Fourth Addendum to the Prospectus

The Prospectus is hereby supplemented as follows with immediate effect:

1. The last sentence of the paragraph under the section headed “Shanghai Stock Exchange” in Appendix I “A SHARE MARKET IN THE PRC” of the Prospectus on page 60 shall be amended and restated as follows:

“As at the end of 21 April 2017, there was a total of 1261 listed companies and total market capitalization of approximately RMB 30.16 trillion.”
2. In Appendix II “THE SSE 50 INDEX (“SSE 50”)” of the Prospectus,
 - (i) The first sentence of the first paragraph on page 64 shall be amended and restated as follows:

¹ SFC authorization is not a recommendation or endorsement of the Sub-Fund nor does it guarantee the commercial merits of the Sub-Fund or its performance. It does not mean the Sub-Fund are suitable for all investors nor is it an endorsement of their suitability for any particular investor or class of investors.

“The SSE 50 is an index consisting of 50 constituent stocks which are the 50 largest stocks of good liquidity listed on the Shanghai Stock Exchange, and it is estimated that as of 21 April 2017, the 50 constituent stocks of the SSE 50 represent around 41.18% of the total market capitalisation of the Shanghai Stock Exchange.”

- (ii) The first paragraph under the sub-section headed “Ten Largest Constituent Stocks” under the section headed “1. Basic Information” on page 65 shall be amended and restated as follows:

“As at 21 April 2017, the 10 largest constituent stocks of the SSE 50 (out of 50 constituent stocks) and their respective weightings are listed below:

Code	Stock Name	% of SSE 50
601318	Ping An Insurance (Group) Company of China Ltd.	9.72

Third Addendum to the Prospectus

The Prospectus is hereby supplemented, with immediate effect, as follows:

1. Under the section headed “**IMPORTANT INFORMATION FOR INVESTORS**” of the Prospectus,
 - (i) the third and the fourth paragraphs on pages ii and iii shall be amended and restated as follows:

“On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued “Caishui [2014] No. 79 - The Circular Concerning the issue of temporary exemption from the imposition of capital gain tax arising from gains from the transfer of equity

¹SFC authorization is not a recommendation or endorsement of the Sub-Fund nor does it guarantee the commercial merits of the Sub-Fund or its performance. It does not mean the Sub-Fund are suitable for all investors nor is it an endorsement of their suitability for any particular investor or class of investors.

investment assets such as PRC domestic shares by QFII and RQFII” (“Circular 79”).

Pursuant to Circular 79, effective from 17 November 2014, capital gains derived by a QFII or RQFII from trading of A Shares will be temporarily exempt from withholding tax provided that the capital gains are not effectively connected with any permanent establishment (if any) that the QFII or RQFII has in China; such exemption, however, will not apply to capital gains derived by a QFII or RQFII from transactions prior to 17 November 2014.

Pursuant to “Caishui [2014] No. 81 – The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shanghai and Hong Kong Stock Markets” (“Circular 81”), effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock are temporarily exempted from income tax on capital gains derived from the sales of A Shares traded in Shanghai Stock Exchange.

According to Circular 81, the latest Capital Gain Tax (as referred to in Appendix IV) provisioning approach is as follows:

Based on professional and independent tax advice, the Sub-Fund currently will not set aside any Capital Gain Tax provision derived from the gains from trading of A Shares that are SSE Securities (as defined in the “Definitions” section on page 10) via the Shanghai-Hong Kong Stock Connect.

In respect of the Sub-Fund's investments in the AXP's (when it was a synthetic ETF) up to and including 16 November 2014, all the then AXP issuers had determined, agreed and settled with the Sub-Fund the relevant Capital Gain Tax liabilities by the mid-June 2016.

The Sub-Fund is the ultimate party which bears the risks relating to the PRC tax liability. The Manager will assess the Capital Gain Tax provisioning approach on an on-going basis.

Also, the Sub-Fund in investing in A Shares that are SSE Securities directly via Shanghai-Hong Kong Stock Connect would be subject to a Distribution Tax of 10% (as referred to in Appendix IV) on all cash dividends payment, distributions or cash proceeds which were referable to dividends or distributions arising from the A Shares. Pursuant to Circular 81, dividends from A Shares paid to Hong Kong market investors who invested in A Shares via Shanghai-Hong Kong Stock Connect, both enterprises and individuals, will continue to be subject to a withholding tax of 10%, and which is to be withheld at source. There is no assurance that the rate of the withholding tax will not be changed by the relevant PRC tax authority in the future.

Any future changes in the taxation policies in respect of the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns. Investors' attention is drawn to paragraph (u) of “Risk Factors” section on pages 25 to 27. Prospective investors should consult their independent tax

advisors regarding the possible implications of capital gain tax on an investment in the Sub-Fund.”

- (ii) the following paragraphs shall be added before the sub-heading “**Personal Data or Confidential Information:**” on page vii:

“Automatic Exchange of Financial Account Information

The Inland Revenue (Amendment) (No.3) Ordinance 2016 (the “**Amendment Ordinance**”) came into force on 30 June 2016. This is the legislative framework for the implementation in Hong Kong of the Standard for Automatic Exchange of Financial Account Information (“**AEOI**”). The AEOI requires financial institutions (“**FI**”) in Hong Kong to collect information relating to non-Hong Kong tax residents holding accounts with FIs, and exchange such information with the jurisdiction(s) in which that account holder is a resident for tax purpose. Further information regarding AEOI is available on the website of the Hong Kong Inland Revenue Department (“**IRD**”) (http://www.ird.gov.hk/eng/tax/dta_aeoi.htm).

Generally, tax information will be exchanged only with AEOI partner jurisdictions with which Hong Kong has a Competent Authority Agreement (“**CAA**”); however, the Sub-Fund and/or the Manager, the Trustee and their associated or affiliated companies, connected persons, delegates, contractors, authorised agents or service providers (collectively, the “**Relevant Agents**”) may further collect information on the tax residence of account holders (irrespective of whether or not that account holder is a reportable person) of other jurisdictions (in which a person is tax resident irrespective of whether that territory is a reportable jurisdiction).

The Sub-Fund is required to comply with the requirements of AEOI as implemented by Hong Kong, which means that the Sub-Fund and/or the Relevant Agents shall collect and provide to IRD tax information relating to the Unitholders and prospective investors.

The AEOI rules as implemented by Hong Kong require the Sub-Fund to, amongst other things: (i) register the Sub-Fund’s status as a “Reporting Financial Institution” with the IRD; (ii) conduct due diligence on its accounts (i.e. the Unitholders) to identify whether any such accounts are considered “Reportable Accounts” for AEOI purposes; and (iii) report to the IRD information on such Reportable Accounts. The IRD is expected on an annual basis to transmit the information reported to it to the government authorities of the relevant jurisdictions with which Hong Kong has signed a CAA. Broadly, AEOI contemplates that Hong Kong FIs should report on: (i) individuals or entities that are tax resident in a jurisdiction with which Hong Kong has signed a CAA; and (ii) certain entities controlled by individuals who are tax resident in such other jurisdiction. Under the Amendment Ordinance, details of the Unitholders, including but not limited to their name, jurisdiction of birth, address, tax residence, account details, account balance/value, and income or sale or redemption proceeds, may be reported to the IRD and subsequently exchanged with government authorities in the relevant jurisdictions of tax residence.

By investing in the Sub-Fund or continuing to invest in the Sub-Fund, the Unitholders acknowledge that they may be required to provide additional

information to the Sub-Fund and/or the Relevant Agents in order for the Sub-Fund to comply with AEOI. The Unitholders' information (and information on beneficial owners, beneficiaries, direct or indirect shareholders or other persons associated with such Unitholders that are not natural persons), may be transmitted by the IRD to authorities in other jurisdictions.

For the purposes herein, "AEOI" includes:

- (a) the Organization for Economic Co-operation and Development ("OECD") Standard for Automatic Exchange of Financial Account Information in Tax Matters – the Common Reporting Standard (the "CRS") and any associated guidance;
- (b) any intergovernmental agreement, treaty, regulation, guidance, standard or other agreement between the Hong Kong government (or any government body in Hong Kong) and any other jurisdiction (including any government bodies in such jurisdiction), entered into in order to comply with, facilitate, supplement or implement the legislation, regulations, guidance or standards described in (a) above; and
- (c) any legislation, regulations or guidance in Hong Kong that give effect to the matters outlined in (a) to (b) above.

Each Unitholder and prospective investor should consult its own professional advisor(s) on the administrative and substantive implications of AEOI on its current or proposed investment in the Sub-Fund."

- (iii) paragraph (1) under sub-heading "**Personal Data or Confidential Information**" on pages vii to viii shall be amended and restated as follows:

"(1) Personal Data or Confidential Information (including information necessary to ascertain tax status, information for reporting of tax withholding and details of transaction) provided by a Unitholder (in any form or certification or otherwise) will be used, shared, stored, processed, transferred and disclosed (within or outside Hong Kong) so that the Relevant Agents can carry out their obligations in respect of the Fund and/or the Sub-Fund or for other purposes including but not limited to (a) processing the subscription and redemption of Units, completing the information on the Register of Unitholders, carrying out instructions or responding to Unitholders' enquiries, verifying data and providing administrative or other relevant services to the Unitholder (including the mailing of reports, notices or newsletters); (b) in compliance with any applicable law, regulation, statute, ordinance, rule, judgment, decree, code, guidelines, directive, circulars, sanctions regime, court order issued by other regulatory authorities of relevant jurisdiction, exchange or market, whether legal, regulatory, governmental, tax, law enforcement, self-regulatory, industry or others which apply in respect of the Fund and/or the Sub-Fund or the Unitholders' investments and/or bind or apply to the Relevant Agents from time to time or any agreement with any tax or fiscal authority in any jurisdiction and meeting any demands, disclosure, notification or reporting requirements to which any recipient of the data is subject under applicable laws and regulations, including but not limited to compliance with obligations pursuant to the FATCA, verifying the identity of a Unitholder or establishing whether a Unitholder is a US Person for the purposes of FATCA and compliance with

reporting or other obligations under the IRC and the United States Treasury Regulations promulgated under the IRC or any reporting obligations imposed by the United States, Hong Kong or any other jurisdiction (including under AEOI), including reporting obligations that may be imposed by future legislation (collectively, the “Regulatory Requirements”); (c) prevention, detection, sanction or investigation of crime, fraud, money laundering, corruption, tax evasion, terrorist financing and any other violation of laws or unlawful activities and fulfilling related Regulatory Requirements; (d) enforcing or defending the rights of the Fund and/or the Sub-Fund and/or the Relevant Agents; (e) fulfilling internal operational or compliance requirements of the Relevant Agents; and (f) maintenance or continuation of overall relationship with the Unitholder.”

2. Under the “TABLE OF CONTENTS” of the Prospectus, the sub-heading “Liquidity Risk Management” shall be added immediately after the sub-heading “Compulsory Redemptions under Certain Circumstances” under the heading “CREATION AND REDEMPTION OF UNITS”.

3. Under the section headed “**DEFINITIONS**” of the Prospectus,

- (i) the definition of “Associate” on page 3 shall be amended and restated as follows:

“**Associate**” in relation to a body corporate, means an associated company as defined in the Companies Ordinance;

- (ii) the definition of “subsidiary” and “holding company” on page 11 shall be amended and restated as follows:

“**subsidiary**” and **“holding company”** have the meaning given to them in the Companies Ordinance;

4. Under the section headed “**RISK FACTORS**” of the Prospectus,

- (i) the heading of the risk factor “(e) Foreign exchange risk and currency conversion risk” on page 18 shall be modified to “(e) Foreign exchange risk and RMB currency and conversion risks”;

- (ii) sub-paragraph (i) of the risk factor “(l) Risks associated with the Shanghai-Hong Kong Stock Connect” on pages 20 to 21 shall be amended and restated as follows:

“Quota limitations: Shanghai-Hong Kong Stock Connect is subject to a Daily Quota, which does not belong to the Sub-Fund and can only be utilized on a first-come-first serve basis. The Daily Quota is monitored by SEHK and SSE. The Daily Quota limits the maximum net buy value of cross-boundary trades under Shanghai-Hong Kong Stock Connect each day. The Daily Quota will be reset every day. Unused Daily Quota will not be carried over to next day’s Daily Quota.

The Northbound Daily Quota balance is disseminated on the Hong Kong Exchanges and Clearing Limited (“HKEx”) website.

If the Northbound Daily Quota Balance drops to zero or Daily Quota is exceeded during the opening call auction session, new buy orders will be rejected.

Once the Northbound Daily Quota Balance drops to zero or the Daily Quota is exceeded during a continuous auction session, no further buy orders will be accepted for the remainder of the day.

It should be noted that quota limitations may restrict the Sub-Fund's ability to invest in SSE Securities through Shanghai-Hong Kong Stock Connect on a timely basis, and the Sub-Fund may not be able to effectively pursue its investment strategies."

- (iii) the following sub-paragraph shall be added immediately after sub-paragraph "(xi) Regulatory Risk" on page 24:

"(xii) Foreign exchange/ currency conversion risk:

The Sub-Fund may be subject to exchange rate fluctuations between Hong Kong dollars and RMB (specifically CNH or CNY) given that the Sub-Fund is denominated in Hong Kong dollars, but the SSE Securities acquired via Shanghai-Hong Kong Stock Connect (as the case may be) are denominated in CNH. Share securities acquired through QFII are denominated in CNY, while the cash holding of the Sub-Fund could be in either RMB or Hong Kong dollars. The Sub-Fund may also be subject to bid/offer spread and currency conversion costs when converting to and from Hong Kong dollars and RMB."

- (iv) the following risk factor shall be inserted before the risk factor headed "(q) PRC tax risk" on page 25:

"(q) Equity market risk – The Sub-Fund's investment in equity securities is subject to general market risks, whose value may fluctuate due to various factors, such as changes in investment sentiment, political and economic conditions and issuer-specific factors.

(r) Risk associated with high volatility of the equity market in Mainland China – High market volatility and potential settlement difficulties in the Mainland China equity market may result in significant fluctuations in the prices of the securities traded on such market and may have an adverse impact on the prices of PRC securities in which the Sub-Fund invests and thereby may adversely affect the value of the Sub-Fund.

(s) Risk associated with regulatory/exchanges requirements/policies of the equity market in Mainland China – Securities exchanges in the PRC typically have the right to suspend or limit trading in any security traded on the relevant exchange. The government or the regulators may also implement policies that may affect the financial markets. All these may have a negative impact on the Sub-Fund.

(t) Liquidity risk - Liquidity risk exists when particular investments are

difficult to purchase or sell. Investments made by the Sub-Fund may become illiquid or less liquid in response to market developments or adverse investor perceptions. Investments in foreign securities, derivatives or securities with substantial market and/or credit risk tend to have the greatest exposure to liquidity risk. Illiquid securities may be highly volatile and more difficult to value. Certain securities may also be illiquid due to limited trading markets or contractual restrictions on their resale. The Sub-Fund is exposed to the risk that a particular investment or position cannot be unwound or offset easily.

To meet redemption requests, the Sub-Fund may be forced to sell securities, at an unfavorable time and/or under unfavorable conditions. This can have an impact on the value of the Sub-Fund.”

- (v) the original risk factors headed “(q) PRC tax risk” on pages 25 to 27 shall be renumbered, amended and restated as follows:

- “(u) PRC tax risk – Under the prevailing PRC Corporate Income Tax Law, gains derived by a non-resident from the trading of A Shares would be subject to PRC withholding income tax unless exempted under tax law and/or an applicable tax treaty.

On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued Circular 79 (as referred to in Appendix IV).

Pursuant to Circular 79, effective from 17 November 2014, capital gains derived by a QFII or RQFII from trading of A Shares will be temporarily exempt from withholding tax provided that the capital gains are not effectively connected with any permanent establishment (if any) that the QFII or RQFII has in China; such exemption, however, will not apply to capital gains derived by a QFII or RQFII from transactions prior to 17 November 2014.

Pursuant to Circular 81 (as referred to in Appendix IV) effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock Connect are temporarily exempted from income tax on capital gains derived from the sales of A Shares traded in the SSE.

According to Circular 81, the latest Capital Gain Tax provisioning approach is as follows:

Based on professional and independent tax advice, the Sub-Fund currently will not set aside any Capital Gain Tax provision derived from the gains from trading of A Shares that are SSE Securities via Shanghai-Hong Kong Stock Connect.

In respect of the Sub-Fund's investments in the AXP's (when it was a synthetic ETF) up to and including 16 November 2014, all the then AXP

issuers had determined, agreed and settled with the Sub-Fund the relevant Capital Gain Tax liabilities by the mid-June 2016.

As the Sub-Fund is the ultimate party which bears the risks relating to the Capital Gain Tax liability, any future changes in the taxation policies in respect of the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns.

The Manager will assess the Capital Gain Tax provisioning approach on an on-going basis. Should the PRC tax policies in respect of the Capital Gain Tax change, the Manager may decide to set aside provision to meet any potential Capital Gain Tax liability in the future. Prospective investors should consult their independent tax advisors regarding the possible implications of capital gain tax on an investment in the Sub-Fund.

Further, to date, the Sub-Fund in investing in A Shares that are SSE Securities directly via Shanghai-Hong Kong Stock Connect, would be subject to a Distribution Tax (as referred to in Appendix IV) of 10% on all cash dividends payment or cash proceeds which were referable to dividends or distributions arising from the A Shares. Pursuant to Circular 81, dividends from A Shares paid to Hong Kong market investors who invested in A Shares via Shanghai-Hong Kong Stock Connect, both enterprises and individuals, will continue to be subject to a withholding tax of 10%, and which is to be withheld at source. There is no assurance that the rate of the withholding tax will not be changed by the relevant PRC tax authority in the future.

The taxation laws and other regulations of the PRC are constantly changing, and may be changed with retrospective effect to the advantage or disadvantage of investors in the Sub-Fund. The interpretation and application of tax laws and other applicable regulations by the relevant authorities may not be as transparent or predictable as compared to the authorities administering similar regimes in other developed jurisdictions.

Since the Sub-Fund is the ultimate parties which will bear the risks relating to PRC tax liabilities, any changes to legislation, the interpretation or application of legislation, or the granting of foreign investors the benefit of tax exemptions or international tax treaties (which may be on a retrospective basis) will impact on the Sub-Fund's returns. There can be no guarantee that regulatory changes that have a detrimental impact on the investments of the Sub-Fund will not occur.

Further, investors should note that the tax exemption on gains derived from trading of A Shares via Shanghai-Hong Kong Stock Connect under Circular 81 was granted on a temporary basis and there is no assurance that the Sub-Fund will continue to enjoy the tax exemption over a long period of time. If the exemption under Circular 81 is withdrawn, or if guidance is issued in relation to the tax position for A Shares traded via Shanghai-Hong Kong Stock Connect which differs from the current practice of the Manager, any tax liability as a result of capital gains derived from the trading of A

Shares via Shanghai-Hong Kong Stock Connect may be directly borne by the Sub-Fund and may result in a substantial impact to the Sub-Fund's Net Asset Value.

The PRC tax rules and practices in relation to Shanghai-Hong Kong Stock Connect are new. It is possible that any future announcement by the PRC tax authority may subject the Sub-Fund to unforeseen tax obligations, which may have retrospective effect.

Investors should seek their own tax advice on their Mainland China tax position with regard to their investment in the Sub-Fund."

- (vi) the following risk factor shall be inserted immediately after the re-numbered risk factor headed "(u) PRC tax risk" on pages 25-27:

"(v) Risks relating to obligations to comply with AEOI

The Unitholders shall be required to, (i) upon demand by the Trustee or the Manager, provide any form, certification or other information reasonably requested by and acceptable to the Trustee or the Manager that is necessary for the Sub-Fund to satisfy reporting or other obligations under AEOI or to satisfy any obligations relating to any applicable laws and regulations or any agreements with any tax or fiscal authority in any jurisdictions to which AEOI is applicable, (ii) update or replace such form, certification or other information in accordance with its terms or subsequent amendments or when such form, certificate or other information is no longer accurate, and (iii) otherwise comply with any reporting obligations imposed under AEOI, including reporting obligations that may be imposed by future legislation. The information provided by the Unitholders may be communicated by the IRD to authorities in other jurisdictions.

Each Unitholder and prospective investor should consult its own professional advisor(s) on the administrative and substantive implications of AEOI on its current or proposed investment in the Sub-Fund."

- (vii) the original risk factors headed "(r) Risks relating to obligations of the Sub-Fund under FATCA Regulations" and "(s) Withholding Tax Risk" on pages 27 -28 shall respectively be re-numbered and re-named as "(w) Risks relating to obligations under FATCA regulations" and "(x) Withholding tax risk under FATCA regime", and the risk factor "(w) Risks relating to obligations under FATCA regulations" shall be amended and restated as follows:

"(w) Risks relating to obligations under FATCA regulations

The Unitholders shall be required to, (i) upon demand by the Trustee or the Manager provide any form, certification or other information reasonably requested by and acceptable to the Trustee or the Manager that is necessary for the Sub-Fund (A) to prevent withholding (including, without limitation, any withholding taxes required under FATCA as more particularly described in paragraph (x) below) or qualify for a reduced rate of

withholding or backup withholding in any jurisdiction from or through which Sub-Fund receives payments, and/or (B) to satisfy reporting or other obligations under the IRC and the United States Treasury Regulations promulgated under the IRC, or to satisfy any obligations relating to any applicable laws and regulations or any agreements with any tax or fiscal authority in any jurisdictions, (ii) update or replace such form, certification or other information in accordance with its terms or subsequent amendments or when such form, certificate or other information is no longer accurate, and (iii) otherwise comply with any reporting obligations imposed under the FATCA regulations.

The Sub-Fund will endeavour to satisfy any obligations imposed under the FATCA regulations so as to avoid the imposition of FATCA withholding, however, no assurance can be given that the Sub-Fund will be able to satisfy those obligations. If the Sub-Fund becomes subject to FATCA withholding, the value of the Units held by the Unitholders may suffer material losses.

If the Unitholder or an intermediary through which it holds interest in the Sub-Fund fails to provide the Sub-Fund, its agents or authorised representatives with complete and accurate information that may be required by the Sub-Fund to comply with FATCA, the Unitholder may be subject to withholding on amounts otherwise distributable to the Unitholder, may be compelled to sell his interest in the Sub-Fund, or in certain situations, the Unitholders' interest in the Sub-Fund may be sold involuntarily (provided that the Sub-Fund observes applicable laws and regulations, act in good faith and on reasonable grounds).

