintain security and to prevent infringement of Data Protection Law, the Company, the Manager, the Administrator, the Depositary or the Investment Manager where acting as a “data controller” or “data processor” are each required to evaluate the risks inherent in the processing of data and implement measures to mitigate those risks, such as encryption. Such measures are required to ensure an appropriate level of security, including confidentiality, taking into account the state of the art and the costs of implementation in relation to the risks and the nature of the personal data to be protected. Potential investors and Shareholders should be aware that certain data security risks can arise by processing of personal data, such as accidental or unlawful destruction, loss, alteration, unauthorised disclosure of, or access to, personal data transmitted, stored or otherwise processed which may in particular lead to physical, material or non-material damage. There may be instances where processing operations by the Company, the Manager, the Investment Manager, the Administrator and/or the Depositary are likely to result in a high risk to the rights and freedoms of potential investors or Shareholders, however, the relevant data controller will be responsible for the carrying out of a data protection impact assessment to evaluate, in particular, the origin, nature, particularity and severity of any such risk. A personal data breach may, if not addressed in an appropriate and timely manner, result in physical, material or non-material damage to potential investors or Shareholders such as loss of control over their personal data or limitation of their rights, discrimination, identity theft or fraud, financial loss, damage to reputation, loss of confidentiality of personal data protected by professional secrecy or any other significant economic or social disadvantage to the natural person concerned and/or to the Company.

The Depositary may not retire or be removed from office until a new depositary approved by the Central Bank is appointed as a replacement. If no depositary has been appointed within a period of three months from the date on which the Depositary notifies the Company of its intention to retire or from the date on which the Company notifies the Depositary of its desire to terminate its appointment, then (i) a general meeting will be convened at which an ordinary resolution, or such a resolution passed by such majority as specified in the Constitutive Documents, to wind up or otherwise dissolve the Company is proposed; and (ii) the appointment of the Depositary may be terminated only upon the revocation of the Company's authorisation by the Central Bank.

Delegation

Subject to certain conditions, the Depositary may delegate its duty to safe-keep financial instruments and its duty to verify the ownership of, and the maintenance of a record of, other assets to third parties in accordance with the Regulations. Notwithstanding the foregoing, the Depositary will not delegate its oversight and cash monitoring duties to any third party. The Depositary's liability for the loss of a

financial instrument shall not be affected by any delegation of its safekeeping duties. The Depositary will exercise all due skill, care and diligence in the selection and the appointment of its delegates and will continue to exercise all due skill, care and diligence in the periodic review and ongoing monitoring of any delegate and of the arrangements of the delegate in respect of the matters delegated. To enable the Company to meet their investment objectives, the Depositary may appoint certain entities as its delegates for the purposes of providing sub-custodial functions in countries where the Depositary does not have a direct local presence. Conflicts of interest may arise in circumstances where, including without limitation, the Management Company or the Company maintains other business relationships with any of the Depositary's delegates or the delegate's sub-delegates, where the Company's assets may include an investment or property held by the delegate or sub-delegate or managed by the delegate or sub-delegate, where the delegate or its sub-delegate has a holding in financial instruments purchased or sold by the delegate or sub-delegate on behalf of the Company, where a delegate or sub-delegate may have a relationship with another party that may conflict with the delegate's or sub-delegate's duties to the Company and the Company's interests. The list of delegates appointed by the Depositary and sub-delegates appointed by the delegate, as of the date of the prospectus, are set forth in Appendix III attached to the prospectus. Up-to-date information regarding the delegates that have been appointed by the Depositary and any sub-delegates that have been appointed by the Depositary's delegate will be made available to investors on request.

Conflicts of Interest

Due to the operations which are or may be undertaken by the Manager, the Investment Manager, the Administrator, the Depositary and the Directors and their respective holding companies, subsidiaries and affiliates (each an "interested party"), conflicts of interest may arise.

The Manager, the Investment Manager, the Administrator, the Depositary and the Directors may provide similar services to others provided that the services they provide to the Company are not impaired thereby. An interested party may acquire or dispose of any investment notwithstanding that the same or similar investments may be owned by or for the account of or otherwise connected with the Company. Furthermore, an interested party may acquire, hold or dispose of investments notwithstanding that such investments had been acquired or disposed of by or on behalf of the Company by virtue of a transaction effected by the Company in which the interested party was concerned provided that the acquisition or disposal by an interested party of such investments is effected on normal commercial terms as if negotiated on an arm's length basis and the investments held by the Company are acquired in the best interests of the Shareholders.

Dealings will be deemed to have been effected on normal commercial terms negotiated at arm's length if:

- (1) a certified valuation of a transaction by a person approved by the Depositary as independent and competent is obtained; or
- (2) the transaction is executed on best terms on an organised investment exchange in accordance with the rules of such exchange; or
- (3) where (1) and (2) are not practical, the transaction is executed on terms which the Depositary is, or the Directors in the case of a transaction involving the Depositary are, satisfied are normal commercial terms negotiated at arm's length and are in the best interests of Shareholders.

The Depositary (or in the case of a transaction involving the Depositary, by the Directors) shall document how it complies with paragraphs (1), (2) and (3) above. Where transactions are conducted in accordance with paragraph (3) above, the Depositary (or in the case of a transaction involving the Depositary, by the Directors) shall document its rationale for being satisfied that the transaction conforms with the requirements set out at paragraph (3) above.

The Investment Manager and/or its affiliates may invest, directly or indirectly, or manage or advise other investment funds or accounts which invest in assets that may also be purchased or sold by the Company. Neither the Investment Manager nor any of its affiliates is under any obligation to offer investment opportunities of which any of them becomes aware to the Company or to account to the Company in respect of (or share with the Company or inform the Company of) any such transaction or any benefit received by any of them from any such transaction.

In the event that a conflict of interest does arise, the Directors will endeavour to ensure that any such conflict is resolved fairly and in the best interests of the Shareholders.

In rendering services to any accounts other than that of the Company which it may have at present or in the future, the Investment Manager is obliged to follow FCA rules as to the fair allocation of investments across the various accounts.

In circumstances where the Investment Manager is the “competent person” for valuing assets, appointed by the Directors and approved for the purpose by the Depositary (as provided for at (4)(b), (d) and (e) under “Valuation Principles” at the section entitled “VALUATION” below), Shareholders are reminded that the Investment Manager’s fee will increase as the value for a Fund increases. Valuations provided by any “competent person” must always, however, be estimated with good care and in good faith.

SUBSCRIPTIONS, TRANSFERS AND REDEMPTIONS

Subscriptions

The Directors shall, before the Initial Offer of Shares in any Fund, determine the terms on which such Shares will be issued, details of which will be as set out in the applicable Supplement.

After the relevant Closing Date for each Fund, the Company may offer Shares in each Fund on each Subscription Date at an issue price equal to the Net Asset Value per Share of the relevant Fund on each Valuation Date. During the period of continuous net subscriptions, a charge of up to one per cent. of the Net Asset Value per Share may be added, at the discretion of the Directors, to the purchase price per Share, to cover the charges, duties and other costs involved in purchasing investments in the underlying investments of the relevant Fund. The charge is intended to protect existing and continuing Shareholders against the dilution of the value of their investment on account of these charges and to preserve the value of the underlying assets of the relevant Fund.

Where the amount subscribed for Shares is not equivalent to an exact number of Shares, fractions of Shares may be issued and will be rounded to the third decimal place.

The UK Facilities Agent may, if required, receive applications for Shares. Any applications for Shares received by the UK Facilities Agent will be passed, as soon as possible, to the Administrator.

The procedure for subscribing for Shares, the Minimum Subscription amount applicable and details of any subscription charges for each Fund will be as set out in the applicable Supplement.

Before subscribing for Shares, an applicant who is not an Irish Resident or is an Exempt Irish Resident will be required to complete a declaration in a form prescribed by the Revenue Commissioners of Ireland. Such declaration will be included in the application form, which is available from the Administrator or from the UK Facilities Agent.

Each Shareholder must notify the Administrator in writing of any change in the information contained in the application form and furnish the Administrator with whatever additional documents relating to such change as it may request.

As part of the Company's responsibility for the prevention of money laundering and terrorist financing, the Administrator will require a detailed verification of the applicant's identity and the source of the payment. Depending on the circumstances of each application, a detailed verification might not be required where the applicant is a regulated financial institution in a country with equivalent Anti-Money Laundering and Counter Terrorist Financing rules to those in place in Ireland, or is a company listed on a recognised stock exchange.

The Company and Administrator may carry out electronic searches of publically available or paid information with regard to Anti-Money Laundering and Client Identification requirements and may retain records on file from such electronic searches.

Each applicant for Shares acknowledges that the Administrator shall be held harmless against any loss arising as a result of a failure to process its application for Shares if such information and documentation as has been requested by the Administrator has not been provided by the applicant.

The Administrator and the Company each reserve the right to request such information as is necessary to verify the identity of an applicant and the source of the payment. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Administrator may refuse to accept the application and the subscription monies relating thereto.

Measures aimed at the prevention of money laundering may require an applicant for Shares to verify its identity and/or the source of funds to the Administrator. Depending on the circumstances of each application, verification of the source of funds may not be required where the application is made through a recognized intermediary. This exception will only apply if the financial institution or intermediary referred to above is within a country recognized by Ireland as having equivalent anti-money laundering regulations.

By way of example an individual will be required to produce a copy of a passport or identification card or photo licence with photo duly certified by a public authority such as a notary public, the police or the ambassador in his country of residence, together with two documents showing evidence of his address such as a utility bill, bank statement, social security documents, household/motor insurance certificates or a mobile phone bill. In the case of corporate applicants this may require production of a certified copy of the Certificate of Incorporation (and any change of name) and of the Memorandum and Articles of Association (or equivalent), and of the names, occupations, dates of birth, residential and business addresses, a certified copy of a passport and utility bill of all directors and beneficial owners.

The details given above are by way of example only and the Administrator will request such information and documentation as it considers is necessary to verify the identity or source of funds of an applicant. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Administrator may refuse to accept the application and the subscription monies relating thereto, in which case the subscription monies will be returned without interest to the account from which the monies were originally debited, or may refuse to process a redemption request until proper information has been provided.

