

# FSSA China Focus Fund

-The Fund invests primarily in equity or equity-related securities issued by large and mid capitalisation established or having significant operations in China.  
 -Investing in mid-capitalisation companies securities may have lower liquidity and their prices are more volatile to adverse economic developments.  
 -The Fund invests in emerging markets which may have increased risks than developed markets including liquidity risk, currency risk/control, political and economic uncertainties, high degree of volatility, settlement risk and custody risk.  
 -The Fund's investments will be concentrated in China, single sector or small numbers of companies which may have higher volatility or greater loss of capital than more diversified portfolios.  
 -The Fund may expose to China market risk including repatriation risk, uncertainties to PRC taxation policies and risks associated with StockConnects, QFII/RQFII, SME board, the ChiNext market and/or the STAR board. The Fund may also expose to RMB currency and conversion risk.  
 -The Fund may use FDIs for hedging and efficient portfolio management purposes, which may subject the Fund to additional liquidity, valuation, counterparty and over the counter transaction risks.  
 -It is possible that a part or entire value of your investment could be lost. You should not base your investment decision solely on this document. Please read the offering document including risk factors for details.

## Investment objective & strategy

The Fund aims to achieve long term capital appreciation and invests primarily in a concentrated portfolio of equity or equity-related securities of large and mid-capitalisation companies established or having significant operations in Mainland China and which are listed, traded or dealt in on regulated markets worldwide.