In cases where Unitholders invest in the Sub-Fund through an intermediary, Unitholders are reminded to check whether such intermediary is FATCA compliant. If Unitholders are in any doubt, they should consult their tax advisor, stockbroker, bank manager, solicitor, accountant and other financial adviser regarding the possible implications of FATCA on the Unitholders and the Sub-Fund.

Unitholders, and intermediaries acting for Unitholders, should therefore take note that if they meet the definition of US Person for FATCA purpose then they will need to declare this to the Sub-Fund and submit any mandatory documentation.”

- (viii) the original risk factors (t), (u) and (v) shall respectively be re-numbered as (y), (z) and (aa);
- (ix) the following risk factor shall be added inserted immediately after the re-numbered risk factor headed “(aa) Legal and Regulatory risk” on page 29:
 - “(bb) Reliance on market maker risks – Although the Manager will ensure that at least one market maker will maintain a market for the Units and that at least one market maker gives not less than 3 months’ notice prior to terminating market making arrangement under the relevant market maker agreement,

liquidity in the market for the Units may be adversely affected if there is no or only one market maker for the Units. There is also no guarantee that any market making activity will be effective.”

5. The following new sub-section headed “Liquidity Risk Management” shall be inserted immediately after the sub-section headed “Compulsory Redemptions under Certain Circumstances” of the Prospectus on pages 41 to 42:

“Liquidity Risk Management

Unitholders should be aware of the potential impact of the liquidity risks on the Sub-Fund. For details, please refer to paragraph “(t) Liquidity Risk” and sub-paragraph (ii) of paragraph (o) “Risk related to equity securities like A Shares” of “Risk Factors” section above.

The Manager employs a liquidity risk management process and maintains tools and methods for monitoring the liquidity of the Sub-Fund. The overall process involves appropriate oversight by management, measurement processes, regular assessment, on-going monitoring and internal control procedures.

The liquidity risk management tools include implementation of and maintaining appropriate practice to delay and/or limit redemptions to allow them to be proceeded in an orderly manner and performing periodic liquidity stress testing under different market conditions to assess the liquidity position of the Sub-Fund.”

6. The paragraph under the heading “**Shanghai Stock Exchange**” in Appendix I “A SHARE MARKET IN THE PRC” of the Prospectus on page 60 shall be amended and restated as follows:

“Shanghai Stock Exchange

The Shanghai Stock Exchange was founded on 26 November 1990 and has been in operation since 19 December 1990. The Shanghai Stock Exchange has become the most preeminent stock market in the PRC in terms of the number of listed companies, number of shares listed, total market value, tradable market value, securities turnover in value and the T-bond turnover in value. As at 11 January 2017, there was a total of 1192 listed companies and total market capitalization of approximately RMB 28.95 trillion.”

7. The paragraphs respectively under the sub-headings “Trading day”, “Trading hours for trading SSE Securities through Shanghai-Hong Kong Stock Connect” and “Trading quota” in Appendix I on pages 60 to 62 shall be amended and restated as follows:

“Trading day and trading hours

Until special banking arrangements are established, investors (including the Sub-Fund) will only be allowed to trade on the other market on days where Hong Kong and Mainland markets are both open for trading, and banking services are available in both Hong Kong and Mainland markets on the corresponding settlement days. This arrangement is essential in ensuring that investors and brokers will have the necessary

banking support on the relevant settlement days when they will be required to make payments.

The following table illustrates the holiday arrangement of Northbound trading of SSE Securities:

	Mainland	Hong Kong	Open for Northbound Trading?	
Day-1	Business Day	Business Day	Yes	
Day-2	Business Day	Business Day	No	HK market closes on money settlement day
Day-3	Business Day	Public Holiday	No	HK market closes on trading day
Day-4	Public Holiday	Business Day	No	Mainland market closes

If a Northbound trading day is a half trading day in Hong Kong market, Northbound Trading will continue until the market for Shanghai-Hong Kong Stock Connect Northbound Trading is closed. The Northbound trading calendar for Shanghai-Hong Kong Stock Connect is available on HKEx website.

Northbound trading follows Shanghai Stock Exchange's trading hours. However, SEHK will accept Northbound orders from SEHK Participants five minutes before the Mainland market sessions open in the morning and in the afternoon.

Information relating to trading day and trading hours for trading SSE Securities through Shanghai-Hong Kong Stock Connect can be found on the HKEx website.

Trading quota

Trading under Shanghai-Hong Kong Stock Connect is currently subject to a Daily Quota which is monitored by SEHK and Shanghai Stock Exchange respectively. The Daily Quota limits the maximum net buy value of cross-boundary trades under Shanghai-Hong Kong Stock Connect each day. The quotas do not belong to the Sub-Fund and are utilised on a first-come-first-serve basis. The Northbound Daily Quota is set at RMB13 billion for Shanghai-Hong Kong Stock Connect.

SEHK will monitor the quota and publish the remaining balance of the Northbound Daily Quota at scheduled times on the HKEx website at www.hkex.com.hk. The Daily Quota may change in future. The Manager will not notify investors in case of a change of quota."

8. The paragraphs respectively under the sub-headings "Corporate actions and shareholders' meetings" and "Foreign shareholding restrictions" in Appendix I on pages 62 to 63 shall be amended and restated as follows:

"Corporate actions and shareholders' meetings

Same as for SEHK-listed securities, corporate action information of SSE Securities will be available through CCASS, via the existing nominee related enquiry functions and reports.

Hong Kong and overseas investors may cast their votes by providing instructions to HKSCC through their CCCPs.

Companies listed on the Shanghai Stock Exchange usually announce information regarding annual general meetings and extraordinary general meetings two to three weeks before the meeting date. HKSCC will inform CCASS Participants of the details of general meetings such as the meeting date, time and the number of proposed resolutions. CCASS Participants who have the relevant holdings in their stock accounts (for themselves or as agents for the underlying investors) as at the record date may provide HKSCC with instructions on how to cast their votes via CCASS's existing voting functions.

Foreign shareholding restrictions

Under current PRC rules, a single foreign investor's shareholding in a listed company is not allowed to exceed 10% of the company's total issued shares, while all foreign investors' shareholding in the A Shares of a listed company is not allowed to exceed 30% of its total issued shares.

SSE Securities purchased through Shanghai-Hong Kong Stock Connect will be considered in totality with those purchased by QFII and RQFII, and subject to the same foreign shareholding restriction. Should the shareholding of a single investor in an A Share listed company exceed the above restriction, the investor would be required to unwind his position on the excessive shareholding according to a last-in-first-out basis within a specific period. If the 30% threshold is exceeded due to Shanghai-Hong Kong Stock Connect, HKEX will identify the relevant SEHK Participant and require it to follow the forced-sale requirements."

9. In Appendix II "THE SSE 50 INDEX ("SSE 50")" of the Prospectus,

- (i) The first sentence of the first paragraph on page 64 shall be amended and restated as follows:

"The SSE 50 is an index consisting of 50 constituent stocks which are the 50 largest stocks of good liquidity listed on the Shanghai Stock Exchange, and it is estimated that as of 11 January 2017, the 50 constituent stocks of the SSE 50 represent around 41.68% of the total market capitalisation of the Shanghai Stock Exchange."

- (ii) The first paragraph (including the top 10 largest constituent securities of the SSE 50) under the heading "Ten Largest Constituent Stocks" under the section headed "1. Basic Information" on page 65 shall be amended and restated as follows:

"As at 11 January 2017, the 10 largest constituent stocks of the SSE 50 (out of 50 constituent stocks) and their respective weightings are listed below:

Code	Stock Name	% of SSE 50
601318	Ping An Insurance (Group) Company of China Ltd.	9.67%

600030	CITIC Securities Co., Ltd.	3.21%

”

10. In Appendix IV “FEES AND CHARGES APPLICABLE TO THE SUB-FUND” of the Prospectus,

- (i) The paragraphs under the heading “*Capital Gain Tax and Distribution Tax*” on pages 75 to 77 shall be amended and restated as follows:

“PRC Tax

(a) Corporate Income Tax (“CIT”):

Under the prevailing PRC CIT Law, gains derived by a non-resident from the trading of A Shares would be subject to PRC withholding income tax (“WIT”) unless exempted under tax law and/or an applicable tax treaty.

Capital Gain Tax and Distribution Tax

The Sub-Fund is the ultimate party which bears the risks relating to the following taxes if they are so levied by the PRC tax authority: (a) WIT on the capital gain derived from the PRC investment (the “**Capital Gain Tax**”) and (b) WIT on dividend /distribution income derived from the PRC investment (the “**Distribution Tax**”), the details of which are set out below.

Capital Gain Tax

On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued “Caishui [2014] No. 79 - The Circular Concerning the issue of temporary exemption from the imposition of capital gain tax arising from gains from the transfer of equity investment assets such as PRC domestic shares by QFII and RQFII” (“**Circular 79**”).

Pursuant to Circular 79, effective from 17 November 2014, capital gains derived by a QFII or RQFII from trading of A Shares are temporarily exempt from withholding tax, provided that the capital gains are not effectively connected with any permanent establishment (if any) that the QFII or RQFII has in China; such exemption, however, will not apply to capital gains derived by a QFII or RQFII from transactions prior to 17 November 2014.

Pursuant to “Caishui [2014] No. 81 – The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shanghai and Hong Kong Stock Markets” (“**Circular 81**”), effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock Connect are temporarily exempted from income tax on capital gains derived from the sales of A Shares traded in the Shanghai Stock Exchange.

According to Circular 81, the latest Capital Gain Tax provisioning approach is as follows.

Based on professional and independent tax advice, the Sub-Fund currently will not set aside any Capital Gain Tax provision derived from the gains from trading of A Shares by the Sub-Fund through that are SSE Securities via Shanghai-Hong Kong Stock Connect.

In respect of the Sub-Fund's investments in the AXP's (when it was a synthetic ETF) up to and including 16 November 2014, all the then AXP issuers had determined, agreed and settled with the Sub-Fund the relevant Capital Gain Tax liabilities by the mid-June of 2016.

As the Sub-Fund is the ultimate party which bears the risks relating to the Capital Gain Tax liability of , any future changes in the taxation policies in respect of the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns.

The Manager will assess the Capital Gain Tax provisioning approach on an on-going basis. Should the PRC tax policies in respect of the Capital Gain Tax change, the Manager may decide to set aside provision to meet any potential Capital Gain Tax liability in the future.

Distribution Tax

In respect of the Distribution Tax, to date, a 10% PRC withholding tax has been levied on dividend, distributions and interest payments from PRC listed companies to foreign investors. Pursuant to Circular 81, dividends from A Shares paid to Hong Kong market investors who invested in A Shares via Shanghai-Hong Kong Stock Connect, both enterprises and individuals, will continue to be subject to a withholding tax of 10%, and which is to be withheld at source. There is no assurance that the rate of the withholding tax will not be changed by the relevant PRC tax authority in the future.

(b) Value-added Tax (“VAT”) and surtaxes

In China, business tax was completely replaced by VAT starting from May 1, 2016. QFIIs are exempted from VAT on securities trading activities in China according to Caishui [2016] No. 36 (“Circular 36”). According to Circular 81 and Circular 36, the Sub-Fund is exempted from VAT on A Share trading activities through Shanghai-Hong Kong Stock Connect.

(c) Stamp Duty

Stamp duty under the PRC laws generally applies to the execution and receipt of all taxable documents listed in the PRC's Provisional Rules on Stamp Duty. Stamp duty is levied on the execution or receipt in China of certain documents, including contracts for the sale of A Shares traded on the PRC stock exchanges. In the case of contracts for sale of A Shares, such stamp duty is currently imposed on the seller but not on the purchaser, at the rate of 0.1%.

According to "Caishui [2016] No. 127 – The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shenzhen and Hong Kong Stock Markets", Hong Kong and overseas investors borrows and returns listed shares in relation to shares guarantee and short-selling through Shanghai-Hong Kong Stock Connect, will be exempt from stamp duty from 5 December 2016."

The Stock Exchange of Hong Kong Limited (“SEHK”), the Securities and Futures Commission (“SFC”) and the Hong Kong Securities Clearing Company Limited take no responsibility for the contents of this Prospectus, make no representation as to its accuracy or completeness and expressly disclaim any liability whatsoever for any loss howsoever arising from or in reliance upon the whole or any part of the contents of this Prospectus.

IMPORTANT INFORMATION FOR INVESTORS

Investors should note that an investment in the W.I.S.E. – SSE 50 China Tracker® (the “Sub-Fund”) is not the same as an investment in the underlying A Shares of the SSE 50 Index. At present, the Sub-Fund invests, and has direct access to, certain eligible A Shares via the Shanghai-Hong Kong Stock Connect (as defined in “Definition” section on page 10). The Sub-Fund’s returns may deviate from the SSE 50 Index due to factors such as the need for the Manager to adopt a representative sampling strategy, the fees and expenses of the Sub-Fund and currency conversion costs caused by the fact that the price of the constituent stocks of the SSE 50 Index is denominated in RMB whilst the base currency of the Sub-Fund may be in Hong Kong dollars. Investors’ attention is drawn to the “Investment Strategy of the Sub-Fund” section on pages 15 to 16. Investors should also read the “Risk Factors” section on pages 16 to 29 carefully.

It is possible that the Units in the Sub-Fund may trade at a premium or at a discount to the Net Asset Value of the Units. Investors’ attention is drawn to paragraph (p) of the “Risk Factors” section on page 25.

On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued “Caishui [2014] No. 79 - The Circular Concerning the issue of temporary exemption from the imposition of capital gain tax arising from gains from the transfer of equity investment assets such as PRC domestic stocks by QFII and RQFII” (the “PRC CGT Circular”) along with “Caishui [2014] No. 81 - The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shanghai and Hong Kong Stock Markets” (the “PRC Tax Policy for Shanghai-Hong Kong Stock Connect Circular”). Pursuant to the PRC CGT Circular, effective from 17 November 2014, capital gains derived by a QFII or RQFII from dealings in A Shares are exempt from enterprise income tax; such exemption, however, will not apply to capital gains derived by a QFII or RQFII from transactions prior to 17 November 2014. Pursuant to the PRC Tax Policy for Shanghai-Hong Kong Stock Connect Circular, effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock Connect, are exempt from income tax on capital gains derived from the sales of A Shares traded in the Shanghai Stock Exchange.

Accordingly, (i) from 17 November 2014 onwards until further notice, the Sub-Fund would not set aside any provision for Capital Gain Tax derived from the gains from dealings in A Shares by a QFII in relation to the underlying A Shares to which an A Share access product (“AXP”) was linked (in the case where the Sub-Fund previously invested in A Shares through AXPs when it was a synthetic ETF) or by the Sub-Fund in investing in A Shares via the Shanghai-Hong Kong Stock Connect; and (ii) a QFII in relation to the underlying A Shares to which an AXP (previously acquired by the Sub-Fund when it was a synthetic ETF) was linked would be subject to tax on gains from dealings in A Shares derived up to and including 14 November 2014. The QFII would pass on the liability of such taxes to the Sub-Fund. In other words, the Sub-Fund would be the ultimate party which bears the tax liability of the QFII in relation to the underlying A Shares. In respect of the Sub-Fund’s previous investment in the AXPs (when it was a synthetic ETF) up to and including 14 November 2014, the Sub-Fund or the AXP issuer (depending on the tax arrangement between the Sub-Fund and the relevant AXP issuer) has set aside a provision of 10% to meet the Capital Gain Tax

liability derived from the gains from dealings in A Shares by a QFII in relation to which an AXP (previously acquired by the Sub-Fund when it was a synthetic ETF) was linked. The Manager will assess the Capital Gain Tax provision approach on an on-going basis. Should the PRC tax policies in respect of the Capital Gain Tax change, the Manager may decide to set aside provision to meet any potential Capital Gain Tax liability in the future. Also, a QFII in relation to the underlying A Shares to which an AXP (previously acquired by the Sub-Fund when it was a synthetic ETF) was linked, and the Sub-Fund in investing in A Shares directly via the Shanghai-Hong Kong Stock Connect, would be subject to a Distribution Tax of 10% on all cash dividends payment or cash proceeds which were referable to dividends or distributions arising from the A Shares. This Distribution Tax is levied by the PRC tax authority and deducted and withheld by the relevant PRC companies who issued the relevant A Shares from the amount of dividends or distributions paid by such PRC companies. The Sub-Fund is the ultimate party that bears this Distribution Tax. It may be possible for tax treaty residents to apply for exemption of Capital Gain Tax or reduction in Distribution Tax under applicable tax treaties and seek a tax refund. Any future changes in the taxation policies in respect of the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns. Investors' attention is drawn to paragraphs (q) of "Risk Factors" section on pages 25 to 27.

This Prospectus has been prepared in connection with the offer in Hong Kong of Units in the Sub-Fund, a sub-fund under the umbrella fund, World Index Shares ETFs (the "**Fund**"), and managed by **BOCI-Prudential Asset Management Limited** (the "**Manager**").

The Manager accepts full responsibility for the information contained in this Prospectus as being accurate at the date of publication and confirms, having made all reasonable enquiries, that, to the best of its knowledge and belief, as at the date of publication, there are no other facts the omission of which would make any statement in this Prospectus misleading.

Neither the delivery of this Prospectus or the latest available Product Key Facts Statement nor the offer or issue of Units in the Sub-Fund shall under any circumstances constitute a representation that the information contained in this Prospectus is correct as of any time subsequent to such date. This Prospectus and the Product Key Facts Statement may from time to time be updated. Intending applicants for Units of the Sub-Fund should ask the Manager if any supplements to this Prospectus or any later Prospectus or later Product Key Facts Statement have been issued. Investors should note that any amendment or addendum to this Prospectus and/or the Product Key Facts Statement will only be posted on the Manager's website (www.boci-pru.com.hk/english/etf/intro.aspx (for English), or www.boci-pru.com.hk/chinese/etf/intro.aspx (for Chinese)).

Distribution of this Prospectus must be accompanied by a copy of the latest available Product Key Facts Statement, the latest available annual report and accounts of the Fund and any subsequent interim report. Units are offered on the basis only of the information contained in this Prospectus, the latest available Product Key Facts Statement, and (where applicable) the above-mentioned annual reports and accounts and interim reports. Any information given or representations made by any dealer, salesman or other person and (in either case) not contained in this Prospectus or the latest available Product Key Facts Statement should be regarded as unauthorized and accordingly must not be relied upon.

The Fund and the Sub-Fund have been authorized by the SFC in Hong Kong. SFC authorization is not a recommendation or endorsement of the Fund or the Sub-Fund, nor does it guarantee the commercial merits of the Fund or the Sub-Fund or their performance. It does not mean the Fund or the Sub-Fund is suitable for all investors nor is it an endorsement of the Fund or the Sub-Fund's suitability for any particular investor or classes of investor. The SFC takes no responsibility for the financial soundness of the Fund and the Sub-Fund or for the accuracy of any of the statements made or opinions expressed in this Prospectus.

No action has been taken to permit an offering of units or the distribution of this Prospectus (or any Product Key Facts Statement) in any jurisdiction other than Hong Kong where action would be required for such purposes. Accordingly, this Prospectus and the Product Key Facts Statement may not be used for the purpose of an offer or solicitation in any jurisdiction or in any circumstances in which such offer or solicitation is not authorized.

In particular:

- (a) Units in the Sub-Fund have not been registered under the United States Securities Act of 1933 (as amended) and, except in a transaction which does not violate such Act, may not be directly or indirectly offered or sold in the United States of America, or any of its territories or possessions or areas subject to its jurisdiction, or for the benefit of a US Person (as defined in Regulation S under such Act).
- (b) The Sub-Fund has not been and will not be registered under the United States Investment Company Act of 1940 as amended.
- (c) Units in the Sub-Fund may not, except pursuant to a relevant exemption, be acquired or owned by, or acquired with the assets of an ERISA Plan. An "ERISA Plan" is any retirement plan subject to Title 1 of the United States Employee Retirement Income Securities Act of 1974, as amended or any individual retirement account plan subject to section 4975 of the United States Internal Revenue Code of 1986, as amended.

The Manager shall have the power to impose such restrictions as the Manager may think necessary for the purpose of ensuring that no Units in the Sub-Fund are acquired or held by an Unqualified Person (as defined in the "Definitions" section on pages 11 to 12).

US Person restrictions

The Manager has determined that a US Person for FATCA purpose (as defined below) is not permitted to own Units.

What is Foreign Account Tax Compliance Act (FATCA)?

FATCA was enacted by the US in March 2010 aiming to combat tax evasion by US taxpayers. The intention of FATCA is to require Foreign Financial Institutions to report details of US Unitholders holding assets to the US Internal Revenue Services (the "IRS"), as a safeguard against US tax evasion. The regulations are effective in phases commencing 1 July 2014. To discourage "Foreign Financial Institutions" ("FFIs") from choosing to remain outside of the regulations, on or after 1 July 2014, a FFI that does not enter the relevant agreement and comply with the FATCA regulations will be subject to a US tax withholding of 30% on their income from US investments and on their gross proceeds from US investments and also

potentially revenues from other non-US investments (“**FATCA Withholding**”). Through Notice 2015-66, the Department of Treasury and the IRS announced their intention to amend the regulations under chapter 4 (section 1473) to extend the start date of withholding on gross proceeds from 1 January 2017 to 1 January 2019, and to amend the regulations under chapter 4 (section 1471) to extend the start date of withholding of foreign passthru payments to provide that a participating FFI will not be required to withhold on a foreign passthru payment before the later of 1 January 2019 or the date of publication in the Federal Register of final regulations defining the term “foreign passthru payment”.

The Sub-Fund is a Registered Deemed Compliant FFI and therefore falls within the scope of the FATCA regulations. In order to protect Unitholders from the effect of any penalty withholding, it is the intention of the Sub-Fund to be compliant with the FATCA regulations.

Intergovernmental Agreement (“IGA”)

On 13 November 2014, the Hong Kong Government and US signed a Model 2 Intergovernmental Agreement (“**IGA**”) for implementation of the FATCA. The Sub-Fund intends to take any measures that may be required to ensure compliance under the terms of the IGA and local implementing regulations.

Under the terms of the IGA the Sub-Fund will be obliged to comply with the provisions of FATCA and abide by the requirements provided in the FFI agreement.

In order to comply with their FATCA obligations, the Sub-Fund will be required to obtain certain information from their Unitholders so as to ascertain the US tax status of the Unitholders. If the Unitholder is a specified US person, US owned non-US entity, non-participating FFI (“**NPFPI**”) or does not provide the requisite documentation, the Sub-Fund may need to report information on these Unitholders to the appropriate tax authority, as far as legally permitted.