In the event of delay or failure by an investor or applicant to produce any information required for verification purposes, the Administrator or the Company may refuse to accept the application and subscription monies. Each applicant for Shares acknowledges that the Company and its delegates shall be held harmless against any loss arising as a result of a failure to process or a delay in processing his application for Shares or redemption request if such information and documentation as has been requested by the Company or its delegates has not been provided by the applicant. Furthermore, the Company or the Administrator also reserve the right to refuse to make any payment or distribution to a Shareholder where it is considered necessary or appropriate to ensure the compliance by the Company, its Directors or the Administrator with any such laws or regulations in any relevant jurisdiction.

Each applicant for Shares will be required to make such representations as may be required by the Directors in connection with anti-money laundering programmes, including, without limitation, representations that such applicant is not a prohibited country, territory, individual or entity listed on the United States Department of Treasury's Office of Foreign Assets Control ("OFAC") website and the consolidated list of persons, groups and entities subject to EU financial sanctions, and that it is not directly or indirectly affiliated with any country, territory, individual or entity named on an OFAC list or prohibited by any OFAC or EU sanctions programmes. Each applicant will also be required to represent that subscription monies are not directly or indirectly derived from activities that may contravene international and/or European Union laws and regulations, including anti-money laundering laws and regulations.

Shares will be issued upon the fulfilment of the conditions for acceptable subscriptions to the satisfaction of the Administrator. Failure by the Company to receive cleared funds may result in the cancellation of the relevant Shares.

Investors will be required to agree to indemnify and hold harmless the Company, the Directors, the Investment Manager, the Administrator and the Depositary for any losses, costs or expenses incurred by them as a result of the failure or default of the investor to transmit subscription monies in immediately available funds to the account of the Company within the time specified in the applicable Supplement.

In addition, the Directors may refuse to process a redemption request until proper information has been provided including any relevant money laundering documentation.

Shares will be issued in registered form. A contract note, which will constitute a written confirmation of ownership of the Shares to which it relates, will be sent to each successful applicant within two Business Days of the Subscription Date on which the application is being processed. The contract note will detail the number of Shares to which it relates, the class of Shares to which it relates, the Fund to which it relates and the price at which the Shares have been issued. Share certificates will not be issued. Shareholders will not be entered onto the register of Shareholders if they subscribe for less than the Minimum Subscription (or such other amount as the Directors have in their absolute discretion determined).

The Directors may, in their absolute discretion, accept payment for Shares by a transfer *in specie* of assets, the nature of which shall be within the investment policy and restrictions of the relevant Fund and the value of which (including the Net Asset Value per Share, thereof) shall be determined by the Administrator, having consulted with the Investment Manager and the Depositary, in accordance with the valuation principles governing the Company and applicable law. The Directors and the Depositary will also ensure that the number of Shares issued in respect of any such *in specie* transfer will be the same amount which would have fallen to be allotted for settlement in cash. Any prospective investor wishing to subscribe for Shares by a transfer *in specie* of assets will be required to comply with any administrative and other arrangements (including any warranties to the Company in relation to the title of such assets being passed to the Depositary, if applicable) for the transfer specified by the Depositary and the Administrator. In addition, the Directors must ensure that any assets transferred will be vested with the Depositary on behalf of the Company. The Directors and the Depositary must be satisfied that any such *in specie* transfer will not result in any material prejudice to existing Shareholders. Where it is intended that Shares of a Fund will be admitted to the Official List and trading on the Main Securities Market of Euronext Dublin, details of the identity of any assets to be transferred *in specie*, if known at the time of listing, will be set out in the applicable Supplement.

The Directors may, in their absolute discretion, reject any application for Shares in full or in part. Amounts paid to the Company in respect of subscription applications which are rejected (or, in the case of applications which are not accepted in full, the balance of the amount paid) will be returned to the applicant at his/her own risk and expense without interest.

Staggered Listings of Share Classes

The launch and listing of various classes of Shares within a Fund may occur at different times and, therefore, at the time of the launch of given classes of Shares, the pool of assets to which a given class of Shares relates may have commenced trading. Where relevant, further information in this regard will be available in the interim and annual reports of the Fund which are sent to Shareholders and which will be made available to potential investors upon request.

Transfers

A Shareholder may transfer all or any of his Shares by an instrument in writing in the usual or common form or in any other form as the Directors may approve. The transferor shall be deemed to remain the holder of any Shares that it proposes to transfer until the name of the transferee is entered in the Company's register of members in respect of those Shares. In respect of the Shares, each transferee will be required to provide the same information, representations and warranties to the Company and the Administrator as are required from any applicant for Shares.

The Company and the Administrator will be required to account for tax on the value of the Shares transferred at the applicable rate unless it has received from the transferor a declaration in the prescribed form confirming that the Shareholder transferring its Shares is not an Irish Resident or is an Exempt Irish Resident. The Company and the Administrator reserve the right to redeem such number of Shares held by a transferor as may be necessary to discharge the tax liability arising. The Company and the Administrator reserve the right to refuse to register a transfer of Shares until it receives a declaration as to the transferee's status and residency in the form prescribed by the Revenue Commissioners of Ireland.

Redemptions

After the relevant Closing Date for each Fund, the Company may accept requests for redemptions on each Redemption Date at a price equal to the Net Asset Value per Share of the relevant Fund on such Redemption Date. During any period of continuous net redemptions, the redemption price per Share may be reduced, at the discretion of the Directors, by a charge of up to one per cent. of the Net Asset Value per Share in respect of each Fund to cover the charges, duties and other costs involved in redeeming investments in the underlying property of the relevant Fund. The charge is intended to protect existing and continuing Shareholders against the dilution of the value of their investment on account of these charges and to preserve the value of the underlying assets of the relevant Fund.

The UK Facilities Agent may, if required, receive requests for the redemption of Shares and payment of redemption proceeds.

The procedure for redeeming Shares and details of any redemption charges will be as set out in the applicable Supplement.

Requests for the redemption of Shares should be sent directly to the Administrator. Redemption requests may be sent by post or facsimile or other electronic means as provided by the Administrator. The Directors may refuse to process a redemption request until proper information has been provided.

The Company and the Administrator will be required to withhold tax on redemption monies at the applicable rate unless it has received from the Shareholder a declaration as to status and residency in the form prescribed by the Revenue Commissioners of Ireland confirming that the Shareholder is not an Irish Resident or is an Exempt Irish Resident in respect of whom it is not necessary to deduct tax.

The Directors have the power to pay redemption proceeds *in specie*, provided that the Directors and the Depositary are satisfied that the terms of any exchange shall not be such as are likely to result in any material prejudice to any remaining Shareholders. Subject to the agreement of the relevant Shareholder, any such *in specie* distribution must be made on such terms and conditions as the Directors may specify, to such Shareholder of assets equalling the aggregate redemption price (or together with any such cash payment when aggregated with the value of the assets being distributed are equal to such redemption price). Where redemption of Shares is to be satisfied by an *in specie* distribution of assets held by the Company, the Depositary shall transfer such assets as the Directors shall direct to the Shareholder as soon as practicable after the relevant Redemption Date. All costs and risks of such distribution shall be borne by such Shareholders. Shares redeemed shall be deemed to cease to be in issue at the close of business on the relevant Redemption Date in respect of the redemption and such redeemed Shares shall be cancelled.

The Administrator will not remit redemption proceeds if an investor has not submitted an original signed redemption request containing valid bank details or is not considered to be compliant with all the necessary anti-money laundering legislation and regulations. Nor will the Administrator remit any payment to a third party bank account.

Conversion of Shares

A Shareholder may convert Shares of one Fund into Shares of another Fund or may convert Shares of one Share class within a Fund into Shares of another Share class within the same Fund on giving notice to the Administrator no later than 5.00 pm (Dublin time), or such other time as may be specified in the relevant Supplement for the receipt of redemption requests, on the relevant Redemption Date, in such form as the Administrator may require. The conversion is effected by arranging for the redemption of the Shares to be converted, converting the redemption proceeds into the relevant currency of the new Fund/Share class, if applicable, and subscribing for the Shares of the new Fund/Share class with the redemption proceeds or the proceeds of the currency conversion. No conversion fee will be levied. During the period between the determination of the Net Asset Value applicable to the Shares being redeemed and the subscription for Shares, the Shareholder will not be the owner of, or be eligible to receive dividends with respect to, either the Shares which have been redeemed or the Shares being acquired.

Conversion will take place in accordance with the following formula:

$$NSH = \frac{OSH \times RP}{SP}$$

where:-

NSH = the number of Shares which will be issued in the new Fund/Share class;

OSH = the number of the Shares to be converted;

RP = the Net Asset Value of the Shares to be converted after deducting the redemption fee, if any; and

SP = the issue price of Shares in the new Fund/Share class on that Business Day after deducting the subscription fee, if any.

If NSH is not a whole number of Shares the Administrator reserves the right to issue fractional Shares in the new Fund/Share class or to return the surplus arising to the Shareholder seeking to convert the Shares.

A Shareholder is not required to submit a new application form for the purchase of Shares in connection with a conversion.

Deferral of Redemptions

The Directors may, in their absolute discretion, limit the number of Shares that can be redeemed on any one Redemption Date to ten per cent. of the Net Asset Value of the applicable Fund. In this event, the limitation will apply pro rata so that all Shareholders wishing to have their Shares redeemed on that Redemption Date redeem the same proportion of such Shares, and Shares not redeemed will be carried forward for redemption on the next Redemption Date and all following Redemption Dates (in relation to which the Company will carry out the same procedure as described herein). The Company shall treat the redemption requests as if they were received on each subsequent Redemption Date until all of the Shares to which the original request relates have been redeemed and the original request has been satisfied in full. If requests for redemption are so carried forward, the Administrator will inform the Shareholders affected. Redemption requests carried forward will be treated pro rata with redemption requests received in respect of subsequent Redemption Dates.

Compulsory Redemptions

The Directors may with the prior approval of the Administrator, compulsorily redeem or transfer any holding of Shares if it comes to their attention that those Shares are being held directly or beneficially by any person who is not entitled to apply for Shares as described more fully in the section headed “Investor Restrictions” below. The Directors also reserve the right to the compulsory redemption of all Shares held by a Shareholder if the aggregate Net Asset Value of the Shares held by the Shareholder is less than the Minimum Holding specified in the applicable Supplement. Prior to any compulsory redemption of Shares, the Administrator will notify the Shareholders in writing and allow such Shareholder thirty days to purchase additional Shares to meet this minimum holding requirement.

