Restriction on U.S. Persons on subscribing to our funds

Persons to whom a copy of this Prospectus has been issued shall not circulate to any other person, reproduce or otherwise distribute this Prospectus or any information herein for any purpose whatsoever nor permit or cause the same to occur. In particular, please note that the Units have not been and will not be registered under the U.S. Securities Act of 1933, as amended (the "**U.S. Securities Act**") or any other applicable law of the United States. The Fund has not been and will not be registered as an investment company under the U.S. Investment Company Act of 1940, as amended. The Units are being offered and sold outside the United States to persons that are not "U.S. persons" (as defined in Regulation S promulgated under the U.S. Securities Act) in reliance on Regulation S promulgated under the U.S. Securities Act. The Units are not being offered or made available to U.S. persons and nothing in this Prospectus is directed to or is intended for U.S. persons.

For the purposes of the U.S. Securities Act, the term "U.S. person" means: (i) any natural person resident in the United States; (ii) any partnership or corporation organized or incorporated under the laws of the United States; (iii) any estate of which any executor or administrator is a U.S. person; (iv) any trust of which any trustee is a U.S. person; (v) any agency or branch of a non-United States entity located in the United States; (vi) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person; (vii) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organized, incorporated, or (if an individual) resident in the United States; and (viii) any partnership or corporation if (a) organized or incorporated under the laws of any non-United States jurisdiction and (b) formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organized or incorporated, and owned, by "accredited

investors” (as defined in Regulation D promulgated under the U.S. Securities Act) who are not natural persons, estates or trusts.

For the purposes of the U.S. Securities Act, the term “U.S. person” does not include: (i) any discretionary account or similar account (other than an estate or trust) held for the benefit or account of a non-U.S. person by a dealer or other professional fiduciary organized, incorporated, or (if an individual), resident in the United States; (ii) any estate of which any professional fiduciary acting as executor or administrator is a U.S. person if (a) an executor or administrator of the estate who is not a U.S. person has sole or shared investment discretion with respect to the assets of the estate and (b) the estate is governed by non-United States law; (iii) any trust of which any professional fiduciary acting as trustee is a U.S. person, if a trustee who is not a U.S. person has sole or shared investment discretion with respect to the trust assets, and no beneficiary of the trust (and no settler if the trust is revocable) is a U.S. person; (iv) an employee benefit plan established and administered in accordance with the law of a country other than the United States; (v) an agency or branch of a U.S. person located outside the United States if (a) the agency or branch operates for valid business reasons and (b) the agency or branch is engaged in the business of insurance or banking and is subject to substantive insurance or banking regulation, respectively, in the jurisdiction where located; and (vi) the International Monetary Fund, the International Bank for Reconstruction and Development, the Inter-American Development Bank, the Asian Development Bank, the African Development Bank, the United Nations, any other similar international organizations, and their respective agencies, affiliates and pension plans.

Foreign Account Tax Compliance Act

The Foreign Account Tax Compliance Act (“**FATCA**”) includes provisions under which the Managers as a Foreign Financial institution (“**FFI**”) may be required to report to the U.S. Internal Revenue Service (“**IRS**”) certain information about Units held by U.S. persons for the purposes of FATCA and to collect additional identification information for this purpose.

The Fund is obliged to comply with the provisions of FATCA under the terms of the inter-governmental agreement (“**IGA**”) Model 1 signed between the U.S. Government and the Singapore Government and under the terms of Singapore legislation implementing the IGA.

Distributors and investors should note that it is the existing policy of the Managers that Units are not being offered or sold for the account of U.S. Persons and that subsequent transfers of Units to such U.S. Persons are prohibited. If Units are beneficially owned by such U.S. Person, the Managers (in consultation with the Trustee) may compulsorily redeem such Units. Investors should note that under the FATCA legislation, the definition of “Specified U.S. Persons” will include a wider range of investors than the current U.S. Person definition. Investors should consult their tax advisors regarding the application of FATCA to their investment. Investors should check with the Managers or their appointed agents or distributors with regard to the documentation that may be required for the purpose of FATCA.

Common Reporting Standard and Automatic Exchange of Information

Following the development by the Organisation for Economic Cooperation and Development (“**OECD**”) of a common reporting standard (“**CRS**”) to achieve a comprehensive and multilateral automatic exchange of information (“**AEOI**”), the Income Tax (International Tax Compliance Agreements) (Common Reporting Standard) Regulations 2016 (the “**CRS Regulations**”) have been promulgated to allow Singapore to implement the CRS with effect from 1 January 2017.

The CRS Regulations require certain Singapore financial institutions (as defined in the CRS Regulations) to identify financial asset holders and establish if they are resident for tax purposes in countries with which Singapore has a tax information sharing agreement. Singapore financial institutions will report financial account information of the asset holder to the Singapore tax authorities, which will thereafter automatically transfer this information to certain competent foreign tax authorities on a yearly basis.

Accordingly, the Managers and/or the Trustee will require investors to provide, amongst other things, information in relation to their identities and tax residencies of their accounts (and the controlling persons, if any), account details, reporting entity, account balance/value and income/sale or redemption proceeds and any additional documentation or information, which will then be reported to the Inland Revenue Authority of Singapore and the other relevant tax authorities for purposes of complying with FATCA, the CRS Regulations and any similar automatic exchange of tax information regimes.

Data Protection

For the purposes of, and subject to the provisions in, the Personal Data Protection Act 2012 (“**PDPA**”) and its regulations, each investor consents and acknowledges that all personal data of the investor provided to the Fund, the Managers, the Trustee or any delegate, agent or distributor appointed by the Managers or Trustee (including but not limited to the administrator, custodian, sub-custodians, registrar and any other third party service provider which may be appointed), may be collected, used, disclosed or otherwise processed to enable each of the aforesaid entities to carry out their respective duties and obligations, or to enforce their respective rights and remedies, in connection with any investment by the investor into the Fund or any law applicable to the respective parties.

The fees and charges of the Sub-Fund are set out in Appendix 1.

9. Risks

9.1 General Risks

Investors should consider and satisfy themselves as to the risks of investing in the Sub-Fund. Generally, some of the risk factors that should be considered by investors are political, regulation and reporting, currency, market, liquidity, settlement, custodial and foreign investment risks.

Prospective investors should be aware that the value of Units and the returns derived from them can fluctuate and can go down as well as up. There can be no assurance that the Sub-Fund will achieve its investment objective or that investors will get back their original investment.

An investment in the Sub-Fund is meant to produce returns over the medium to long term. Investors should not expect to obtain short-term gains from such investment. Although it is the Managers’ intention to pay out dividends with respect to the Sub-Fund, this objective may not be achieved.

Investors should obtain advice from qualified financial advisers pursuant to a separate engagement before investing or subscribing into the Sub-Fund. In the event that investors choose not to obtain advice from qualified financial advisers, investors should assess and consider whether the Sub-Fund is suitable for them.

⁵ “**Unquoted Investment**” means any Investment which is not quoted, listed or dealt in on any Recognised Stock Exchange.

⁶ “**Permissible Investment(s)**” means such Investment as may be permitted to be made by the Fund under the Code.

9.2 Specific Risks

9.2.1 Political and Repatriation Risks

Investments by the Managers in certain countries included in the investment universe of the Sub-Fund may be adversely affected by requirements for approvals, which may be delayed or denied, by restrictions on investment and repatriation of investment proceeds, and by changes in government policies, regulation, and taxation.

9.2.2 Regulation and Reporting Risks

Government regulation and supervision of stock markets, brokers and listed enterprises in some of the countries included in the investment universe of the Sub-Fund may not be as extensive as those in the countries of the world's leading stock markets. In addition, accounting, auditing and financial reporting standards, practices and disclosure requirements in such countries are not comparable to those applicable to companies quoted on the world's leading stock markets.

9.2.3 Economic, Political and Interest Rates Risks

Prices of securities may go up or come down in response to changes in economic conditions, political conditions, interest rates and the market's perception of securities which in turn may cause the price of Units in the Sub-Fund to rise or fall.

9.2.4 Foreign Investment Risk

While the Sub-Fund may invest in markets which provide for the freedom of nationalisation and expropriation, such freedom may be curtailed unexpectedly upon a change of government or when such nationalisation or expropriation is deemed to be in the public interest. The Sub-Fund may seek, whenever such freedom is curtailed, to obtain adequate compensation.