Other intergovernmental agreements similar to the IGA have been entered into or are under discussion by other jurisdictions with the United States. Unitholders holding investments via distributors or custodians that are not in Hong Kong or another IGA country should check with such distributor or custodian as to the distributor’s or custodian’s intention to comply with FATCA.

Additional information may be required by the Sub-Fund, the Custodian or any other service provider from certain Unitholders in order to comply with their necessary obligations under FATCA or under an applicable IGA. The scope and application of FATCA withholding and information reporting pursuant to the terms of FATCA and the IGAs is subject to review by the US, Hong Kong and other IGA governments, and the rules may change. Unitholders should contact their own tax advisers regarding the application of FATCA to their particular circumstances. For further information of FATCA you can visit the US IRS website at www.irs.gov/FATCA.

For this purpose, a “**US Person**” (“**US Person for FATCA purpose**”) is defined as follows:

1. An individual who is a citizen of the US or a resident alien for US federal income tax purposes. In general, the term “resident alien” is defined for this purpose to include any individual who (i) holds an Alien Registration Card (a “green card”) issued by the US

Citizenship and Immigration Service or (ii) meets a “substantial presence” test. The “substantial presence” test is generally met with respect to any calendar year if (a) the individual was present in the US on at least 31 days during such year and (b) the sum of the number of days in which such individual was present in the US during such year, 1/3 of the number of such days during the first preceding year, and 1/6 of the number of such days during the second preceding year, equals or exceeds 183 days; or

2. A corporation, an entity taxable as a corporation or a partnership created or organized in or under the laws of the US or any state or political subdivision thereof or therein, including the District of Columbia (other than a partnership that is not treated as a US person under Treasury Regulations); or
3. An estate the income of which is subject to US federal income tax regardless of the source thereof; or
4. A trust with respect to which a court within the US is able to exercise primary supervision over its administration and one or more US persons have the authority to control all of its substantial decisions, or certain electing trusts that were in existence on 20 August 1996 and were treated as domestic trusts on 19 August 1996; or
5. A Passive Non-Financial Foreign Entity (“**Passive NFFE**”) with “substantial US owner(s)” that are “Specified US Person(s)” (within the meaning of Treasury Regulations under the FATCA as set forth in Sections 1471 through 1474 of the US Internal Revenue Code (“**IRC**”)), where the country in which the relevant entity is formed or resident has not signed an IGA. A Passive NFFE is generally a non-US and non-financial institution entity that is neither a “publicly traded corporation” nor an “active NFFE” (within the meaning of Treasury Regulations under FATCA). A substantial US owner is generally a US Person (as described above under paragraphs 1 through 4) that owns, directly or indirectly, a more-than-10 percent interest in the Passive NFFE; however there are generally a number of exemptions with specified requirements including, but not limited to, the following types of entities: i) a regularly traded corporation on an established securities market or an affiliate; ii) an organization exempt from US tax under IRC Section 501(a); iii) an IRC Section 581 US bank; and iv) an IRC Section 851 regulated investment company; or
6. A “Non-U.S. Entity” with one or more “Controlling Persons” (within the meaning of an applicable IGA) that is a US Person (as described above under paragraph 1).

All parties meeting the above definition of US Person should note the requirements of FATCA. If Unitholders are in any doubt as to their status, they should consult their financial or other professional adviser.

If, subsequent to a Unitholder’s investment, the Unitholder becomes the aforementioned US Person or Unqualified Person, such Unitholder (i) will be restricted from making any additional subscriptions and (ii) as soon as practicable have its Units compulsorily redeemed (subject to the requirements of applicable law).

It should be noted that the Sub-Fund may exercise its right to:

- (a) completely redeem the holding of an affected Unitholder (at any time upon any or no

- notice) ; or
- (b) reject the investors' application; or
- (c) withhold on amounts otherwise distributable to the investor; or
- (d) compel the Unitholders to sell their interest

if the Unitholders fail to provide the Sub-Fund with the necessary information upon request to satisfy relevant requirements under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA obligations.

To comply with FATCA, the Sub-Fund may need to disclose the name, address, taxpayer identification number and investment information relating to certain US investors who are US Persons that own, directly or indirectly, an interest in certain entities, as well as certain other information relating to such interest, to the US Internal Revenue Service (IRS).

The extent to which the Sub-Fund is able to report to the US IRS will depend on each affected Unitholder in the Sub-Fund providing the Sub-Fund or its delegate with any information and consent that the Sub-Fund determines is necessary to satisfy such obligations.

Potential applicants for Units in the Sub-Fund should inform themselves as to (a) the possible tax consequences, (b) the legal requirements and (c) any foreign exchange restrictions or exchange control requirements which they might encounter under the laws of the countries of their incorporation, citizenship, residence or domicile and which might be relevant to the subscription, holding or disposal of Units in the Sub-Fund. Investors should not treat the contents of this Prospectus as advice relating to legal, taxation, investment or any other matters and are recommended to consult their own professional advisers in advance of any acquisition, holding or disposal of Units.

Personal Data or Confidential Information

- (1) Personal Data or Confidential Information (including information necessary to ascertain tax status, information for reporting of tax withholding and details of transaction) provided by a Unitholder will be used, shared, stored, processed, transferred and disclosed (within or outside Hong Kong) so that the Manager, the Trustee and their associated or affiliated companies, connected persons, delegates, contractors, authorised agents or service providers can carry out their obligations in respect of the Fund and/or the Sub-Fund or for other purposes including but not limited to (a) processing the subscription, redemption and switching of Units, completing the information on the Register of Unitholders, carrying out instructions or responding to Unitholder's enquiries, verifying data and providing administrative or other relevant services to the Unitholder (including the mailing of reports, notices or newsletters); (b) in compliance with any applicable law, regulation, statute, ordinance, rule, judgment, decree, code, guidelines, directive, circulars, sanctions regime, court order issued by other regulatory authorities of relevant jurisdiction, exchange or market, whether legal, regulatory, governmental, tax, law enforcement, self-regulatory, industry or others which apply in respect of the Fund and/or the Sub-Fund or the Unitholder's investments or bind or apply to the Manager or the Trustee of the Fund from time to time ("**Relevant Laws**") and meeting any demands, disclosure, notification or reporting requirements to which any recipient of the data is subject under the Relevant Laws, including but not limited to compliance with obligations pursuant to the FATCA, verifying the identity of

a Unitholder or establishing whether a Unitholder is a US Person for the purposes of FATCA (collectively, the “**Regulatory Requirements**”); (c) prevention, detection, sanction or investigation of crime, fraud, money laundering, corruption, tax evasion, terrorist financing and any other violation of laws or unlawful activities and fulfilling related Regulatory Requirements; (d) enforcing or defending the rights of the Manager and the Trustee; (e) fulfilling internal operational or compliance requirements of the Manager and the Trustee or their associated or affiliated companies or connected persons; and (f) maintenance or continuation of overall relationship with the Unitholder.

- (2) Failure to provide information may result in the Manager or the Trustee being unable to open/ maintain an account or provide/ continue to provide services to the Unitholder or taking appropriate action or reporting to the relevant authorities.
- (3) Unitholder has the right to request access to and correction of any personal data or to request the personal data not to be used for direct marketing purposes. Collection and use of personal data will be subject to the terms of the Personal Data (Privacy) Ordinance of Hong Kong.

The diagram below briefly summarizes the investment strategy of the Sub-Fund:

Creation and Redemption of Units

Only a Participating Dealer can apply to create or redeem Units directly with the Sub-Fund. Any investor, other than a Participating Dealer, may only make a request to create or redeem Units through a Participating Dealer, and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with a Participating Dealer. However, investors should note that a Participating Dealer reserves the right to refuse to accept a request from an investor to create or redeem Units under exceptional circumstances and can charge such fees as it may reasonably determine from time to time. Details of the procedures for creation and redemption of Units are set out on pages 35 to 42 of this Prospectus.

Investor should note that the dealing procedures for creation and redemption of Units through a Participating Dealer or a stockbroker may be different from those set out for the Sub-Fund in this Prospectus. For example, the dealing deadline set by a Participating Dealer or the stockbroker may be earlier than that set out for the Sub-Fund in this Prospectus. Investors should therefore check the applicable dealing procedures with the relevant Participating Dealer or the stockbroker (as the case may be).

Trading of Units on the SEHK

Investors may buy or sell the Units of the Sub-Fund through an intermediary such as a stockbroker on the SEHK. Dealings on the SEHK of Units in the Sub-Fund commenced on 15 April 2009. The Units of the Sub-Fund are accepted as eligible securities by the HKSCC for deposit, clearance and settlement in CCASS with effect from the date of commencement of dealing in the Units on the SEHK. Units in the Sub-Fund shall trade on the SEHK in board lots of 100 Units each. Settlement of transactions between participants of the SEHK is required to take place in CCASS on the second business day after the trading day of the relevant transactions. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational

Procedures in effect from time to time. Units are neither listed nor dealt on any other stock exchange and no application for such listing or permission to deal is being sought as at the date of this Prospectus. Application may be made in the future for listing of Units on one or more other stock exchanges.

If trading of the Units of the Sub-Fund, or trading generally, on the SEHK is suspended, then there will be no secondary market dealing for those Units.

INVESTMENT OBJECTIVES AND POLICIES OF THE SUB-FUND

The Sub-Fund is an index-tracking fund which seeks to provide investment performance (before taxes) that tracks the performance of the SSE 50. The SSE 50 is an index consisting of 50 constituent A Shares compiled and managed by the China Securities Index Co., Ltd. A Shares are currently available for investment by domestic investors in the PRC, the QFIIs, the RQFIIs and Hong Kong and overseas investors via the Shanghai-Hong Kong Stock Connect. A brief description of the A Share market in the PRC (including the Shanghai Stock Exchange) is set out in Appendix I. The China Securities Index Co., Ltd. has granted to the Manager, by way of license and subject to the terms of an index license agreement between them, the right to use the SSE 50 in connection with the operation, marketing and promotion of the Sub-Fund. Details in respect of the SSE 50 are set out in Appendix II.

Currently, the Manager intends to achieve the investment objective of the Sub-Fund by investing in A Shares directly via the Shanghai-Hong Kong Stock Connect.

The Sub-Fund will not invest in any structured products and financial derivative instruments and will not enter into any repurchase agreements, stock lending transactions or other similar over-the-counter transactions.

There is no assurance that the Sub-Fund will achieve its investment objective.

The risk profile of the Sub-Fund is generally regarded as high.

INVESTMENT STRATEGY OF THE SUB-FUND

Indexing investment strategies are used by an index-tracking fund to fulfil the index-tracking investment objective. Replication strategy and representative sampling strategy are the two most common strategies.

Replication Strategy

An index-tracking fund which uses a replication strategy invests in substantially all the constituent stocks of the underlying index in substantially the same weightings (i.e. proportions) as these stocks have in the underlying index. When a stock ceases to be a constituent stock of the underlying index, rebalancing occurs which involves selling the outgoing stock and using the proceeds to acquire the incoming stock.

Representative Sampling Strategy

An index-tracking fund which uses a representative sampling strategy invests in a representative sample of constituent stocks of the underlying index selected by the manager using quantitative analytical models in a technique known as “portfolio optimisation”, under which each stock is considered for inclusion in the index-tracking fund based on its capitalisation, industry and fundamental investment characteristics. The Manager seeks to construct the portfolio of the index-tracking fund so that, its overall capitalisation, industry and fundamental investment characteristics are like those of the underlying index.

Investment Strategy Used by the Sub-Fund

The Manager intends to pursue a representative sampling strategy for the Sub-Fund through directly investing in A Shares via the Shanghai-Hong Kong Stock Connect. The Manager may overweight the A Shares directly held relative to the relevant A Shares’ respective weightings in the SSE 50 on the condition that the maximum extra weighting in any underlying A Shares will not exceed four per cent (4%) under normal circumstances or such other percentage as determined by the Manager after consultation with the SFC. Any non-compliance with the said limits will be disclosed in the annual report and interim report of the Sub-Fund. In addition, the Sub-Fund may hold non-constituent stocks from time to time. Investors should note that the representative sampling strategy is associated with certain additional risks, in particular a possible increased tracking error at the time of the switch as well as possible increased tracking error in general, and investors should read the “Risk Factors” section below carefully.

RISK FACTORS

Investments involve risks. The Sub-Fund is subject to market fluctuations and to the risks inherent in all investments. The price of Units of the Sub-Fund and the income from them may go down as well as up. Investment in the Sub-Fund is not the same as investment in the constituent stocks of the SSE 50.

The performance of the Sub-Fund will be affected by a number of risk factors, including those set out below. Some or all of the risk factors may adversely affect the Sub-Fund’s Net Asset Value, yield, total return and/or its ability to achieve its investment objective. There is no assurance that the Sub-Fund will achieve its investment objective. Investors should note that the following list does not purport to be an exhaustive list of the risk factors relating to an investment in the Sub-Fund. Investors should carefully consider the risks of investing in the Sub-Fund in light of their financial circumstances, knowledge, experience and other circumstances, and should seek independent professional advice as appropriate.

- (a) Counterparty and settlement risk – Counterparty risk is the risk that the party trading with the Sub-Fund will be unable to meet its obligations to make payments or to settle a trade due to a deterioration of the counterparty's financial situation or some other failure by the counterparty. The Sub-Fund bears the risk of settlement failures. Any such failure may have a material adverse effect on the Sub-Fund and/or the value of Units of the Sub-Fund.
- (b) Single country / PRC emerging market risk – In tracking the SSE 50, the Sub-Fund will invest in A Shares directly via the Shanghai-Hong Kong Stock Connect. However, investors should be aware that the PRC is still a developing country and the legal and regulatory framework of the PRC is still undergoing development and there is a degree of legal uncertainty both for local and overseas market participants. Investment in an emerging market, such as the PRC involves special risks and considerations. The Sub-Fund may be subject to risks in relation to economic, political, social and regulatory development in the PRC.

These risks include the possibility of more volatile financial markets, price volatility, smaller capital markets, less developed economic, political and social conditions and policies, less developed clearance and settlement systems and procedures, greater risks in relation to foreign exchange and liquidity, nationalization, expropriation, government control and intervention and different accounting standards, etc. All of these may have an adverse impact on performance on the Sub-Fund. The Sub-Fund invests in a single country market (i.e. PRC market) and is likely to be more volatile than a more widely invested fund.

The value of the Sub-Fund's assets may be affected by uncertainties or changes in government policies, promulgation of foreign currency and monetary policies and tax regulations. Many economic reforms of the PRC are unprecedented or experimental and are subject to modification and adjustment. Such modification and adjustment may have associated impact on the economy or financial markets of the PRC and may not always have a positive effect on investment in the A Shares of PRC companies. Furthermore, the PRC government may from time to time adopt corrective measures to control the growth of the PRC economy which may have an adverse impact on the performance or value of the Sub-Fund.

- (c) Market risk – Market risk includes such factors as changes in economic environment, consumption pattern and investors' expectations, etc. which may have significant impact on the value of the investments. Usually, emerging markets tend to be more volatile than developed markets and may experience substantial price volatility. Any options, warrants and derivatives in the Sub-Fund may also expose the Sub-Fund significantly to the fluctuations in the market. Market movements may therefore result in substantial fluctuations in the Net Asset Value per unit of the Sub-Fund.

- (d) Accounting standards and disclosure – The accounting, auditing and financial reporting standards in the PRC may be different from international requirements, and investors should take this in account when making investment decisions.
- (e) Foreign exchange risk and currency conversion risk –
 - (i) The Sub-Fund may be subject to exchange rate fluctuations between Hong Kong dollars and RMB given that the Sub-Fund is denominated in its base currency (such as Hong Kong dollars), but the A Shares acquired via the Shanghai-Hong Kong Stock Connect are denominated in RMB.
 - (ii) The Sub-Fund is denominated in Hong Kong dollar. All Creation and Redemption Applications of the Sub-Fund's Units in the primary market and the secondary trading of the Sub-Fund's Units are in Hong Kong dollar. Currency conversion costs will be incurred by the Sub-Fund as the SSE 50 is denominated in RMB while the Sub-Fund is denominated in its base currency (such as Hong Kong dollars).
 - (iii) Further, RMB is subject to policies of exchange controls and repatriation restrictions. There is no guarantee that the RMB will not depreciate. There is no assurance that RMB will not be subject to devaluation or revaluation or that shortages in the availability of the currency will not develop.
- (f) Concentration risk –
 - (i) Sector concentration risk: To the extent that the SSE 50 concentrates in A Shares of a particular industry or group of industries, the Manager may similarly concentrate the Sub-Fund's investments in a particular industry or group of industries. The performance of the Sub-Fund could then depend heavily on the performance of that industry or group of industries. In addition, the Manager may invest a significant percentage or all of the assets of the Sub-Fund in a single issuer, and the performance of the Sub-Fund could be closely tied to that issuer and could be more volatile than the performance of other more diversified funds.
 - (ii) Market concentration risk: The Sub-Fund invests primarily in securities related to the China market and may be subject to additional concentration risk.
- (g) Passive management risk – The Sub-Fund is not actively managed. The Manager may not take an active role in defending the position of the Sub-Fund in declining markets. Hence, any fall in the SSE 50 will result in a corresponding fall in the value of the Sub-Fund.

- (h) Tracking error risk – The Sub-Fund’s returns may deviate from the SSE 50 due to a number of factors. For example, the fees and expenses of the Sub-Fund, the concentration limits described in the investment restrictions, other legal or regulatory restrictions, the need for the Manager to adopt a representative sampling strategy and foreign exchange costs caused by the fact that the SSE 50 is denominated in RMB whilst the base currency of the Sub-Fund may be in Hong Kong dollars (or other currency being its base currency), rounding of share prices, changes to the SSE 50 and regulatory policies may affect the Manager’s ability to achieve close correlation with the SSE 50 and, in certain instances, certain securities being illiquid, it may not be possible or practicable to purchase certain of them at all. Further, the Sub-Fund may receive income (such as interests and dividends) from its assets while the SSE 50 does not have such sources of income.
- (i) Management risk – Since the Sub-Fund will not fully replicate the SSE 50, there is a risk that as the implementation of the Manager’s investment strategy is subject to a number of constraints, the investment strategy may not produce the intended results.
- (j) Risks relating to the SSE 50 – The Sub-Fund may be subject to the following risks in relation to the SSE 50 :
- (i) If the SSE 50 is discontinued or the Manager’s license in relation to the SSE 50 under the relevant license agreement is terminated, the Manager may, in consultation with the Trustee, seek the SFC’s prior approval to replace the SSE 50 with an index that is tradable and has similar objectives to the SSE 50 and notice will be given to Unitholders as soon as possible. For the avoidance of doubt, index-tracking will remain the Sub-Fund’s investment objective. The Manager’s license in relation to the SSE 50 Index may be terminated if the Index Provider ceases to calculate and publish the SSE 50 and the Index Provider should give written notice to the Manager (i) not less than ninety (90) days before such cessation or the notice period stipulated by the rules of dealing in funds of the relevant stock exchange (if any), whichever is longer, or (ii) such shorter notice period as agreed between the Manager and the Index Provider. Unless otherwise agreed between the Manager and the Index Provider, the Index Provider may terminate the Manager’s license by written notice under the following circumstances :
- if the Manager ceases to develop and manage fund products which track the SSE 50 and the Manager should give written notice to the Index Provider of not less than ninety (90) days before such cessation or such shorter notice period as agreed between the Manager and the Index Provider;

- if the Manager breaches the license agreement for the SSE 50 and fails to rectify the breach within thirty (30) days after the Index Provider has notified the Manager in writing of the breach;
- if the CSRC or the Shanghai Stock Exchange requests the Manager to cease developing and managing the fund product which tracks the SSE 50 or requests the termination of the license;
- if there is any significant litigation or administrative supervisory investigation in respect of the fund product which tracks the SSE 50;
- if the Manager commits a serious breach of the applicable national laws or violates the rules of the stock exchanges; or
- other circumstances specified by laws.

Either the Manager or the Index Provider may terminate the licence agreement by written notice under the following circumstances :

- if the licence agreement cannot be performed due to force majeure events;
- if the Index Provider loses the relevant rights in the SSE 50; or
- if the Manager ceases business operations, is revoked or liquidated, or declares bankruptcy.

- (ii) There may be changes in the constituent securities of the SSE 50 from time to time. For example, the shares of a constituent company may be delisted or a new eligible company may be added to the SSE 50. In such circumstances, in order to achieve the investment objective of the Sub-Fund, the Manager may rebalance the weighting of the constituent stocks in the SSE 50. The price of the Units may rise or fall as a result of these changes.
- (iii) The process and the basis of computing and compiling the SSE 50 and any of its related formulae, constituent companies and factors may also be changed or altered by the Index Provider at any time without notice. There is also no warranty, representation or guarantee given to the investors as to the accuracy or completeness of the SSE 50, its computation or any information related thereto.
- (k) Risk relating to listing – If the Units of the Sub-Fund are delisted from the SEHK, the Manager may, in consultation with the Trustee, seek the SFC’s prior approval to operate the Sub-Fund as an unlisted index fund (subject to any necessary amendments to the rules of the Sub-Fund) or terminate the Sub-Fund and will notify investors accordingly.
- (l) Risks associated with the Shanghai-Hong Kong Stock Connect – The Sub-Fund may invest through the Shanghai-Hong Kong Stock Connect. In addition to the risks associated with the China market and risks relating to RMB, it is also subject to the following additional risks:

- (i) Quota limitations: The Shanghai-Hong Kong Stock Connect is subject to quota limitations. In particular, once the remaining balance of the Northbound Daily Quota (as mentioned in the section “Shanghai-Hong Kong Stock Connect” in Appendix I) drops to zero or the Northbound Daily Quota is exceeded during the opening call auction session (information relating to Trading Hours is described in the section “Shanghai-Hong Kong Stock Connect” in Appendix I), new buy orders will be rejected (though investors will be allowed to sell their cross-boundary securities regardless of the quota balance). Therefore, quota limitations may restrict the Sub-Fund’s ability to invest in A Shares through the Shanghai-Hong Kong Stock Connect on a timely basis, and the Sub-Fund may not be able to effectively pursue its investment strategies.
- (ii) Suspension risk: It is contemplated that both SEHK and Shanghai Stock Exchange would reserve the right to suspend Northbound and/or Southbound trading (information relating to Northbound and Southbound trading is described in the section “Shanghai-Hong Kong Stock Connect” in Appendix I) if necessary for ensuring an orderly and fair market and that risks are managed prudently. Consent from the relevant regulator would be sought before a suspension is triggered. Where a suspension in the Northbound trading through the Shanghai-Hong Kong Stock Connect is effected, the Sub-Fund’s ability to access the PRC market will be adversely affected.
- (iii) Differences in trading day: The Shanghai-Hong Kong Stock Connect will only operate on days when both the PRC and Hong Kong markets are open for trading and when banks in both markets are open on the corresponding settlement days. So it is possible that there are occasions when it is a normal trading day for the PRC market but Hong Kong investors (such as the Sub-Fund) cannot carry out any A Shares trading. The Sub-Fund may be subject to a risk of price fluctuations in A Shares during the time when Shanghai-Hong Kong Stock Connect is not trading as a result.
- (iv) Operation risk:
- The Shanghai-Hong Kong Stock Connect provides a new channel for investors from Hong Kong and overseas to access the China stock market directly.
 - The Shanghai-Hong Kong Stock Connect is premised on the functioning of the operational systems of the relevant market participants. Market participants are able to participate in the Shanghai-Hong Kong Stock Connect subject to meeting certain information technology capability, risk management and other requirements as may be specified by the relevant exchange and/or clearing house. Besides,

securities regimes and legal systems of the two markets differ significantly and in order for the program to operate smoothly, market participants may need to address issues arising from the differences on an on-going basis.