All Dealing Requests

All dealing requests (be they subscriptions, redemptions etc.) must initially be sent in by fax or a scanned copy sent by e-mail to the specific valid e-mail address with the original signed documentation to follow in a timely manner by mail. Applicants who fail to follow this procedure and simply submit requests by mail only may miss their preferred dealing date and must receive an official acknowledgement of receipt in the form of an order letter (“**Order Letter**”) from the Administrator. The Administrator can take no responsibility for requests which are not appropriately transmitted, sent or acknowledged.

Please note that when the dealing request is submitted to the Administrator through whichever communication channel, the Administrator will send an Order Letter by post, fax or email, as the case may be, back to the applicant which confirms that the request has been received and processed on the Administrator’s system. If the applicant does not receive such official acknowledgement within 48 hours, or receives an acknowledgement which contains information that differs from the instruction submitted by the applicant, it must contact the Administrator immediately. In the event that the applicant does not so contact the Administrator, any unacknowledged dealing request shall have no validity and any acknowledgement which the applicant believes differs from the instruction submitted shall be final and conclusive. Please note that neither a fax transmission report indicating that a fax has been sent, nor any email delivery report retained by the applicant shall be considered as an acknowledgement from the Administrator that he/she has received a dealing request and shall not constitute proof of such receipt as only an Order Letter suffices in this regard.

Please further note that for all dealing requests submitted to the Administrator through whichever communication channel, the responsibility for ensuring that the deal has been received by the Administrator for the requested dealing date remains with the sender. Irrespective of any return receipt message, fax acknowledgement, etc. the sender must contact the Administrator for clarification if the sender does not receive an official Order Letter. It remains the responsibility of the sender to ensure

that the trade requested has been received and processed correctly. This should include checking the Order Letter for errors and contacting the Administrator as soon as possible and no later than the deal having been fully processed, if there is an error contained in the Order Letter received.

Due to automated work-flow requirements, each dealing request submitted to the Administrator must be done by separate fax. Neither bulk instructions nor separate dealing instructions should be submitted as one continuous fax message. Whilst the Administrator will do its best to ensure that all instructions received are correctly processed, the Administrator or Company does not accept any responsibility for instructions missed as a result of batch or continuous fax messages received. It remains the responsibility of the sender to ensure an Order Letter is received within 48 hours of their instructions being submitted and it remains the responsibility of the sender to follow up with the Administrator if this is not the case.

WHERE E-MAIL IS AN APPROVED CHANNEL:

Neither the Company nor Administrator can accept responsibility for email dealing requests that are sent to any mailbox (including email accounts for Administrator employees) other than the official mailbox stated on the application form as there is no guarantee that such emails will be noted and recorded for the correct dealing date.

WHERE E-MAIL NOT AN APPROVED CHANNEL:

Neither the Company nor Administrator can accept responsibility for email dealing requests that are sent to any mailbox (including email accounts for Administrator employees) as there is no guarantee that such emails will be noted and recorded for the correct dealing date.

It is the responsibility of the sending party to ensure that they have the most up to date contact details for the Administrator as fax numbers and emails may change from time to time.

Cash Accounts

In connection with the processing of subscriptions, redemptions, distributions or other relevant payments to or from investors or Shareholders, the Company may establish or operate a separate umbrella fund or fund specific cash account, opened in its name, for each currency in which shares in the Company are denominated. No investment or trading will be effected on behalf of the Company or any of its Funds in respect of the cash balances on such accounts. Any balances on such accounts shall belong to the Company or the relevant Fund and are not held on trust on behalf of any investors or Shareholders or any other persons.

Cash subscriptions received in advance of the relevant Subscription Date will be held as an asset of the relevant Fund in cash in an umbrella fund/Fund cash account until the relevant Subscription Date, at which time the Shares will be issued and the investor will become a Shareholder in the relevant Fund. In respect of such subscription proceeds received in advance of the relevant Subscription Date and until such time as the Shares have been issued to the investor, in the event of the Company or the relevant Fund becoming insolvent, the investor will rank as a general unsecured creditor of the Company or relevant Fund in respect of such subscription proceeds.

Should the Company be unable to issue Shares to an investor who has paid the requisite subscription amount to the Company but has yet to provide the Company or the Administrator with all requisite information or documentation in order to verify the investor's identity, the Company shall ensure that in the event that such subscription proceeds cannot be applied, such subscription proceeds will be returned to the relevant investor within five working days.

The Company may temporarily borrow an amount equal to a subscription, subject to a Fund's borrowing limits, and invest the amount borrowed in accordance with the investment objective and policies of the Fund. Once the required subscription monies have been received, the Company will use this to repay the borrowings. In the event of any delay in the settlement of the investor's subscription monies, the Company reserves the right to charge that Shareholder for any interest or other costs incurred by the Company as a result of this borrowing. If the Shareholder fails to reimburse the Company for those charges, the Company will have the right to sell all or part of the investor's holdings of Shares in the Fund in order to meet those charges and/or to pursue that Shareholder for such charges.

In respect of a dividend declared and owing to a Shareholder that is unable to be paid for any reason

whatsoever, such as, for example, if the relevant Shareholder has not provided the requisite information or documentation to the Company or the Administrator, such dividend amount may be held as an asset of the relevant Fund in cash in an umbrella fund/Fund cash account until such time as the reason for the Company or the Administrator being unable to pay the dividend amount to the relevant Shareholder has been addressed, at which point the Company or the Administrator shall pay the dividend amount to the Shareholder. In this regard, the relevant Shareholder should seek to promptly address the reason for the Company or the Administrator being unable to pay the dividend amount to the relevant Shareholder. In respect of such dividend amounts that are unable to be paid and until such time as such dividend amount has been paid to the Shareholder, in the event of the Company or the relevant Fund becoming insolvent, the Shareholder will rank as a general unsecured creditor of the Company or relevant Fund in respect of such a dividend amount.

In respect of a redemption request, the Company or the Administrator may refuse to remit the redemption proceeds until such time as the Shareholder has provided the requisite information or documentation to the Company or the Administrator, as requested by the Company or the Administrator from time to time. In such circumstances, the Administrator will process the redemption request received by the Shareholder, at which point in time the Shareholder will no longer be considered a Shareholder of the relevant Fund and the proceeds of that redemption shall be held as an asset of the relevant Fund in cash in an umbrella fund/Fund cash account until such time as the Company or the Administrator has received all requisite information or documentation and has verified the Shareholder's identity to its satisfaction, following which the redemption proceeds will be released. In this regard, the relevant Shareholder should seek to promptly address the reason for the Company or the Administrator being unable to pay the redemption proceeds to the relevant Shareholder. In respect of such redemption proceeds that are unable to be paid and until such time as the redemption proceeds have been released to the investor, in the event of the Company or the relevant Fund becoming insolvent, the investor will rank as a general unsecured creditor of the Company or relevant Fund in respect of such redemption proceeds.

Data Protection Information

Prospective investors should note that by completing the application form they are providing personal information to the Company, which may constitute personal data within the meaning of Data Protection Law. This personal data will be kept only for as long as necessary and used for the purposes of client identification, administration, updating the Company's records for fee billing, to monitor and record calls and electronic communications for quality, business analysis, training, investigation and fraud prevention purposes, for crime detection, prevention, investigation and prosecution and to enforce or defend the Manager's, Investment Manager's, Administrator's or Depositary's rights directly or through third parties to whom either the Manager, Investment Manager, Administrator or Depositary delegates such rights or responsibilities, statistical analysis, market research, to comply with any applicable legal or regulatory requirements, such as anti-money laundering checks and related actions which the Company, the Manager, the Investment Manager, the Administrator or the Depositary considers necessary to meet any legal obligations, and, if an applicant's consent is given, for direct marketing purposes. The Company and the Administrator will retain your personal information for the duration of your investment in the Company and for as long as required for the Company or the Administrator to perform the services or perform investigations in relation to same depending on whether additional legal/regulatory obligations mandate that the Company retains your personal information. Data may be disclosed to third parties including regulatory bodies, tax authorities in accordance with the CRS and any other tax reporting obligations under legislation or regulation, delegates, advisers and service providers of the Company and their or the Company's duly authorised agents and any of their respective related, associated or affiliated companies wherever located (including outside the EEA) for the purposes specified. Investors have the following rights in respect of their personal data kept by the Company, the Manager, the Investment Manager, the Administrator or the Depositary: the right to access their personal information, the right to rectify their personal information, the right to restrict the use of their personal information, the right to request that their personal information is erased, the right to object to processing of their personal information and the right to data portability (in certain specific circumstances as set out in more detail in the application form).

Suspension of Subscriptions, Transfers, Conversions and Redemptions

Subscriptions, transfers, conversions and redemptions for any Fund will be suspended for as long as the

calculation of the Net Asset Value of that Fund is suspended as more fully described in the section headed “Valuation - Suspension of Valuation”. In the event of any such suspension, all Shareholders will be notified.

Any applications for subscriptions, transfers, conversions and redemptions for a Fund will be considered on the first Subscription Date or Redemption Date, as applicable, following the termination of a suspension.

Investor Restrictions

Potential investors should note that restrictions apply regarding the types of persons to whom Shares may be issued and transferred for the purpose of ensuring that no Shares are held by any person or persons:

- (i) in breach of the law or requirements of any country or governmental authority; or
- (ii) in circumstances (whether directly or indirectly affecting such person or persons and whether taken alone or in conjunction with any other person or persons, connected or not, or any other circumstance appearing to the Directors and the Administrator to be relevant) where, in the opinion of the Directors and the Administrator, such holding might result in taxation, legal, pecuniary, regulatory or material administrative disadvantage to the relevant Fund or its Shareholders as a whole.

Abusive Trading Practices

Excessive, short-term (or market timing) or other abusive trading practices may disrupt portfolio management strategies and harm Fund performance. To minimise harm to a Fund and its Shareholders, the Administrator, working in conjunction with the designated anti-money laundering reporting officer, reserves the right to reject any subscription (including any transfer) from any investor whom it believes has a history of abusive trading or whose trading, in its judgement, has been or may be disruptive to a Fund. In making this judgement, the Administrator may consider trading done in multiple accounts under common ownership or control.