9.2.5 Emerging Market Risks

The Sub-Fund may be investing in emerging markets which may be subject to higher political risks, regulatory risks and liquidity risks than investments in developed markets. Due to many emerging markets undergoing rapid growth, there is less regulation and there may be less public information about companies listed on such markets as compared to other stock markets. Investors would have to take into consideration that trading volumes in emerging markets may be substantially less than in the world's leading stock markets and trades may have to be conducted at less favourable prices. Investments in emerging markets are also subject to repatriation risks. Many emerging markets have restricted foreign investment policies although liberalisation continues. Emerging markets may not have fully developed custodian and settlement services and therefore investments in such markets are subject to a greater degree of risk.

9.2.6 Market Risks

Trading volumes in stock markets of certain countries included in the investment universe of the Sub-Fund can be significantly lower than on the world's leading stock markets and settlement and custody practices in such markets may not be comparable to those of the world's leading stock markets, which may result in fluctuations in the prices of Units in the Sub-Fund.

9.2.7 Actions of Institutional Investors

The Managers may accept subscriptions from institutional investors and such subscriptions may constitute a large portion of the total investments in the Sub-Fund. Whilst these institutional investors will not have any control over the Managers' investment decisions, the actions of such investors may have a material effect on the Sub-Fund. For example, substantial realisations of Units by an institutional investor

over a short period of time could necessitate the liquidation of the Sub-Fund's assets at a time and in a manner which does not provide the most economic advantage to the Sub-Fund and which would therefore adversely affect the value of the Sub-Fund's assets.

9.2.8 Convertible Bond Risk

The Sub-Fund may invest in convertible bonds, which are a hybrid between debt and equity, permitting holders to convert into shares or stocks of the issuer at a future date. Investments in convertible bonds (which have embedded derivatives) entail a greater volatility than straight bond investments, with an increased risk of capital loss, but with the potential of higher returns.

9.2.9 Credit Risk

Adverse changes in the financial condition of the issuer of the debt securities which the Sub-Fund is invested in, or in general economic conditions, or both, or an unanticipated rise in interest rate, may increase the potential for default and investors may suffer a substantial loss as a result.

9.2.10 Currency Risk

Investments by the Sub-Fund are made in SGD and may also be made in a variety of other currencies, whereas the net asset value of the Sub-Fund at any time will be computed in its base currency (in SGD) and subscriptions into the Sub-Fund may be made in either SGD or USD, depending on the Class invested into. The Managers do not intend to hedge such foreign currency exposure. Accordingly, investors will be exposed to exchange rate risks.

9.2.11 Risks of Investing in REITs

Real Estate Investment Trusts (“REITs”) are dependent on specialized management skills. Some REITs may have limited diversification and may be subject to risks inherent in financing a limited number of properties. REITs depend generally on their ability to generate cash flows to make distributions to shareholders or unitholders, and may be subject to defaults by borrowers and tenants of properties owned by such REITs. In addition, the performance of a REIT may be adversely affected if it fails to qualify for tax-free-pass-through of income under laws applicable to such REIT.

REITs may also be subject to financial covenants and/or borrowing/gearing ratios and their ability to comply with such ratios could be adversely affected if the REITs are unable to obtain funds from investors or loans or re-finance existing debt.

Investments in REITs and other issuers that invest, deal or otherwise engage in transactions in or hold real estate or interests therein expose the Sub-Fund to risks similar to investing directly in real estate. For example, real estate values may fluctuate as a result of general and local economic conditions, overbuilding and increased competition, increases in property taxes and operating expenses, changes in zoning laws, casualty or condemnation losses, regulatory limitations on rents, changes in neighbourhood values, changes in how appealing properties are to tenants, increases in interest rates and unexpected interruptions such as natural disasters, terrorist attacks or other unforeseeable events.

9.2.12 Derivatives Risks

Use and risks associated with use of financial derivative instruments (“FDIs”)

The Managers may, as disclosed in Appendix 1, use FDIs for the purposes of hedging existing positions in a portfolio and/or efficient portfolio management.

In relation to the Sub-Fund, the Managers may only use FDIs for such purposes as may be permitted under the Code.

Types of FDIs

The FDIs which may be used by the Sub-Fund include, but are not limited to futures, options, warrants, forwards, contract for differences, extended settlement contracts, swaps or swap options. The Sub-Fund will not have exposures to commodities through financial derivatives.

Risks Associated with the use of FDIs

The use of FDIs involves increased risk. The Sub-Fund's ability to use such instruments successfully depends on the Managers' ability to accurately predict movements in stock prices, interest rates, currency exchange rates or other economic factors and the availability of liquid markets. If the Managers' predictions are wrong, or if the FDIs do not work as anticipated, the Sub-Fund could suffer greater losses than if the Sub-Fund had not used such FDIs.

In addition to the inherent risks of investing in FDIs, the Sub-Fund will also be exposed to credit risk on the counterparties with which it trades, particularly in relation to options, futures, contracts and other FDIs that are not traded on a recognised market. Such instruments are not afforded the same protection as may be afforded to participants trading futures or options on organised exchanges⁷, such as the performance guarantee of an exchange clearing house. The Sub-Fund may be subject to the possibility of insolvency, bankruptcy or default of a counterparty with which that Sub-Fund trades, which could result in substantial losses to the Sub-Fund.

Investments in derivatives may require the deposit of initial margin and additional deposit of margin on short notice if the market moves against the investment positions. If no provision is made for the required margin within the prescribed time, the Sub-Fund's investments may be liquidated at a loss.

Exposure to FDIs

The Managers confirm that the global exposure of the Sub-Fund to FDIs or embedded FDIs will not exceed 100%. Such exposure would be calculated using the commitment approach.

Risk Management Process and Compliance Controls

In the event the Managers use FDIs, they are of the view that they have the necessary expertise to control and manage the risks relating to the use of FDIs. Investments in FDIs would normally be monitored and controlled by the Managers with regular marked-to-market valuations, careful research prior to investment and compliance monitoring.

The Managers have set up a formal risk management process, to facilitate compliance with regard to the use of FDIs. This process consists of:

- (a) an appropriate supervisory structure;
- (b) an independent framework of internal controls, varying according to the complexity and sophistication of the derivative strategies; and

⁷ **"organised exchange"** refers to an exchange that is an organised market.
"organised market" refers to an exchange, over-the-counter market or government securities market:
(i) that is of good repute;
(ii) that is open to the public or a substantial number of market participants; and
(iii) on which financial instruments are regularly traded.

- (c) a process of approving the use of new instruments and strategies.

The Managers will ensure that the risk management and compliance procedures and controls adopted are adequate and have been or will be implemented and that they have the necessary expertise to control and manage the risks relating to the use of FDIs and have in place systems to monitor the derivative positions for the Sub-Fund.

Netting

The Sub-Fund intends to net its OTC financial derivative positions.

9.2.13 Concentration risk

The Sub-Fund focuses on REITs listed in Singapore and may be less diversified compared to a regional equity fund or a fund which invests into REITs listed regionally in various jurisdictions. To the extent that an industry or a geographical region in which the Sub-Fund invests falls out of favour, the Sub-Fund's performance may be negatively affected. This effect may be heightened because the Sub-Fund generally holds a smaller number of securities.

9.2.14 Risks of Investing in exchange-traded funds ("ETFs")

Where the Sub-Fund invests in an ETF which tracks the performance of a designated index, the trading price of the ETF may differ to some degree from the ETF's net asset value. The value of the ETFs will generally fluctuate with changes in the market value of the index shares. In addition, the market price of the ETF will also generally fluctuate in accordance with changes in the value of the units in the ETF, as well as supply of and demand for the units in the ETF on the market. Price differences may be due, in large part, to the fact that supply and demand forces at work in the secondary market for such units will be closely related to, but not identical to, the same forces influencing the market prices of the index shares. However, given that such units can be created and redeemed in creation and redemption unit sizes by participating dealers, as applicable, it is not anticipated that large discounts or premiums will be sustained.

9.2.15 Securities Lending and Repurchase Transactions

Subject to the provisions of the Deed and the Code, the Sub-Fund may carry out securities lending and repurchase transactions on transferable securities and money market instruments for the purpose of efficient portfolio management, subject to the following limits:

- (a) The collateral of the securities lending or repurchase transactions should exceed the value of the transferable securities or money market instruments transferred by at least 5% and 2% respectively;
- (b) The counterparty would be required to provide additional collateral to the Sub-Fund or its agent no later than the close of the next business day when the current value of the eligible collateral tendered for the securities lending or repurchase transactions falls below 105% and 102% respectively of the value of the transferable securities or money market instruments transferred;
- (c) For the purposes of securities lending and repurchase transactions, collateral may only consist of:
 - (i) cash;
 - (ii) money market instruments; or
 - (iii) bonds.