- The “connectivity” in the Shanghai-Hong Kong Stock Connect requires routing of orders across the border. This requires the development of new information technology systems on the part of the SEHK and exchange participants (i.e. a new order routing system) to be set up by SEHK to which exchange participants need to connect. There is no assurance that the systems of the SEHK and market participants will function properly or will continue to be adapted to changes and developments in both markets. In the event that the relevant systems failed to function properly, trading in both markets through the Shanghai-Hong Kong Stock Connect could be disrupted. The Sub-Fund’s ability to access the A Share market (and hence to pursue its investment strategy) will be adversely affected.

(v) Restrictions on selling imposed by front-end monitoring:

- PRC regulations require that before an investor sells any share, there should be sufficient shares in the account; otherwise Shanghai Stock Exchange will reject the sell order concerned. SEHK will carry out pre-trade checking on A Shares sell orders of its participants (i.e. the stock brokers) to ensure there is no over-selling.
- If the Sub-Fund desires to sell certain A Shares it holds, it must transfer those A Shares to the respective accounts of its brokers before the market opens on the day of selling. If it fails to meet this deadline, it will not be able to sell those shares on such day. Because of this requirement, the Sub-Fund may not be able to dispose of holdings of A Shares in a timely manner.

(vi) Recalling of eligible stocks: If a stock is recalled from the scope of eligible stocks for trading via the Shanghai-Hong Kong Stock Connect, the stock can only be sold and cannot be bought. This may affect the Sub-Fund’s tracking of the SSE 50 if, for example, a constituent of the SSE 50 is recalled from the scope of eligible stocks. Investors should therefore pay close attention to the list of eligible stocks as provided and renewed from time to time by both the SSE and SEHK.

(vii) Clearing and settlement risk:

- The HKSCC and CSDCC will establish the clearing links and each will become a participant of each other to facilitate clearing and settlement of cross-boundary trades. For cross-boundary trades initiated in a market, the clearing house of that market will

on one hand clear and settle with its own clearing participants, and on the other hand undertake to fulfil the clearing and settlement obligations of its clearing participants with the counterparty clearing house.

- Should the remote event of CSDCC default occur and CSDCC be declared as a defaulter, HKSCC's liabilities in Northbound trades under its market contracts with clearing participants will be limited to assisting clearing participants in pursuing their claims against CSDCC. HKSCC will in good faith, seek recovery of the outstanding stocks and monies from CSDCC through available legal channels or through CSDCC's liquidation. In that event, the Sub-Fund may suffer delay in the recovery process or may not be able to fully recover its losses from CSDCC.
- (viii) Counterparty risk relating to brokers: Investment through Shanghai-Hong Kong Stock Connect is conducted through broker(s), and is subject to the risks of default by such brokers' in their obligations. The Shanghai-Hong Kong Stock Connect follows the A Share settlement cycle where the A Shares are settled on the same trade day and cash on a T+1 basis. Although the Sub-Fund may have settlement arrangements in place with brokers different from the A Share settlement cycle, the deliveries of SSE Securities and payments therefor may not be simultaneous.
- (ix) Participation in corporate actions and shareholders' meetings:
- HKSCC will keep CCASS participants informed of corporate actions of SSE Securities. Hong Kong and overseas investors (including the Sub-Fund) will need to comply with the arrangement and deadline specified by their respective brokers or custodians (i.e. CCASS participants). The time for them to take actions for some types of corporate actions of SSE Securities may be as short as one Business Day only. Therefore, the Sub-Fund may not be able to participate in some corporate actions in a timely manner.
 - Hong Kong and overseas investors (including the Sub-Fund) are holding SSE Securities traded via the Shanghai-Hong Kong Stock Connect through their brokers or custodians. According to existing mainland practice, multiple proxies are not available. Therefore, the Sub-Fund may not be able to appoint proxies to attend or participate in shareholders' meetings in respect of the SSE Securities.

- (x) No Protection by Investor Compensation Fund:
- As disclosed under the section “Shanghai-Hong Kong Stock Connect” in Appendix I, the Sub-Fund’s investments through Northbound trading under the Shanghai-Hong Kong Stock Connect is currently not covered by the Hong Kong’s Investor Compensation Fund. Therefore the Sub-Fund is exposed to the risks of default of the broker(s) it engages in its trading in A Shares through the Shanghai-Hong Kong Stock Connect.
- (xi) Regulatory risk:
- The Shanghai-Hong Kong Stock Connect is novel in nature, and will be subject to regulations promulgated by regulatory authorities and implementation rules made by the stock exchanges in the PRC and Hong Kong. Further, new regulations may be promulgated from time to time by the regulators in connection with operations and cross-border legal enforcement in connection with cross-border trades under Shanghai-Hong Kong Stock Connect.
 - It should be noted that the regulations are untested and there is no certainty as to how they will be applied. Moreover, the current regulations are subject to change. There can be no assurance that the Shanghai-Hong Kong Stock Connect will not be abolished. The Sub-Fund, which may invest in the PRC markets through the Shanghai-Hong Kong Stock Connect, may be adversely affected as a result of such changes.
- (m) Restrictions on creation and redemption of Units – Investors should note that the Sub-Fund is not like a typical retail investment fund offered to the public in Hong Kong (for which units can generally be purchased and redeemed directly from the manager). Units of the Sub-Fund may only be created and redeemed in Application Unit sizes directly by Participating Dealer(s) from the Manager and may not be created or redeemed directly by other investors from the Manager. Such other investors may only make a request (and if such investor is a retail investor, through a stockbroker which has opened an account with a Participating Dealer) to create or redeem Units in Application Unit sizes through a Participating Dealer which reserves the right to refuse to accept a request from an investor to create or redeem Units under exceptional circumstances. Alternatively, investors may realize the value of their Units by selling their Units through an intermediary such as a stockbroker on the SEHK, and there is a risk that dealings on the SEHK may be suspended.
- (n) Risk of withdrawal of authorization – The Sub-Fund has been authorized as a collective investment scheme under the UTMF Code by the SFC pursuant to section 104 of the Securities and Futures Ordinance. SFC authorization is not a recommendation or endorsement of the Sub-Fund nor does it guarantee the commercial merits of the Sub-Fund or its performance. It does not mean the

Sub-Fund is suitable for all investors nor is it an endorsement of its suitability for any particular investor or class of investors. The SFC reserves the right to withdraw the authorization of the Sub-Fund, for example, if the SFC considers the SSE 50 no longer acceptable.

- (o) Risk related to equity securities like A Shares –
 - (i) The Sub-Fund invests directly in A Shares via the Shanghai-Hong Kong Stock Connect. The risks associated with investments in equity securities are high, because the investment performance of equity securities depends upon factors which are difficult to predict. Such factors include the possibility of sudden or prolonged market declines and risks associated with individual companies. The fundamental risk associated with any equity portfolio is the risk that the value of the investments it holds might decrease in value.
 - (ii) The stock exchanges in the PRC on which A Shares are traded are relatively at a developing stage and the choice of investments in the A Shares is limited as compared with other developed securities markets. The prices of the A Shares held by the Sub-Fund and the Net Asset Value of the Sub-Fund may be adversely affected if markets for the A Shares are illiquid. Further, market volatility in the A Share markets may result in significant fluctuations in the prices of the A Shares held by the Sub-Fund and hence in the value of the Sub-Fund.
- (p) Risk related to divergence between the market price of the Units and the Net Asset Value of the Sub-Fund – Investors should note that unlike a typical retail investment fund offered to the public in Hong Kong (the market price of the units of which is determined by the net asset value of the investment fund), the market price of the Units traded on the SEHK is determined not only by the Net Asset Value of the Sub-Fund but also by other factors such as the supply of and demand for the Units in the SEHK. Therefore, there is a risk that the market price of the Units traded on the SEHK may diverge significantly from the Net Asset Value of the Sub-Fund.
- (q) PRC tax risk – According to the relevant PRC Enterprise Income Tax Law, a non-resident enterprise shall be liable for withholding tax on its income sourced from the PRC. Starting from 1 January 2008, a tax of 10% on dividends and interest income sourced from the PRC should be withheld at source. However, no withholding tax has so far been levied on capital gains realized from dealing in A Shares. On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued the PRC CGT Circular (as referred to in Appendix IV) along with the PRC Tax Policy for Shanghai-Hong Kong Stock Connect Circular (as referred to in Appendix IV). Pursuant to the PRC CGT Circular, effective from 17 November 2014, capital gains derived by a QFII or RQFII from dealings in A Shares are exempt from enterprise income tax; such exemption, however, will not apply to capital gains derived by a QFII or RQFII from transactions prior to 17 November 2014. Besides, pursuant to the PRC Tax Policy for Shanghai-Hong Kong Stock

Connect Circular, effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock Connect are exempt from income tax on capital gains derived from the sales of A Shares traded in the Shanghai Stock Exchange.

Accordingly, (i) from 17 November 2014 onwards until further notice, the Sub-Fund would not set aside any provision for Capital Gain Tax derived from the gains from dealings in A Shares by a QFII in relation to which the underlying A Shares to which an AXP was linked (in the case where the Sub-Fund previously invested in A Shares through AXPs when it was a synthetic ETF) or by the Sub-Fund in investing in A Shares via the Shanghai-Hong Kong Stock Connect; and (ii) a QFII in relation to the underlying A Shares to which an AXP (previously acquired by the Sub-Fund when it was a synthetic ETF) was linked would be subject to tax on gains from dealings in A Shares derived up to and including 14 November 2014. A QFII would pass on this potential tax liability to the Sub-Fund in the form of a Capital Gain Tax (as defined in Appendix IV). The Manager will assess the Capital Gain Tax provision approach on an on-going basis. Should the PRC tax policies in respect of the Capital Gain Tax change, the Manager may decide to set aside provision to meet any potential Capital Gain Tax liability in the future.

In respect of the Sub-Fund's previous investment in the AXPs (when it was a synthetic ETF) up to and including 14 November 2014, the Sub-Fund or the AXP issuer (depending on the tax arrangement between the Sub-Fund and the relevant AXP issuer) has set aside a provision of 10% to meet the Capital Gain Tax liability derived from the gains from dealings in A Shares by a QFII in relation to which an AXP (previously acquired by the Sub-Fund when it was a synthetic ETF) was linked. However, the actual applicable tax rates imposed by the PRC tax authority may be different and may change from time to time. If the capital gain tax is levied, any tax liability for capital gains will be first satisfied by the Capital Gain Tax provision. If the actual applicable tax rate levied by the PRC tax authority is more than the Capital Gain Tax, the Sub-Fund will have to bear the additional tax liabilities.

Further, to date, a 10% PRC withholding tax has been levied on dividend and interest payments from PRC listed companies to foreign investors. As such, the Sub-Fund is subject to a Distribution Tax (as defined in Appendix IV) of 10%. There is no assurance that the rate of the Distribution Tax will not be changed by the PRC tax authority in the future.

Impact and Adjustments

As the Sub-Fund is the ultimate party which bears the risks relating to the Capital Gain Tax liability of a QFII in relation to the underlying A Shares of the SSE 50 (unless otherwise stated in this section), any future changes in the taxation policies in respect of a QFII's or the Sub-Fund's investment in A Shares in the PRC will impact on the Sub-Fund's returns. As the Issue Price and the Redemption Price of the Sub-Fund is based on the Net Asset Value of

the Sub-Fund, and the Net Asset Value of the Sub-Fund is calculated net of the Capital Gain Tax provision and the Distribution Tax (where applicable), investors should note that the Issue Price or Redemption Price (as the case may be) paid by investors for creation or redemption (as the case may be) of Units would have already taken into account the Capital Gain Tax and the Distribution Tax. Any retrospective enforcement of PRC Capital Gain Tax exceeding the Capital Gain Tax provision may result in a substantial or significant decline in the Net Asset Value of the Sub-Fund. Consequently, a Unitholder may in effect suffer substantial or significant losses arising out of taxes in respect of capital gains sustained by the QFIIs up to and including 14 November 2014 (and therefore the Sub-Fund) .

(r) Risks relating to obligations of the Sub-Fund under FATCA Regulations

The Sub-Fund will endeavour to satisfy any obligations imposed under the FATCA regulations so as to avoid the imposition of FATCA withholding, however, no assurance can be given that the Sub-Fund will be able to satisfy those obligations. If the Sub-Fund becomes subject to FATCA withholding, the value of the Units held by the Unitholders may suffer material losses.

If the Unitholder or an intermediary through which it holds interest in the Sub-Fund fails to provide the Sub-Fund, its agents or authorised representatives with complete and accurate information that may be required by the Sub-Fund to comply with FATCA, the Unitholder may be subject to withholding on amounts otherwise distributable to the Unitholder, may be compelled to sell his interest in the Sub-Fund, or in certain situations, the Unitholders' interest in the Sub-Fund may be sold involuntarily (provided that the Sub-Fund observes relevant legal requirements and acts in good faith).

In cases where Unitholders invest in the Sub-Fund through an intermediary, Unitholders are reminded to check whether such intermediary is FATCA compliant. If Unitholders are in any doubt, they should consult their tax advisor, stockbroker, bank manager, solicitor, accountant and other financial adviser regarding the possible implications of FATCA on the Unitholders and the Sub-Fund.

Unitholders, and intermediaries acting for Unitholders, should therefore take note that if they meet the definition of US Person for FATCA purpose then they will need to declare this to the Sub-Fund and submit any mandatory documentation.

(s) Withholding Tax Risk

Investors should note that (i) the proceeds from the sale of securities in some markets or the receipt of any dividends or other income may be or may become subject to tax, levies, duties or other fees or charges imposed by the authorities in that market including taxation levied by withholding at source and/or (ii) the Sub-Fund's investments may be subject to specific taxes or charges imposed by authorities in some markets. The FATCA rules generally impose a 30%

withholding tax on (a) certain US source payments (including interest and dividends) and gross proceeds from the sale or other disposition of property that can produce US source interest or dividends (such as bonds or shares issued by a US issuer) (“withholdable payments”), and (b) “foreign passthru payments” (generally, payments that are attributable to withholdable payments) made by certain non-US entities (collectively referred to as “passthru payments”). Under the FATCA rules, if the Sub-Fund does not or cannot report to the IRS information regarding a US Person that indirectly holds interests in the Sub-Fund, and to comply with certain other reporting, verification, due diligence and other requirements, the Sub-Fund generally would be subject to 30% withholding tax on passthru payments received by the Sub-Fund, which would reduce the Sub-Fund’s value. Although the Sub-Fund will attempt to satisfy any obligations imposed on it to avoid the imposition of the FATCA withholding tax, no assurance can be given that the Sub-Fund will be able to satisfy those obligations. If the Sub-Fund becomes subject to a withholding tax as a result of the FATCA regime, the value of the Units held by Unitholders may suffer material losses.

Even if the Sub-Fund is able to comply with the requirements under the FATCA rules, Unitholders that fail to comply with information requests (including information requests from certain non-US entities through which payments from the Sub-Fund may be made) or otherwise comply with the requirements of the FATCA rules may be subject to a 30% withholding tax on passthru payments made by the Sub-Fund. Additionally, the Sub-Fund may be required to withhold tax on passthru payments made by the Sub-Fund to certain non-US entities (for example, a Unitholder’s Hong Kong investment dealer) that are not in compliance with the FATCA rules, including certain non-US financial institutions through which distributions on the Units may be made.

The imposition of the 30% withholding tax under the FATCA rules could result in materially reduced investment returns for the Unitholders, including in circumstances where the withholding tax is imposed on passthru payments received by the Sub-Fund from the portfolio. The administrative costs arising from compliance with the FATCA rules may also cause an increase in the operating expenses of the Sub-Fund, thereby further reducing returns to Unitholders.

Unitholders should consult their independent tax advisor regarding the potential effect of the FATCA rules to an investment in the Sub-Fund.

- (t) Risk of absence of active market – There can be no assurance that an active trading market in respect of the Units in the Sub-Fund will be developed or maintained. There is no certain basis for predicting the actual price levels at which, or the sizes in which, the Units in the Sub-Fund may trade. There can be no assurance that the Units in the Sub-Fund will experience trading or pricing patterns similar to those of other exchange traded funds which are issued by investment companies in other jurisdictions or are traded on the SEHK.

- (u) Potential conflicts of interest – The Manager and the Trustee and Custodian or their Connected Persons may, from time to time, act as manager, investment adviser, trustee or as custodian or in such other capacity in connection with or be otherwise involved in or with any other collective investment schemes separate and distinct from the Fund and the Sub-Fund. It is possible that any of the Manager and the Trustee and Custodian or their Connected Persons may, in the course of business, have potential conflicts of interest with the Sub-Fund. Each of the Manager and the Trustee and Custodian or their Connected Persons will, at all times, have regard in such event to its obligations to the Sub Fund and the investors and will endeavour to ensure that such conflicts are resolved fairly. Please refer to the section on “Potential Conflict of Interest, Transactions with Connected Persons and Soft Commissions” on pages 47 to 49 for details.
- (v) Legal and Regulatory risk – The Sub-Fund must comply with its authorization conditions and all regulatory requirements applicable to the Sub-Fund. Changes in the authorization conditions of the Sub-Fund and/or laws, regulatory requirements and/or imposition of new regulatory actions or restrictions may require changes in the operation or administrative rules of the Sub-Fund, constitutive or offering documents of the Sub-Fund. Such changes may have an impact on the operation costs of the Sub-Fund and may have an impact on the market sentiment which may in turn affect the market performance of the Sub-Fund. It is impossible to predict whether such an impact caused by regulatory changes will be positive or negative for the Sub-Fund. In the worst case scenario, an investor may suffer serious loss of its investments in the Sub-Fund.

INVESTMENT AND BORROWING RESTRICTIONS

Investment Restrictions

The Trust Deed imposes a number of restrictions and prohibitions on investment of the Sub-Fund. So long as the Sub-Fund is authorized by the SFC pursuant to the UTMF Code, the assets of the Sub-Fund may be invested only in the investments permitted under and in accordance with Chapters 7 and 8 of the UTMF Code issued by the SFC (as applicable).

A summary of the investment restrictions of the Sub-Fund is as follows :

- (1) No investment shall be purchased, made or added to if as a result thereof:
- (a) the value of the Sub-Fund's latest holding of A Shares acquired via the Shanghai-Hong Kong Stock Connect would exceed ten per cent (10%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made unless:
 - it is limited to a particular A Share that accounts for more than ten per cent (10%) of the weighting of the SSE 50 and unless otherwise approved by the SFC, the Sub-Fund's latest holding of the A Shares acquired via the Shanghai-Hong Kong Stock Connect may not exceed that A Shares' weighting in the SSE 50, except where the weightings are exceeded as a result of changes in the composition of the index and the excess is only transitional and temporary in nature; or
 - where the Sub-Fund adopts a representative sampling strategy which does not involve the full replication of the constituent securities of the SSE 50 in the exact weightings of the SSE 50, the Sub-Fund may overweight the underlying holdings of a particular A Share's weighting in the SSE 50 provided that any such excess of weightings is subject to a maximum limit of 4% or such other percentage as determined by the Manager after consultation with the SFC having regard to the characteristics of the underlying A Share, its weighting, the investment objectives of the SSE 50 and any other suitable factors; or
 - otherwise approved by the SFC.
 - (b) the nominal amount of the Sub-Fund's holding of ordinary shares in the capital of any single issuer, when aggregated with the holdings of such ordinary shares held by all other sub-funds of the Fund, would exceed 10 per cent (10%) of the total nominal amount of all the ordinary shares in the capital of that issuer in issue;

- (c) the value of the Sub-Fund's holding of units in Collective Investment Schemes would in aggregate exceed 10 per cent (10%) of the latest available Net Asset Value of the Sub-Fund as at the time investment is made PROVIDED THAT no investment may be made in any Collective Investment Scheme managed by the Manager or by a Connected Person of the Manager if such investment would result in an increase in the overall total of Manager's fees and other costs and charges borne by the Unitholders or by the Sub-Fund; and
 - (d) the value of the Sub-Fund's latest holding of securities neither listed nor quoted on a securities market would exceed fifteen per cent (15%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made.
- (2) Subject to 1(a) above, the value of the Sub-Fund's holding in Government and other public securities (as defined under Chapter 7 of the UTMF Code) of the same issue may exceed thirty per cent (30%) of the latest available Net Asset Value of the Sub-Fund at the time the investment is made. Further, subject to 1(a) above, the Manager may invest all of the assets of the Sub-Fund in Government and other public securities (as defined under Chapter 7 of the UTMF Code) in any number of different issues.
- (3) The Manager shall not on behalf of the Sub-Fund:
 - (a) invest in a Security of any class in any company or body if any director or officer of the Manager individually owns more than 0.5 per cent (0.5%) of the total nominal amount of all the issued securities of that class, or collectively the directors and officers of the Manager own more than five per cent (5%) of those securities;
 - (b) invest in any type of real estate (including buildings) or interests in real estate (including options or rights but excluding shares in real estate companies and interests in real estate investment trusts that are listed on a stock exchange);
 - (c) make short sales if it results in the Sub-Fund's liability to deliver Securities exceeding ten (10) per cent of the latest available Net Asset Value of the Sub-Fund or if the Security which is to be sold short is not actively traded on a market where short selling activity is permitted;
 - (d) write uncovered options;
 - (e) write a call option on investments if the aggregate exercise price of such call option and of all other unexpired call options written for the account of the Sub-Fund would exceed twenty five per cent (25%) of the latest available Net Asset Value of the Sub-Fund in terms of exercise price as at the time the investment is made;

- (f) without the prior written consent of the Trustee, lend, assume, guarantee, endorse or otherwise become directly or contingently liable for or in connection with any obligation or indebtedness of any person;
 - (g) enter into any obligation or acquire any asset which involves the assumption of any liability by the Trustee (in the capacity of the trustee of the Sub-Fund) which is unlimited;
 - (h) invest in options and warrants for purposes other than hedging if the aggregate amount of premium paid exceeds fifteen per cent (15%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made;
 - (i) enter into futures contract on an unhedged basis if the net total aggregate value of contract prices, whether payable to or by the Sub-Fund under all outstanding futures contracts, together with the aggregate value of holdings of physical commodities and commodity based investments exceed twenty per cent (20%) of the latest available Net Asset Value of the Sub-Fund as at the time the investment is made; or
 - (j) invest in any stock the transfer of which is required to be registered in Hong Kong.
- (4) For the avoidance of doubt, if no authorization of the SFC is required under the Securities and Futures Ordinance in respect of the Sub-Fund, none of the provisions in (1) to (3) shall be applicable to the Sub-Fund.
- (5) Subject to the provisions of the Trust Deed, the Trustee may at the request of the Manager arrange for any Securities for the time being comprised in the Sub-Fund to be loaned by, or Securities to be loaned to, the Fund through the agency of or directly with any person acceptable to the Trustee (including the Manager or the Trustee or any Connected Person of either of them). The Trustee shall only arrange for any Securities for the time being comprised in a Sub-Fund to be loaned by the Fund if the Trustee has used reasonable endeavours to satisfy itself that the relevant counterparties are banks or other financial institutions of sound financial standing with a credit rating acceptable to the Manager (taking into account factors such as the prevailing market conditions, the credit ratings of other entities with comparable financial standing and the credit rating of the holding company of the relevant counterparty) and that adequate collateral (including, but not limited to, treasury bills, bankers' acceptances, certificates of deposit, bonds, equities, letters of credit and cash collateral) will have been provided to the Fund by the borrower. Any income attributable to the Fund as a result of such loan shall, on receipt by the Trustee, be credited to the Sub-Fund. Where any loan has been arranged through the Manager or the Trustee or a Connected Person of either of them, the relevant entity shall be entitled to retain for its own use and benefit any fee or benefit it receives on a commercial basis in connection with such arrangement. The maximum level of Securities available for lending shall be limited to one hundred per cent (100%) of the latest available Net Asset Value of the

Sub-Fund or such other percentage as may from time to time be determined by the Manager. If the lending counterparty is an affiliate of the Manager, the lending transactions will be disclosed in the Fund's annual reports.