VALUATION

Net Asset Value

The Net Asset Value of the Company and of each Fund or of each class of Shares, as the case may be, will be calculated by the Administrator at the relevant Valuation Point for each Valuation Date in accordance with the principles more fully described in the section headed “Valuation Principles” below.

The Net Asset Value of each Fund is, as at any Valuation Point, the aggregate value of the assets attributable to each Fund (including, without limitation, any unamortised expenses) less the aggregate liabilities attributable to each Fund (including, without limitation, its accrued expenses including any Performance Fee accrual and such amount in respect of contingent or projected expenses as the Directors consider fair and reasonable). The Net Asset Value per Share in each Fund will be calculated by dividing the Net Asset Value of such Fund by the number of Shares in issue in respect of that Fund.

Where a Fund is made up of more than one class of Shares, the Net Asset Value of each class of Shares will be calculated by determining that part of the Net Asset Value of each Fund attributable to each such class of Shares and dividing this value by the number of Shares of that class in issue to the nearest three decimal places to give the Net Asset Value per Share. Any increase or decrease in the Net Asset Value of each Fund will be allocated between the Share classes based on their pro rata closing Net Asset Values. The Net Asset Value of Share classes denominated in currencies other than the base currency of a Fund will be calculated using the relevant exchange rate prevailing at the relevant Valuation Point.

The Net Asset Value per Share will increase or decrease in accordance with profits earned or losses incurred by the Company.

Allocation of Assets and Liabilities

The Articles of Association require the Directors to establish separate Funds in the following manner:

- (a) the proceeds from the issue of each Share shall be applied in the books and records of the Fund established for that Share, and the assets less the liabilities plus income less expenditure attributable thereto shall be applied to such Fund subject to the provisions of the Articles of Association;
- (b) where any asset is derived from another asset (whether cash or otherwise), the derived asset shall be applied to the same Fund as the assets from which it was derived and on each revaluation of an asset the increase or diminution in value shall be applied to the relevant Fund;
- (c) in the case of any asset which the Directors do not consider as attributable to a particular Fund, the Directors shall have discretion, subject to the approval of the Depositary, to determine the basis upon which any such asset shall be allocated between Funds and the Directors shall have the power at any time, subject to the approval of the Depositary, to vary such basis provided that the approval of the Depositary shall not be required in any such case where the asset is allocated between all Funds pro rata to their net asset values at the time when the allocation is made;
- (d) the Directors shall have the discretion, subject to the approval of the Depositary, to determine the basis upon which any liability (which, without limitation, may include all operating expenses of the Company such as stamp duties, taxes, brokerage or other expenses of acquiring and disposing of investments, the fees and expenses of the auditors and legal advisers, the costs of printing and distributing reports, accounts and any prospectus, publishing prices and any relevant registration fees etc.) shall be allocated between Funds (including conditions as to the subsequent re-allocation thereof if circumstances so permit) and shall have the power at any time and from time to time to vary such basis, provided that the approval of the Depositary shall not be required in any such case where a liability is allocated between the Funds pro rata to their Net Asset Values; and

- (e) subject to the approval of the Depositary, the Directors may transfer any assets to and from Funds if, as a result of a creditor proceeding against certain of the assets of the Company or otherwise, a liability would be borne in a different manner from that in which it would have been borne under paragraph (d) above or in any similar circumstances.

Valuation Principles

The Net Asset Values for each class of Shares shall be determined separately by reference to the Fund appertaining to that class of Shares and to each such determination the following provisions shall apply:

- (1) The Net Asset Value of each Fund shall be determined and shall be equal to the value as at the relevant Valuation Point of all the assets, less all the liabilities, of that Fund.
- (2) The assets of a Fund shall be deemed to include:
 - (a) all cash in hand, on loan or on deposit, or on call including any interest accrued thereon;
 - (b) all bills, demand notes, promissory notes and accounts receivable;
 - (c) all bonds, certificates of deposit, shares, stock, units in Collective Investment Schemes, debentures, debentures stock, subscription rights, warrants, options and other investments and securities owned and contracted for, (other than rights and securities issued by it);
 - (d) all stock and cash dividends and cash distributions which the Directors consider will be received by the Company in respect of the Fund but which have not yet been received by it but have been declared payable to stockholders of record on a date before the day as of which the assets are being valued;
 - (e) all interest accrued on any interest-bearing securities forming part of the Fund; and
 - (f) all prepaid expenses including dividends receivable by the Company relating to that Fund and a proportion of any prepaid expenses relating to the Company generally, such prepaid expenses to be valued and defined from time to time by the Directors.
- (3) Any expense or liability of the Company may be amortised over such period as the Directors (with the approval of the auditors) may determine (and the Directors may at any time and from time to time determine with the approval of the auditors to lengthen or shorten any such period), and the unamortised amount thereof at any time shall also be deemed to be an asset of the Company.
- (4) Assets shall be valued as follows:
 - (a) deposits shall be valued at their principal amount plus accrued interest from the date on which the same was acquired or made;
 - (b) save as otherwise herein provided investments or assets listed, quoted or dealt in on a Recognised Market shall be valued at the Valuation Point (or such other time as the Directors or the Investment Manager shall consider more appropriately represents the time of closing of business in such Recognised Market) in each case being the mid-market price on the Recognised Market on which these assets are traded or admitted for trading (being the Recognised Market which is the sole or in the opinion of the Directors the principal Recognised Market on which the investment in question is listed, quoted or dealt in). If, in the sole opinion of the Manager (or where relevant, the Directors), the dealing price (which will be the mid-market price) for the assets, calculated as at the Valuation Point is not representative of the value of the assets, the value will be the probable realisation value, estimated with care and in good faith by

such competent person as may be appointed by the Manager (or where relevant, the Directors) and approved for the purpose by the Depositary;

- (c) forward foreign exchange contracts will be valued in accordance with paragraph (f) below, or, alternatively by reference to freely available market quotations. If such freely available market quotations are used, there is no requirement to have such prices independently verified or reconciled to the counterparty valuation on a monthly basis. As foreign exchange hedging may be utilised for the benefit of a particular class of Shares within a Fund, its costs and related liabilities and/or benefits will be reflected in the Net Asset Value per class for Shares of such class;
- (d) exchange traded futures and options contracts (including index futures) shall be valued at the settlement price as determined by the market in question. If such market price is not available, the value shall be the probable realisation value estimated with care and in good faith by the Manager (or where relevant, the Directors) or such other competent person approved for the purpose by the Depositary.
- (e) derivative instruments dealt in on a market shall be calculated at the settlement price as determined by the market in question, provided that where it is not the practice of the relevant market to quote a settlement price or if such settlement price is not available for any reason, such value shall be the probable realisation value estimated with care and in good faith by the Manager (or where relevant, the Directors) or a competent person approved for the purpose by the Depositary;
- (f) where derivative instruments are not dealt in on a market, their value shall be the daily quotation from the counterparty and which will be verified on a weekly basis by a party independent of the counterparty and approved for the purpose by the Depositary. In accordance with the requirements of the Central Bank, such contracts may also be valued using an alternative valuation, such value determined using an alternative valuation methodology which will be provided by the Manager (or where relevant, the Directors) or a competent person appointed by the Manager (or where relevant, the Directors) and approved by the Depositary. Where such contracts will be valued using an alternative valuation:
 - (i) the alternative valuation will be produced on a daily basis;
 - (ii) the Company will follow international best practice and adhere to the principles of on valuation of OTC instruments established by bodies such as IOSCO and AIMA;

The Directors may at any time temporarily suspend the calculation of the Net Asset Value of the Company or any Fund during:

- (c) any breakdown in the means of communication normally employed in determining the value of the investments of the relevant Fund or when for any reason the current prices on any market of a substantial part of the investments of the relevant Fund cannot be promptly and accurately ascertained; or

Any such suspension will be notified to the Central Bank and Euronext Dublin (for each class of Shares admitted to the Official List and trading on the Main Securities Market of Euronext Dublin) immediately and, where possible, all reasonable steps will be taken to bring any period of suspension to an end as soon as possible. Any such suspension will also be notified to Shareholders.

The Administrator will communicate the Net Asset Value per Share to Euronext Dublin immediately upon calculation for each class of Shares admitted to the Official List and trading on the Main Securities Market of Euronext Dublin.

Such expenses were amortised on a straight-line basis in the accounts of the Company over the first 60 months of the Company's operations. While this is not in accordance with applicable accounting standards generally accepted in Ireland and the UK and may result in the audit opinion on the annual report being qualified in this regard, the Directors believe that such amortisation was fair and equitable to investors. Any Funds of the Company which may be established subsequent to the initial Fund may, at the absolute discretion of the Directors, be allocated such portion of the formation expenses as the Directors consider to be fair in the circumstances. Details of the establishment expenses relating to Funds created in the future, if any, will be set out in the applicable Supplement. For the avoidance of doubt, therefore, the amount of establishment expenses set out above, namely €120,000, may be exceeded with

TAXATION

The following summary of certain relevant taxation provisions is based on current law and practice and does not constitute legal or tax advice. It does not purport to deal with all the tax consequences applicable to the Company or to all categories of investors, some of whom may be subject to special rules. Shareholders and potential investors are advised to consult their professional advisers concerning possible taxation or other consequences of purchasing, holding, selling, converting or otherwise disposing of the Shares under the laws of their country of incorporation, establishment, citizenship, residence or domicile, and in the light of their particular circumstances. For instance, it does not address the tax position of Shareholders whose acquisition of Shares in the Company would be regarded as a shareholding in a Personal Portfolio Investment Undertaking (PPIU). The tax consequences of an investment in Shares in the Company will depend not only on the nature of the Company's operations and the then applicable tax principles, but also on certain factual determinations which cannot be made at this time. Accordingly, its applicability will depend on the particular circumstances of each Shareholder.

Potential investors and Shareholders should note that the statements on taxation which are set out below are based on advice which has been received by the Directors regarding the law and practice in force in the relevant jurisdiction as at the date of this Prospectus. As is the case with any investment, there can be no guarantee that the tax position or proposed tax position prevailing at the time an investment is made in the Company will endure indefinitely.