For the purpose of the above, money market instruments and bonds should be issued by, or have the benefit of a guarantee from, an entity or trust that has a

minimum long-term rating of A by Fitch, A by Moody's or A by Standard and Poor's (including sub-categories or gradations therein) (collectively, "**eligible collateral**").

Notwithstanding the above, securitised debt instruments as well as money market instruments or bonds with embedded financial derivatives are not eligible as collateral;

- (d) The maturity period of a repurchase transaction should not exceed 6 months; and
- (e) The Managers may lend the securities of the Sub-Fund to its related corporations and/or any third party and such transactions will be carried out on an arm's length basis. There will be no revenue sharing arrangement between the Sub-Fund and the Managers.

Risks relating to securities lending or repurchase transactions

Securities lending or repurchase transactions involve counterparty risk/credit risk, liquidity risk, sufficiency of collateral risk, collateral investment risk, delivery risk and operational risk, as described below:

- (a) Counterparty Risk/Credit Risk refers to the risk when a counterparty defaults on its obligations by becoming insolvent or otherwise being unable to complete a transaction.
- (b) Liquidity risk is the risk that the counterparty cannot settle an obligation for the full value when it is due, but would be able to settle on some unspecified date thereafter. This may affect the ability of the Sub-Fund to meet its redemption obligations and other payment commitments.
- (c) Sufficiency of Collateral Risk. Following a default by a counterparty, the Sub-Fund can sell its collateral in the market to raise funds to replace the lent securities. It will suffer a loss if the value of the collateral securities falls relative to the lent securities.
- (d) Collateral Investment Risk. The value of the securities in which the Managers invest the cash collateral may decline due to fluctuations in interest rates or other market-related events.
- (e) Delivery Risk occurs both when securities have been lent and collateral has not been received at the same time or prior to the loan, and when collateral is being returned but the loan return has not been received.
- (f) Operational risk is risk that the custodian or the lending agent did not administer the program as agreed. This includes the failure to mark to market collateralization levels, call for additional margin, or to return excess margin and to post corporate actions and income including all economic benefits of ownership.

The above should not be considered to be an exhaustive list of the risks which potential investors should consider before investing in the Sub-Fund. Potential investors should be aware that an investment in the Sub-Fund may be exposed to other risks of an exceptional nature from time to time.

10. Subscription of Units

10.1 Subscription procedure

Applications for Units of the Sub-Fund or any Class of Units of the Sub-Fund may be made on the application form which may be obtained from the Managers or through any agent or distributor appointed by the Managers or via the Internet, if applicable. Investors may subscribe for Units either in cash or Supplementary Retirement Scheme ("**SRS**") monies.

Investors wishing to use their SRS monies to purchase Units shall indicate so on the application form. The application form shall contain the investor's instructions to the SRS operator bank to withdraw the purchase monies from the investor's SRS account in respect of the Units applied for.

Currently, the Managers accept payments of subscription monies in SGD and USD for the SGD and USD Classes respectively for the Sub-Fund. Units will generally only be issued when subscription monies have been received by the Trustee on a cleared funds basis, although the Managers may at their discretion issue Units before the Trustee receives full payment in cleared funds.

For compliance with the laws and regulations on anti-money laundering and countering the financing of terrorism, the Managers or their approved distributors reserve the right to request such information and/or documents as is necessary to verify the identity of an applicant.

10.2 Minimum Initial Subscription Amount and Minimum Subsequent Subscription Amount

The minimum amounts for initial and subsequent subscriptions are set out in Appendix 1.

10.3 Dealing deadline and pricing basis

As Units of the Sub-Fund are issued on a forward pricing basis, the issue price of Units is not known at the time of application. In buying Units, an investor pays a fixed amount of money (being the minimum initial subscription amount), which will buy the investor such number of Units obtained from dividing that sum (net of the Subscription Fee, Fiscal and Purchase Charges and any rounding in respect thereof) by the issue price when it is known later.

The dealing cut-off time is 3.30 p.m. Singapore time on a Dealing Day. Units in respect of applications received and accepted by the Managers before 3.30 p.m. will be issued at that Dealing Day's issue price calculated in accordance with Clause 11(B) of the Deed. Applications received after 3.30 p.m. or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

The issue price per Unit of the Sub-Fund on each Dealing Day shall be an amount equal to the net asset value per Unit of the Sub-Fund as provided for in Clause 10(C) of the Deed as at the Valuation Point⁸ in relation to such Dealing Day. The Managers may, subject to the prior approval of the Trustee, change the method of determining the Issue Price as provided in Clause 11(B) of the Deed, and the Trustee shall determine if the investors should be informed of such changes.

The net asset value of the Sub-Fund shall be calculated by valuing the assets of the Sub-Fund in accordance with the valuation provisions as provided in paragraph 20.8 of this Prospectus. The resultant sum shall be divided by the number of Units of the Sub-Fund in issue or deemed to be in issue immediately prior to the relevant Dealing Day, and the resultant amount

⁸ "**Valuation Point**" means the close of business in the last relevant market or such other time on a Valuation Day as the Managers may, with the prior approval of the Trustee, from time to time determine, and the Trustee shall determine if notice should be given to Holders of the relevant Sub-Fund of such change.

"**Valuation Day**" means such Dealing Day determined by the Managers at the time of establishment of the Sub-Fund on which the Net Asset Value of the Sub-Fund falls to be calculated, or such other day or days as the Managers may, with the prior approval of the Trustee, from time to time determine, and the Trustee shall determine if notice should be given to the Holders of the relevant Sub-Fund of such change.

(calculated up to five decimal places and truncated at four decimal places or such other number of decimal places or by such other truncation or rounding method as the Managers may from time to time determine with the approval of the Trustee) shall be the net asset value of a Unit of the Sub-Fund on such Dealing Day.

10.4 Numerical examples of how Units are allotted:

The number of Units you receive in Class A SGD of the Sub-Fund with an investment of SGD1,000.00*, based on a Subscription Fee of 3% and a notional issue price of SGD1.0000, will be calculated as follows:

e.g	SGD1,000	-	SGD30	=	SGD970	÷	SGD1.0000	=	970.00 Units
	Your Investment		3% Subscription Fee		Your Net Investment		Issue price		No. of Units you will receive

* Or in USD for Class A USD Units.

The number of Units to be issued to an investor will be rounded down to two decimal places (the method of adjustment and the number of decimal places to which adjustment occurs may be varied by the Managers from time to time with the approval of the Trustee).

The above example is for illustration purposes only and is not an indication of the future or likely performance of the Sub-Fund. The value of Units and the resultant income from them may go down as well as up. Investors should read this Prospectus carefully and consult their professional advisers if necessary before investing.

10.5 Confirmation of purchase

A confirmation note detailing the investment amount and the number of Units in the Sub-Fund allocated to the investor will be sent within 7 Business Days from the date of issue of Units for cash applications, and within 14 Business Days for SRS applications.

10.6 Cancellation of initial subscription by investors

Investors shall, subject to Clause 14 of the Deed and to the cancellation terms and conditions attached to the application form, have the right to cancel their purchase of Units in the Sub-Fund within 7 calendar days from the date of initial subscription or purchase of Units (or such longer period as may be agreed between the Managers and the Trustee or such other period as may be prescribed by the Authority) by providing notice in writing to the Managers or their authorised agents or distributors. Full details of the provisions relating to the cancellation of Units may be found in the terms and conditions for cancellation of Units attached to the application form for the subscription of Units in the Sub-Fund.

10.7 Return of Contributions

Notwithstanding receipt of the application forms, the Managers shall retain the absolute discretion to accept or reject any application for Units in accordance with the provisions of the Deed. In the event that an application for Units is rejected by the Managers, the subscription monies shall be refunded (without interest) to the investor within a reasonable time in such manner as the Managers or their relevant authorized agent or distributor shall determine.

11. Regular Savings Plan

For investors who wish to participate in the regular savings plan scheme (“RSP”), the minimum initial investment and the minimum monthly investment are set out in Appendix 1.

Payment for the RSP will be debited from the investors' bank account or SRS Account (as the case may be) on the 4th calendar day (or next Business Day if that day is not a Business Day) of each month and Units will be allotted within 2 Business Days after payment has been debited.

In the event that the debit is unsuccessful, no investment will be made for that month unless otherwise advised by the investor. After 2 consecutive unsuccessful debits, the RSP will be terminated and no notification of such termination will be sent to the investor.