Borrowing Restrictions

The Manager may borrow cash of up to 25% of the latest available net asset value of the Sub-Fund as at the time the investment is made for the following purposes:

- facilitating the creation or redemption of Units or defraying operating expenses;
- enabling the Manager to acquire investments for the account of the Sub-Fund; or
- any other purposes as may be agreed by the Manager and the Trustee from time to time.

The assets of the Sub-Fund may be charged or pledged as security for any such borrowings. For the avoidance of doubt, back-to-back loans will not be taken into account when determining whether or not the 25% limit mentioned above has been breached by the Sub-Fund.

For the purpose of the collateral arrangement by way of securities borrowing and lending arrangement, the Manager may borrow non-cash assets of up to 100% of the latest available net asset value of the Sub-Fund.

General

If any of the investment and borrowing restrictions are breached, the Manager shall as a priority objective take all steps necessary as soon as practicable to remedy the situation, having due regard to the interests of Unitholders. The Manager is not immediately required to sell applicable investments if any of the investment restrictions are exceeded as a result of changes in the value of the Sub-Fund's investments, reconstructions or amalgamations, payments out of the assets of the Sub-Fund or redemptions of Units but for so long as such limits are exceeded, the Manager shall not acquire any further investments which would result in such limit being further breached.

MANAGEMENT AND ADMINISTRATION

Manager and Listing Agent

BOCI-Prudential Asset Management Limited is the manager and the listing agent of the Sub-Fund. BOCI-Prudential Asset Management Limited is a joint venture between BOCI Asset Management Limited and Prudential Corporation Holdings Limited. BOCI Asset Management Limited is a wholly owned subsidiary of BOC International Holdings Limited which in turn is a wholly owned subsidiary of Bank of China Limited. BOCI-Prudential Asset Management Limited is specialized in security-based portfolio

management business. Teaming up with elite investment professionals, BOCI-Prudential Asset Management Limited is devoted to providing advanced and quality services to its clients and is committed to be a professional, prudent and reliable fund management house.

BOCI-Prudential Asset Management Limited is licensed by the SFC in Hong Kong for types 1, 4, 5, 6 and 9 regulated activities under the Securities and Futures Ordinance.

Trustee and Custodian

The trustee and custodian of the Sub-Fund is BOCI-Prudential Trustee Limited, which is a registered trust company in Hong Kong.

The Trustee is a joint venture founded by BOC Group Trustee Company Limited and Prudential Corporation Holdings Limited (“**PCHL**”). BOC Group Trustee Company Limited is owned by BOC International Holdings Limited (“**BOCI**”) and Bank of China (Hong Kong) Limited (“**BOC(HK)**”), which are subsidiaries of Bank of China Limited. The principal activity of the Trustee is the provision of trustee services.

Under the Trust Deed, the Trustee is responsible for the safekeeping of the assets of the Sub-Fund. The Trustee may, however, appoint any person or persons to be custodian of such assets. The Trustee is required to exercise reasonable skill, care and diligence in the selection, appointment and monitoring of such persons and, during the term of their appointment, must satisfy itself as to the ongoing suitability of such persons to provide custodial services to the Fund, having regard to the market or markets for which such persons are appointed to act as custodian. The Trustee will remain responsible for the acts or omissions of such persons in the same manner as if such acts or omissions were those of the Trustee, except where such persons are appointed in respect of a market or markets which the Trustee has determined by notice to the Manager to be emerging markets. Notwithstanding the above, the Trustee will remain responsible for the acts or omissions of any associate of the Trustee appointed in respect of an emerging market.

Registrar

Computershare Hong Kong Investor Services Limited is the registrar of the Sub-Fund. The registrar provides services in respect of the establishment and maintenance of the Register of the Unitholders of the Sub-Fund.

Service Agent

HK Conversion Agency Services Limited is the service agent of the Sub-Fund under the terms of the service agreement entered into among the Manager, the Trustee, HK Conversion Agency Services Limited, the HKSCC, Computershare Hong Kong Investor Services Limited and each Participating Dealer. The HK Conversion Agency Services Limited will perform certain services in connection with the creation and redemption of Units by the Participating Dealer(s).

CREATION AND REDEMPTION OF UNITS

Creation of Units

Unless otherwise determined by the Manager, a Creation Application shall only be made by a Participating Dealer in accordance with the terms of the Trust Deed and the relevant Participation Agreement on a Dealing Day in respect of Units constituting an Application Unit size or whole multiples thereof. For any creation, the dealing period on each Dealing Day commences at 12:00 noon on the previous Business Day before the Dealing Day and ends at the Dealing Deadline at 10:00 a.m. on the Dealing Day. Such dealing periods may be revised by the Manager from time to time. A Creation Application once given cannot be revoked or withdrawn without the consent of the Manager (which consent shall not be unreasonably withheld).

Procedures for Creation of Units

A Creation Application must comply with the requirements in respect of creation of Units set out in the Trust Deed and the relevant Participation Agreement and be accompanied by such certifications and legal opinions as the Trustee and the Manager may require in order to be effective.

Pursuant to a valid Creation Application that has been accepted by the Manager, the Manager and/or any person duly appointed by the Manager for such purpose shall have the exclusive right to instruct the Trustee to create for the account of the Sub-Fund the Units in a class in Application Unit size or whole multiples thereof in exchange for the delivery by the relevant Participating Dealer, to or for the account of the Trustee, of:

- (a) a cash payment equivalent to the purchase costs of the relevant Application Basket (which shall be accounted for as Deposited Property), which the Manager shall use to purchase the A Shares constituting the Basket(s), and the Manager shall be entitled in its absolute discretion to charge (for the account of the Sub-Fund) to each Participating Dealer an additional sum which represents the appropriate provision for duties and charges (which may include, but is not limited to, a provision for stamp duties and other transaction charges or taxes applicable to the purchase (or estimated to be applicable to the future purchase) of the relevant A Shares)

plus,
- (b) if the Cash Component is a positive value, a cash payment equivalent to the amount of the relevant Cash Component; if the Cash Component is a negative value, the Trustee shall be required to make a cash payment equivalent to the amount of the Cash Component (expressed as a positive figure) to the relevant Participating Dealer. If the Sub-Fund has insufficient cash required to pay any Cash Component payable by the Sub-Fund, the Manager may instruct the Trustee to sell the Deposited Property of the Sub-Fund, or to borrow moneys to provide the cash required.

In relation to such Creation Applications, the Manager reserves the right to require the Participating Dealer to pay an additional sum for the purpose of compensating or reimbursing the Sub-Fund for the difference between:

- (a) the prices used when valuing the relevant A Shares to be acquired by the Sub-Fund for the purpose of such issue of Units; and
- (b) the prices which would be used when acquiring the same A Shares if they were acquired by the Sub-Fund with the amount of cash received by the Sub-Fund upon such issue of Units.

The Participating Dealer may pass on to the relevant investor such additional sum.

Denomination and issue price of units

Units are denominated in the Base Currency (unless otherwise determined by the Manager) and no fractions of a Unit shall be created or issued by the Trustee. Once Units are created, the Manager shall instruct the Trustee to issue, for the account of the Sub-Fund, the Units to the relevant Participating Dealer in accordance with the relevant Operating Guidelines. In respect of each Creation Application, the Issue Price of a Unit of any class in the Sub-Fund shall be equal to one-hundredth (1/100th) of the closing level of the SSE 50 as at the close of the Initial Offer Period. After the close of the Initial Offer Period, the Issue Price of a Unit of any class in the Sub-Fund shall be the Net Asset Value per Unit of the relevant class as at the relevant Dealing Day rounded to the nearest fourth (4th) decimal place. Any commission, remuneration or other sum payable by the Manager to any agent or other person in respect of the issue or sale of any Unit shall not be added to the Issue Price of such Unit and shall not be paid by the Sub-Fund.

Where a Creation Application is received or deemed to be received and accepted before the Dealing Deadline on a Dealing Day, creation and issue of Units pursuant to that Creation Application shall be effected on that Dealing Day, but :

- (a) for valuation purposes only, Units shall be deemed to be created and issued after the Valuation Point on that Dealing Day; and
- (b) the Register shall be updated on the Settlement Day or (if the settlement period is extended) the Dealing Day immediately following the Settlement Day provided that the Trustee shall be entitled to refuse to enter (or allow to be entered) Units in the Register if at any time the Trustee is of the opinion that the issue of Units does not comply with the provisions of the Trust Deed.

Where a Creation Application is received on a day which is not a Dealing Day or is received after the Dealing Deadline on a Dealing Day, that Creation Application shall be carried forward and deemed to be received at the opening of business on the next following Dealing Day, which shall be the Dealing Day for the purposes of that Creation Application.

In respect of each Creation Application, the Manager shall be entitled to, for the account and benefit of the Trustee, charge the Transaction Fee, which shall be paid by or on behalf of the relevant Participating Dealer and may be set off and deducted against any Cash Component due to the relevant Participating Dealer in respect of such Creation Application. The Manager shall have the right to revise the amount of the Transaction Fee it charges provided that the level of Transaction Fee charged to all Participating Dealers is the same.

Rejection of Creation of Units

The Manager reserves the absolute right to reject a Creation Application and the relevant Participating Dealer reserves the absolute right to reject a request from any third party investor to submit a Creation Application. Quota control is imposed under Northbound trading under Shanghai-Hong Kong Stock Connect. The Manager may reject a Creation Application in case of insufficient quota balances (more information relating to the quota is set out in the section headed “Shanghai-Hong Kong Stock Connect” in Appendix I).

Certificates

No certificates will be issued in respect of the Units of the Sub-Fund. All Units of the Sub-Fund will be registered in the name of the HKSCC Nominees Limited by the Registrar on the Register of Unitholders of the Sub-Fund, which is the evidence of ownership of Units. Beneficial interest of retail investors in the Units of the Sub-Fund will be established through an account with a participant in CCASS.

Cancellation of Creation Applications

The Trustee shall cancel Units created and issued in respect of a Creation Application under the following circumstances :

- (a) any cash payment for exchange of Units payable in respect of the Application is not received in cleared funds by such time on the Settlement Day as prescribed in the relevant Operating Guidelines; or
- (b) the full amount of the Cash Component (if applicable) and any duties, fees and charges payable in respect of the Creation Application have not been received in cleared funds by or on behalf of the Trustee by such time on the Settlement Day as prescribed in the relevant Operating Guidelines,

provided that the Manager may in its discretion, with the approval of the Trustee, extend the settlement period on such terms and conditions as the Manager may determine.

Upon cancellation of any Units created pursuant to a Creation Application as mentioned above or if a Participating Dealer withdraws a Creation Application other than in the circumstances contemplated in the Trust Deed, such Units shall be deemed for all purposes never to have been created and the relevant Participating Dealer shall

have no right or claim against the Manager or the Trustee in respect of such cancellation provided that :

- (a) any cash received by or on behalf of the Trustee in respect of such cancelled Units shall be redelivered to the Participating Dealer;
- (b) the Manager shall be entitled to charge the relevant Participating Dealer for the account and benefit of the Trustee an Application Cancellation Fee;
- (c) the Manager may at its absolute discretion require the relevant Participating Dealer to pay to the Trustee for the account of the Sub-Fund in respect of each cancelled Unit Cancellation Compensation, being the amount (if any) by which the Issue Price of each such Unit exceeds the Redemption Price which would have applied in relation to each such Unit if a Participating Dealer had, on the date on which such Units are cancelled, made a Redemption Application;
- (d) the Trustee shall for its own benefit be entitled to the Transaction Fee payable in respect of the Creation Application; and
- (e) no previous valuations of the Sub-Fund shall be re-opened or invalidated as a result of the cancellation of such Units.

Redemption of Units

Unless otherwise determined by the Manager, a Redemption Application shall only be made by a Participating Dealer in accordance with the terms of the Trust Deed and the relevant Participation Agreement on a Dealing Day in respect of Units constituting an Application Unit size or whole multiples thereof. For any redemption, the dealing period on each Dealing Day commences at 12:00 noon on the previous Business Day before the Dealing Day and ends at the Dealing Deadline at 10:00 a.m. on the Dealing Day. Such dealing periods as may be revised by the Manager from time to time. A Redemption Application once given cannot be revoked or withdrawn without the consent of the Manager (which consent shall not be unreasonably withheld).

A Redemption Application must comply with the requirements in respect of redemption of Units set out in the Trust Deed and the relevant Participation Agreement and be accompanied by such certifications and legal opinions as the Trustee and the Manager may require in order to be effective. Pursuant to a valid Redemption Application accepted by the Manager, the Manager shall instruct the Trustee to redeem and cancel the relevant Units on the Settlement Day in accordance with the relevant Operating Guidelines and to transfer to the relevant Participating Dealer:

- (a) the sale proceeds (of the relevant Application Basket(s)) in cash provided that the Manager shall be entitled in its absolute discretion to charge (for the account of the Sub-Fund) to each Participating Dealer an additional sum which represents the appropriate provision for duties and charges (which may include, but is not limited to, a provision for stamp duties and other transaction charges or taxes applicable to the sale (or estimated to be applicable to the future sale) of the relevant A Shares),

plus,

- (b) where the Cash Component is a positive value, a cash payment equivalent to the amount of the Cash Component. If the Sub-Fund has insufficient cash to pay any Cash Component payable by the Sub-Fund, the Manager may instruct the Trustee to sell the Deposited Property of the Sub-Fund, or to borrow moneys, to provide the cash required. If the Cash Component is a negative value, the relevant Participating Dealer shall be required to make a cash payment equivalent to the amount of the Cash Component (expressed as a positive figure) to or to the order of the Trustee.

In respect of Redemption Applications, the Manager reserves the right to require the Participating Dealer to pay an additional sum for the purpose of compensating or reimbursing the Sub-Fund for the difference between:

- (a) the prices used when valuing the relevant A Shares of the Sub-Fund for the purpose of such redemption of Units; and
- (b) the prices which would be used when selling the same A Shares if they were sold by the Sub-Fund in order to realise the amount of cash required to be paid out of the Sub-Fund upon such redemption of Units.

The Participating Dealer may pass on to the relevant investor such additional sum.

The Redemption Price of Units redeemed shall be the Net Asset Value per Unit of the relevant class rounded to the nearest fourth (4th) decimal place. Unless specifically requested to do so by the relevant Participating Dealer, not later than one (1) month after the relevant Dealing Day, the Trustee shall be under no obligation to check the calculation of the Redemption Price in connection with any redemption of Units. Should the Manager be in any doubt as to the Redemption Price in connection with any redemption of Units, the Manager will request an independent third party to check the Redemption Price.

Under normal circumstances, the maximum interval between (i) the receipt of a properly documented Redemption Application and (ii) payment of redemption proceeds to the relevant investor may not exceed one (1) calendar month.

Under exceptional circumstances, the Manager reserves the right to reject a Redemption Application and the relevant Participating Dealer reserves the right to reject a request from any third party to submit a Redemption Application provided that the Manager or the relevant Participating Dealer (as the case may be) must act reasonably and in good faith and will take into account the interests of all Unitholders to ensure that the interests of all Unitholders will not be materially adversely affected.

With a view to protecting the interests of Unitholders, the Manager is entitled, with the approval of the Trustee, to limit the number of Units of the Sub-Fund redeemed on any Dealing Day (whether by sale to the Manager or by cancellation by the Trustee) to twenty per cent (20%) of the latest available Net Asset Value of the Sub-Fund. In this

event, the limitation will apply pro rata so that all Unitholders wishing to redeem Units in the Sub-Fund on that Dealing Day will redeem the same proportion by value of such Units, and Units not redeemed (but which would otherwise have been redeemed) will be carried forward and given priority for redemption, subject to the same limitation, on the next Dealing Day. If requests for redemption are so carried forward, the Manager will inform the Unitholders concerned.

Where a Redemption Application is received on a day which is not a Dealing Day or is received after the Dealing Deadline on a Dealing Day, that Redemption Application shall be carried forward and deemed to be received at the opening of business on the next following Dealing Day, which shall be the relevant Dealing Day for the purposes of that Redemption Application. For valuation purposes, the relevant Valuation Point shall be the Valuation Point for the Dealing Day on which the Redemption Application is deemed to be received.

In respect of each Redemption Application, the Manager shall be entitled to, for the account and benefit of the Trustee, charge the Transaction Fee which shall be paid by the relevant Participating Dealer and may be set off and deducted against any Cash Component due to the relevant Participating Dealer in respect of such Redemption Application. The Manager shall have the right to revise the amount of the Transaction Fee it charged provided that the level of Transaction Fee charged to all Participating Dealers is the same.

The Manager shall be entitled to deduct from and set off against any Cash Component payable to a Participating Dealer on the redemption of Units a sum (if any) which represents the appropriate provision for duties and charges, the Transaction Fee and any other fees payable by the Participating Dealer. If the Cash Component is insufficient to pay such duties and charges, the Transaction Fee and any other fees payable on such redemption, the Participating Dealer shall promptly pay the shortfall to or to the order of the Trustee.

Upon redemption of Units pursuant to a valid Redemption Application,

- (a) the funds of the Sub-Fund shall be deemed to be reduced by the cancellation of such Units and, for valuation purposes, such Units shall be deemed to have been redeemed and cancelled after the Valuation Point as at the Dealing Day on which the Redemption Application is or is deemed to be received; and
- (b) the name of the Unitholder of such Units shall be removed from the Register on the relevant Settlement Day.

In respect of a Redemption Application, unless the requisite documents in respect of the relevant Units have been delivered to the Manager by such time on the Settlement Day as prescribed in the relevant Operating Guidelines, the Redemption Application shall be deemed never to have been made except that the Transaction Fee in respect of such Redemption Application shall remain due and payable and once paid, shall be retained by and for the benefit of the Trustee, and in such circumstances :

- (a) the Manager shall be entitled to charge the Participating Dealer for the account and benefit of the Trustee an Application Cancellation Fee;
- (b) the Manager may at its absolute discretion require the Participating Dealer to pay to the Trustee, for the account of the Sub-Fund, Cancellation Compensation in respect of each Unit, being the amount (if any) by which the Redemption Price of each Unit is less than the Issue Price which would have applied in relation to each Unit if a Participating Dealer had, on the final day permitted for delivery of the requisite documents in respect of the Units which are the subject of the Redemption Application, made a Creation Application; and
- (c) no previous valuations of the Sub-Fund shall be re-opened or invalidated as a result of an unsuccessful Redemption Application,

provided that the Manager, with the approval of the Trustee, may at its discretion extend the settlement period on such terms and conditions as the Manager may determine.

Compulsory Redemptions under Certain Circumstances

The Manager may compulsorily redeem a Unitholder's Units in the Sub-Fund (or any part thereof) upon reasonable notice as if the Unitholder had requested the redemption of such Units and close any accounts held by a Unitholder for the Unitholder's investments in the Sub-Fund if:

- (a) the Unitholder is or becomes or is holding the Units for the account of or benefit of (i) a US Person (as defined in Regulation S under the United States Securities Act of 1933 (as amended)); or (ii) a US Person for FATCA purpose; or (iii) any other Unqualified Person (as defined in the "Definitions" section on pages 11 to 12);
- (b) the Unitholder refuses or fails to provide in a timely manner any information or documents or other assistance as reasonably requested by the Manager and/or the Trustee for the purpose of meeting any demands, disclosure or reporting requirements as may be required under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA);
- (c) the Unitholder withdraws consent to the reporting or disclosure of any information or documents relating to the Unitholder or the Unitholder's investments as may be required under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA);
- (d) the continued holding of Units by the Unitholder will subject the Manager, the

Trustee, the Sub-Fund and/or service providers of the Sub-Fund to any reporting or withholding requirements under any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA); or

- (e) it is, in the opinion of the Manager, required for the purpose of complying with any applicable local or foreign laws and regulations issued by regulatory or governmental authorities of relevant jurisdiction, including but not limited to FATCA or any IGA entered into between the US and Hong Kong in connection with FATCA (including any Hong Kong laws and regulations implemented as part of such IGA).