Taxation outside of Ireland

The income and gains of the Company from its securities and assets may suffer withholding tax of the territory where such income and gains arise, which may not be reclaimable in those territories. The Company, in certain circumstances, may not be able to benefit from the applicable reduced rates of withholding tax provided in double taxation agreements between Ireland and such territories. This is because a number of Ireland's double taxation agreements, where applied by territories on a strict basis, are available only to persons who are liable to tax in Ireland. The transactions of the Company will not be liable to Irish tax if all transactions contemplated are exempt as described below.

Taxation in Ireland

The Directors have been advised, on the basis that the Company is resident in Ireland, that the Irish taxation position of the Company and the Shareholders is as set out below.

Taxation of the Company

On the basis that, under current Irish law and practice, the Company is an Investment Undertaking, so long as the Company is resident in Ireland it will generally not be subject to Irish tax on its income or gains other than gains arising on chargeable events as outlined below.

As a result of changes introduced in the Finance Act 2016, a regime applies to Irish real estate funds or "IREFs", which imposes a 20% withholding tax on 'IREF taxable events'. The changes primarily target non-Irish resident investors. On the basis that the Company does not, and will not, hold Irish property assets, these provisions should not be relevant and are not discussed further.

Chargeable events

Although the Company is not chargeable to Irish tax on its income and gains, Irish tax (at rates ranging from 25% to 60%) can arise on the happening of a "chargeable event" as defined by S739B(1) Taxes Act in respect of the Company. Chargeable events include;

- the payment of a distribution to Shareholders;
- the encashment, redemption, repurchase, cancellation or transfer of Shares;

- the appropriation or cancellation of Shares for the purposes of meeting the tax arising on certain chargeable events that do not involve the making of a payment to a Shareholder; and
- the ending of a Relevant Period.

However, the following events are not chargeable events;

- any transaction in relation to or in respect of Shares held in a Recognised Clearing System;
- an exchange on an arm's length basis with the Company of Shares representing one Fund for another Fund of the Company;
- an exchange on an arm's length basis with the Company of Shares in the Company for other Shares in the Company;
- the transfer by a Shareholder of entitlement to a Share where the transfer is between spouses or civil partners, (subject to certain conditions, this exemption may also apply to transfers between former spouses or civil partners); the transferee spouse or civil partner is treated as having acquired the Share at its original cost to the transferring spouse or civil partner; or
- a cancellation of Shares arising on a "scheme of reconstruction or amalgamation" (within the meaning of section 739H(1)) of the Taxes Act) or a "scheme of amalgamation" (within the meaning of 739HA(1) of the Taxes Act) of the Company or other Investment Undertaking(s), subject to certain conditions being fulfilled.

A chargeable event will not give rise to an obligation for the Company to account for the appropriate tax if:

- (i) the chargeable event occurs solely on account of an exchange of Shares arising on a scheme of amalgamation within the meaning of Section 739D (8C) of the Taxes Act, subject to certain conditions being fulfilled;
- (ii) the chargeable event occurs solely on account of an exchange of Shares arising on a scheme of migration and amalgamation within the meaning of Section 739D (8D) of the Taxes Act, subject to certain conditions being fulfilled; or
- (iii) the chargeable event occurs solely on account of a scheme of migration within the meaning of Section 739D (8E) of the Taxes Act, subject to certain conditions being fulfilled.

The ending of a Relevant Period will not give rise to an obligation for the Company to account for the appropriate tax if:

- (i) immediately before the chargeable event the value of the number of Shares in the Company, in respect of which any gains arising would be treated as arising to the Company, on the happening of a chargeable event is less than 10 per cent of the value of the total number of Shares in the Company at that time; and
- (ii) the Company has made an election, in writing, to the Revenue Commissioners that it will make in respect of each year of assessment a statement (including where it is the case, a statement with a nil amount) to the Revenue Commissioners in electronic format approved by them, on or before 31 March in the year following the year of assessment, which specifies in respect of each Shareholder;
 - (a) the name and address of the Shareholder;
 - (b) the value at the end of the year of assessment of the Shares to which the Shareholder is entitled at that time; and
 - (c) such other information as the Revenue Commissioners may require.

The Company is obliged to notify the Shareholders concerned, in writing, if such an election has been made. Where a Shareholder receives such a notification, that Shareholder is deemed to be a chargeable

person for the purposes of sections 951 and 1084 of the Taxes Act and is required to prepare and deliver to the Revenue Commissioners a return of income on or before the specified return date for that chargeable period. The return of income shall include the following details:

- (i) the name and address of the Company; and
- (ii) the gains arising on the chargeable event.

Exemption from Irish tax arising on chargeable events

The Company will not be subject to Irish tax on gains arising on chargeable events where;

- in the case of Shareholders who are Resident in Ireland or Ordinarily Resident in Ireland, they are Exempt Irish Investors; or
- in the case of Shareholders who are neither Resident in Ireland nor Ordinarily Resident in Ireland, they are Exempt Non-Resident Investors.

Tax payable

Where none of the relieving provisions outlined above have application, the Company is liable to account for Irish income tax on gains arising on chargeable events as follows:

- (a) where the chargeable event relates to a unit held by a Shareholder that is a company and that company has made a declaration to the Company that it is a company and that declaration contain the Irish corporation tax reference number with respect to the company, Irish tax is payable at a rate of 25%; and
- (b) where (a) above does not apply, Irish tax is payable at the rate of 41%.

To the extent that any tax is paid on a chargeable event that occurs solely as a consequence of the ending of a Relevant Period, such tax will be allowed as a credit or paid by the Fund to the Shareholder on the happening of a subsequent chargeable event in accordance with the provisions of S739E of the Taxes Act.

In the case of a chargeable event arising as a result of a transfer of Shares or the ending of a Relevant Period or any other chargeable event arising that does not give rise to a payment to be made to a Shareholder, the Company is entitled to cancel or appropriate sufficient Shares of the Shareholder to meet the tax liability. In the case of chargeable events other than a chargeable event arising on a transfer or the ending of a Relevant Period, any tax arising is deducted from the payments (distribution/ repurchase payments/ cancellation/ redemption payments) to the Shareholders. The relevant Shareholder shall indemnify and keep the Company indemnified against loss arising to the Company by reason of the Company becoming liable to account for tax on the happening of a chargeable event.

Dividend withholding tax

Distributions paid by the Company are not subject to Irish dividend withholding tax provided the Company continues to be a collective investment undertaking as defined in Section 172A(1) of the Taxes Act (which definition includes an investment undertaking within the meaning of section 739B of the Taxes Act).

Dividends received by the Company from companies that are Resident in Ireland may be subject to Irish dividend withholding tax (currently 25 per cent). However, where the Company makes an appropriate declaration pursuant to paragraph 6, Schedule 2A of the Taxes Act to the payer that it is a collective investment undertaking within the meaning of section 172A(1) of the Taxes Act, it will be entitled to receive such dividends without deduction of tax.

Overseas Dividends and Interest

Dividends and interest (if any) which the Company receives with respect to investments (other than securities of Irish issuers) may be subject to taxes, including withholding taxes, in the countries in

which the issuers of the investments are located and such taxes may not be recoverable by the Company or its shareholders. It is not known whether the Company will be able to benefit from reduced rates of withholding tax under the provisions of the double tax treaties which Ireland has entered into with various countries.

However, in the event that the Company receives any repayment of withholding tax suffered, the Net Asset Value of the relevant Fund will not be restated and the benefit of any repayment will be allocated to the then existing Shareholders rateably at the time of such repayment.

Stamp Duty

As an Investment Undertaking no liability in respect of Irish stamp duty will arise in respect of the issue, redemption, sale, conversion, transfer or reissue of Shares in the Company. Where any subscription for Shares is satisfied by the *in specie* transfer of Irish securities or other Irish property, Irish stamp duty may arise on the transfer of such securities or property.

Generally, no Irish stamp duty will be payable by the Company on the conveyance or transfer of stock or marketable securities provided that the stock or marketable securities in question have not been issued by a company incorporated in Ireland and provided the conveyance or transfer does not relate to any immovable property situated in Ireland or any right over or interest in such property or to any stocks or marketable securities of a company (other than a company which is a collective investment undertaking within the meaning of section 739B of the Taxes Act or a Qualifying Company) which is incorporated in Ireland.

No stamp duty will arise on reconstructions or amalgamations of investment undertakings under Section 739H of the Taxes Act, provided the reconstructions or amalgamations are undertaken for bona fide commercial purposes and not for the avoidance of tax.

Taxation of Shareholders in Ireland

For the purpose of determining the Irish tax liability of any Shareholder, payments made by the Company to a Shareholder who holds Shares which are held in a Recognised Clearing System, will be deemed to be payments from which tax has not been deducted.

Corporate Shareholder who is Resident in Ireland

The Irish tax position of a corporate Shareholder who is Resident in Ireland will depend on whether the Shareholder is trading in the Shares or whether they are held as an investment.

Shares held as stock in trade

Corporate Shareholders who are Resident in Ireland and who are trading in Shares or which is a Qualifying Company will be taxable on any income or gains (grossed up for any tax deducted) earned in connection with those Shares as part of the profits of that trade or as profits of its business as a Qualifying Company, as the case may be. Such Shareholders will be entitled to a set off against corporation tax payable for any tax deducted by the Company against the corporation tax otherwise assessable upon it. In practice, where tax at a rate higher than 25% has been deducted from payments to a corporate Shareholder resident in Ireland, a credit of the excess tax deducted over the higher corporation tax rate of 25% should be available.

Shares held as an investment

The tax position of a corporate Shareholder whose Shares are not held as part of a share dealing trade will depend on whether or not tax is withheld by the Company.

- ***Tax withheld by the Company***

Corporate Shareholders who are Resident in Ireland who receive payments in respect of Shares from which tax has been deducted will not be subject to further Irish tax on the payments received. Tax will be deducted by the Company at a rate of 25 per cent. However, where the Shares are not denominated in Euro, such Shareholders may also be liable to

corporation tax on foreign currency gains upon the cancellation, redemption, repurchase or transfer of Shares. In practice, where tax at a rate higher than 25% has been deducted from payments to a corporate Shareholder resident in Ireland, a credit of the excess tax deducted over the higher corporation tax rate of 25% should be available.