The Managers shall not assume any liability for any losses arising from the investor's payment for the RSP via direct debit transactions.

An investor may terminate his participation without penalty upon giving 30 days' written notice to the Managers.

The Managers reserve the right to terminate or suspend the RSP at any time in its absolute discretion by giving prior notice to the affected investors. The Managers shall not assume any liability for any losses attributable pursuant to the termination or suspension of the RSP.

Investors should additionally comply with the RSP procedures imposed by the relevant distributor through whom they subscribed for Units.

12. Realisation of Units

12.1 Realisation procedure

An investor may at any time during the life of the Sub-Fund make a written request (a "**Realisation Request**") for the realisation of all Units or a partial realisation of at least 100 Units held by him. The Realisation Request must specify the number of the Units of the Sub-Fund to be realised.

With a view to protecting the interest of all investors, the Managers may, with the approval of the Trustee and in accordance with Clause 15(G)(i) of the Deed, limit the total number of Units to 10% of the total number of Units then in issue, such limitation to be applied proportionately to all investors in relation to a Sub-Fund who have validly requested realisations on the relevant Dealing Day.

12.2 Minimum holding and minimum realisation amount

Investors may realise their Units in the Sub-Fund or Class of the Sub-Fund in full or partially. Partial realisation of Units in the Sub-Fund or Class of the Sub-Fund must be of at least 100 Units, subject to a minimum holding ("**Minimum Holding**") of (i) 100 Units for Class A SGD Units and Class A USD Units; and (ii) 100,000 Units for Class I SGD Units and Class I USD Units or such other number of Units as the Managers may from time to time prescribe and subject to the Managers' sole discretion upon giving prior notice to the Trustee. Units realised may at the option of the Managers be subject to a Realisation Fee⁹. However, the Managers are currently not imposing a Realisation Fee.

12.3 Dealing deadline and pricing basis

Investors may realise their Units on any Dealing Day. Units in respect of realisation forms received and accepted by the Managers by 3.30 p.m. Singapore time on a Dealing Day shall be realised on forward pricing basis at that Dealing Day's realisation price calculated in accordance with the provisions of the Deed (as summarised below). Realisation forms received after 3.30 p.m. or on a day which is not a Dealing Day shall be treated as having been received on the next Dealing Day.

⁹ "**Realisation Fee**" means a charge upon the realisation of a Unit of any sub-fund of such amount as may from time to time be fixed by the Managers generally or in relation to any specific or class of transaction Provided That it shall not exceed 3% of the realisation price.

The realisation price per Unit (as provided in Clause 15(F) of the Deed) on each Dealing Day shall be an amount equal to the net asset value per Unit (as provided for in Clause 10(C) of the Deed) as at the Valuation Point in relation to such Dealing Day, such amount to be calculated up to five decimal places and truncated at four decimal places (or such other number of decimal places as the Managers may from time to time determine with the approval of the Trustee) and taking into account the Realisation Fee, where applicable. The amount due to an investor on the realisation of such a Unit shall be the realisation price per Unit (less any Realisation Fee, Fiscal and Sale Charges and any rounding in respect thereof).

The Managers may, subject to the prior approval of the Trustee, change the method of determining the realisation price as provided in Clause 15(F) of the Deed, and the Trustee shall determine if the investors should be informed of such change.

12.4 Numerical example of how the amount paid to an investor is calculated based on the sale of 1,000.00 Units of Class A SGD of the Sub-Fund and based on a notional realisation price of SGD1.0000

e.g.	1,000.00 Units	x	SGD1.0000	=	SGD1,000	-	SGD 0	=	SGD1,000*
	Your realisation request		Realisation Price		Your realisation proceeds		Realisation Fee (which is currently nil)		Your net realisation proceeds

* Or in USD for Class A USD Units. No Realisation Fee is currently imposed.

The above example is for illustration purposes only and is not an indication of the future or likely performance of the Sub-Fund. The actual realisation price will fluctuate according to the net asset value of the Sub-Fund. No Realisation Fee is imposed presently.

12.5 Payment of realisation proceeds

- (a) Realisation proceeds shall normally be directly credited or be paid by cheque usually within 7 Business Days of receipt and acceptance of the realisation form by the Managers unless the realisation of Units has been suspended in accordance with paragraph 15.
- (b) In the case of an investor who has purchased Units with monies from his SRS Account, any monies payable to such investor in respect of such Units shall be paid by transferring the monies to the relevant bank for credit of the investor's SRS Account or otherwise in accordance with the provisions of any applicable law, regulations or guidelines. In the event that the SRS Account has been closed, the monies shall be paid to the investor in accordance with paragraph 12.5(c) or otherwise in accordance with any applicable law, regulations or guidelines.
- (c) The realisation proceeds will be paid in the currency of the Class of Units being redeemed.
- (d) In the case of an investor who has purchased Units with cash, any monies payable to such investor in respect of such Units will be paid by cheque sent through the post to his registered address or by telegraphic transfer to a nominated bank account.
- (e) If an investor is resident outside Singapore, the Managers shall be entitled to deduct from the total amount (which would otherwise be payable on the purchase from the investor) an amount equal to the excess of the expenses actually incurred over the amount of expenses which would have been incurred if the investor had been resident in Singapore.

12.6 Compulsory Realisation

The Managers have the right (in consultation with the Trustee) to realise compulsorily any holdings of Units in any Sub-Fund held by:-

- (i) any investor:
 - (a) whose subscription for or holding of Units, in the opinion of the Managers, is or may be in breach of any applicable law or regulation in any jurisdiction; or
 - (b) where such realisation is, in the opinion of the Managers, necessary or desirable for the compliance of the Managers or the Sub-Fund with any applicable law or regulation in any jurisdiction (including any regulatory exemption conditions); or
- (ii) any investor whose holdings, in the opinion of the Managers:
 - (a) may cause the Sub-Fund to lose its authorised or registered status with any regulatory authority in any jurisdiction; or
 - (b) may cause the offer of the Units of the Sub-Fund, the Sub-Fund, this Prospectus, the Deed, the Managers or the Trustee to become subject to any authorisation, recognition, approval or registration requirements under any law or regulation in any other jurisdiction; or
- (iii) any investor whose holdings, in the opinion of the Managers:
 - (a) may cause a detrimental effect on the tax status of the Sub-Fund in any jurisdiction or on the tax status of the investors of the Sub-Fund; or
 - (b) may result in the Sub-Fund or other investors of the Sub-Fund suffering any other legal or pecuniary or administrative disadvantage which the Sub-Fund or Holders might not otherwise have incurred or suffered; or
- (iv) any investor who fails any anti-money laundering, anti-terrorist financing or know-your-client checks, or who is unable or unwilling to provide information and/or documentary evidence requested by the Managers for the purposes of any anti-money laundering, anti-terrorist financing or know-your-client checks.

Any compulsory realisation under this paragraph may be carried out by the Managers on any Dealing Day, without prior notice to investors, and shall be carried out in accordance with, and at the realisation price determined under, Clause 15(F)(i) of the Deed on realisations.

13. Switching of Units

Investors may switch Units of a Sub-Fund (the "**original Sub-Fund**") with units of any other collective investment scheme managed by the Managers (the "**new Fund**") in accordance with the provisions of the Deed. Application for switching of Units may be made by submitting to the Managers (or through any agent or distributor appointed by the Managers or through any other applicable sales channel) a notice ("**Conversion Notice**") in such form as the Managers may from time to time require. Switching of Units shall be at the prevailing realisation price. Any partial switching shall be subject to the investor maintaining a Minimum Holding as described in paragraph 12.2. The minimum holding of units of the new Fund will also need to be complied with in the event of a switch. No switching fee is presently imposed.

Subject as hereinafter provided, the switching of Units shall be made on the day which is both a Dealing Day in relation to Units of the original Sub-Fund and a Dealing Day in relation to units of the new Fund ("**Common Dealing Day**") on which the Conversion Notice is received by the Managers by the Dealing Deadline on such Common Dealing Day. If a Conversion Notice is received on a day which is not a Common Dealing Day or is received after the Dealing Deadline

on a Common Dealing Day, such Conversion Notice shall be treated as having been received before the Dealing Deadline on the next Common Dealing Day.

Switching of the Units of the original Sub-Fund shall be effected by the cancellation of such Units and by the issue of units of the new Fund, such cancellation and issue taking place on the relevant Common Dealing Day, and the number of units of the new Fund to be issued on switching shall be determined by the Managers in accordance with the provisions of the Deed.