The Manager has a right to withhold, set-off or deduct reasonable amounts from the redemption proceeds, provided that: (i) such withholding, set-off or deduction is permitted by applicable laws and regulations; and (ii) the Manager is acting in good faith and on reasonable grounds.

The Manager will notify the Trustee and/or the other relevant service providers before any such redemption is made or any closing of account is done.

DETERMINATION OF NET ASSET VALUE

The Net Asset Value of the Sub-Fund shall be determined at the Valuation Point on each Dealing Day (or at such other time as the Manager and the Trustee determined) by valuing the assets of the Sub-Fund and deducting the liabilities of the Sub-Fund in accordance with the terms of the Trust Deed.

The Trust Deed provides, inter alia, that the value of investments in the Sub-Fund shall be determined as follows :

- (a) the value of any investment quoted, listed or normally dealt in on a market (other than an interest in a Collective Investment Scheme) shall be calculated by reference to the price which appears to the Manager to be the last closing bid price on the relevant Dealing Day or (if no last closing bid price is available) the last traded price on the relevant Dealing Day or (if no last traded price) the latest available market bid price (as at such time as shall be agreed between the Trustee and the Manager) on the market on which the investment is quoted, listed or ordinarily dealt in for such amount of such investment as the Manager may consider in the circumstances to provide a fair criterion, PROVIDED THAT:
 - (i) if an investment is quoted, listed or normally dealt in on more than one market, the Manager shall adopt the price or, as the case may be, middle quotation on the market which, in its opinion, provides the principal market for such investment;

- (ii) in the case of any investment which is quoted, listed or normally dealt in on a market but in respect of which, for any reason, prices on that market may not be available at any relevant time, the value thereof shall be certified by such firm or institution making a market in such investment as may be appointed for such purpose by the Manager or, if the Trustee so requires, by the Manager after consultation with the Trustee;
- (iii) there shall be taken into account interest accrued on interest-bearing investments up to (and including) the date as at which the valuation is made, unless such interest is included in the quoted or listed price;

and for the purpose of the foregoing provisions the Manager or the Trustee shall be entitled to use and to rely upon electronic price feeds from such source or sources as they may from time to time think fit with regard to the pricing of the investments on any market notwithstanding that the prices so used are not the last closing bid prices and references to valuation of investments or deposits on a particular day or at a particular time may, if such a system is used, mean the valuation on the system on that day or at that time notwithstanding it may have been taken at a time or times selected by the system and be prior to that day or time, and the Manager shall use reasonable endeavours to ensure that such source or sources are, in its reasonable opinion, reliable and independent;

- (b) the value of any investment which is not quoted, listed or ordinarily dealt in on a market shall be the initial value thereof equal to the amount expended out of the Sub-Fund in the acquisition thereof (including in each case the amount of the stamp duties, commissions and other expenses incurred in the acquisition thereof and the vesting thereof in the Trustee) provided that the Manager may at any time with the approval of the Trustee and shall at such times or at such intervals as the Trustee may request, cause a revaluation to be made of any unquoted investment by a professional person approved by the Trustee as qualified to value such unquoted investment;
- (c) cash, deposits and similar investments shall be valued at their face value (together with accrued interest) unless, in the opinion of the Manager, any adjustment should be made to reflect the value thereof;
- (d) the value of each unit, share or other interest in any Collective Investment Scheme which is valued as at the same day as the Sub-Fund shall be the net asset value per unit or share in such Collective Investment Scheme as at that day or, if the Manager so determines, or if such Collective Investment Scheme is not valued as at the same day as the Sub-Fund, the value of such interest shall be the latest available net asset value per unit, share or other interest in such Collective Investment Scheme;
- (e) notwithstanding the foregoing, the Manager may, with the consent of the Trustee, adjust the value of any investment if, having regard to currency, applicable rate of interest, maturity, marketability and other considerations it deems relevant, it considers that such adjustment is required to reflect the fair

value thereof. The Trustee may also carry out regular independent valuation of the investments as it deems appropriate; and

- (f) the value of any investment (whether of a Security or cash) otherwise than in the Base Currency shall be converted into the Base Currency at the rate (whether official or otherwise) which the Manager shall deem appropriate in the circumstances having regard to any premium or discount which may be relevant and to costs of exchange.

SUSPENSION OF DEALING OR DETERMINATION OF NET ASSET VALUE

The Manager may, after giving notice to the Trustee, declare on the website maintained by the Manager for the Sub-Fund or through such other means as the Manager considers appropriate a suspension of dealing or the determination of the Net Asset Value of the Sub-Fund for the whole or any part of any period during which:

- (a) there is a closure of or the restriction or suspension of trading on any securities market on which a substantial part of the investments of the Sub-Fund is normally traded or a breakdown in any of the means normally employed by the Manager or the Trustee (as the case may be) in ascertaining the prices of investments or determining the Net Asset Value or the Issue Price or Redemption Price of a Unit;
- (b) for any other reason, the prices of investments held or contracted for by the Manager for the account of the Sub-Fund cannot, in the opinion of the Manager, reasonably, promptly and fairly be ascertained;
- (c) in the opinion of the Manager, it is not reasonably practicable to realize any investments held or contracted for the account of the Sub-Fund or it is not possible to do so without seriously prejudicing the interests of Unitholders of the Sub-Fund;
- (d) the remittance or repatriation of funds which will or may be involved in the redemption of, or in the payment for, the investments of the Sub-Fund or the subscription or redemption of any classes of Unit is delayed or cannot, in the opinion of the Manager, be carried out promptly at normal exchange rates; or
- (e) the SSE 50 is not compiled or published.

Upon declaration of the suspension by the Manager, the suspension shall take effect. During the suspension,

- (a) there shall be no dealing or determination of the Net Asset Value of the Sub-Fund;
- (b) the Manager shall have the absolute discretion to suspend an Application received prior to the suspension;

- (c) no Applications shall be made by any of the Participating Dealers;
- (d) no Units shall be created and issued or redeemed for the account of the Sub-Fund.

The suspension shall terminate (a) when the Manager, after giving notice to the Trustee, declares the suspension at an end, or (b) in any event on the day following the first Business Day on which the condition giving rise to the suspension ceases to exist; and no other condition under which suspension shall be declared exists.

As soon as reasonably practicable after the termination of suspension, the Manager shall publish a notice of such termination on the website maintained by the Manager for the Sub-Fund or through such other means as the Manager considers appropriate.

A Participating Dealer may at any time after a suspension has been declared and before termination of such suspension withdraw an Application submitted prior to such suspension not otherwise accepted by the Manager by notice in writing to the Manager and the Manager shall promptly notify the Trustee accordingly. If the Manager has not received any such notification of withdrawal of such Application before termination of such suspension, the Trustee shall, subject to and in accordance with the provisions of the Trust Deed, create and issue Units or redeem Units in respect of such Application and such Application shall be deemed to be received immediately following the termination of such suspension.

The Manager shall notify the SFC as soon as reasonably practicable upon any suspension of creation or redemption of Units, or the determination of the Net Asset Value of the Sub-Fund, and shall publish a notice of suspension immediately following such suspension and at least once a month during the suspension on the website maintained by the Manager for the Sub-Fund and in one leading Hong Kong English language and one Chinese language daily newspaper or through such other means as the SFC considers appropriate.

SUSPENSION OF DEALING IN UNITS ON THE SEHK

Dealing in Units on the SEHK, or trading on the SEHK generally, may at any time be suspended by the SEHK subject to any conditions imposed by the SEHK if the SEHK considers it necessary for the protection of investors or for the maintenance of an orderly market or in such other circumstances as the SEHK may consider appropriate.

The Manager shall publish any announcement on suspension of dealing in units on the SEHK in accordance with the rules of the SEHK.

DISTRIBUTION POLICY

In respect of the Sub-Fund, the Manager may in its discretion make distributions to Unitholders in each financial year as the Manager considers appropriate, having regard

to the net income of the Sub-Fund. Distributions are not guaranteed and the Manager may in its sole and absolute discretion decide not to make any distributions in a financial year.

CHARGES AND EXPENSES

For details of the amount of fees and charges currently applicable to the Sub-Fund, please refer to Appendix IV.

Management Fee and Servicing Fee

The Manager is entitled to receive a management fee for the Sub-Fund calculated as a percentage of the net asset value of the relevant class of Units of the Sub-Fund. The management fee will be deducted from the assets of the Sub-Fund. The maximum management fee the Manager may levy shall be 2.0% per annum of the Net Asset Value of the Sub-Fund.

In addition, the Manager is entitled to receive a servicing fee for the Sub-Fund calculated as a percentage of the net asset value of the Sub-Fund. The servicing fee will be deducted from the assets of the Sub-Fund. The maximum servicing fee the Manager may levy is 1% per annum of the net asset value of the Sub-Fund.

Both the management fee and servicing fee are calculated and accrued on each Dealing Day and are paid monthly in arrears.

The Manager may at any time decrease the rate of management fee or servicing fee in respect of any class of Units of the Sub-Fund. The Manager may also increase the rate of management fee or servicing fee payable in respect of any class of Units of the Sub-Fund (up to the maximum rate as set out above) on giving not less than three (3) months' notice (or such shorter period as the SFC may approve) of such increase to affected Unitholders and the Trustee.

Trustee Fee

The Trustee is entitled to receive a trustee fee in respect of the Sub-Fund calculated as a percentage of the net asset value of the relevant class of Units of the Sub-Fund. The Manager shall pay the trustee fee chargeable by the Trustee out of the management fees received by it.

In addition, the Trustee is entitled to (i) transaction and processing fees in accordance with its normal scales as agreed with the Manager; (ii) subject to the agreement between the Trustee and the Manager, all or any part of Application Cancellation Fee and Transaction Fee charged to a Participating Dealer; (iii) inception fee of US\$10,000 for the establishment of the Fund and a further inception fee of US\$2,500 for the Sub-Fund (such inception fees represent the fees of the Trustee and are not part of the establishment costs of the Fund or the Sub-Fund); and (iv) such other fees as may be permitted under the Trust Deed.

Other Charges and Expenses

The Sub-Fund shall bear the costs set out in the Trust Deed which are directly attributable to it. Where such costs are attributable to the Sub-Fund and other sub-funds of the Fund, the Sub-Fund will bear such costs in proportion to its respective net asset value or in such other manner as the Manager shall consider appropriate. Such costs include but are not limited to the costs incurred in the establishment, structuring, management and administration of the Fund and its sub-funds, the costs of investing and realizing the investments of the sub-funds, the charges, fees, expenses, taxes or other duties in obtaining collateral, or implementing other measures or arrangements in mitigating the counterparty risk or other exposures of the sub-funds, the fees and expenses of Registrar, Service Agent, custodians and sub-custodians of the assets of the Fund, the fees and expenses of the auditors, valuation costs, legal fees, the costs incurred in connection with any listing or regulatory approval, the costs of holding meetings of Unitholders and the costs incurred in the preparation and printing of any prospectus, any audited accounts or interim reports which are sent to the Unitholders.

The first accounting period of the Sub-Fund is from the close of the Initial Offer Period to 31 December 2009. Subsequent accounting periods of the Sub-Fund are from 1 January to 31 December of each year.

In addition to the above, Unitholders may be required to pay any requisite governmental tax, stamp duty, registration fee, custody and nominee charges as may be required in the purchase or sale of the Units in the Sub-Fund. Fees payable by retail investors dealing in the Units on the SEHK are set out under the “Fees Payable by Participating Dealers and Retail Investors” section in Appendix IV.

POTENTIAL CONFLICT OF INTEREST, TRANSACTIONS WITH CONNECTED PERSONS AND SOFT COMMISSIONS

The Manager and the Trustee and Custodian or their Connected Persons may, from time to time, act as manager, investment adviser, trustee or as custodian or in such other capacity in connection with or be otherwise involved in or with any other collective investment schemes separate and distinct from the Fund and the Sub-Fund, including those that have similar investment objectives to those of the Sub-Fund, or contract with or enter into financial, banking or other transaction with one another or with any investor of the Sub-Fund, or any company or body any of whose shares or securities form part of the Sub-Fund or may be interested in any such contract or transaction and shall not be liable to account to the Fund or the Sub-Fund or any investor of the Fund or the Sub-Fund for any profit or benefit made or derived thereby or in connection therewith. It is, therefore, possible that any of the Manager and the Trustee and Custodian or their Connected Persons may, in the course of business, have potential conflicts of interest with the Sub-Fund.

Each of the Manager and the Trustee and Custodian or their Connected Persons will, at all times, have regard in such event to its obligations to the Sub-Fund and the investors and will endeavour to ensure that such conflicts are resolved fairly.

The Manager has an established policy in relation to the identification and monitoring of potential conflicts of interest scenarios. There are functional separation of different areas of operations to control the flow of information that may be confidential and/or price sensitive. Computer and information system with appropriate access controls have been put in place by the Manager. Key duties and functions are segregated among different departments. The Manager has adopted trading policies which are designed to ensure the fair allocation of investment opportunities among funds, investment vehicles or accounts that the Manager manages or advises. A designated risk management and portfolio control team and compliance team of the Manager will monitor the implementation of such trading policies and dealing procedures with overall monitoring by the senior management of the Manager.

The Trustee and Custodian will keep and maintain proper books of accounts, records and documents for each fund or scheme under their trusteeship and segregate the assets of different funds or schemes. The Trustee and Custodian will keep data and information in relation to the portfolio of each fund/scheme confidential.

The Manager, the Trustee and Custodian or their Connected Persons shall act in a reasonable and prudent manner when handling any potential conflict of interest situation and take into account the interest of Unitholders and clients.

All transactions carried out by or on behalf of the Sub-Fund will be at arm's length in compliance with applicable laws and regulations. Any transactions between the Sub-Fund and the Manager or any of its Connected Persons as principal may only be made with the prior written consent of the Trustee / Custodian. All such transactions shall be disclosed in the Sub-Fund's annual report.

The brokerage and other agency transactions for the account of the Sub-Fund may be executed through brokers or dealers connected to the Manager or Connected Persons of the Manager. However, for so long as the Sub-Fund is authorized by the SFC, the Manager shall ensure that it complies with the following requirements when transacting with brokers or dealers connected to the Manager or Connected Persons of the Manager, save to the extent permitted under the UTMF Code or any waiver obtained from the SFC:

- (a) such transactions are on arm's length terms;
- (b) the Manager has used due care in the selection of brokers or dealers and ensure that they are suitably qualified in the circumstances;
- (c) the transaction execution is consistent with the best execution standards;
- (d) the fee or commission paid to any such broker or dealer in respect of a transaction shall not be greater than that which is payable at the prevailing market rate for a transaction of that size and nature;
- (e) the Manager shall monitor such transactions to ensure compliance with its obligations; and
- (f) the nature of such transactions and the total commissions and other quantifiable benefits received by such broker or dealer will be disclosed in the Sub-Fund's annual report.

Neither the Manager nor any of its Connected Persons may retain cash or other rebates from a broker or dealer in consideration of directing transactions to them.

The Manager and any of its Connected Persons may effect transactions by or through the agency of another person with whom the Manager or any of its Connected Persons have an arrangement under which that party will from time to time provide to or procure for the Manager or any of its Connected Persons, goods, services or other benefits, such as research and advisory services, economic and political analysis, portfolio analysis (including valuation and performance measurement), market analysis, data and quotation services, computer hardware and software incidental to the above goods and services, clearing and custodian services and investment-related publication. The Manager shall procure that no such contractual arrangements are entered into unless:

- (a) the nature of which is such that their provision are of demonstrable benefit to the Sub-Fund;
- (b) the transaction execution is consistent with best execution standards; and
- (c) brokerage rates are not in excess of customary institutional full-service brokerage rates.

No direct payment may be made to the Manager or any of its Connected Persons who undertake to place business with that party.

For the avoidance of doubt, such goods and services do not include travel accommodation, entertainment, general administrative goods or services, general office equipment or premises, membership fees, employee salaries or direct money payments. Details of soft commission arrangements will be reported regularly to the Trustee and will be disclosed in the Sub-Fund's annual report.

TAXATION

The following summary regarding taxation are based on advice received by the Sub-Fund regarding the law and practice in force in Hong Kong at the date of this Prospectus. It is for information purposes only and is not intended to be an exhaustive list of all of the tax considerations that may be relevant to an investor. This summary does not constitute tax advice and does not purport to deal with the tax consequences applicable to every investor. Investors should note that the relevant tax laws, rules and practice may change (and may change on a retrospective basis), and therefore there is no guarantee that the following summary will continue to be applicable after the date of this Prospectus. Investors should seek independent professional tax advice if necessary.

Hong Kong

The Sub-Fund

The Sub-Fund is not expected to be subject to Hong Kong profits tax in respect of any of its authorized activities.

Pursuant to a remission order issued by the Secretary for Treasury on 20 October 1999, Hong Kong stamp duty payable on the transfer of Hong Kong stocks by an investor to the Sub-Fund in respect of allotment of Units, or by the Sub-Fund to an investor upon redemption of Units, would be remitted or refunded. Apart from the above, the sale and purchase of Hong Kong stocks by the Sub-Fund will be subject to stamp duty in Hong Kong at the current rate of 0.2% of the price of Hong Kong stocks being sold and purchased. The Sub-Fund will normally be liable for one half of such Hong Kong stamp duty. However, it is not the current intention of the Manager that the Sub-Fund will buy or sell Hong Kong stocks.

No Hong Kong stamp duty is payable by the Sub-Fund on issue or redemption of Units.

Unitholders

No tax will be payable by Unitholders in Hong Kong in respect of income distributions of the Sub-Fund or in respect of any capital gains arising on a sale, redemption or other disposal of Units, except that Hong Kong profits tax may arise where such transactions form part of a trade, profession or business carried on by the Unitholder in Hong Kong.

Effective from 13 February 2015, a transfer, sale or purchase of Units is waived from Hong Kong stamp duty.

General

Investors should consult their professional financial advisers on the consequences to them of acquiring, holding, realizing, transferring or selling Units under the relevant laws of the jurisdictions to which they are subject, including the tax consequences, stamping and denoting requirements and any exchange control requirements. These consequences, including the availability of, and the value of, tax relief to investors will vary with the law and practice of the investors' country of citizenship, residence, domicile or incorporation and their personal circumstances.

GENERAL INFORMATION

Accounts and Reports

The Sub-Fund's year end is 31 December in each year commencing 31 December 2009. Audited accounts are sent to Unitholders within four months of the end of each financial year. Commencing 2010, half-yearly unaudited interim reports up to the last Dealing Day in June in each year will be issued to Unitholders within two months of the end of the period which they cover. Such reports will contain a statement of the value

of the net assets of the Sub-Fund and the investments comprising its portfolio and will be published in both English and Chinese.

Publication of Information Relating to the Sub-Fund

The Manager will use all reasonable efforts to publish the near real-time estimated Net Asset Value of the Sub-Fund during normal trading hours of the SEHK on each Dealing Day on its website www.boci-pru.com.hk/english/etf/intro.aspx (for English), or www.boci-pru.com.hk/chinese/etf/intro.aspx (for Chinese), as well as the last closing Net Asset Value of the Sub-Fund. Although every effort is made to ensure information provided are accurate at the time of publication the Manager shall not accept any responsibility for any error or delay in calculation or in the publication or non-publication of prices which are beyond its control.

The Manager shall also publish the following information in both English and Chinese languages in respect of the Sub-Fund on its website (www.boci-pru.com.hk/English/etf/intro.aspx (for English) or www.boci-pru.com.hk/Chinese/etf/intro.aspx (for Chinese)), including :

- this Prospectus (as amended and supplemented from time to time);
- the latest available Product Key Facts Statement;
- the latest annual and semi-annual financial reports of the Sub-Fund;
- any public announcements made by the Sub-Fund, including information in relation to the SSE 50, notices of the suspension of the calculation of Net Asset Value, changes in fees and charges and the suspension and resumption of trading of Units;
- monthly holdings and the last closing Net Asset Value and Net Asset Value per Unit;
- the name of each Participating Dealer;
- the Sub-Fund's A Shares' holdings, to be updated at the close of business of every Dealing Day;
- the past performance information of the Sub-Fund; and
- tracking difference and tracking error information of the Sub-Fund.

In addition, Shanghai Stock Exchange shall publish the information relating to SSE 50 on its website (www.sse.com.cn) and China Securities Index Co., Ltd. shall publish information relating to the SSE 50 on its website (www.csindex.com.cn).

Removal and Retirement of the Trustee and the Manager

(a) The Trustee

- (i) Subject to the prior written approval of the SFC, the Trustee may retire from office by giving not less than ninety (90) days' written notice (or such shorter period of notice as the SFC may approve) to the Unitholders PROVIDED THAT adequate arrangements have been made for another trustee approved by the SFC to assume responsibility

for the administration of the Sub-Fund and for the Trustee's interest in the Sub-Fund to be transferred to that trustee.

- (ii) Subject to the prior written approval of the SFC, the Manager may by giving not less than ninety (90) days' prior notice (or such shorter period of notice as the SFC may approve) in writing to the Trustee remove the Trustee from the trusteeship of the Sub-Fund and appoint any other company qualified to act as trustee under the proper law of the Sub-Fund in its place by deed entered into by the Manager and the new trustee. The removal of the Trustee and the appointment of its successor shall take effect simultaneously.

(b) The Manager

- (i) The Manager must be subject to removal by three (3) months' notice in writing from the Trustee in either of the following events:
 - for good and sufficient reason, the Trustee states in writing that a change in the Manager is desirable in the interest of the Unitholders; or
 - subject to the approval of the SFC, Unitholders of the Fund representing at least fifty per cent (50%) in value of the Units outstanding (excluding those held or deemed to be held by the Manager or the Participating Dealer(s)) delivered to the Trustee a written request to dismiss the Manager as the manager of the Fund.
- (ii) The Manager must also be subject to removal forthwith upon written notice from the Trustee if the Manager commences liquidation or has gone into receivership or has entered into any scheme of arrangement or compromise with its creditors.
- (iii) If SFC ceases to accept the Manager as the investment manager of the Fund, the Manager's appointment shall be terminated as at the date on which the SFC notified the Fund of the effective date on which it ceases to accept the Manager as the investment manager of the Fund.
- (iv) The Manager may retire in accordance with the terms and conditions of the agreement entered into between the Trustee and the Manager for the investment of the Sub-Fund PROVIDED THAT a new Manager should be appointed as soon as possible with the approval of the SFC.

Termination of the Fund or the Sub-Fund

1. The Sub-Fund shall terminate upon the termination of the Fund. The Fund shall continue for a period of eighty (80) years from the date of the Trust Deed or until it is terminated in one of the ways set out below.