- ***Tax not withheld by the Company***

Corporate Shareholders who are Resident in Ireland who receive payments in respect of Shares from which tax has not been deducted will be chargeable to tax under Case IV of Schedule D. Accordingly a 25 per cent. rate of corporation tax applies. However where the payment is in respect of the cancellation, redemption, repurchase or transfer of Shares or the ending of a Relevant Period, such payment shall be reduced by the amount of the consideration in money or money's worth given by the Shareholder for the acquisition of the Shares. In addition, where the Shares are not denominated in Euro, such Shareholders may also be liable to corporation tax on foreign currency gains upon the cancellation, redemption, repurchase or transfer of Shares.

Non-Corporate Shareholders who are Resident or Ordinarily Resident in Ireland

The tax position of a non-corporate Shareholder will depend on whether tax is withheld by the Company.

- ***Tax withheld by the Company***

Non-corporate Shareholders who are Resident in Ireland or Ordinarily Resident in Ireland will not be subject to further Irish tax on income from their Shares or gains made on the disposal of their Shares where tax has been deducted by the Company on payments received. However, where the Shares are not denominated in Euro, such Shareholders may also be liable to capital gains tax on foreign currency gains upon the cancellation, redemption, repurchase or transfer of Shares.

- ***Tax not withheld by the Company***

Where a non-corporate Shareholder who is Resident in Ireland or Ordinarily Resident in Ireland receives a payment in respect of Shares from which tax has not been deducted, the payment will be taxable at 41%.

However, where the payment is in respect of the cancellation, redemption, repurchase or transfer of Shares or the ending of a Relevant Period, such payment shall be reduced by the amount of the consideration in money or money's worth given by the Shareholder for the acquisition of the Shares. Also, where the Shares are not denominated in Euro, such Shareholders may also be liable to capital gains tax on foreign currency gains upon such cancellation, redemption, repurchase or transfer.

Shareholders who are neither Resident in Ireland nor Ordinarily Resident in Ireland

Shareholders who are neither Resident in Ireland nor Ordinarily Resident in Ireland will not be subject to Irish tax on income from their Shares or gains made on the disposal of their Shares except where the Shares are attributable to an Irish branch or agency of such Shareholder. No tax will be deducted on distributions from the Company or payments by the Company in respect of an encashment, repurchase, redemption, cancellation or other disposal of their investment.

To the extent that a Shareholder is acting as an Intermediary on behalf of a person who is not an Irish Resident the Company will not be obliged to deduct tax on the occasion of a chargeable event provided that such Intermediary has made a true and correct declaration to the Company confirming that it is acting on behalf of a non-Irish Resident.

Where a Relevant Declaration has not been made to the Company, tax will arise on the happening of a chargeable event regardless of the fact that the Shareholder is neither Resident in Ireland nor Ordinarily

Resident in Ireland. In such circumstances, the Company will be liable to account for tax arising on chargeable events as described at “Tax payable” above.

Refunds of Tax withheld

Where tax is withheld by the Company on the basis that no Relevant Declaration has been filed with the Company by the Shareholder, Irish legislation does not provide for a refund of tax to a non-corporate Shareholder or to a corporate Shareholder who is not Resident in Ireland and who is not within the charge to Irish corporation tax other than in the following circumstances:

- The appropriate tax has been correctly returned by the Company and within one year of the making of the return, the Company can prove to the satisfaction of the Revenue Commissioners that it is just and reasonable for such tax which has been paid, to be repaid to the Company.
- Where a claim is made for a refund of Irish tax under Sections 189, 189A or 192 of the Taxes Act (relieving provisions relating to incapacitated persons, trusts in relation thereto and persons incapacitated as a result of drugs containing thalidomide), the Shareholder is treated as having received a net amount of income from the gross amount of which tax has been deducted and that gross amount is treated as an amount of income chargeable to tax under Case III of Schedule D.

Capital Acquisitions Tax

Under current law and practice and on the basis that the Company qualifies as an Investment Undertaking, where a Share is comprised in a gift or inheritance, it will be exempt under section 75 of the Capital Acquisitions Tax Consolidation Act 2003 from Irish capital acquisitions tax, (currently 33 per cent.) provided:

- (a) the Shares are comprised in the gift or inheritance at the date of the gift or inheritance and at the valuation date;
- (b) at the date of the disposition the disponent is neither domiciled in Ireland nor Ordinarily Resident in Ireland for capital acquisitions tax purposes; and
- (c) at the date of the gift or inheritance the donee or successor is neither domiciled in Ireland nor Ordinarily Resident in Ireland.

For the purposes of Irish capital acquisitions tax only, a non-Irish domiciled person will not be treated as Resident in Ireland or Ordinarily Resident in Ireland except where that person has been resident in Ireland for 5 consecutive years of assessment immediately preceding the year of assessment in which the date of the gift or inheritance falls and that person is either Resident in Ireland or Ordinarily Resident in Ireland on that date.

Shareholder Reporting

Pursuant to the provisions of Section 891C of the Taxes Act and the Return of Values (Investment Undertakings) Regulations 2013 (the “**Regulations**”) the Company is required to provide certain information to the Revenue Commissioners in relation to Shareholders other than “excepted unitholders” within the meaning of the Regulations (“**Excepted Shareholders**”).

The information to be provided to the Revenue Commissioners includes:

- (a) the name, registered address, contact details and tax reference number of the Company;
- (b) the name, address, tax reference number and date of birth (if applicable) of each Shareholder that is not an Excepted Shareholder; and
- (c) the investment number and the value of the investment held by each Shareholder that is not an Excepted Shareholder.

Exempt Irish Investors, Exempt Non-Resident Investors and Shareholders whose Shares are held in a Recognised Clearing System would be Excepted Shareholders for this purpose.

Automatic Exchange of Information for Tax Purposes

Council Directive 2011/16/EU on Administrative Cooperation in the field of Taxation (as amended by Council Directive 2014/107/EU) (“**DAC2**”) provides for the implementation among Member States (and certain third countries that have entered into information exchange agreements) of the automatic exchange of information in respect of various categories of income and capital and broadly encompasses the regime known as the Common Reporting Standard (“**CRS**”) proposed by the OECD as a new global standard for the automatic exchange of information between tax authorities in participating jurisdictions.

Under the CRS, governments of participating jurisdictions have committed to collect detailed information to be shared with other jurisdictions annually.

CRS is implemented in Ireland pursuant to the Returns of Certain Information by Reporting Financial Institutions Regulations 2015, S.I. 583 of 2015, made under Section 891F of the Taxes Act.

DAC2 is implemented in Ireland pursuant to the Mandatory Automatic Exchange of Information in the Field of Taxation Regulations of 2015, S.I. No. 609 of 2015 made under Section 891G of the Taxes Act.

Pursuant to these Regulations, the Company will be required to obtain and report to the Revenue Commissioners annually certain financial account and other information for non-Irish and non-US accountholders in respect of their Shares. The returns must be submitted by 30 June annually. The information must include amongst other things, details of the name, address, taxpayer identification number (“**TIN**”), place of residence and, in the case of accountholders who are individuals, the date and place of birth, together with details relating to payments made to accountholders and their holdings. All Shareholders will be required to provide this information and documentation, if applicable, to the Company and each Shareholder will agree or will be deemed to agree by its subscription for Shares or, by its holding of Shares, to provide the requisite information and documentation, if applicable, to the Company, upon request by it or its service providers so that the Company can comply with its obligations under CRS.

FATCA

The obligations of the Company under FATCA are covered by the provisions of the Ireland and US Intergovernmental Agreement (“**IGA**”) and the Financial Accounts Reporting (United States of America) Regulations 2014 (the “**Regulations**”). Under the IGA and the Regulations, any Irish financial institutions as defined therein are required to report annually to the Revenue Commissioners details of its US account holders including the name, address and taxpayer identification number and certain other details. Such institutions are also required to update their account on-boarding procedures in order to easily identify US new account holders and report this information to the Revenue Commissioners. The Company, in conjunction with assistance from its service providers where necessary, will endeavour to ensure that it satisfies any obligations imposed on it under the IGA and the Regulations.

The Company's ability to satisfy its obligations under the IGA and the Regulations will depend on each Shareholder in the Company providing the Company with any information, including information concerning the direct or indirect owners of such Shareholders, that the Company determines is necessary to satisfy such obligations. Each Shareholder will agree in its application form to provide such information upon request from the Company.

If the Company fails to satisfy its obligations under the IGA and the Regulations, it may, in certain circumstances, become subject to a 30% withholding tax on certain US source payments to the Company that may not be refundable.

Potential investors should consult their advisers regarding the application of the withholding rules and the information that may be required to be provided and disclosed to the Company and in certain circumstances to the US Internal Revenue System as will be set out in the final FATCA regulations.

The application of the withholding rules and the information that may be required to be reported and disclosed are uncertain and subject to change.

EU Mandatory Disclosure Rules

On 25 May 2018, the European and Financial Affairs Council (“**ECOFIN**”) formally adopted Council Directive (EU) 2018/822 which relates to the mandatory automatic exchange of information in the field of taxation in relation to cross-border arrangements (the “**Directive**”), also known as “DAC6”. The main goals of DAC6 are to strengthen tax transparency and to fight against what is regarded as aggressive cross-border tax planning.

DAC6 imposes mandatory reporting requirements on EU-based tax advisors, accountants, lawyers, banks, financial advisors and other intermediaries who design, market, organise, make available for implementation or manage the implementation of potentially aggressive cross-border tax planning schemes. It also covers persons who provide aid, assistance or advice in relation to potentially aggressive cross-border tax-planning schemes, where they can be reasonably expected to know that they have performed that function. If the intermediary is located outside the EU or is bound by legal professional privilege, the obligation to report can pass to the Company in certain instances, as the taxpayer.

An arrangement is reportable if it falls within certain hallmarks. These hallmarks are very broadly defined and have the potential to capture a wide range of transactions.

DAC6 was transposed into Irish law by Chapter 3A, Part 33, Taxes Act, which was introduced by section 67 of Finance Act 2019. Reportable transactions, where the first implementation step of a cross-border arrangement occurs between 1 July 2020 and 31 December 2020, are required to be reported by 31 January 2021. Reportable transactions, where the first implementation step of a cross-border arrangement occurred between 25 June 2018 and 1 July 2020, are required to be reported by 28 February 2021.