The Managers may at their discretion reject any application by investors to switch their Units for units of a new Fund.

Presently, no switching is permitted between the Classes but the Managers reserve the discretion to permit this in the future.

14. Obtaining Prices of Units

The indicative issue and realisation prices may be published in The Business Times, Bloomberg, Reuters and websites of the appointed distributors, or such other sources as the Managers may decide upon. The actual issue and realisation prices quoted will generally be published two (2) Business Days after the relevant Dealing Day.

Investors should note that the frequency of the publication of the prices is dependent on the publication policies of the publisher concerned. Save for publications of the Managers, the Managers do not accept any responsibility for any errors on the part of the publisher concerned in the prices published in the newspapers or such other publication or for any non-publication or late publication of prices by such publisher and shall incur no liability in respect of any action taken or loss suffered by investors in reliance upon such publication.

15. Suspension of Dealing

15.1 The Managers may, subject to the provisions of the Code and with the prior approval of the Trustee, suspend the issue, cancellation and realisation of Units of the Sub-Fund or Class of the Sub-Fund during:

- (i) any period when the Recognised Stock Exchange on which any Authorised Investments forming part of the Deposited Property (whether of any particular Sub-Fund or of the Fund) for the time being are listed or dealt in is closed (otherwise than for ordinary holidays) or during which dealings are restricted or suspended which in the opinion of the Managers and the Trustee might seriously prejudice the interests of the Holders;
- (ii) any period when dealings in any Underlying Fund in which a significant portion of the Sub-Fund is invested is suspended or restricted;
- (iii) the existence of any state of affairs which, in the opinion of the Managers and the Trustee might seriously prejudice the interests of the Holders (whether of any particular Sub-Fund or of the Fund) as a whole or of the Deposited Property (whether of any particular Sub-Fund or of the Fund);
- (iv) any breakdown in the means of communication normally employed in determining the price of any of such Authorised Investments or the current price on that Recognised Stock Exchange or when for any reason the prices of any of such Authorised Investments cannot be promptly and accurately ascertained (including any period when the fair value of a material portion of the Authorised Investments cannot be determined);

- (v) any period when the collective investment schemes or mutual funds (including REITs) into which the Sub-Fund invests a material proportion (50% or more) is suspended or restricted;
- (vi) any period when remittance of money which will or may be involved in the realisation of such Authorised Investments or in the payment for such Authorised Investments cannot, in the opinion of the Managers and the Trustee, be carried out at normal rates of exchange;
- (vii) in respect of the Sub-Fund for which a meeting of the Holders is proposed to be convened, any 48 hours (or such longer period as the Managers and the Trustee may agree) prior to the date of any meeting of the Holders of the Sub-Fund or Class of the Sub-Fund (or any adjourned meeting thereof);
- (viii) any period where dealing of Units is suspended pursuant to any order or direction of the Authority;
- (ix) any period when the business operations of the Managers or the Trustee in relation to the operation of the Sub-Fund or the Fund are substantially interrupted or closed as a result of or arising from pestilence, acts of war, terrorism, insurrection, revolution, civil unrest, strikes or acts of God; or
- (x) any period as may be required under the provisions of the Code.

15.2 The Managers may also suspend the realisation of Units during any period of consultation or adjustment arising from the provisions of Clause 15(F) of the Deed.

15.3 Subject to the provisions of the Code, such suspension shall take effect forthwith upon the declaration in writing thereof by the Managers to the Trustee and the Authority and shall terminate on the day following the first Business Day on which the condition giving rise to the suspension shall have ceased to exist and no other conditions under which suspension is authorised under this paragraph 15 shall exist upon the declaration in writing thereof by the Managers.

16. Performance of the Sub-Fund and its Benchmark

16.1 Past performance

The performance details and benchmark of the Sub-Fund are set out in Appendix 1.

Investors should note that the past performance of the Sub-Fund is not necessarily indicative of the future performance of the Sub-Fund.

16.2 Expense ratio

The expense ratio of the Sub-Fund is set out in Appendix 1.

16.3 Turnover ratio

The turnover ratio of the Sub-Fund is set out in Appendix 1.

17. Soft Dollar Commissions or Arrangements

The Managers shall be entitled to and intend to receive or enter into soft dollar commissions or arrangements in respect of the Sub-Fund and in their capacity as sub-manager of the Lion-Phillip S-REIT ETF and as manager or sub-manager of any Underlying Fund. The Managers will comply with applicable regulatory and industry standards on soft dollars. The soft dollar commissions which the Managers may receive include research and advisory services,

economic and political analyses, portfolio analyses including valuation and performance measurements, market analyses, data and quotation services, computer hardware and software or any other information facilities to the extent that they are used to support the investment decision making process, the giving of advice, or the conduct of research or analysis and custodial services in relation to the investments managed for clients. The soft dollar credits utilised are not allocated on a specific client basis. The brokers also execute trades for other funds managed by the Managers.

Soft dollar commissions or arrangements shall not include travel, accommodation, entertainment, general administrative goods and services, general office equipment or premises, membership fees, employees' salaries or direct money payment.

The Managers will not accept or enter into soft dollar commissions or arrangements unless such soft dollar commissions or arrangements would, in the opinion of the Managers, assist the Managers in their management of the Sub-Fund and in their capacity as sub-manager of the Lion-Phillip S-REIT ETF and as manager or sub-manager of any Underling Fund, provided that the Managers shall ensure at all times that transactions are executed on the best available terms taking into account the relevant market at the time for transactions of the kind and size concerned, and that no unnecessary trades are entered into in order to qualify for such soft dollar commissions or arrangements.

The Managers do not, and are not entitled to, retain cash or commission rebates for their own account in respect of rebates earned when transacting in securities or arising out of any other transactions for the account of the Sub-Fund.

LGI, as manager of the Lion-Phillip S-REIT ETF, will not accept or enter into soft dollar commissions or arrangements unless such soft dollar commissions or arrangements would, in the opinion of LGI, assist LGI in its management of the Lion-Phillip S-REIT ETF, provided that LGI shall ensure at all times that transactions are executed on the best available terms taking into account the relevant market at the time for transactions of the kind and size concerned, and that no unnecessary trades are entered into in order to qualify for such soft dollar commissions or arrangements.

18. Conflicts of Interest

The Managers may from time to time have to deal with competing or conflicting interests of the Sub-Fund with other funds managed by the Managers. For example, the Managers may make a purchase or sale decision on behalf of some or all of the other funds managed by them without making the same decision on behalf of the Sub-Fund, as a decision whether or not to make the same investment or sale for the Sub-Fund depends on factors such as the cash availability and portfolio balance of the Sub-Fund. However, the Managers will use reasonable endeavours at all times to act fairly and in the interests of the Sub-Fund. In particular, after taking into account the availability of cash and relevant investment guidelines of the other funds managed by the Managers and the Sub-Fund, the Managers will endeavour to ensure that securities bought and sold will be allocated proportionately as far as possible among the Sub-Fund and the other funds managed by the Managers. The Managers will apply this policy in managing any actual or potential conflict of interests in their capacity as Managers of the Sub-Fund as well as sub-manager of the Lion-Phillip S-REIT ETF and as manager or sub-manager of any Underlying Fund.

The Managers, their directors and related companies may invest in the Sub-Fund. In the event that a conflict of interest does arise, the Managers shall endeavour to ensure that it is resolved fairly and in the interest of the investors.

The Managers may also trade with and lend securities to its related corporations and/or any third party. To mitigate any potential conflict of interest, the Managers will conduct the transactions on an arm's length basis.

Associates of the Trustee (the “**Trustee’s Associates**”) may be engaged to provide financial, banking and brokerage services to the Sub-Fund. Such services where provided, will be on an arm’s length basis and the Trustee’s Associates shall not be liable to account to any person for any profits or benefits made or derived by them in connection with any such services. In the event of a conflict of interest, the Trustee will endeavour to resolve such conflict quickly and in the interest of the Holders in an equitable manner.

Where applicable, the Trustee is presently also acting as registrar and (until 31 December 2022 or such other date as may be determined from time to time) transfer agent to the Sub-Fund while the Custodian (a related party to the Trustee) is presently providing fund administration and custody services to the Sub-Fund. These services will be provided on an arm’s length basis and the fees for these services are permitted to be paid out of the Deposited Property of the Sub-Fund under the provisions of the Deed.

The Trustee shall conduct all transactions with or for the Sub-Fund on an arm’s length basis.