2. The Fund may be terminated by the Trustee by notice in writing as hereinafter provided if:
 - (a) the Manager shall go into liquidation or if a receiver is appointed over any of their assets and not discharged within sixty (60) days;
 - (b) in the opinion of the Trustee, the Manager shall be incapable of performing or shall in fact fail to perform their duties satisfactorily or shall do any other thing which in the opinion of the Trustee is calculated to bring the Fund into disrepute or to be harmful to the interests of the Unitholders;
 - (c) the Fund shall cease to be authorized pursuant to the Securities and Futures Ordinance or if any law shall be passed which renders it illegal or in the opinion of the Trustee impracticable or inadvisable to continue the Fund; or
 - (d) the Manager shall have ceased to be the Manager and, within a period of thirty (30) days thereafter, no other qualified corporation shall have been appointed by the Trustee as a successor Manager.
3. The Fund and/or the Sub-Fund and/or any classes of Units relating to the Sub-Fund (as the case may be) may be terminated by the Manager in its absolute discretion by notice in writing as hereinafter if :
 - (a) at any time one year after the establishment thereof, in relation to the Fund, the aggregate Net Asset Value of all Units outstanding hereunder shall be less than HK\$100,000,000 or, in relation to the Sub-Fund, the aggregate Net Asset Value of the Units of the relevant classes outstanding hereunder shall be less than HK\$100,000,000;
 - (b) the Sub-Fund shall cease to be authorized pursuant to the Securities and Futures Ordinance;
 - (c) any law shall be passed which renders it illegal or in the opinion of the Manager impracticable or inadvisable to continue the Fund and/or the Sub-Fund;
 - (d) the SSE 50 is no longer available for benchmarking, unless the Manager and the Trustee agree that it is possible, feasible, practicable and in the best interests of the Unitholders to substitute another index for the SSE 50;
 - (e) the Units of the Sub-Fund are no longer listed on the SEHK or other securities market;
 - (f) the Fund and/or the Sub-Fund ceases to have any Participating Dealer;
 - or(g) the Trustee have notified the Manager of its desire to retire as Trustee and the Manager shall be unable to find a qualified corporation

to act as trustee in place of the Trustee in accordance with the terms of the Trust Deed.

Notice will be given to Unitholders if the Fund or the Sub-Fund is terminated under the above circumstances. Such notice will be submitted to the SFC for prior approval.

Trust Deed

The Fund was established under Hong Kong law by a trust deed dated 11 July 2007 (as may be amended, modified or supplemented from time to time). All holders of Units are entitled to the benefit of, are bound by and are deemed to have notice of the provisions of the Trust Deed.

The Trust Deed contains provisions for the indemnification of the Trustee and the Manager and their relief from liability in certain circumstances. Unitholders and intending applicants are advised to consult the terms of the Trust Deed. In the event of any conflict between any of the provisions of this Prospectus and the Trust Deed, the provisions of the Trust Deed prevail.

Modification of Trust Deed

Subject to the prior approval of the SFC, the Trustee and the Manager may agree to modify the Trust Deed by supplemental deed provided that in the opinion of the Trustee such modification (i) is not materially prejudicial to the interests of Unitholders, does not operate to release to any material extent the Trustee, the Manager or any other person from any responsibility to the Unitholders and (with the exception of the costs of preparing and executing the relevant supplemental deed) does not increase the costs and charges payable out of the assets of the Fund or (ii) is necessary or desirable in order to comply with any fiscal, statutory or official requirement or (iii) is made to correct a manifest error.

In all other cases modifications require the sanction of an extraordinary resolution of the Unitholders affected.

Meetings of Unitholders

The Trust Deed provides for meetings of Unitholders to be convened by the Trustee or the Manager upon at least 21 days' notice. Notices of meetings of Unitholders will be posted to Unitholders.

Proxies may be appointed. A Unitholder who is the holder of two or more Units may appoint more than one proxy to represent him and vote on his behalf at any meeting of the Unitholders. If a clearing house (or its nominee(s)), being a corporation, is a Unitholder, it may authorise such persons as it thinks fit to act as its representatives at any meeting of the Unitholders provided that, if more than one person is so authorised, the authorisation shall specify the number and class of Units in respect of which each such representative is so authorised. Each person so authorised shall be deemed to have been duly authorised without further evidence of the facts and shall be entitled to exercise the same rights and powers on behalf of the clearing house (or its nominee(s)) as if such person were the

registered Unitholder of the Units held by the clearing house (or its nominee(s)), including the right to vote individually on a show of hands.

The quorum at Unitholders' meetings is Unitholders present in person or by proxy holding not less than 10 per cent (or, in relation to a resolution proposed as an extraordinary resolution, 25 per cent) of the Units in issue. If a quorum is not present, the meeting will be adjourned for not less than 15 days, and at an adjourned meeting Unitholders whatever their number or the number of Units held by them will form a quorum.

An extraordinary resolution is required under the Trust Deed for certain purposes and is a resolution proposed as such and passed by a majority of 75 per cent of the total number of votes cast.

The Trust Deed contains provisions for the holding of separate meetings of Unitholders holding different classes of Units where only the interests of Unitholders of a particular class are affected.

The Trust Deed provides that at any meeting of Unitholders, on a show of hands, every Unitholder who (being an individual) is present in person or (being a partnership or corporation) is present by an authorized representative shall have one vote and, on a poll, every Unitholder who is present as aforesaid or by proxy shall have one vote for every Unit of which he is the holder.

Documents Available for Inspection

Copies of the Trust Deed, Service Agreement, Participation Agreement(s) and the latest annual and semi-annual reports (if any) are available for inspection free of charge at any time during normal business hours on any day (excluding Saturdays, Sundays and public holidays) at the office of the Manager, 27/F., Bank of China Tower, 1 Garden Road, Central, Hong Kong. Copies of these documents can be purchased from the Manager on payment of a reasonable fee.

Anti-Money Laundering Regulations

As part of the Trustee's and the Manager's responsibility for the prevention of money laundering, they may require a detailed verification of an investor's identity and the source of the payment of any subscriptions. Depending on the circumstances of each application, a detailed verification might not be required where:

- (i) the applicant makes the payment from an account held in the applicant's name at a recognized financial institution; or
- (ii) the application is made through a recognized intermediary.

These exceptions will only apply if the financial institution or intermediary referred to above is within a country recognized as having sufficient anti-money laundering regulations.

The Trustee and the Manager reserve the right to request such information as is necessary to verify the identity of an applicant and the source of the payment. In the event of delay or failure by the applicant to produce any information required for verification purposes, the Trustee and/or the Manager may refuse to accept the application and the application moneys relating thereto.

Enquiries and Complaints

Unitholders wishing to make an enquiry or complaint about the Sub-Fund should contact the Manager, BOCI-Prudential Asset Management Limited, at 27th Floor, Bank of China Tower, 1 Garden Road, Central, Hong Kong or call the Manager's enquiry hotline at (852) 2280 8697. Customer services officers of the Manager shall address any enquiries or complaints, by verbal or written form depending on the nature of enquiry/ complaint received, about the Sub-Fund received as soon as reasonably practicable.

NOTICE TO INVESTORS RELATING TO APPENDICES

Investors should note that while the Manager has exercised reasonable care in compiling the information set out in Appendices I, II, III and IV such information is based on publicly available documents that have not been prepared or independently verified by the Manager/Listing Agent, the Trustee or any advisers in connection with the offering and listing of the Sub-Fund.

APPENDIX I

A SHARE MARKET IN THE PRC

In the PRC, shares are classified into different categories according to ownership, two of which are A Shares and B shares. A Shares are further classified into state shares, legal person shares and individual shares. Only individual shares under the A Share category can be publicly transferred and traded on the stock exchanges in Shanghai and Shenzhen whereas state shares and legal person shares are not allowed to trade freely on the stock exchanges. A Shares were initially designed for domestic PRC investors only, but from December 2002 onwards, foreign institutions which are approved as QFII are permitted to invest directly in the A Share market.

Both the Shanghai Stock Exchange and the Shenzhen Stock Exchange are regulated by the China Securities Regulatory Commission. Both exchanges are open from Monday to Friday each week. For the morning session, the period from 9.15 am to 9.25 am is for centralized competitive pricing and the period from 9.30 am to 11.30 am is for consecutive bidding. For the afternoon session, the period from 1.00 pm to 3.00 pm is for consecutive bidding. The stock exchanges are closed on Saturdays and Sundays and other holidays announced by the stock exchanges.

The CSDCC, CCDC, SCH and CFFEX are responsible for the central depository, registration and clearing of the A Shares and other listed securities or other financial instruments permitted under the QFII regime.

Under PRC laws and regulations, a company applying for listing on the Shanghai Stock Exchange or the Shenzhen Stock Exchange must meet certain criteria, including the following:

- the A Shares must have been publicly issued following approval by the securities regulatory authority under the State Council;
- the company's total share capital must be at least RMB 50 million;
- the company must have been in business for more than three years and have made a profit in the last three consecutive years;
- there must be at least 1,000 shareholders, each with holdings of value exceeding RMB 1,000;
- at least 25 per cent of the company's total share capital must be in public hands where the capital is RMB 400 million or less (or a lower "public float" of 15 percent where the capital of the relevant company is more than RMB 400 million); and
- the company must not have been found guilty of any major illegal activities or false accounting records in the previous three years.

The daily price fluctuations of A Shares are limited to 10% in both directions of the closing price on the previous day. Where there is abnormal financial position or other abnormal situations of a listed company which exposes the listed company to the risk that listing of its shares is likely to be terminated or makes investors unable to judge its prospects and therefore their rights and interests may be adversely affected, the stock exchange may put the shares of such company under special treatment. The special treatment is classified into risk alert that a listing could be terminated (i.e. delisting risk alert) and special treatment for other reasons.

Where a listed company is under circumstances of delisting risk such as :

- (a) the company suffers losses for the last two consecutive years;
- (b) the company is ordered by the CSRC to correct serious errors or falsehoods in its financial report but fails to make corrections within the specified time limit and trading in its shares has been suspended for two months; or
- (c) the court accepts the company's bankruptcy case and is likely to declare the company bankrupt,

the stock exchange will issue a delisting risk alert on the shares of the company, as a result of which the short name of the company will be prefixed by “*ST” and the daily up and down limit will be reduced to 5%.

Where a listed company is under circumstances deemed abnormal by the stock exchange such as :

- (a) the shareholders' equity interest for the last fiscal year is negative as shown in the auditor's report;
- (b) principal facilities suffer severe damage as a result of natural disasters or serious accidents, and business activities are seriously affected and unlikely to return to normal within three months;
- (c) principal bank account is frozen; or
- (d) board of directors is unable to convene meetings and comes to resolutions,

the shares of the company will be put under “special treatment for other reasons”, as a result of which the short name of the company will be prefixed by “ST” and the daily up and down limit will be reduced to 5%.

A company's listing on the Shanghai Stock Exchange or the Shenzhen Stock Exchange may be suspended in a number of circumstances, including :

- (a) after the company is put under delisting risk alert as a result of losses for the last two consecutive years, its first annual audit report continues to reveal losses;
- (b) within two months after the company is put under delisting risk alert as a result of failure to correct its financial report, it still fails to correct its financial report as required;

- (c) within two months after the company is put under delisting risk alert as a result of failure to disclose annual report or half-yearly report, it still fails to disclose its annual or half-yearly report.

Where the circumstances are considered particularly serious and where a particular circumstance cannot be rectified, the listing of a company may be terminated.

For further information, investors may visit the website of the Shanghai Stock Exchange (www.sse.com.cn) and the website of the Shenzhen Stock Exchange (www.szse.cn).

Shanghai Stock Exchange

The Shanghai Stock Exchange was founded on 26 November 1990 and has been in operation since 19 December 1990. The Shanghai Stock Exchange has become the most preeminent stock market in the PRC in terms of the number of listed companies, number of shares listed, total market value, tradable market value, securities turnover in value and the T-bond turnover in value. As at the end of 15 April 2016, there was a total of 1094 listed companies and total market capitalization of approximately RMB 26.0571 trillion.

Shanghai-Hong Kong Stock Connect

The Shanghai-Hong Kong Stock Connect is a securities trading and clearing linked program developed by Hong Kong Exchanges and Clearing Limited (“**HKE**”), Shanghai Stock Exchange and CSDCC, with an aim to achieve mutual stock market access between mainland China and Hong Kong.

The Shanghai-Hong Kong Stock Connect comprises a Northbound Trading Link and a Southbound Trading Link. Under the Northbound Trading Link, Hong Kong and overseas investors (including the Sub-Fund), through their Hong Kong brokers and a securities trading service company to be established by the SEHK, may be able to trade eligible shares listed on Shanghai Stock Exchange by routing orders to Shanghai Stock Exchange.

Eligible securities

Hong Kong and overseas investors are able to trade certain stocks listed on the SSE market (i.e. “**SSE Securities**”). These include all the constituent stocks from time to time of the SSE 180 Index and SSE 380 Index, and all the SSE-listed A Shares that are not included as constituent stocks of the relevant indices but which have corresponding H Shares listed on SEHK, except the following:

- (a) SSE-listed shares which are not traded in RMB; and
- (b) SSE-listed shares which are included in the “risk alert board”.

It is expected that the list of eligible securities will be subject to review.

Trading day

Investors (including the Sub-Fund) will only be allowed to trade on the other market on days where both markets are open for trading, and banking services are available in both markets on the corresponding settlement days.

The following table illustrates the holiday arrangement of Northbound trading of SSE Securities:

Day-1	Business Day	Business Day	Yes	
Day-2	Business Day	Business Day	No	HK market closes on money settlement day
Day-3	Business Day	Public Holiday	No	HK market closes on trading day
Day-4	Public Holiday	Business Day	No	Mainland market closes

If a Northbound trading day is a half trading day in Hong Kong market, Northbound Trading will continue until SSE market is closed. The Northbound trading calendar will be available on HKEx website before launch of Shanghai-Hong Kong Stock Connect.

Trading hours for trading SSE Securities through Shanghai-Hong Kong Stock Connect

Hong Kong and overseas investors will be required to follow the trading hours of the Shanghai Stock Exchange (SSE) to trade SSE Securities (i.e. Northbound trading). However, SEHK will accept Northbound orders from SEHK Participants (EPs) five minutes before the Mainland market session opens in the morning and in the afternoon.

SSE Trading Session	SSE Trading Hours	Time for EPs to input Northbound orders
Opening Call Auction	09:15 – 09:25	09:10 – 11:30
Continuous Auction (Morning)		09:30 – 11:30
Continuous Auction (Afternoon)	13:00 – 15:00	12:55 – 15:00

09:20 – 09:25: SSE will not accept order cancellation;

09:10 – 09:15; 09:25 – 09:30; 12:55 – 13:00: Orders and order cancellations can be accepted by SEHK but will not be processed by SSE until SSE's market open;

Orders that are not executed during the opening call auction session will automatically enter the continuous auction session.

Trading quota

Trading under Shanghai-Hong Kong Stock Connect will, initially, be subject to a maximum cross-boundary investment quota (“**Aggregate Quota**”), together with a daily quota (“**Daily Quota**”). Northbound trading will be subject to a separate set of Aggregate and Daily Quota which is monitored by SEHK.

The Aggregate Quota caps the absolute amount of fund inflow into the PRC under Northbound trading. The Northbound Aggregate Quota is set at RMB300 billion.

The Daily Quota limits the maximum net buy value of cross-boundary trades under Shanghai-Hong Kong Stock Connect each day. The quotas do not belong to the Sub-Fund and are utilised on a first-come-first-serve basis. The Northbound Daily Quota is set at RMB13 billion.

SEHK will monitor the quota and publish the remaining balance of the Northbound Aggregate Quota and Daily Quota at scheduled times on the HKEx's website at www.hkex.com.hk. The Aggregate Quota and the Daily Quota may change in future. The Manager will not notify investors in case of a change of quota.

Settlement and Custody

The HKSCC, a wholly-owned subsidiary of HKEx, will be responsible for the clearing, settlement and the provision of depository, nominee and other related services of the trades executed by Hong Kong market participants and investors.

The A Shares traded through Shanghai-Hong Kong Stock Connect are issued in scripless form, so investors will not hold any physical A Shares. Hong Kong and overseas investors who have acquired SSE Securities through Northbound trading should maintain the SSE Securities with their brokers' or custodians' stock accounts with CCASS.

Corporate actions and shareholders' meetings

Notwithstanding the fact that HKSCC does not claim proprietary interests in the SSE Securities held in its omnibus stock account in CSDCC, CSDCC as the share registrar for SSE listed companies will still treat HKSCC as one of the shareholders when it handles corporate actions in respect of such SSE Securities.

HKSCC will monitor the corporate actions affecting SSE Securities and keep the relevant brokers or custodians participating in CCASS ("**CCASS participants**") informed of all such corporate actions that require CCASS participants to take steps in order to participate in them.

Companies listed on the Shanghai Stock Exchange usually announce their annual general meeting/ extraordinary general meeting information about one month before the meeting date. A poll is called on all resolutions for all votes. HKSCC will advise CCASS participants of all general meeting details such as meeting date, time, venue and the number of resolutions.

Foreign shareholding restrictions

The CSRC stipulates that, when holding A Shares through Shanghai-Hong Kong Stock Connect, Hong Kong and overseas investors are subject to the following shareholding restrictions:

- Single foreign investors' shareholding by any Hong Kong or overseas investor in an A Share must not exceed 10% of the total issued shares; and

- Aggregate foreign investors' shareholding by all Hong Kong and overseas investors in an A Share must not exceed 30% of the total issue shares.

Should the shareholding of a single investor in an A Share listed company exceed the above restriction, the investor would be required to unwind his position on the excessive shareholding according to a last-in-first-out basis within a specific period. The Shanghai Stock Exchange and the SEHK will issue warnings or restrict the buy orders for the related A Shares if the percentage of total shareholding is approaching the upper limit.

Currency

Hong Kong and overseas investors will trade and settle SSE Securities in RMB only. Hence, the Sub-Fund will need to use RMB to trade and settle SSE Securities.

Trading fees and taxes

In addition to paying trading fees and stamp duties in connection with A Share trading, the Sub-Fund may be subject to new fees, dividend tax and tax concerned with income arising from stock transfers which are yet to be determined by the relevant authorities.

Investor compensation

The Sub-Fund's investments through Northbound trading under Shanghai-Hong Kong Stock Connect will not be covered by Hong Kong's Investor Compensation Fund. Hong Kong's Investor Compensation Fund is established to pay compensation to investors of any nationality who suffer pecuniary losses as a result of default of a licensed intermediary or authorised financial institution in relation to exchange-traded products in Hong Kong. Since default matters in Northbound trading via Shanghai-Hong Kong Stock Connect do not involve products listed or traded in SEHK or Hong Kong Futures Exchange Limited, they will not be covered by the Investor Compensation Fund.

On the other hand, since the Sub-Fund is carrying out Northbound trading through securities brokers in Hong Kong but not PRC brokers, therefore they are not protected by the China Securities Investor Protection Fund (中國投資者保護基金) in the PRC.

APPENDIX II

THE SSE 50 INDEX (“SSE 50”)

The SSE 50 is an index consisting of 50 constituent stocks which are the 50 largest stocks of good liquidity listed on the Shanghai Stock Exchange, and it is estimated that as of 15 April 2016, the 50 constituent stocks of the SSE 50 represent around 45% of the total market capitalisation of the Shanghai Stock Exchange. The objective of the SSE 50 is to reflect the performance of the good quality large enterprises, which are influential in the Shanghai Stock Exchange. The SSE 50 is a free-float market capitalisation weighted index. The Shanghai Stock Exchange has appointed China Securities Index Co., Ltd., a joint venture between the Shenzhen Stock Exchange and Shanghai Stock Exchange, to manage the SSE 50. China Securities Index Co., Ltd. is independent of the Manager. The SSE 50 was formally launched on 2 January 2004.

The Sub-Fund is not in any way endorsed, sold, sponsored or promoted by the Shanghai Stock Exchange, China Securities Index Co., Ltd. or the SEHK. The Shanghai Stock Exchange, the SEHK and China Securities Index Co., Ltd. make no warranty or representation whatsoever, expressly or impliedly, either as to the results of the use of the SSE 50. The SSE 50 is calculated by or on behalf of China Securities Index Co., Ltd. which will adopt all necessary measures to ensure the accuracy of the SSE 50. However, the Shanghai Stock Exchange, China Securities Index Co., Ltd. and the SEHK shall not be liable (whether in negligence or otherwise) to any person for any error in the SSE 50 and shall not be under any obligation to advise any person or any error therein. The SSE 50 is owned by the Shanghai Stock Exchange.

Below is a brief summary of the basic information, selection criteria, selection methodology and maintenance of the SSE 50 as of the date of publication of this Prospectus. Such information is subject to revision from time to time by the Shanghai Stock Exchange and China Securities Index Co., Ltd. and before making investment decisions, investors should refer to the website of the Shanghai Stock Exchange (www.sse.com.cn) and the China Securities Index Co., Ltd. (www.csindex.com.cn) for the latest version of such information.

In addition, China Securities Index Co., Ltd. also publishes information of the SSE 50 on its website (www.csindex.com.cn).

2. Selection of Constituent Stocks

Stock Universe

Only constituent stocks of the SSE 180 Index shall be included in the stock universe for the SSE 50. The SSE 180 Index is an index consisting of 180 constituent stocks also compiled and managed by China Securities Index Co., Ltd. The stock universe of the SSE 180 Index includes all A Shares listed on the Shanghai Stock Exchange except stocks falling into the following categories:

- (1) initial public offerings within the last 3 months (unless the daily average negotiable market capitalization of a stock is ranked top 18 in the Shanghai Stock Exchange);
- (2) suspended from listing;
- (3) experiencing materially abnormal events in operation or management, or severe losses in the latest financial statements;
- (4) experiencing high price volatility that shows strong evidence of market manipulation; and
- (5) considered by the Index Advisory Committee established by the Shanghai Stock Exchange to be inappropriate for the SSE 180 Index.

The constituent stocks of the SSE 180 Index are selected based on industry representation, size and liquidity. For details of the constituent stocks of the SSE 180 Index, please refer to the website of the Shanghai Stock Exchange (www.sse.com.cn) and the website of the China Securities Index Co., Ltd. (www.csindex.com.cn).

Selection Criteria

The constituent stocks selected should be large and liquid stocks.