Any reportable transactions that occur from 1 January 2021 are required to be reported within 30 days.

In the event that the Company enters into a reportable transaction, the Company may be required to obtain certain information from Shareholders in order to disclose the relevant transaction to the Revenue Commissioners. In addition, the Company may be required to disclose certain details on Shareholders to the Revenue Commissioners as part of their reporting obligations

United Kingdom

The Company

It is intended that the Company will be resident for tax purposes outside the UK. Accordingly, and provided that the Company does not carry on a trade in the UK through a permanent establishment situated therein that constitutes an assessable “UK representative” for UK taxation purposes, the Company will not be subject to UK corporation tax on income and capital gains arising from its activities. The Directors and the Investment Manager each intend that the respective affairs of the Company and the Investment Manager are conducted so that no such assessable “UK Representative” will arise insofar as this is within their respective control.

Should the Company be regarded as carrying on a trade for United Kingdom tax purposes through a “UK representative” of the Investment Manager, it is expected that neither the Investment Manager as a permanent establishment or agent of the Company, nor the Company itself should be subject to United Kingdom taxation on profits or gains by reason of the application of the United Kingdom’s “investment manager exemption” (the “IME”). In particular, the Directors and the Investment Manager intend to manage the Company and its investments in such manner, so as to ensure that the Investment Manager should benefit from the IME but it cannot be guaranteed that the conditions necessary for the exemption will at all times be satisfied.

Interest and other income received by the Company which has a UK source may be subject to

withholding taxes in the UK.

Shareholders (other than those holding Shares through an ISA)

Certain share classes of the Company will constitute an "offshore fund" for the purposes of the UK Offshore Funds (Tax) Regulations 2009 ("the Regulations"). Under this legislation, any gain arising on the sale, disposal or redemption of shares in an offshore fund (or on conversion from one fund to another within an umbrella fund) held by persons who are resident in the UK for tax purposes will be taxed at the time of such sale, disposal, redemption or conversion as income and not as a capital gain.

This does not apply, however, where a share class is a "reporting fund" throughout the period during which the shares have been held.

The Investment Manager applied on behalf of certain share classes of the Company to HM Revenue and Customs to be a reporting fund for the purposes of the Regulations with effect from 1 January 2010. This application, and subsequently applications to register additional share classes, have been granted and these share classes will remain reporting funds provided they comply with the ongoing requirements of the regime, including reporting 100 per cent of reportable income on an annual basis to investors. The share classes will only leave the reporting fund regime if either the Company notifies HMRC prospectively that it no longer wishes for the share class(es) to remain a reporting fund, or through serious or persistent breaches of the Regulations.

Should the Directors decide to withdraw from the reporting fund regime they will be required to notify all Shareholders in the relevant share classes prior to that withdrawal coming into effect. In such an event, it may be possible for Shareholders resident in the United Kingdom for United Kingdom taxation purposes to make an election for a deemed disposal and reacquisition of their Shares, in order to benefit from the capital gains treatment afforded by reporting fund status up to the date that the share class leaves the regime.

Provided the share class remains a reporting fund throughout an investor's period of holding an interest in the share class, any gain realised upon disposal of the shares will be treated as a capital gain which will be subject to capital gains tax for individuals and corporation tax on chargeable gains for corporate investors. Shareholders who are individuals will therefore be able to benefit from the comparatively lower capital gains tax rate and the capital gains tax annual exempt amount. In the case of individuals who are UK resident but domiciled for UK tax purposes outside the UK and who have successfully claimed to be, or automatically qualified to be, taxed on a remittance basis, any capital gain or offshore income gain will be subject to UK tax only to the extent that the gain is or is deemed to be, remitted to the UK.

Subject to their personal circumstances, individual Shareholders resident in the United Kingdom for taxation purposes will be liable to UK income tax under Part 4 Chapter 4 of the Income Tax (Trading and Other Income) Act 2005 in respect of dividends or other distributions of income by the Company, whether or not such distributions are reinvested in further Shares of the Company. For corporate investors, any distributions received from the Company should be exempt from corporation tax under Part 9A of the Corporation Tax Act 2009 ("CTA"), subject to the various conditions of Chapter 2 of Part 9A CTA being met. For share classes which are reporting funds under the Regulations, any excess of reportable income over distributions (which are deemed to arise six months after the year end of the Company) reported to investors under these Regulations will be taxed in the same way as a distribution.

It is not the intention of the Directors that the Company will have substantial investments in interest bearing or similar assets. Where however at any time, the Company has substantial investments (more than 60%) in interest bearing assets, any distribution paid by the Company or treated as paid by the Company will be treated for United Kingdom taxation purposes as interest, rather than as a dividend. Such interest will be taxed on an individual Shareholder resident in the United Kingdom for United Kingdom taxation purposes at the United Kingdom non-dividend income tax rate, currently up to a rate of 45%. In addition, Shareholders that are subject to United Kingdom corporation tax will be taxable according to the rules for the United Kingdom taxation of corporate debt. Any income distributions of the Company will be taxed as interest and such Shareholders will also be taxed on any increase (or obtain relief for any loss) on the market value of their interest at the end of each accounting period and

at the date of disposal of their Shares as a loan relationship credit or debit. Accordingly, a corporate Shareholder may, depending on its own circumstances, be taxed in relation to returns on the Shares in accordance with fair value accounting, including incurring a charge to United Kingdom corporation tax on an unrealised increase in the value of its holding of Shares (and, likewise, obtain relief against United Kingdom corporation tax for an unrealised reduction in the value of its holding of Shares).

If the Company becomes a controlled foreign company then any United Kingdom resident company which, either alone or together with connected or associated persons, has an interest of 25% or more in the Company may be assessed to corporation tax in respect of the "chargeable" profits of the Company which are attributable to such Shareholder's interest in the Company. The "chargeable profits" of the Company do not include any of its capital gains. United Kingdom resident companies holding 25% or more of the Shares of the Company (directly or indirectly) should take their own specific professional advice.

A specific exemption from the controlled foreign company rules (Section 371BFTIOPA 2010) applies to UK companies that are participants in offshore funds, provided that certain conditions are met.

A UK tax resident company ("UK company") which is a participant in an offshore fund, where the fund would otherwise be a controlled foreign company, will not be a chargeable company for the purposes of the rules provided that the following conditions are met. (i) The controlled foreign company is and remains an offshore fund, (ii) at all times less than 25% of the controlled foreign company chargeable profits are attributable to the UK company and its associates and (iii) that these conditions are not met by the UK company as a result of steps taken by the UK company or any person connected with the company for the purpose of avoiding these rules.

The attention of Shareholders is drawn to the provisions of Section 3 of the UK Taxation of Chargeable Gains Act 1992. Under this section, if the Fund would have been a close company were it resident in the UK, holders of more than a 25% interest in the Fund may be assessed to UK tax on their share of the Fund's capital gains.

The attention of individual Shareholders resident in the UK for taxation purposes is drawn to Chapter 2 of Part 13 of the Income Tax Act 2007. These provisions are aimed at preventing the avoidance of income tax by individuals through transactions resulting in the transfer of assets or income to persons (including companies) resident or domiciled abroad and may render them liable to taxation in respect of undistributed income and profits of the Fund on an annual basis.

Shareholders (holding Shares through an ISA)

The Directors intend that Shares of each Fund will qualify for inclusion within the stocks and shares component of an ISA provided that the ISA manager has acquired the Shares by purchase in the market or by application for Shares publicly offered for sale or subscription as the Company is authorised as a UCITS and has received recognition pursuant to Section 264 of the Financial Services and Markets Act 2000 as a recognised scheme for the purposes of Section 264 of the Financial Services and Markets Act 2000.

Dividends on Shares held within an ISA are exempt from income tax. Capital gains on the disposal of Shares held within an ISA are exempt from capital gains tax.

Stamp Duty and Stamp Duty Reserve Tax

A charge to UK stamp duty will only arise where the instrument of transfer or document evidencing a transfer is executed in the UK or there is a matter or thing to be done in the UK. The term matter or thing is wide and may include paying or receiving cash in a UK bank account.

Where a charge to stamp duty arises in the UK this will generally be at the rate of 0.5 per cent, of the consideration for the transfer, rounded up to the nearest £5. Notwithstanding this, provided that there is a separate instrument of transfer (or document evidencing the transfer) there should be no mechanism for enforcing the stamp duty and it should be noted that it is not a condition to lodging any such transfer with the Registrar in Ireland that UK stamp duty be paid on the transfer.

The Shares should not be regarded as "chargeable securities" for the purposes of UK stamp duty

reserve tax and, accordingly, no stamp duty reserve tax should be chargeable in respect of agreements for their transfer.

THE ABOVE SUMMARY IS NOT INTENDED AS TAX ADVICE NOR AS A COMPREHENSIVE DESCRIPTION OF TAX CONSIDERATIONS THAT MAY BE RELEVANT TO A DECISION TO ACQUIRE, TO HOLD, OR TO DISPOSE OF THE SHARES. THIS SUMMARY DOES NOT PURPORT TO DEAL WITH THE TAX CONSEQUENCES APPLICABLE TO ALL CATEGORIES OF INVESTORS, SOME OF WHICH (SUCH AS DEALERS IN SECURITIES) MAY BE SUBJECT TO SPECIAL RULES. PROSPECTIVE INVESTORS SHOULD CONSULT THEIR OWN TAX ADVISERS CONCERNING THE CONSEQUENCES OF THEIR PARTICULAR SITUATION.

GENERAL INFORMATION

Share Capital

The Company was incorporated in Ireland as a public limited company on 15 November 2004 with registered number 393658 under the Companies Acts, 1963 to 2009. It has an authorised capital of 100,000,300,000 divided into 100,000,000,000 Participating Shares of no par value and 300,000 Subscriber Shares of €1.00 each. As only Participating Shares can represent an interest in a Fund, the Subscriber Shares have no entitlement or interest in such a Fund. At the date of this Prospectus, the issued share capital of the Company is 300,000 Subscriber Shares issued for the purpose of the incorporation and authorisation of the Company.

The Constitution

Clause (3) of the memorandum of association provides, inter alia, that the sole object of the Company is the collective investment in either or both transferable securities and other financial assets referred to in Regulation 68 of the UCITS Regulations of capital raised from the public, and which operates on the principle of risk spreading.