The Trustee may own, hold, dispose or otherwise deal with Units in the Sub-Fund as though it was not a party to the Deed. In the event that there is a conflict of interest which arises from such a dealing, the Trustee shall resolve such a conflict in a just and equitable manner as it shall deem fit. Such dealings, where entered into, will be on an arm’s length basis.

19. Reports

The financial year-end of the Fund is 30 September each year. The annual report, annual accounts and the auditor's report on the annual accounts will be prepared and sent to investors (whether by post or such electronic means as may be permitted under the Code) within 3 months of the financial year-end (or such other period as may be permitted by the Authority). The semi-annual report and semi-annual accounts will be prepared and sent to investors (whether by post or such electronic means as may be permitted under the Code) within 2 months of the financial half-year end (or such other period as may be permitted by the Authority), i.e. 31 March each year. In cases where the accounts and reports are available in electronic form, investors will receive a hardcopy letter or an email (where email addresses have been provided for correspondence purposes) informing them that the accounts and reports are available and how they may be accessed. Investors may also request for hardcopies of the accounts and reports within 1 month (or such other period as may be permitted by the Authority) from the notification of the availability of the accounts and reports. The Trustee will also make available, or cause to be made available, hardcopies of the accounts and reports to any investor who requests for them within 2 weeks of any request from such investor (or such other period as may be permitted by the Authority). Investors may also at any time opt for hardcopies for all future reports and accounts at no cost to them.

20. Other Material Information

20.1 Change of Investment Policy

The Managers may, subject to the provisions of the Deed and with the prior approval of the Trustee, change the investment policy of the Sub-Fund upon giving the Authority and investors 1 month’s prior written notice.

20.2 Information on investments

At the end of each quarter, investors will receive a statement showing the value of their investment, including any transactions during the quarter. However, if there is any transaction within a particular month, investors will receive an additional statement at the end of that month.

20.3 Distribution of income and/or capital

The Managers have the sole discretion to determine whether any distribution of income and/or capital of the Sub-Fund should be made.

In respect of the Sub-Fund, the Managers will endeavour to make quarterly distributions (or such other frequency as the Managers may determine from time to time) in respect of the Sub-Fund. However, investors should note that such distributions are not guaranteed and are subject at all times to the discretion of the Managers, as stated in this paragraph. Investors should note that the declaration and/or payment of distributions (whether out of income and/or capital) made in respect of the Sub-Fund may have the effect of lowering the Net Asset Value of the Sub-Fund. Moreover, distributions out of capital may amount to a reduction of an investor's original investment. For the avoidance of doubt, the Managers may change the frequency to such shorter or longer period as may be determined from time to time.

20.4 Exemptions from liability

20.4.1 The Trustee, the Managers and each of their respective officers, directors and employees shall incur no liability in respect of any action taken or thing suffered by them in reliance upon any notice, resolution, direction, consent, certificate, affidavit, statement, certificate of stock, plan of reorganisation or other paper or document believed to be genuine and to have been passed, sealed or signed by the proper parties.

20.4.2 The Trustee, the Managers and each of their respective officers, directors and employees shall incur no liability to the investors or to any other person for doing or (as the case may be) failing to do any act or thing which by reason of any provision of any present or future law or regulation made pursuant thereto, or of any decree, order or judgment of any court, or by reason of any request, announcement or similar action (whether of binding legal effect or not) which may be taken or made by any person or body acting with or purporting to exercise the authority of any government (whether legally or otherwise) either they or any of them shall be directed or requested to do or perform or to forbear from doing or performing. If for any reason it becomes impossible or impracticable to carry out any of the provisions of the Deed neither the Trustee nor the Managers shall be under any liability therefor or thereby.

20.4.3 The Trustee, the Managers and/or their respective Associates may take any action which the Trustee, the Managers and/or the relevant Associate(s) (as the case may be), in its sole and absolute discretion, considers appropriate so as to comply with any law, regulation, request of a public or regulatory authority or any group policy of the Trustee or the Managers which relate to the prevention of fraud, money laundering, terrorism or other criminal activities or the provision of financial and other services to any persons or entities which may be subject to sanctions (collectively "**Relevant Requirements**"). Such action may include, but is not limited to, the interception and investigation of transactions in relation to any investor (particularly those involving the international transfer of funds) including the source of or intended recipient of funds paid in or out in relation to the investor and any other information or communications sent to or by the investor or on the investor's behalf. In certain circumstances, such action may delay or prevent the processing of instructions, the settlement of transactions in respect of any investor or the performance by the Trustee and/or the Managers of its or their respective obligations under the Deed, but where possible, the Trustee and/or the Managers will endeavour to notify the investors of the existence of such circumstances. The Trustee, the Managers and their respective Associates will not be liable for loss (whether direct or consequential and including, without limitation, loss of profit or interest) or damage suffered by any party arising out of or caused in whole or in part by any actions which are taken by the Trustee, the Managers and/or any of their respective agents or Associates to comply with the Relevant Requirements (including, without limitation, those actions referred to in this paragraph).

- 20.4.4** Neither the Trustee nor the Managers nor each of their respective officers, directors and employees shall be responsible for any authenticity of any signature or of any seal affixed to any transfer or form of application, endorsement or other document (whether sent by mail, facsimile, electronic means or otherwise) affecting the title to or transmission of Units or be in any way liable for any forged or unauthorised signature on or any seal affixed to such endorsement, transfer or other document or for acting upon or giving effect to any such forged or unauthorised signature or seal. The Trustee, the Managers and each of their respective officers, directors and employees respectively shall nevertheless be entitled but not bound to require that the signature of any such person to any document required to be signed by him under or in connection with the Deed shall be verified to its or their reasonable satisfaction.
- 20.4.5** Any indemnity expressly given to the Trustee or the Managers or and each of their respective officers, directors and employees in the Deed is in addition to and without prejudice to any indemnity allowed by law; provided nevertheless that any provision of the Deed shall be void insofar as it would have the effect of exempting the Trustee or the Managers from or indemnifying them against any liability for breach of trust or any liability which by virtue of any rule of law would otherwise attach to them in respect of any negligence, default, breach of duty or trust of which they may be guilty in relation to their duties where they fail to show the degrees of diligence and care required of them having regard to the provisions of the Deed.
- 20.4.6** Nothing contained in the Deed shall be construed so as to prevent the Managers, the Trustee in conjunction or the Managers or the Trustees separately from acting as managers or trustees of trusts separate and distinct from the Fund.
- 20.4.7** Neither the Trustee nor the Managers nor each of their respective officers, directors and employees shall be responsible for acting upon any resolution purported to have been passed at any meeting of the Holders in respect whereof minutes shall have been made and signed by the chairman even though it may be subsequently found that there was some defect in the constitution of the meeting or the passing of the resolution or that for any reason the resolution was not binding upon all the Holders.

20.5 Custody of Investments

The Trustee shall be responsible for the safe custody of the Deposited Property. Any Authorised Investments forming part of the Deposited Property of the relevant Sub-Fund shall, whether in bearer or registered form, be paid or transferred to or to the order of the Trustee forthwith on receipt by the Managers and be dealt with as the Trustee may think proper for the purpose of providing for the safe custody thereof. The Trustee may from time to time upon notification in writing to the Managers appoint such person or persons as it thinks fit (including itself or its associates) as agents, nominees, custodians, sub-custodians in respect of any of the Deposited Property of the relevant Sub-Fund and such persons to exercise any or all of the obligations of the Trustee under the Deed, and the fees and expenses of such agents, nominees, custodians, sub-custodians and other such persons shall be paid out of the Deposited Property of the relevant Sub-Fund. The Trustee may at any time procure that:

- (i) any officer or responsible official of the Trustee jointly with the Trustee; or
- (ii) any nominee appointed by the Trustee; or
- (iii) any such nominee and the Trustee; or
- (iv) any custodian, joint custodian or sub-custodian appointed pursuant to the provisions of this paragraph 20.5; or
- (v) any company operating a recognised clearing system in respect of the Authorised Investments of any sub-fund; or

to take delivery of and retain and/or be registered as proprietor of any Investment or other property held upon trusts of the Deed. Any Authorised Investment in registered form shall as soon as reasonably practicable after receipt of the necessary documents by the Trustee, be registered in the name of the Trustee and/or its nominee for the account of the relevant Sub-Fund and shall remain so registered until disposed of pursuant to the provisions of the Deed. Subject as aforesaid the Trustee shall retain the documents of title to all Authorised Investments held upon the trusts of the Deed in its possession in safe custody.

