#The CPF interest rate for the Ordinary Account (OA) is based on the 3-month average of major local banks' interest rates. Under the CPF Act, the Board pays a minimum interest of 2.5% per annum when this interest formula yields a lower rate. The interest rate for the Special Account (SA) and Medisave Accounts (MA) is pegged to the 12-month average yield of 10-year Singapore Government Securities (10YSGS) plus 1%, or current floor interest rate of 4% per annum, whichever is the higher. The interest rate to be credited to the Retirement Account (RA) will be the weighted average interest of the entire portfolio which the RA savings are invested in. New savings credited to RA each year earn the 12-month average yield of the 10YSGS plus 1% computed for the year, or current floor rate of 4% per annum, whichever is higher. As announced in September 2021, the Government has decided to further extend the 4% floor rate for interest earned on SA, MA and RA monies for another year until 31 December 2022. In addition, the CPF Board will pay extra interest rate on the first S\$60,000 of a CPF member's combined balances, capped at S\$20,000 in the OA.

Investors should note that the applicable CPF policies and interest rates for each of the CPF accounts may be varied by the CPF Board from time to time. Please visit the CPF Board Website for further information on CPF policies and interest rates.