The Articles of Association contains provisions to the following effect:

(a) Issue of Shares

The Directors were authorised to exercise all the powers of the Company to offer, allot or otherwise deal with or dispose of “relevant securities” within the meaning of Section 1021 of the Act up to an amount equal to the authorised but as yet unissued share capital of the Company.

The price at which Shares shall be issued shall be determined by reference to the Net Asset Value of the relevant Fund calculated as at the relevant Valuation Point.

The Directors may, with the prior approval of the Central Bank, establish new Funds. The Directors have the power to issue different classes of Shares in each Fund.

(b) Rights of Subscriber Shares

As the Subscriber Shares are not Participating Shares (and as such do not represent any interest in a Fund) they do not entitle the holders thereof to participate in the dividends of any Fund.

Each holder of Subscriber Shares is entitled to attend and vote at any general meeting provided that any holder of Subscriber Shares shall not be entitled to vote at any such general meeting at any time that Shares in issue are held by two or more Shareholders. In the event of a winding-up or dissolution of the Company, the Subscriber Shares have the entitlements referred to under “Winding Up” below.

(c) Variation of Rights

The rights attached to any class of Share may, whether or not the Company is being wound up, be varied or abrogated with the consent in writing of the holders of 75 per cent. of the issued Shares of that class or with the sanction of a special resolution passed at a separate general meeting of the holders of the shares of that class. The provisions of the Articles of Association relating to general meetings shall apply to every such separate general meeting but the necessary quorum at any such meeting shall be two persons holding or representing by proxy at least one third of the issued Shares of the class in question. Any holder of Shares of the class in question present in person or by proxy may demand a poll.

(d) *Voting Rights of Shares*

Subject to disenfranchisement in the event of non-compliance with any notice requiring disclosure of the beneficial ownership of Shares, the Articles of Association provide that on a show of hands at a general meeting of the Company, at a meeting of holders of Shares in a particular Fund or at a meeting of holders of Shares of a particular class, every holder of Shares present in person or by proxy shall have one vote and on a poll every holder of Shares who is present in person or by proxy shall have one vote in respect of each whole Share held by him.

(e) *Change in Share Capital*

The Company may from time to time by ordinary resolution increase its capital, consolidate and divide its Shares into shares of larger amount or subdivide its Shares into shares of smaller amount or cancel any Shares not taken or agreed to be taken by any person. The Company may by special resolution from time to time reduce its share capital in any way permitted by law.

(f) *Directors' Interests*

A Director may hold any other office or place of profit under the Company in conjunction with his office of Director on such terms as to tenure of office, and otherwise as the Directors may determine.

No Director or intending Director shall be disqualified by his office from contracting with the Company either as vendor, purchaser or otherwise, nor shall any such contract or any contract or arrangement entered into by or on behalf of the Company or in which the Company is interested, in which any Director is in any way interested be liable to be avoided, nor shall any Director so contracting or being so interested be liable to account to the Company for any profit realised by any such contract or arrangement by reason of such Director holding that office or of the fiduciary relationship thereby established. A Director who is in any way, whether directly or indirectly, interested in such a contract or arrangement or proposed contract or arrangement with the Company shall declare the nature of his interest if his interest then exists, or in any other case at the first meeting of the Directors after he becomes so interested. A general notice given by a Director to the effect that he is a member of a specified company, society or firm and is to be regarded as interested in all transactions with such company, society or firm shall be a sufficient declaration of interest, and after such general notice it shall not be necessary to give any special notice relating to any subsequent transaction with such company or firm, provided that either the notice is given at a meeting of the Directors or the Director giving the notice takes reasonable steps to secure that it is brought up and read at the next meeting of the Directors after it is given.

Any Director may act by himself or through his firm or corporate entity in a professional capacity for the Company, and he or his firm or corporate entity shall be entitled to remuneration for professional services as if he were not a Director.

Any Director may continue to be or become a director, managing director, manager or other officer or member of any company promoted by the Company or in which the Company may be interested, and no such Director shall be accountable for any remuneration or other benefits received by him as a director, managing director, manager, or other officer or member of any such other company. The Directors may exercise the voting power conferred by the shares in any other company held or owned by the Company or exercisable by them as directors of such other company, in such manner in all respects as they think fit (including the exercise thereof in favour of any resolution appointing themselves or any of the directors, managing directors, managers or other officers of such company, or voting or providing for the payment of remuneration to directors, managing directors, managers or other officers of such company).

(g) *Borrowing Powers*

Subject to the UCITS Regulations, the Directors may exercise all of the powers of the Company to borrow or raise money and to mortgage or charge its undertaking, property and assets both present and future and uncalled capital or any part thereof, and to issue debentures, debenture

stock or other securities, whether outright or as collateral security for any debt liability or obligation of the Company.

(h) *Retirement of Directors*

The Directors shall not be required to retire by rotation or by virtue of their attaining a certain age.

(i) *Transfer of Shares*

All transfers of Shares shall be effected by transfer in writing in any usual or common form or in any other form approved by the Directors but need not be under seal.

The Directors may decline to register any transfer of Shares in respect of which the Company has a lien or where the transfer would be in breach of the law or requirements mentioned in the Prospectus or the applicable Supplement. The registration of transfers may be suspended at such times and for such periods as the Directors may from time to time determine provided always that such registration shall not be suspended for more than 30 days in any year.

The Directors may decline to register any transfer of Shares unless the instrument of transfer is deposited at the Company's registered office or such other place as the Directors may reasonably require and such other evidence as the Directors may reasonably require to show the right of the transferor to make the transfer, and the instrument of transfer relates to Shares of one class only.

(j) *Dividends*

The Articles of Association permit the Directors to declare on the Shares or on any class of Shares such dividends, including interim dividends, as appear to the Directors to be justified. The Directors may, with the sanction of the Company in a general meeting, satisfy any dividend due to holders of the Shares, in whole or in part, by distributing to them in specie any of the assets of the Company and, in particular, any investments to which the Company is entitled provided that, where the share capital is divided into different classes of Shares, any such distributions to the holders of one class of Shares shall not materially prejudice the interests of the holders of the other classes of Shares. Alternatively, if a holder does not wish to receive a dividend by way of in specie distribution, it may require the Directors to realise such investments necessary in order to effect the relevant distribution.

Any dividend unclaimed after a period of twelve years from the date of declaration of such dividend shall be forfeited and shall revert to the relevant Fund.

(k) *Redemption of Shares*

If it shall come to the notice of the Directors that any Shares are owned directly or beneficially by any person in breach of any law or requirement of any country or governmental authority or by virtue of which such person is not qualified to hold such Shares or who belongs, or may belong to, or is comprised in, or may be comprised in, a class of persons designated by the Directors as above, the Directors may give notice to such person requiring him to transfer such Shares to a person who is qualified or entitled to own the same or to give a request in writing for the redemption of such Shares in accordance with paragraph (i) above. If any person upon whom such a notice is served does not within 30 days after such notice transfer his Shares to a person qualified to own the same or establish to the satisfaction of the Directors (whose judgement shall be final and binding) that he is qualified, entitled and permitted to own the Shares, he shall be deemed upon the expiration of 30 days to have given a request in writing for the redemption of all his Shares.

(l) *Winding Up*

The Articles contain provisions to the following effect:

- (i) If the Company shall be wound up, the liquidator shall apply the assets of the Company in such manner and order as he thinks fit in satisfaction of creditors' claims. The liquidator shall in relation to the assets available for distribution among the members make in the books of the Company such transfers thereof to and from Funds as may be necessary in order that the effective burden of such creditors' claims may be shared between the holders of Shares of different classes in such proportions as the liquidator in his absolute discretion may think equitable provided always that, in doing so, the liquidator shall comply with, and be bound by, the segregated liability provisions contained in the Act and Article 21 of the Articles of Association.
- (ii) The assets available for distribution among the Shareholders shall then be applied in the following priority:
 - (a) first, in the payment to the holders of the Shares of each class of a sum in the currency in which that class is designated (or in any other currency selected by the liquidator) as nearly as possible equal (at a rate of exchange determined by the liquidator) to the Net Asset Value of the Shares of such class held by such holders respectively as at the date of commencement to wind up, provided that there are sufficient assets available in the relevant Fund to enable such payments to be made. In the event that, as regards any class of Shares, there are insufficient assets available in the relevant Fund to enable such payment to be made, no recourse shall be had to the assets within any of the other Funds;
 - (b) second, in the payment to the holders of the Subscriber Shares of sums up to the nominal amount paid thereon out of the assets of the Company not comprised within any of the Funds remaining after any recourse thereto under paragraph (ii)(a) above. In the event that there are insufficient assets as aforesaid to enable such payment in full to be made, no recourse shall be had to the assets comprised within any of the Funds;
 - (c) third, in the payment to the holders of each class of Shares of any balance then remaining in the relevant Fund, such payment being made in proportion to the number of Shares of that class held; and
 - (d) fourth, in the payment to the holders of the Shares of any balance then remaining and not comprised within any of the Funds, such payment being made in proportion to the number of Shares held.
- (iii) If the Company shall be wound up (whether the liquidation is voluntary, under supervision or by the court), then the liquidator may, with the authority of a special resolution and any other sanction required by the Companies Act 2014, divide among the members *in specie* the whole or any part of the assets of the Company, and whether or not the assets shall consist of property of a single kind and may for such purposes set such value as he deems fair upon any one or more class or classes of property, and may determine how such division shall be carried out as between the holders of different classes of Shares. The value of such assets will be the same amount that would be received by a member for settlement in cash. The liquidator may, with the like authority, vest any part of the assets in trustees upon such trusts for the benefit of Shareholders as the liquidator, with the like authority, shall think fit, and the liquidation of the Company may be closed and the Company dissolved, but so that no holder shall be compelled to accept any assets in respect of which there is liability. For the avoidance of doubt, if the special resolution above is passed, each member is entitled to elect on a winding-up whether or not he wishes to receive a distribution in specie or a cash distribution made in accordance with the provisions of paragraph (ii) above. However, in the absence of a member electing to receive a distribution in specie on winding-up, such member shall receive a cash distribution payment in accordance with the provisions of paragraph (ii) above. Where the Company agrees to sell the assets, if requested by a Shareholder, the cost of such sale can be charged to the redeeming Shareholder.