Notwithstanding anything contained in the Deed:-

- (i) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any depository or clearing system with which Authorised Investments may be deposited or any broker, financial institution or other person with whom Authorised Investments are deposited in order to satisfy any margin requirement;
- (ii) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any nominee, custodian, joint custodian or sub-custodian appointed by the Trustee except where the Trustee has failed to exercise reasonable skill and care in the selection, appointment and monitoring of such appointee (having regard to the market in which the relevant appointee is located) or the Trustee is in wilful default;
- (iii) the Trustee shall not incur any liability in respect of or be responsible for losses incurred through the insolvency of or any act or omission of any sub-custodian not appointed by it; and
- (iv) the Managers may from time to time instruct the Trustee to open accounts with any bank or other financial institutions. Notwithstanding any other provisions in the Deed, but subject to all applicable laws relating to and governing the Trustee, the Trustee shall not be responsible for the safekeeping of the Deposited Property of the Sub-Fund deposited with or remaining in any such account(s) and will not be liable for any loss occasioned by reason of the liquidation, bankruptcy or insolvency of such bank or other financial institutions.

20.6 Investment restrictions

The Sub-Fund is subject to the investment conditions and borrowing restrictions set out in Appendix 1 of the Code, as may be amended, restated, supplemented or replaced from time to time.

20.8 Valuation

Except where otherwise expressly stated and subject always to the requirements of the Code, the value of the assets comprised in any Sub-Fund with reference to any Authorised Investment which is:

- (A) a deposit placed with a bank or other financial institution or a bank bill, shall be determined by reference to the face value of such Investments and the accrued interest thereon for the relevant period;
- (B) a unit or share in a unit trust or mutual fund or collective investment scheme shall be valued at the latest published or available net asset value per unit or share, or if no net asset value per unit or share is published or available, then at their latest available realisation price;
- (C) an Unquoted Investment (other than any deposit or bank bill or unit or share in an open-ended collective investment scheme referred to in sub-paragraphs (A) and (B) above), shall be calculated at the discretion of the Managers by reference to either, where applicable:
 - (i) the initial value expended out of the Deposited Property in the acquisition thereof (including in each case the amount of the stamp duties, commissions and other expenses incurred in the acquisition thereof and the vesting thereof in the Trustee for the purposes of the relevant Sub-Fund);
 - (ii) the price of the relevant Unquoted Investment as quoted by a person, firm or institution making a market in that Unquoted Investment, if any (and if there shall be more than one such market maker, then such market maker as the Managers may designate), as may be determined by the Managers to represent the fair value of such Unquoted Investment;
 - (iii) the sale prices of recent public or private transactions in the same or similar Unquoted Investments, valuations of comparable companies or discounted cash flow analysis, as may be determined by the Managers to represent the fair value of such Unquoted Investment. In the valuation of such Unquoted Investment, the Managers may take into account relevant factors including, without limitation, significant recent events affecting the issuer such as pending mergers and acquisitions and restrictions as to saleability or transferability;
- (D) a Quoted Investment (including units or shares in an exchange traded fund) shall be calculated by reference to the price appearing to the Managers to be the official closing price or the last known transacted price on the Recognised Stock Exchange or if there is no such transacted price, the price quoted by any approved broker for that Investment, or other appropriate closing prices determined by the Managers in consultation with the Trustee in relation to that Investment. Where there is no Recognised Stock Exchange or commodity exchange, all calculations based on the value of Investments quoted by any person, firm or institution making a market in that Investment (and if there shall be more than one such market maker then such particular market maker as the Managers may designate) shall be by reference to the price quoted therein;
- (E) an Investment other than as described above, shall be valued by an Approved Valuer at such time as the Managers after consultation with the Trustee shall from time to time determine;

Provided that, if the quotations referred to in (A), (B), (C), (D) or (E) above are not available, or if the value of the Authorised Investment determined in the manner described in (A), (B), (C), (D) or (E) above, in the opinion of the Managers, is not representative, then the value shall be such value as the Managers may with due care and in good faith consider in the circumstances to be fair value and is approved by the Trustee who shall decide if a notice to notify the investors of such change in the value is required. For the purposes of this proviso, the "fair value" shall be determined by the Managers in consultation with an approved stockbroker or an approved valuer and with the approval of the Trustee in accordance with the Code.

In exercising in good faith the discretion given by the proviso above, the Managers shall not, subject to the provisions of the Code, assume any liability towards the Fund, and the Trustee shall not be under any liability, in accepting the opinion of the Managers, notwithstanding that the facts may subsequently be shown to have been different from those assumed by the Managers.

In calculating the net asset value of any Sub-Fund or any proportion thereof:

- (i) every Unit relating to such Sub-Fund agreed to be issued by the Managers shall be deemed to be in issue and the Deposited Property of such Sub-Fund shall be deemed to include not only cash or other assets in the hands of the Trustee but also the value of any cash, accrued interest on bonds or other assets to be received in respect of Units of such Sub-Fund agreed to be issued and (in the case of Units issued against the vesting of Authorised Investments) any moneys payable out of the Deposited Property pursuant to Clause 11 of the Deed;
- (ii) where Authorised Investments have been agreed to be purchased or otherwise acquired or sold but such purchase, acquisition or sale has not been completed, such Authorised Investments shall be included or excluded, respectively, and the gross purchase, acquisition or net sale consideration excluded or included as the case may require as if such purchase, acquisition or sale had been duly completed; and
- (iii) where in consequence of any notice or request in writing given pursuant to Clause 13, 14 or 15 of the Deed a reduction of the Fund by the cancellation of Units of such Sub-Fund is to be effected but such reduction has not been completed the Units in question shall not be deemed to be in issue and any amount payable in cash and the value of any Authorised Investments to be transferred out of the Deposited Property of such Sub-Fund shall be deducted from the net asset value of such Sub-Fund.

In calculating the net asset value of any Sub-Fund, there shall be deducted any amounts not provided for above which are payable out of the Deposited Property of such Sub-Fund in the following order:

- (i) any amount of management fee, the remuneration of the Trustee, the valuation agent's fees, the registrar's agent's fees, the securities transaction fee, amortisation of other preliminary expenses and any other expenses accrued but remaining unpaid attributable to such Sub-Fund;

- (iv) the aggregate amount for the time being outstanding of any borrowings for the account of such Sub-Fund effected under Clause 18(C) of the Deed together with the amount of any interest and expenses thereon accrued pursuant to Clause 18(C)(vi) of the Deed and remaining unpaid;

- (v) there shall be taken into account such sum as in the estimate of the Managers will fall to be paid or reclaimed in respect of taxation related to income up to the time of calculation of the net asset value of the Deposited Property of such Sub-Fund;
- (vi) there shall be added the amount of any tax, if any, on capital gains estimated to be recoverable and not received attributable to such Sub-Fund;
- (vii) any value (whether of an Authorised Investment or cash) and any borrowing otherwise than in the base currency of a Sub-Fund shall be converted into the relevant base currency at the rate (whether official or otherwise) which the Managers shall after consulting with or in accordance with a method approved by the Trustee deem appropriate to the circumstances having regard *inter alia* to any premium or discount which may be relevant and to the costs of exchange; and
- (viii) where the current price of an Authorised Investment is quoted "ex" dividend, interest or other payment but such dividend, interest or other payment has not been received the amount of such dividend, interest or other payment shall be taken into account.

20.9 Duration and Termination of the Fund

20.9.1 The Fund constituted by the Deed is of indeterminate duration and may be terminated as provided in Clause 36 of the Deed.

20.9.2 Either the Trustee or the Managers may in their absolute discretion terminate the Fund by not less than three months' notice in writing to the other at any time. In the event that the Fund shall be terminated or discontinued the Managers shall give notice thereof to all investors not less than three months in advance. - (b) if the Managers shall cease business;
- (c) if any law shall be passed, any authorisation withdrawn or revoked or any direction issued by the Authority which renders it illegal or in the opinion of the Trustee impracticable or inadvisable to continue the Fund;
- (d) if within the period of three months from the date of the Trustee expressing in writing to the Managers the desire to retire the Managers shall have failed to appoint a new trustee within the terms of Clause 33 of the Deed; and
- (e) if within the period of three months from the date of the Trustee removing the Managers the Trustee shall have failed to appoint new managers within the terms of Clause 34 of the Deed.

The decision of the Trustee in any of the events specified in this paragraph 20.9.3 shall be final and binding upon all the parties concerned but the Trustee shall be under no liability on account of any failure to terminate the Fund pursuant to this paragraph 20.9.3 or otherwise. The Managers shall accept the decision of the Trustee and relieve the Trustee of any liability to them therefor and hold it harmless from any claims whatsoever on their part for damages or for any other relief.