Selection Methodology

The stocks are ranked by two indicators : (a) total market capitalization and (b) trading value. Each of the indicators of a stock is ranked based on the daily average data from the previous year, and the ranking from each of the indicators are summed up for the overall rank of the stock. In principle, the top 50 ranked stocks will be selected except for stocks with abnormal market performance and considered by the Index Advisory Committee as inappropriate.

3. Calculation of the SSE 50

Calculation Formula

The SSE 50 is weighted by adjusted number of shares. The formula is :

$$\text{Current Index} = \frac{\text{Current adjusted market cap of constituents}}{\text{Base Period}} \times 1000$$

Where:

adjusted market cap = \sum (market price \times adjusted number of shares of the constituent's capital stock); and

Base Period = the total adjusted market capitalization for the 50 constituent stocks based on the closing prices on the base date.

Free Float

To reflect the price fluctuation of tradable shares in the market, the SSE 50 adopt free float shares to calculate the index exclusively of non-negotiated shares which include (1) shares held on a long-term basis by the company's founders, family members and senior management; (2) government holdings; (3) shares held by strategic investors (e.g. companies, banks, etc.); (4) frozen shares; (5) restricted employee shares; (6) cross-holdings.

If the holdings of shareholders of the six categories set out above and their persons acting in concert is larger than 5%, the holdings will be defined as non-free float. Together with the restricted shares announced by listed companies, they are all deemed as non-free float shares. The free float shares of a company is equal to the total number of A shares minus the non-free float shares.

Category-Weighted Method

The free float shares of listed companies may change from time to time. For the sake of index stability, the SSE 50 adopts category-weighted method to adjust the constituent shares for index calculation. The adjusted number of shares will be the total number of A shares multiplied by the inclusion factor (as determined below). The category-weighted method is indicated by the following chart. For example, stock with a negotiable market cap ratio (i.e. free float / total A shares) of 11.4%, which is below 15%, the inclusion factor would be taken as the nearest higher percentage point, i.e. 12%. A stock with a negotiable market cap ratio of 35% will belong to the category (30, 40] (i.e. negotiable market cap ratio which is greater than 30% but less than or equal to 40%), and the corresponding inclusion factor is 40%, i.e. 40% of the total A shares will be used for index calculation.

Negotiable Market Cap Ratio (%)	≤ 15	(15, 20]	(20, 30]	(30, 40]	(40, 50]	(50, 60]	(60, 70]	(70, 80]	> 80
Inclusion Factor (%)	Nearest higher percentage point	20	30	40	50	60	70	80	100

4. Index Maintenance

The SSE 50 is maintained using the “divisor adjustment methodology.” In the event of a change in the list of constituents or in a constituent’s equity structure, or a change in the adjusted market capitalization of a constituent stock due to non-trading factors, the old divisor is adjusted by means of the divisor adjustment methodology, so as to maintain the continuity of the index. The adjustment formula is as follows:

$$\frac{\text{adjusted market cap before divisor adjustment}}{\text{old divisor}} = \frac{\text{adjusted market cap after divisor adjustment}}{\text{new divisor}}$$

Where: “adjusted market cap after divisor adjustment” = adjusted market cap before divisor adjustment + increase (decrease) in adjusted market capitalization. The new divisor (i.e. the adjusted divisor, also known as the new base period) is obtained from this formula and used to calculate the SSE 50.

Circumstances under which maintenance of the SSE 50 is required include the following:

- ex-right: when there are bonus issues, rights issues, stock splits or stock consolidation for a constituent stock, the SSE 50 is adjusted the day before the issuance;
- for other corporate events, such as secondary offering or the exercise of warrants, if the cumulative change of constituent stocks is greater than or equal to 5%, the SSE 50 is adjusted prior to the date of the change; if the cumulative change of constituent stocks is less than 5%, the adjustment will be implemented in the next regular review;
- suspension of trading: use last trading price to calculate the SSE 50 until trading is resumed;
- change in capital stock: whenever a change occurs in the capital stock of a SSE 50 constituent (e.g. due to the issue of new shares, the listing of a rights issue, the listing of employee shares, etc.), the SSE 50 is adjusted prior to the date of the change in capital stock; adjusted market cap after divisor adjustment = closing price × adjusted number of shares of capital stock after change + adjusted market cap before divisor adjustment (excluding stocks adjusted for change in capital stock);

- when there is a periodic adjustment or an ad hoc adjustment of the list of constituent stocks of the SSE 50, the SSE 50 is adjusted prior to the effective date of the change.

5. Adjustments to Constituent Stocks

Periodic Adjustments

- (1) In principle, the constituent stocks of the SSE 50 are adjusted once every six months. The adjustment shall be implemented on the next trading day after the close of the second Friday in June and December each year.
- (2) The percentage of each adjustment shall not exceed 10%.

Ad Hoc Adjustments

Adjustments may be made when certain corporate events happen in order to maintain the representativeness and investability of the SSE 50. Such events include, without limitation, bankruptcy of constituents, delisting, temporary suspension from trading, issue of new shares, restructuring, merger, acquisition, spin-off, etc. Generally speaking, the constituent adjustment list will be publicized before implementation as soon as possible.

- (1) If a newly issued stock meets the conditions for inclusion in the stock universe and is ranked among the top 10 stocks on the Shanghai Stock Exchange in terms of total market capitalization, it triggers the fast entry rules for addition to the SSE 50, which means that the stock is added to the SSE 50 after the close of the 10th trading day following its listing, and that the stock ranked lowest among the existing SSE 50 constituent stocks with that of the newly issued stock in terms of average daily market capitalization, negotiable market capitalization, trading value and turnover rate during the most recent year period is deleted at the same time.
- (2) If a newly issued stock meets the conditions for the fast entry rules addition to the SSE 50 but there are less than 20 trading days between the time of its listing and the effective date of the next periodic adjustment to the SSE 50 constituents, then the fast entry rules will not apply and the addition will take place during the periodic adjustment.
- (3) In the event of a merger between two or more constituents, the stock of the new, post-merger company will be added to the SSE 50 after the close of its first trading day, and the vacancy or vacancies occurring in the SSE 50 will be filled by the stock or stocks ranked at the top of the candidate list generated in the last periodical adjustment. The original constituents will remain in the SSE 50 until the stock of the new company is added.

- (4) In the event of a merger between a constituent and a non-constituent, the stock of the new, post-merger company will be added to the SSE 50. The original constituent will remain in the SSE 50 until the stock of the new company is added.
- (5) If a non-constituent acquires or takes over a constituent, the stock of the company ranked at the top of the candidate list generated in the last periodical review as the constituent company will become a SSE 50 constituent on the date of delisting of the constituent acquired or taken over provided that if the stock of the new, post-merger company ranks above the stock of the company ranked at the top of the candidate list, the stock of the new company will become a SSE 50 constituent. The original constituent will remain in the SSE 50 until the stock of the new company is added.
- (6) In case of a merger, spin-off, acquisition and restructuring of non-constituents, if the total market capitalization of the stock of the resulting new company ranks top 10 in the Shanghai Stock Exchange, the fast entry rules will apply. Otherwise, these corporate events will be considered at the periodic adjustment.
- (7) If a constituent is split into two or more companies, whether the post-division companies will qualify as the SSE 50 constituents will depend on their overall rankings as follows :
 - (a) If the stocks of two or more post-division companies rank higher than the lowest ranking constituent stocks, the stocks of the post-division companies that rank higher than the lowest ranking constituent stocks will be added to the SSE 50 as new constituents after the close of their first trading day and the lowest ranking original constituent stocks will be deleted, so that the number of constituent stock remain unchanged. The stock of the original, divided company will remain in the SSE 50 until the new constituent stocks are added.
 - (b) If the stock of one of the post-division companies ranks higher than the lowest ranking constituent stock, then the stocks of this company will be added to the SSE 50 as new constituent stock after the close of its first trading day. The stock of the original, divided company will remain in the SSE 50 until the new constituent stock is added.
 - (c) If the stocks of all of the post-division companies rank lower than the lowest ranking constituent stock but the stocks of all or some of those companies rank higher than the highest ranking stock in the candidate list, the stock of the post-division company with the highest ranking will be added to the SSE 50 as a new constituent stock after the close of its first trading day.

The old constituent stock of the original divided company will remain in the SSE 50 until the new constituent stock is added.

- (d) If the stocks of all of the post-division companies rank lower than both the lowest ranking constituent stock and the highest ranking stock in the candidate list generated in last periodic adjustment, then the highest ranking stock in the candidate list will become a SSE 50 constituent on the date of delisting of the original, divided company.
- (8) If the issuer of a constituent stock files for bankruptcy, the constituent stock will be deleted from the SSE 50 as soon as practicable and the resulting vacancy will be filled by the highest-ranking stock in the candidate list generated in the last periodic adjustment.
- (9) If the issuer of a constituent stock is delisted or has its listing suspended, the constituent stock will be deleted from the SSE 50 and replaced by the highest-ranking stock in the candidate list generated in last periodic adjustment on the date of delisting or suspension.

APPENDIX III

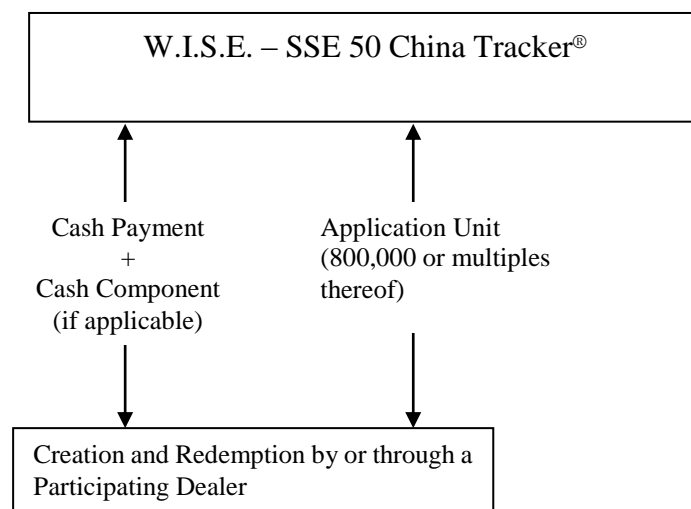

OPERATION OF THE SUB-FUND

Creation and Redemption of Units

Only Participating Dealer(s) can apply to create or redeem Units directly with the Sub-Fund. An investor (other than the Participating Dealer(s)) may only make a request to create or redeem Units through a Participating Dealer, and if the investor is a retail investor, such request must be made through a stockbroker which has opened an account with the relevant Participating Dealer. However, such investor shall pay the subscription proceeds plus any fees and charges charged by the relevant Participating Dealer to, or receive the redemption proceeds (i.e. the Redemption Price multiplied by the number of Units redeemed minus any fees and charges charged by the relevant Participating Dealer) from, the relevant Participating Dealer in cash only. The Manager shall receive subscription proceeds for the creation of Units and pay redemption proceeds for the redemption of Units in such form and manner as prescribed by the Trust Deed. The relevant Participating Dealer should ensure that the relevant Application shall comply with the requirements for an Application for creation or redemption of Units set out in the Trust Deed. Each Participating Dealer may charge such fees as it may reasonably determine from time to time for submitting an Application on behalf of a retail investor.

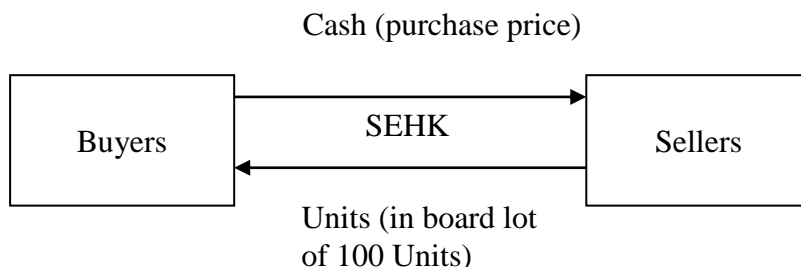

Investor should note that the dealing procedures for creation and redemption of Units through the relevant Participating Dealer or a stockbroker may be different from those set out for the Sub-Fund in this Prospectus. For example, the dealing deadline set by the relevant Participating Dealer(s) or the stockbroker may be earlier than that set out for the Sub-Fund in this Prospectus. Investors should therefore check the applicable dealing procedures with the relevant Participating Dealer or the stockbroker (as the case may be).

The diagram below illustrates the creation and redemption of Units :

Trading of Units on the SEHK

An investor can buy or sell the Units through his stockbroker on the SEHK. The diagram below illustrates the trading of Units on the SEHK :

No money should be paid to any intermediary in Hong Kong which is not licensed for Type 1 regulated activity under Part V of the Securities and Futures Ordinance.

Subject to applicable regulatory requirements, the Manager intends to ensure that there is at least one market maker for the Sub-Fund to facilitate efficient trading. A market maker is a broker or a dealer permitted by the SEHK to act as such by making a market for the Units in the secondary market on the SEHK. A market maker is obliged to quote bid prices to potential sellers and offer prices to potential buyers when there is a wide spread between the prevailing bid prices and offer prices for Units on the SEHK in order to facilitate the efficient trading of Units by providing liquidity in the secondary market when it is required in accordance with the market making requirements of the SEHK. The list of market makers in respect of the Sub-Fund will be displayed on SEHK's website (www.hkex.com.hk).

Participating Dealer(s)

The role of the Participating Dealer is to apply to create and redeem Units in the Sub-Fund from time to time.

The Manager has the right to appoint the Participating Dealers for the Sub-Fund. The criteria for the eligibility and selection of Participating Dealers by the Manager is as follows: (i) the Participating Dealer must be licensed for at least Type 1 regulated activity pursuant to the Securities and Futures Ordinance with a business presence in Hong Kong; (ii) the Participating Dealer must be acceptable to the Trustee; and (iii) the Participating Dealer and its agent(s) (if any) must be acceptable to the Manager, and the Participating Dealer and/or its agent(s) must be duly authorized CCASS participant(s).

Currently, the Sub-Fund has three Participating Dealers, UBS Securities Hong Kong Limited ("UBSS HK"), Credit Suisse Securities (Hong Kong) Limited ("CS HK") and KGI Securities (Hong Kong) Limited ("KGI (HK)").

UBSS HK is a company incorporated in Hong Kong and its main business address is 46-52 Floors, Two International Finance Centre, 8 Finance Street Two International Finance Centre, 8 Finance Street, Central, Hong Kong. UBSS HK is a licensed

corporation authorized to carry on Types 1, 6 and 7 regulated activities in Hong Kong pursuant to the Securities and Futures Ordinance. UBSS HK is a wholly-owned subsidiary of UBS AG.

CS HK is a company incorporated in Hong Kong having its office at Level 88, International Commerce Centre, 1 Austin Road West, Kowloon, Hong Kong. CS HK is licensed to carry out Types 1, 4 and 7 regulated activities in Hong Kong under the Securities and Futures Ordinance. CSHK is a wholly-owned subsidiary of Credit Suisse (International) Holding AG and the ultimate parent is Credit Suisse Group AG.

KGI (HK) is a company incorporated in Hong Kong and its main business address is 41/F., Central Plaza, 18 Harbour Road, Wanchai, Hong Kong. KGI (HK) is licensed by the SFC to carry on Types 1 and 4 regulated activities in Hong Kong under the Securities and Futures Ordinance. KGI (HK) is a wholly-owned subsidiary of China Development Financial Holding Corporation.

The Manager will use its reasonable endeavours to appoint additional Participating Dealers. In the event that additional Participating Dealers are appointed, the Manager will notify Unitholders by way of an announcement. The list of Participating Dealers is also available on www.boci-pru.com.hk/english/etf/intro.aspx (for English), or www.boci-pru.com.hk/chinese/etf/intro.aspx (for Chinese).

APPENDIX IV

FEES AND CHARGES APPLICABLE TO THE SUB-FUND

Management Fee and Servicing Fee

The Manager is entitled to receive a management fee, currently at the following rates accrued daily and calculated as at each Dealing Day and payable monthly in arrears : (a) 0.89 per cent per annum for the first HK\$780 million of the Net Asset Value of the Sub-Fund; and (b) 0.99 per cent per annum for the portion of the Net Asset Value of the Sub-Fund which is in excess of HK\$780 million.

In addition, the Manager is also entitled to receive a servicing fee but currently intends to waive the servicing fee.

Registrar's Fee and Service Agent's Fee

The Manager shall bear the Registrar's fees. Fees chargeable by the Service Agent shall be borne by the Manager and the Participating Dealer(s), the details of are set out in the table under the "Fees Payable by Participating Dealers" section below.

Capital Gain Tax and Distribution Tax

The Sub-Fund is the ultimate party which bears the risks relating to the following taxes if they are so levied by the PRC tax authority: (a) capital gain tax (the "**Capital Gain Tax**") and (b) distribution tax (the "**Distribution Tax**"), the details of which are set out below.

Capital Gain Tax

On 14 November 2014, the Ministry of Finance of the PRC, the State Administration of Taxation of the PRC and the CSRC issued "Caishui [2014] No. 79 - The Circular Concerning the issue of temporary exemption from the imposition of capital gain tax arising from gains from the transfer of equity investment assets such as PRC domestic stocks by QFII and RQFII" (the "PRC CGT Circular") along with "Caishui [2014] No. 81 - The Circular on Issues Relating to the Tax Policy of the Pilot Inter-connected Mechanism for Trading on the Shanghai and Hong Kong Stock Markets" (the "PRC Tax Policy for Shanghai-Hong Kong Stock Connect Circular"). Pursuant to the PRC CGT Circular, effective from 17 November 2014, capital gains derived by a QFII or RQFII from dealings in A Shares are exempt from enterprise income tax; such exemption, however, will not apply to capital gains derived by a QFII or RQFII from transactions prior to 17 November 2014. Pursuant to the PRC Tax Policy for Shanghai-Hong Kong Stock Connect Circular, effective from 17 November 2014, Hong Kong market investors, both enterprises and individuals, investing in A Shares via Shanghai-Hong Kong Stock Connect are exempt from income tax on capital gains derived from the sales of A Shares traded in the Shanghai Stock Exchange.

Accordingly, the latest Capital Gain Tax provisioning approach is as follows.

Gains from 17 November 2014

- (i) From 17 November 2014 onwards until further notice, the Sub-Fund will not set aside any provision for Capital Gain Tax derived from the gains from dealings in A Shares by a QFII in relation to which the underlying A shares to which an AXP was linked (in the case where the Sub-Fund previously invested in A Shares through AXPs when it was a synthetic ETF) or by the Sub-Fund in investing in A Shares via the Shanghai-Hong Kong Stock Connect.

Gains up to and including 14 November 2014

- (ii) a QFII in relation to the underlying A Shares to which an AXP (previously acquired by the Sub-Fund when it was a synthetic ETF) was linked would be subject to tax on gains from dealings in A Shares derived up to and including 14 November 2014. The QFII would pass on the liability of such taxes to the Sub-Fund. In other words, the Sub-Fund would be the ultimate party which bears the tax liability of the QFII in relation to the underlying A Shares to which an AXP (previously acquired by the Sub-Fund when it was a synthetic ETF) was linked.

In respect of the Sub-Fund's previous investment in the AXPs (when it was a synthetic ETF) up to and including 14 November 2014, the Sub-Fund or the AXP issuer (depending on the tax arrangement between the Sub-Fund and the relevant AXP issuer) has set aside a provision of 10% to meet the Capital Gain Tax liability derived from the gains from dealings in A Shares by a QFII in relation to which the AXPs (previously acquired by the Sub-Fund when it was a synthetic ETF) were linked. However, the actual applicable tax rates imposed by the PRC tax authority may be different and may change from time to time. If the capital gain tax is levied, any tax liability for capital gains will be first satisfied by the Capital Gain Tax provision. If the actual applicable tax rate levied by the PRC tax authority is more than the Capital Gain Tax provision, the Sub-Fund will have to bear the additional tax liabilities.

The Manager will assess the Capital Gain Tax provision approach on an on-going basis. Should the PRC tax policies in respect of the Capital Gain Tax change, the Manager may decide to set aside provision to meet any potential Capital Gain Tax liability in the future.

Distribution Tax

In respect of the Distribution Tax, to date, a 10% PRC withholding tax has been levied on dividend and interest payments from PRC listed companies to foreign investors. Therefore, the Sub-Fund is subject to a Distribution Tax of 10%.

Pursuant to the PRC Tax Policy for Shanghai-Hong Kong Stock Connect Circular, dividends from A Shares, paid to Hong Kong market investors who invested in A Shares via Shanghai-Hong Kong Stock Connect, both enterprises and individuals, will continue to be subject to 10% withholding tax and which is to be withheld at source. If the recipient of the dividend is entitled to a lower tax treaty rate, application can be made to the in-charge tax bureau of the payer for a tax refund. There is no assurance

that the rate of the Distribution Tax will not be changed by the PRC tax authority in the future.

General Expenses

The costs of establishing the Sub-Fund, preparation of this Prospectus, seeking and obtaining SFC authorization as well as the SEHK listing and all initial legal and printing costs in respect of the Sub-Fund are not anticipated to exceed HK\$2,000,000. Such costs shall be amortized over the first accounting period of the Sub-Fund after consultation with the auditors of the Fund. The costs of calculating and publishing the estimated Net Asset Value of the Sub-Fund, if any, may be borne by the Sub-Fund.

Fees Payable by Participating Dealers and Retail Investors

The fees payable by Participating Dealers and retail investors dealing in the Units on the SEHK are summarized in the respective tables below :

Investors (other than the Participating Dealer(s)) creating or redeeming Units through the Participating Dealer(s) or a stockbroker

Investors (other than the Participating Dealer(s)) submitting creation or redemption requests through the Participating Dealer(s) or a stockbroker should note that the Participating Dealer(s) or the stockbroker (as the case may be) may impose fees and

charges in handling such requests. Such investors should check the relevant fees and charges with the Participating Dealer(s) or the stockbroker (as the case may be).

-
- ¹ A Transaction Fee of HK\$10,000 per Application is payable by each Participating Dealer(s) to the Manager for the benefit of the Trustee.
 - ² A transaction fee of HK\$1,000 is payable by each Participating Dealer to the Service Agent for each book-entry deposit transaction or book-entry withdrawal transaction. A monthly reconciliation fee of HK\$5,000 is payable by the Manager to the Service Agent. For any period less than a month, the reconciliation fee is payable by the Manager on a pro-rata basis and accrues on a daily basis.
 - ³ Such fee is payable by a Participating Dealer on each occasion the Manager grants the request of such Participating Dealer for cancellation or extended settlement in respect of such Application.
 - ⁴ Transaction levy of 0.0027% of the price of the Units, payable by the buyer and the seller.
 - ⁵ Trading fee of 0.005% of the price of the Units, payable by the buyer and the seller.
