a sub-fund of the Carmignac Portfolio SICAV

Carmignac Gestion Luxembourg is the management company of this UCITS.

Objectives and investment policy

The key features of the sub-fund are as follows:

- The sub-fund aims to outperform its reference indicator over a period exceeding three years. This Sub-Fund is an actively managed UCITS. The investment manager has discretion over the composition of its portfolio, subject to the stated investment objectives and policy. The Sub-Fund's investment universe is at least partly derived from the Reference indicator. The Sub-Fund's investment strategy is not dependent on the Reference indicator; therefore, the Sub-Fund's holdings and the weightings may substantially deviate from the composition of the Reference indicator. There is no limit set on the level of such deviation. The reference indicator comprises 40% MSCI AC WORLD NR (USD) index, 40% ICE BofA Global Government Index (USD), calculated with coupons reinvested and 20% ESTER capitalised. The reference indicator is rebalanced each quarter and converted into euro for EUR units and hedged units, and into the reference currency of the unit class for unhedged units.

units, and into the reference currency of the unit class for dimedged units.

The sub-fund is diversified. Its performance drivers are:
Equities: a maximum of 50% of the sub-fund's net assets is permanently exposed to international equities (all capitalisations, without restrictions in terms of sector or region, with up to 25% of net assets exposed to emerging countries). Up to 5% of the Fund's net assets may be invested in unlisted securities selected by the portfolio manager.

Fixed income products: at least 40% of the sub-fund's net assets is invested in fixed rate and/

or variable rate government and/or corporate bonds and money market instruments. The average rating of the bonds held by the sub-fund shall be at least investment grade. Fixed income

products from emerging countries may not exceed 25% of net assets.
- Currencies: The sub-fund may use currencies other than the Fund's valuation currency for

exposure or hedging purposes.

The manager may use Relative Value strategies as performance drivers, looking to take advantage of the relative value between different instruments. Short positions may also be taken through derivatives

- This Sub-Fund has (E) environmental and (S) social characteristics in accordance with article 8 of the Sustainable Finance Disclosure Regulation ("SFDR"). The Sub-Fund makes sustainable investments within the equity portion of the portfolio whereby a minimum of 10% of the Sub-Fund's net assets are invested in shares of companies that derive more than 10% of the Sub-Fund's net assets are invested in shares of Companies that derive more than 50% of their revenue from goods and services related to business activities which align positively with one of the following 9 out of 17 United Nations Sustainable Development Goals ("the Sustainable Development Goals") selected for this Sub-Fund: (1) No Poverty, (2) No Hunger, (3) Good Health and Well Being, (4) Quality Education, (6) Clean Water, (7) Affordable and Clean Energy, (9) Industry, Innovation and Infrastructure, (11) Sustainable Cities and Communities (12) Responsible Consumption and Production. For further information on the United Nations Sustainable Development Goals, please refer to https://sdgs.un.org/goals.
- The geographical investment universe of the sub-fund is global, including emerging

Other information:

- The sub-fund uses derivatives for hedging or arbitrage purposes, or to expose the portfolio to the following risks (directly or via indices): currencies, credit (up to 30% of net assets), bonds, equities (all categories of capitalisation), ETFs, dividends, volatility, variance (the latter two categories for up to 10% of net assets) and commodities (up to 20% of assets). The derivatives available are options (vanilla, barrier, binary), futures and forwards, swaps (including performance) and CFDs (contracts for difference) on one or more underlyings. Overall exposure to derivatives is controlled by the expected leverage, calculated as the sum of nominal amounts without netting or hedging, of 500%; this may be higher under certain conditions. The maximum Relative VaR is limited to 2.
- The overall modified duration of the fixed income portfolio is between -4 and +10. Modified duration is defined as the change in portfolio capital (as %) for a change in interest rates of
- 100 basis points.
 Up to 15 % of the net assets may be invested in contingent convertible bonds ("CoCos").
 CoCos are regulated subordinated debt instruments that are complex, but consistent in nature. Please refer to the prospectus for more information.
 The sub-fund may invest up to 10% of its net assets in units or shares of investment funds.
- This sub-fund may not be suitable for investors planning to withdraw their investment within
- Investments may be redeemed each business day on request. Subscription and redemption requests are centralised on each NAV calculation and publication day before 15:00 CET/CEST and are executed on the next business day using the previous day's NAV.
- This is an accumulation share.