20.9.4 Any Sub-Fund may be terminated by the Managers in their absolute discretion by notice in writing as hereinafter provided (i) if the aggregate net asset value of the Deposited Property of that Sub-Fund shall be less than SGD5 million or (ii) if any law shall be passed, any authorisation withdrawn or revoked or any direction issued by the Authority which renders it illegal or in the opinion of the Managers impracticable or inadvisable to continue that Sub-Fund. Any Class of a Sub-Fund may be terminated by the Managers in their absolute discretion by notice in writing as hereinafter provided (i) if the aggregate net asset value of the Deposited Property of that Class shall be less than SGD5 million (for S\$ Class Units) and USD5 million (for US\$ Class Units) or (ii) if any law shall be passed, any authorisation withdrawn or revoked or any direction issued by the Authority which renders it illegal or in the opinion of the Managers impracticable or inadvisable to continue that Class. The Fund may be terminated by the Managers in their absolute discretion by notice in writing hereinafter provided (i) if the aggregate net asset value of the Deposited Property of the Sub-Fund shall be less than SGD5 million or (ii) if any law shall be passed, any authorisation withdrawn or revoked or any direction issued by the Authority which renders it illegal or in the opinion of the Managers impracticable or inadvisable to continue the Fund.

20.9.5 The party terminating the Fund or the relevant Sub-Fund shall give notice thereof to the investors fixing the date at which such termination is to take effect which date shall not be less than the relevant period provided in the Deed after the service of such notice and the Managers shall give written notice thereof to the Authority not less than seven days before such termination.

20.10 Use of credit rating agencies

In the event that the Managers rely on ratings issued by credit rating agencies in any of their investments, the Managers would have established a set of internal credit assessment standards and would have in place a credit assessment process to ensure that their investments are in line with these standards. Information on the Managers' credit assessment process will be made available to investors upon request.

20.11 Liquidation of the Managers, the Trustee or the Custodian

20.11.1 Subject to the provisions of the Deed, if the Managers or the Trustee go into liquidation (except for a voluntary liquidation for the purpose of reconstruction or amalgamation), a new manager or a new trustee (as the case may be) may be appointed or the Fund may be terminated. Please refer to Clauses 33(C), 34(A) and 36(C) of the Deed for further details.

20.11.2 In the event that the Custodian becomes insolvent, the Trustee may terminate the appointment of the Custodian and, in accordance with the Deed, appoint such other person as the new custodian to provide custodial services to the Fund.

Custodial Risks

20.11.3 There are risks involved in dealing with a custodian who holds the Sub-Fund's investments or settles the Sub-Fund's trades. It is possible that, in the event of the insolvency or bankruptcy of a custodian, the Sub-Fund would be delayed or prevented from recovering its assets from the custodian, or its estate, and may have only a general unsecured claim against the custodian for those assets. In recent insolvencies of financial institutions, the ability of certain customers to recover their assets from the insolvent financial institutions' estate has been delayed, limited, or prevented, often unpredictably, and there is no assurance that any assets held by the Sub-Fund with a custodian will be readily recoverable by the Sub-Fund. In addition, there may be limited recourse against sub-custodians, if appointed by the custodian, in those situations in which the Sub-Fund invests in markets where custodial and/or settlement systems and regulations are not fully developed, including emerging markets, and the assets of the Sub-Fund have been entrusted to such sub-custodians.

20.12 Liquidity risk management policies

20.12.1 The Managers have established liquidity risk management policies to identify, monitor and manage the liquidity risks of the Sub-Fund. Such policies, combined with the liquidity management tools available, seek to achieve fair treatment of Holders and safeguard the interests of remaining Holders against the redemption behaviour of other investors and mitigate against systemic risk.

20.12.2 The Managers' liquidity risk management policies take into account the relevant Sub-Fund's liquidity terms, asset class, liquidity tools and regulatory requirements.

20.12.3 The liquidity risk management tools available to manage liquidity risk include the following:

- (a) a Sub-Fund may borrow up to 10 per cent. of the latest available Net Asset Value of the relevant Sub-Fund (or such other percentage as may be prescribed by the Code) at the time the borrowing is incurred and the borrowing period should not exceed one month provided always and subject to the borrowing restrictions in the Code;
- (b) the Managers may pursuant to the Deed, suspend the redemption of Units of the Sub-Fund; and
- (c) the Managers may, pursuant to the Deed and with the prior approval of the Trustee, limit the redemption requests rateably and pro rata amongst all Holders seeking to redeem Units on the relevant Dealing Day and carry out only sufficient redemptions which, in aggregate, amount to 10 per cent of the Units in the Sub-Fund then in issue.

20.12.4 The Managers conduct regular assessments of the liquidity profiles of the Sub-Fund's assets by reference to both current and anticipated market conditions and testing against internal liquidity limits of the Sub-Fund. The Managers will exercise their professional judgement in determining reasonable and appropriate factors to be considered in assessing liquidity. For example, potential quantitative factors include size, turnover, bid-ask spreads, transaction costs, and the Sub-Fund's holdings as a proportion of the outstanding issue. The Managers may also conduct stress testing to test the Sub-Fund's ability to withstand and meet anticipated redemption requests under both normal and exceptional liquidity conditions.

Appendix 1 – Phillip Singapore Real Estate Income Fund

This Appendix sets out the fund details of the Phillip Singapore Real Estate Income Fund.

1. Investment objective, focus and approach

1.1 Investment Objective

The Sub-Fund seeks to achieve medium to long term capital appreciation and a regular stream of income by mainly investing, directly and/or indirectly, in REITs listed in Singapore, including warrants, bonds and convertible bonds issued by the REITs.

1.2 Investment Focus and Approach

It is the Managers' intention to primarily invest the assets of the Sub-Fund into REITs listed in Singapore. The Managers may also invest up to a maximum amount of 10% of the Net Asset Value of the Sub-Fund into REITs listed outside Singapore.

The Sub-Fund will invest in REITs that demonstrate capital appreciation opportunities and sustainable dividend growth potential.

The Sub-Fund intends to offer regular dividends through quarterly distributions (or such other frequency as the Managers may determine from time to time).

The Managers may only use financial derivative instruments for such purposes as may be permitted under the Code.

Performance comparison.

The benchmark of the Sub-Fund is iEdge S-REIT Index (Net Total Return). The Sub-Fund is actively managed. Though the majority of its holdings (excluding derivatives) are likely to be components of the benchmark, the Managers have broad discretion to deviate from its securities, weightings and risk characteristics. The degree to which the Sub-Fund may resemble the composition and risk characteristics of the benchmark will vary over time and its performance may be meaningfully different.

Investments in Other Collective Investment Schemes and Exchange-Traded Funds

The Managers may, from time to time, invest the Deposited Property of the Sub-Fund in other collective investment schemes and exchange-traded funds, including collective investment schemes and exchange-traded funds managed by the Managers ("**Underlying Funds**"), provided that each such investment is permitted under the Code. The management fees charged by such Underlying Funds managed by the Managers will be rebated to the Sub-Fund, as may be agreed between the Managers and the Trustee.

The Sub-Fund may invest more than 30% of its Deposited Property (which percentage may vary from time to time at the Managers' discretion) into the Lion-Phillip S-REIT ETF. The manager of the Lion-Phillip S-REIT ETF, LGI, has appointed the Managers to fully sub-manage the Lion-Phillip S-REIT ETF.

Information on the Lion-Phillip S-REIT ETF ("**S-REIT ETF**")

(i) Investment Objective

The investment objective of the S-REIT ETF is to replicate as closely as possible, before expenses, the performance of the Morningstar® Singapore REIT Yield Focus IndexSM (the "**Index**") using a direct investment policy of investing in all, or substantially all, of the underlying Index Securities.

The Index is compiled and calculated by Morningstar Research Pte. Ltd. and is designed to screen for high-yielding REITs with superior quality and financial health.

(ii) Investment Approach and Policy of LGI in managing the S-REIT ETF

LGI employs a “passive management” or indexing investment approach designed to track the performance of the Index.

LGI will seek to achieve the S-REIT ETF’s investment objective by investing all or substantially all of the S-REIT ETF’s assets in Index Securities in substantially the same weightings as reflected in the Index. Index Security weighting is capped at 10% and liquidity based adjustments are made to the weights.

“Index Securities” means units or interests in the REITs listed on the SGX-ST that are included in the Index from time to time.

“REITs” means real estate investment trusts.
